Dear Sirs:

We are enclosing copy of our invoice of June 10, $535.50 which is outstanding on our books. According to our records, this seems to be in order but if there is anything wrong with it, we will be glad to have your advice. Otherwise, we trust it will be possible to have it passed for payment in the near future.

Yours very truly,

Reverend Madam:

The galvanized iron pipe which was supplied to the Holy Angels Residential School during the past summer was purchased from Marshall Wells Alberta Company Limited, Edmonton.

This firm sent their account to you and it was expected that you would certify the account and forward it to the Department for payment. We have not yet received this account and as a result the firm has not been paid and they are urging us to issue cheque. I understand that you have received the pipe and no doubt it is satisfactory. You should, therefore, certify the account and forward it to me immediately.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

PENSIONS AND NATIONAL HEALTH

Public Health Engineering Branch
P.O. Box 1012, Vancouver, B.C.

November 4, 1938

REPORT ON A SURVEY OF THE SANITARY CONDITIONS AT
THE ROMAN CATHOLIC MISSION AT FORT CHIPEWYAN, ALTA.

Date - July 7 and 8, 1938

Fort Chipewyan is an old trading post of the Hudson's Bay Company, situated at the western end of Lake Athabaska near the mouth of the Athabaska River. The white population totals about 100, together with several resident Indian families. From 500 to 600 Indians live in the vicinity and occasionally come to camp at the Fort when Treaty is being paid and also to trade and obtain supplies.

The Roman Catholic Mission is located just west of the settlement at the head of a shallow bay encircled by glaciated rocky ledges. It consists of a residential school for Indian children, the oldest part of which was constructed in 1874, a church, priest's residence, stable and barn and numerous other outbuildings in connection. During the winter months the school is occupied by about 100 children and many stay on during the summer so that provision has to be made for adequate quantities of water for domestic purposes throughout the year.

With the assistance of one of the brothers examination was made of the sources of water supply and methods of sewage and garbage disposal.

Water Supply

The main source of supply is from Lake Athabaska, being pumped during the summer and hauled on sleighs from holes through the ice during the winter. The water intake is situated in front of the school at the end of a wooden wharf, the intake line consisting of 1½-inch galvanized iron pipe with a foot valve. A small gasoline driven plunger pump discharges the water through a 1-inch line to 5 or 6 covered steel barrels in the kitchen. This water is used for all purposes including drinking and culinary in the raw state

During the winter, holes must be cu through the ice further out in the lake and the water hauled to the school on sleighs in the barrels. The summer consumption is estimated to vary from 400 to 600 gallons per day and the winter consumption 200 gallons daily.

The level of Lake Athabaska is controlled to a great extent by the levels of the Peace and Athabaska Rivers and shows quite a wide fluctuation. This frequently results in the

Indian Affiars. School Files.
(RG 10, Volume 6354, File 755-5, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES.
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

present water intake becoming stranded and to overcome this, 2,000 feet of 1½-inch galvanized iron pipe have been obtained and will be extended along the base of the west side of the bay out to deeper water (Photo No. 4). This pipe has to be taken up before winter sets in to avoid destruction or loss by drifting ice.

Sources of possible sewage pollution are all of local origin. The Athabaska River is highly turbid during the summer months carrying in suspension considerable quantities of clay and sand. Though practically all the residents in the settlement use the common outdoor dug pit type of privy, none of which is closer than 100 feet to the lake shore, nevertheless all the surface drainage which may contain human sewage as well as dog droppings and other matter, is toward the lake with the drift towards the mission intake. The outer end of the boat dock is popular for bathing by children and consequently casual pollution may be expected from this source. (Photo No. 1). Another possible source of sewage pollution is the Indian camps perched on the bare rocks adjacent to the water intake area (Photo No. 4).

In my opinion the lake at this point is quite unsatisfactory as a source of drinking water supply during the summer.

A second source of supply is a shallow well in the rear of the mission which is at the present only being used for the stables. This well is some 500 feet from the school kitchen and about 250 feet from the stables and at a lower elevation. It adjoins the gardens and fields used for hay and clover crops and is about the only available site for a well in the vicinity because of the light overburden on the underlying rocks. The well is about 4 feet square and 24 feet deep, being lined with rocks. The log showed a stratum of impervious clay 10 feet thick overlying a waterbearing stratum of mixed clay and gravel. The top of the well is protected from surface drainage and a ditch between it and the stables carries off the drainage around it. There is both a small gasoline driven plunger pump and a hand pump which may be used to pump the water to the kitchen or stable. These are housed in a small wooden structure. (Photo No. 5).

This well is exclusively used by the mission during the breaking up or freezing over of the lake when the pumped supply is not available. It is reported to produce an ample quantity although its use for drinking and culinary purposes has been objected to because of the taste which is somewhat mineral although not entirely disagreeable. The laboratory report on one specimen obtained was favourable. (Table No. 1).

A third source of water supply frequently used is a slough several hundred yards back of the mission which is removed from sources of human sewage pollution (Photo No. 6). This source of supply appears to be quite suitable for all domestic purposes but unfortunately the quantity available

Indian Affiars. School Files.
(RG 1C, Volume 6354, File 755-5, part 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

varies considerably from year to year so that it can only be used as an auxiliary supply. It might be feasible to develop this supply by building a low earthen dam at the lower end and laying down a temporary pipe line and pump, to the mission property.

A number of water specimens were collected for bacteriological analysis, th results of which were reported as follows:-

TABLE NO. 1

Date of collection - July 8, 1938

1. From Lake Athabaska at outer end of Fort Chipewyan dock

Number of organisms per c.c. - too numerous to count.
Presence of organisms indicating unfavourable contamination - Positive

Laboratory comment - plate count gives more than 3,000 bacteria per c.c. All five 10 c.c. portions and one of five 1.0 c.c. portions show B. coli of intestinal type.

2. Shallow well at Roman Catholic Mission.

Number of organisms per c.c. - 20
Presence of organisms indicating unfavourable contamination - Negative

Laboratory comment, - this water appears to be of good quality and shows no evidence of unfavourable contamination in standard samples tested.

3. Slough in rear of Roman Catholic Mission

No. of organisms per c.c. - 400
Presence of organisms indicating unfavourable contamination - Negative

Laboratory comment - this water appears to be of good quality and shows no evidence of unfavourable contamination in standard samples tested.

4. Water Intake, Lake Athabaska, at Roman Catholic Mission

Number of organisms per c.c. - 500
Presence of organisms indicating unfavourable contamination - Positive

Laboratory comment - B. coli of intestinal type in all tubes of standard samples. Unsuitable for drinking purposes in raw state.

Sewage Disposal

During the summer months outside toilet buildings are used, one for each sex (Photos Nos. 7 and 8). These are frame structures erected over dug pits and have a number of rows of stalls in each with seats having no covers. The

Indian Affairs. School Files.
(RG 10, Volume 6354, File 755-5, part 2)

buildings are poorly lighted and maintained, and no effort has been made to use screens and prevent the entrance of flies.

The location of these toilets is such as not to endanger any source of water supply and the light sandy soil in their vicinity appears to be suitable for their functioning although chloride of lime could be used to good effect to reduce odors and partially disinfect the contents.

For night use and during the winter months pail type toilets are located at convenient points on each floor of the school, the contents being disposed of by emptying into the boy's outdoor toilet during the winter and being buried in a hole in the ground near the girl's toilet in the summer.

Garbage Disposal

All garbage is suitably disposed of by being fed to the animals, much of it being boiled in a stock put and given to the chickens. Other refuse and rubbish is destroyed by burning and there were no nuisances or menace to health observed in this connection.

Conclusions and Recommendations

(a) Water Supply

It is recommended that Lake Athabaska be discontinued as a source of drinking water for the school during the summer months as the amount of local pollution to which it is subjected renders it unsafe for this purpose unless it is either boiled or chlorinated and filtered as well.

It would appear that the slough behind the mission could be further developed as a source of water supply by installing a summer pumping system.

The water of the shallow well also appears to be of good sanitary quality although possibly exposed at times to drainage from the stables and should be further developed for use during the winter months.

Failing both of these supplies it would also be possible to put up ice and store it for use as drinking and culinary water during the summer time.

After freeze up has occurred the water in the outlet channel of the lake is probably of safe sanitary quality so that it could be used as at present in being hauled from water holes. The provision of a pumping system for this purpose would hardly be practicable as it would require a heated pumphouse set up over the channel ice and the heating of at least 3,000 feet of pipe line to prevent freezing up. It would also be necessary to remove this installation every spring to prevent loss or damage from drifting ice.

www.collectionscanada.gc.ca

Since Fort Chipowyan is situate within the Province of Alberta it is suggested that the Mission make arrangements w with the Department of Public Health for frequent analysis of all water supplies used by them for drinking and culinary purposes.

(b) Sewage Disposal

The present use of the outdoor pit privy appears to be functioning quite well in principle.

It is recommended that window openings should be provided for the toilet buildings to lighten the interiors and that the walls and floors should be frequently whitewashed or painted white and always maintained in a clean condition. All ventilators, windows, and other openings should be fully screened to prevent the entrance of flies native to the vicinity and thus prevent the possible transmission of infection by this means.

Shloride of lime should be made available in ample quantities for dusting into the toilet pits in order to prevent local nuisance conditions and also to disinfect the contents. Chloride of lime or other equally efficient disinfectant should also be used in all the pail type toilets located in the school.

PENSIONS AND NATIONAL HEALTH

Public Health Engineering Branch
P.O. Box 1012, Vancouver, B.C.

November 4, 1938

REPORT ON A SURVEY OF THE SANITARY CONDITIONS AT
THE ROMAN CATHOLIC MISSION AT FORT CHIPEWYAN, ALTA.

Date - July 7 and 8, 1938

Fort Chipewyan is an old trading post of the Hudson's Bay Company, situated at the western end of Lake Athabaska near the mouth of the Athabaska River. The white population totals about 100, together with several resident Indian families. From 500 to 600 Indians live in the vicinity and occasionally come to camp at the Fort when Treaty is being paid and also to trade and obtain supplies.

The Roman Catholic Mission is located just west of the settlement at the head of a shallow bay encircled by glaciated rocky ledges. It consists of a residential school for Indian children, the oldest part of which was constructed in 1874, a church, priest's residence, stable and barn and numerous other outbuildings in connection. During the winter months the school is occupied by about 100 children and many stay on during the summer so that provision has to be made for adequate quantities of water for domestic purposes throughout the year.

With the assistance of one of the brothers examination was made of the sources of water supply and methods of sewage and garbage disposal.

Water Supply

The main source of supply is from Lake Athabaska, being pumped during the summer and hauled on sleighs from holes through the ice during the winter. The water intake is situated in front of the school at the end of a wooden wharf, the intake line consisting of 1½-inch galvanized iron pipe with a foot valve. A small gasoline driven plunger pump discharges the water through a 1-inch line to 5 or 6 covered steel barrels in the kitchen. This water is used for all purposes including drinking and culinary in the raw state

During the winter, holes must be cut through the ice further out in the lake and the water hauled to the school on sleighs in the barrels. The summer consumption is estimated to vary from 400 to 600 gallons per day and the winter consumption 200 gallons daily.

The level of Lake Athabaska is controlled to a great extent by the levels of the Peace and Athabaska Rivers and shows quite a wide fluctuation. This frequently results in the

present water intake becoming stranded and to overcome this, 2,000 feet of 1½-inch galvenized iron pipe have been obtained and will be extended along the base of the west side of the bay out to deeper whater (Photo No. 4). This pipe has to be taken up before winter sets in to avoid destruction or loss by drifting ice.

Sources of possible sewage pollution are all of local origin. The Athabaska River is highly turbid during the summer months carrying in suspension considerable quantities of clay and sand. Though practically all the residents in the settlement use the common outdoor dug pit type of privy, none of which is closer than 100 feet to the lake shore, nevertheless all the surface drainage which may contain human sewage as well as dog droppings and other matter, is toward the lake with the drift towards the mission intake. The outer end of the boat dock is popular for bathing by children and consequently casual pollution may be expected from this source, (Photo No. 1). Another possible source of sewage pollution is the Indian camps perched on the bare rocks adjacent to the water intake area (Photo No. 4).

In my opinion the lake at this point is quite unsatisfactory as a source of drinking water supply during the summer.

A second source of supply is a shallow well in the rear of the mission which is at the present only being used for the stables. This well is some 500 feet from the school kitchen and about 250 feet from the stables and at a lower elevation. It adjoins the gardens and fields used for hay and clover crops and is about the only available site for a well in the vicinity because of the light overburden on the underlying rocks. The well is about 4 feet square and 24 feet deep, being lined with rocks. The log showed a stratum of impervious clay 10 feet thick overlying a waterbearing stratum of mixed clay and gravel. The top of the well is protected from surface drainage and a ditch between it and the stables carries off the drainage around it. There is both a small gasoline driven plunger pump and a hand pump which may be used to pump the water to the kitchen or stable. These are housed in a small wooden structure. (Photo No. 5).

This well is exclusively used by the mission during the breaking up or freezing over of the lake when the pumped supply is not available. It is reported to produce an ample quantity although its use for drinking and culinary purposes has been objected to because of the taste which is somewhat mineral although not entirely disagreeable. The laboratory report on one specimen obtained was favourable. (Table No. 1).

A third source of water supply frequently used is a slough several hundred yards back of the mission which is removed from sources of human sewage pollution (Photo No. 6). This source of supply appears to be quite suitable for all domestic purposes but unfortunately the quantity available

www.collectionscanada.gc.ca

varies considerably from year to year so that it can only be used as an auxiliary supply. It might be feasible to develop this supply by building a low earthen dam at the lower end and laying down a temporary pipe line and pump, to the mission property.

A number of water specimens were collected for bacteriological analysis, the results of which were reported as follows:-

TABLE NO. 1

Date of collection - July 8, 1938

1. From Lake Athabaska at outer end of Fort Chipewyan dock

Number of organisms per c.c. - too numerous to count.
Presence of organisms indicating unfavourable contamination - Positive
Laboratory comment - plate count gives more than 3,000 bacteria per c.c. All five 10 c.c. portions and one of five 1.0 c.c. portions show B. coli of intestinal type.

2. Shallow well at Roman Catholic Mission.

Number of organisms per c.c. - 20
Presence of organisms indicating unfavourable contamination - Negative
Laboratory comment, - this water appears to be of good quality and shows no evidence of unfavourable contamination in standard samples tested.

3. Slough in rear of Roman Catholic Mission

No. of organisms per c.c. - 400
Presence of organisms indicating unfavourable contamination - Negative
Laboratory comment - this water appears to be of good quality and shows no evidence of unfavourable contamination in standard samples tested.

4. Water Intake, Lake Athabaska, at Roman Catholic Mission

Number of organisms per c.c. - 500
Presence of organisms indicating unfavourable contamination - Positive
Laboratory comment - B. coli of intestinal type in all tubes of standard samples. Unsuitable for drinking purposes in raw state.

Re: Mackenzie District sanitation
and water supply.

There is enclosed a copy of our letter of the 3rd instant to the Commissioner of the Royal Canadian Mounted Police dealing with the question of sanitation and water supply, which subject was discussed at the meeting of the Northwest Territories Council on the 24th November, 1938. Copies of the under-mentioned enclosures referred to in our letter to the Royal Canadian Mounted Police are also being sent to you:-

3 copies of each of the reports submitted by Mr. A.H. Perry, District Engineer, Department of Pensions and National Health.

3 copies of the statement dealing with Mr. Perry's recommendations, which was read to the Northwest Territories Council on the 24th November, 1938.

Copy of our letter dated the 29th December to Dr. L. D. Livingstone.

In our letter to the Commissioner, Royal Canadian Mounted Police we have mentioned the settlements for which the different medical health officers will be responsible. It is understood you will communicate with the Indian Agent at Fort Chipewyan, Alberta, in regard to the observations of Mr. Perry upon conditions at that settlement. There are enclosed three additional copies of Mr. Perry's report dealing with Fort Chipewyan in case you wish to communicate with the provincial authorities in regard to the subject.

(Sgd.) R. A. Gibson.

P. C. 15/2446. 134-1-5 COPY

CERTIFIED COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE ADMINISTRATOR IN COUNCIL, ON THE 8th June 1940.

ORIGINAL

File

MINES AND RESOURCES

The Board had under consideration a memorandum from the Honourable the Minister of Mines and Resources reporting:

"That for many years past it has been customary to make an allowance to the undermentioned Residential schools for the services of night watchmen:-

(a) QUEBEC Fort George Church of England Residential School.

(b) ONTARIO Moose Fort Church of England Residential School.

(c) SASKATCHEWAN Thunderchild Roman Catholic Residential School.

(d) ALBERTA
Ermineskin Roman Catholic Residential School.
Grouard Roman Catholic Residential School.
Holy Angels Roman Catholic Residential School.
Joussard Roman Catholic Residential School.
St.Albert Roman Catholic Residential School.
Sturgeon Lake Roman Catholic Residential School.
Vermilion Roman Catholic Residential School.
Wabasca Church of England Residential School.
Wabasca Roman Catholic Residential School.
Whitefish Lake Church of England Residential School.

(e) BRITISH COLUMBIA
Ahousaht United Church Residential School.
Cariboo Roman Catholic Residential School.
Christie Roman Catholic Residential School.
St Mary's Mission Roman Catholic Residential School.

(f) MACKENZIE DISTRICTS
Aklavik Roman Catholic Residential School.
Fort Resolution Roman Catholic Residential School.
Fort Providence Roman Catholic Residential School.

That provision is made in Vote No. 151, 1940-41, Indian Affairs Branch, Mines and Resources, for an amount of $5,645.00 to pay the grants for the night watchmen at these schools;

That, as these buildings are Church-owned, payment for night watchmen's services constitutes a grant and the approval of Your Excellency is desirable.

The undermentioned, therefore, recommends that approval be given for the expenditure of $5,645.00 for employment of night watchmen at the above-mentioned Indian Residential Schools, same to be chargeable to Vote No. 151, 1940-41, Indian Affairs Branch, Mines and Resources."

The Board concur in the above report and recommendation, and submit the same for favourable consideration.

A.D.P. Heeney.

Clerk of the Privy Council.

R. C. MISSIONS OF MACKENZIE
9016-110 ST., EDMONTON

October 31st, 1940.

R.C. INDIAN RESIDENTIAL SCHOOL
FORT SMITH, N.W.T. (Copy thereto)

Department of Mines & Resources
Indian Affairs Branch
NOV 4 1940
REGISTERED

RE: PURCHASE OF HORSES FOR FORT SMITH FOR THE YEAR 1941-42.

1) One team of horses- horses to be weighing about 1100 lbs. each, being about 3 to 4 years of age and already accustomed in the fields. Approximate price would be around $225.00, delivered at Waterways, Alta.

2) One bull for breeding purpose, about 3 years old, weighing around 1000 to 1100 lbs. Approximate cost delivered at Waterways: $75.00

Total for Fort Smith: $310.00

N.B.- Mr. J.L. Ryan, Manager of the Ryan Bros., of Fort Smith (also 300, Ryan Building, Edmonton) has been instrumental in the past years in the purchase of horses and bulls for some of our other missions. We feel that the Department would find in Mr Ryan a very reliable man for the purchase of the animals needed at Fort Smith, owing to his particular experience in that field.

Yours: J. Henuset

J. Henuset, O.M.I.,
Bursar.

DEPARTMENT
MINES AND RESOURCES

Ottawa,
November 1, 1940.

Memorandum for file:

On file 139-1-5 will be found letter dated October 31, 1940, from Rev. J. Serrurot, O.M.I., Bursar, R.C. Episcopal Corporation of Mackenzie, with reference to the requirements at the Indian residential schools in that Diocese. Attached to this memorandum is the list of equipment which Archbishop Breynat requests the Department to supply to the Holy Angels Residential School. It will be noted that Archbishop Breynat desires us to only pay transportation to Waterways, Alta., in future. From that point the school management will transport any goods supplied by the Department free of charge to the school.

AIR MAIL

Reverend Sir:

With reference to your letter of the 23rd instant I have reviewed our file and find that in your letter of October 31, 1940, you requested the Department to supply a team of horses and a bull for the Holy Angels Indian Residential School. You estimated the cost of the above-mentioned animals at $310.00. You may arrange for their purchase and forward a certified account in triplicate for payment.

It is not usual for the Department to replace live stock at a residential school. However, it has been decided to make an exception this year in the case of the Holy Angels School but in future stock replacements for the school will have to be made by the school management.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

MISSION SAINT ISIDORE

Fort Smith, N.W.T.

June 10, 1941.

R.A. Hoey,
Supt. of Welfare & Training,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Sir:

I beg to acknowledge receipt, with thanks, of the blue print of the plans of the Onion Lake R.C. Residential school, which reached me in good condition.

The actual building of our school of Fort Chipewyan, being in a condition of continual deterioration, I decided to begin the construction of a new one, trusting on the help of some friends, to help us covering the expenses it will involve. We fully realize that in the present conditions it is rather difficult for the Department to contribute the amount referred to in our previous correspondence.

The new building will be built in interlocking tiles which will make it practically fire-proof; and we hope that it will be completed in two years, unless unforeseen difficulties would arise.

Yours very truly,

(Sgd.) G. Breynat, O.M.I.,
Archbishop of Carella,
Vicar Apostolic of Mackenzie.

It is our intention to follow the plans recommended by the Department, at Ottawa, when the question of this reconstruction was in progress already, several years ago.

Memorandum:

[redacted]

I am sending forward herewith letter received by this Branch from Archbishop Breynat.

It would appear that Archbishop Breynat is undertaking the construction of an Indian residential school at Fort Chipewyan in the hope, no doubt, that the Department will later recognize his claim for a substantial increase in the enrolment of pupils.

We have at this date at Fort Chipewyan an Indian residential school (Holy Angels) with an enrolment of 40 pupils and a per capita grant allowance of $175.00. This is a Church-owned school. Fort Chipewyan is in the Athabaska Agency. This Agency has an Indian population, according to the last census, of 1343, all of whom are listed as Catholics, and 294 Indians between the ages of 7 and 16 inclusive. The Holy Angels School is the only Indian school in this Agency with the exception of a small Indian day school at Fort Smith. This school has at this date an enrolment of 8 pupils.

In view of the decision reached about a year ago that the pupil enrolment at residential schools would not be increased at any time in the immediate future, I feel prompted to bring Archbishop Breynat's letter to your personal attention in order that no misunderstanding may arise in respect to the construction of this school. In this connection may I refer to my memorandum to you dated October 30, [redacted].

Memorandum to:

Dr. H.W. McGill

I discussed with the Minister your memorandum of the 17th instant, your file 134-1-5, in which you enclosed a letter Mr. Hoey received from Archbishop Breynat.

In answering the letter the Minister suggested that you should make it clear that the Department is not now and will not probably be in the future in a position to increase the per capita grant for Indian Residential Schools.

Chief Executive Assistant.

Ottawa, June 21, 1941.

Ottawa,
June 26, 1941.

Dear Archbishop Breynat:

I am in receipt of your letter of the 10th instant in which you advise that it is your intention to erect a fireproof building to replace your present school at Fort Chipewyan.

While the Department has no objection to your action, at the same time it should be understood that we are not now and will not probably be in a position in the future to increase the pupilage at any Indian residential school.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

I had your letter concerning the erection of a fireproof building to replace our present school at Fort Chipewyan.

I note your mention of the actual difficulties of the Department, and I am glad to say that it was not my intention to ask for any increase in the pupillage of that institution during the actual crisis. It was for that same motive that I did not, when informing you of our decision to build, apply for any contribution from the Department, during the period of the war.

Yours very truly,

+ J. Breynat

R.A. Hoey,
Supt.Welfare &Training Service,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Sir:

In the blue print of Onion Lake Residehtial School which you have so kindly sent me I notice that the distance between the floors and ceilings are of ten feet,in the wings,where the children have their quarters; while they are only of nine feet in the other part of the building.

Owing to the special conditions in the North West where the cold is so intense,the winters so long,and therefore the ventilation is easier,I am taking the liberty of asking if you would be kind enough to let us keep a uniform height of nine between the floors and ceilings through the entire structure. This is what we have at our schools of Fort Resolution and Aklavik,and so far the Department have seen no inconvenience.

Trusting that you will be able to give this matter your favorable consideration, I remain,

Yours very truly,

+ J.T. Breynat ptre,
Archbsihop of Garella,
Vicar Apostolic of Mackenzie.

Dear Archbishop Breynat:

I am in receipt of your letter of the 4th instant with reference to the height of the ceilings in the children's wings of the plan recently forwarded to you in connection with the work being undertaken at the Holy Angels Residential School.

As you are aware the Department has always endeavoured to provide 500 cubic feet of air space for each pupil in a dormitory. In lowering the height of the walls the cubic air space will be reduced and the number of pupils who can be accommodated will be lessened.

In view of the climatic conditions in the locality, however, the Department is not prepared to raise any objections to your suggestion.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

DEPUTY MINISTER

I am in receipt of Mr. Jackson's memorandum of October 8 enclosing the attached accounts in connection with the purchase of two horses and one bull for the Holy Angels Residential School at Fort Chipewyan, Alberta.

While it is not the general practice to purchase livestock for Church-owned Indian residential schools, I may say that Rev. J. Serrurot, O.M.I., Bursar of the R.C. Episcopal Corporation of Mackenzie, visited the Department this summer and on behalf of Archbishop Breynat pointed out that the animals mentioned on the account were extremely necessary. Father Serrurot stated that the Archbishop was having considerable difficulty in financing the school, due to the cut in the per capita allowance, and pointed out that the purchase of the horses would enable them to procure wood more easily and that the purchase of the bull was necessary in order to increase the herd and thereby have milk available in larger quantities for the pupils. Reports that have been received indicate that good work is being done at the Holy Angels School and in view of the strong representations made by Father Serrurot on behalf of Archbishop Breynat he was authorized to purchase the animals. It is hoped that you will find it possible to approve the issue of a purchase order so that the account may be paid.

Memorandum to:

Dr. H... McGill

Will you please refer to your memoranda of the 26th September and October 8th in reference to the approval of the purchase of two horses and one bull for the Holy Angels Residential School at Fort Chipewyan, Alberta.

In view of the fact that Father Serrurot was authorized to purchase the animals, the Minister approved of the account being paid. He inquired, however, the reason why authority was given to the church authorities to make the purchase before the principle was discussed with this office. He does not think that as a general rule purchases of this kind should be borne by the Department.

Chief Executive Assistant.

Call for Tenders On North School

Plans are under way for the construction of a $50,000 brick building at Fort Chipewyan, on Lake Athabaska, to replace the old Indian Residential School built by the Oblate Fathers in 1859, it was learned Tuesday.

Oblate Fathers here said no definite plans had been made but that if the final decision to build the new school was made soon, construction probably would start about May. The proposed building would be a two-storey construction with basement, 144 feet long and 39 feet wide. Tenders have been called.

The school comes under the jurisdiction of Rt. Rev Archbishop Breynant, O.M.I., bishop of the Mackenzie mission.

Re: Purchase of Supplies and Equipment,
Fort Chipewyan and Aklavik Residential Schools

Dear Father Serrurot:

Invoices and vouchers amounting to a total of $2,744.56, sent forward by you and representing supplies and equipment purchased for the above-noted schools, were submitted by this Branch to the Purchasing Division for the issuance of the usual purchase order. It is unnecessary to add that before these invoices can be accepted for payment by the Treasury they must be accompanied by the purchase order.

The Director is in receipt of a memorandum from Mr. C. W. Jackson, Chief Executive Assistant, dated September 12, 1942, in which Mr. Jackson states:-

"Will you please note the attached memorandum I have received from the Purchasing Agent, in reference to the purchase of certain electric lighting equipment for the Holy Angels School at Fort Chipewyan at a cost of $2,065.68. I have had an opportunity of going over your file and it would seem quite clear that the church authorities proceeded to purchase this equipment without receiving any authority from your branch to do so. It is noted in Father Serrurot's letter of the 20th July that the purchase was made at least prior to May 21st, for he stated in this letter that he had invoices of this date in his possession. While it is true that Father Serrurot advised you in his letter of the 25th April that some of these funds would serve for purchasing an electric power plant for Fort Chipewyan, he was never advised that the Department would approve of the purchase being made. If the requisition had been forwarded to this office, as is the usual procedure, I am sure the Minister would not have approved of it without first ascertaining the reason why this substantial purchase was being made in war-time. There is no information on file to show why the existing equipment could not have been repaired and used until the war was over.

"Under the circumstances, therefore, in view of the fact that no authority was given to the Church to make the purchase, the Minister suggests they should be advised that they will have to look after the account themselves.

"The Minister approves of the expenditures that are made for the school at Aklavik amounting to $678.88".

In view of the above decision, I am returning herewith the Bruce Robinson Electric accounts amounting to $2,065.68.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Reverend J. Serrurot, O.M.I.,
Bursar, R.C. Episcopal Corporation of Mackenzie,
Fort Chipewyan, Alberta.

October 12, 1942.

Mr. R.A. Hoey,
Supt. of Welfare & Training,
Indian Affairs Branch,
Dept. of Mines & Resources,
OTTAWA , Ontario.

Ref.: Your file 154-1-5

Dear Mr. Hoey:

Your letter of the 21st ultimo addressed to the undersigned at Fort Chipewyan had been forwarded to Edmonton but unfortunately, owing to very slow mail connections at that point, has not reached Edmonton until today. It is this morning only that your letter and its enclosures were delivered here.

Two days ago, I wrote you in connection with the account to be paid to the Bruce-Robinson Electric Co., Ltd. . At the time I was unaware that you had written me on the 21st of September concerning this account. In view of the abovementioned letter, I would request you to ignore my letter of the 10th instant, since you give me all desired information in your letter received today.

While we thank you for having approved of the expenditures that have been made for the school at Aklavik amounting to $678.88, at the same time we are quite surprised to learn that Mr. C.W. Jackson does not approve of the expenditures made for lighting equipment at Fort Chipewyan. It seems that Mr. Jackson is not aware that we have built a new school at Fort Chipewyan during the summer and consequently that there was and there is no lighting equipment of any kind in that new school. How then could we have repaired and used the existing equipment until the war would be over?

It must be pointed out also that we are not asking for special and supplementary funds for that purpose but that we only asked for having funds allotted for other schools located within the Mackenzie Diocese to be transferred to the two schools at Aklavik and Fort Chipewyan. The Honourable Mr. Crerar had authorised this transfer of funds on June 2nd last. Truly, we bought this electric power plant and lighting equipment before submitting our list to the Purchasing Branch, for the same reason that we bought the material necessary for the school at Aklavik and of which expenditure has been approved by the Minister. We explained in our letter of June 20th last why we had to take this unusual step. We are absolutely certain that, even with permission from the Priorities Branch, we could not have secured that material in July or later. We had every reason also to think that the Purchasing Branch would have authorised the Purchase in the light of the very exceptional circumstances actually existing, not to mention the necessity of having the material delivered at the end of the end of the steamer that is at Waterways, before September 15th. We only can express our keen disappointment that a negative answer has been made in the case of the Fort-Chipewyan School and we believe that, under such circumstances, we were

not treated in the way that we had reasons to expect to be. We feel that our case should be submitted anew to Mr. Jackson who has probably not been entirely aware of the various circumstances concerning our request in connection with the new school at Fort Chipewyan and we anticipate an affirmative answer to our claim.

The writer is forwarding today to His Excellency Archbishop G. Breynat who shall be in Ottawa in the course of next week the whole file regarding this matter so as to enable him to discuss things more fully with your good self or with Mr. Jackson should it be necessary for him to do so.

I take pleasure in enclosing herewith a snapshot of the new schol at Fort Chipewyan which shows how the building looked from the exterior on August 28th last.

Yours very truly,

J. Serrurot, O.M.I.,
Bursar, R.C. Missions of Mackenzie.

[redacted]:

[redacted]

I am sending forward herewith copy of a letter received by this Branch from the Reverend J. Serrurot, O.M.I., Bursar, R. C. Missions of Mackenzie, and also photos of the new Indian residential school at Fort Chipewyan, attached thereto.

In this connection may I refer to my memorandum to you dated June 17, 1941, and your reply thereto dated June 21, 1941? It would appear, from the evidence now submitted by Father Serrurot, that the new Diesel electric lighting equipment referred to in Mr. Jackson's memorandum of September 12, 1942, was not a replacement but was new equipment, purchased for the recently constructed school. The old school was constructed in 1889 and has been for several years in a state of dilapidation. The new school is of fireproof construction throughout. It is 114 ft. long and 59 ft. wide. This memorandum is being submitted in response to the suggestion contained in Father Serrurot's letter. It is noted that Archbishop Breynat will discuss this matter with you at the time of his next visit to Ottawa.

Director.

Attention: Mr. H.... Hoey

Dear Mr Hoey:

I am in receipt this morning of a letter from His Excellency Bishop Breynat concerning the purchase of the electrical lighting plant for the Chippewan residential school and he desires that I should again approach the Department with a view to have the account for this purchase approved.

I do not think it is necessary for me to again refer to the circumstances that made it imperative for the Bursar of Reverend Bishop Breynat's Vicariate to place the order at the time that he did and without obtaining previously the authority of the Department to do so.

Nevertheless, I might say that the Bursar was advised by the manufacturers that, unless the order was placed immediately, delivery could not be guaranteed. The remark that the old equipment might have been repaired and used until the war was over, has no bearing on the case as Chippewan is a new school built with missionary funds and replaces a very old building which did not possess an electrical plant.

Furthermore, as the Church authorities have expended $35,000.00 on the erection of this school and have received no grant from the Department, it would seem only reasonable that the electrical equipment should be authorized and paid for, even though it was found impossible to secure authority for its purchase before it was actually made.

Hoping that you will grant His Excellency's request, I remain,

Very truly yours,

O.M.I.

EDUCATION:

I have no comments to make regarding the local school other than to note that the winter session is well under way. The Principal of the School, Sister Deslauriers is one of those particularly efficient teachers that one so often finds in the Sisters' Orders. I find that she handles the pupils with no small amount of discipline and that she conducts her classes and also those of her assistant with a definate course and a definite schedule in mind. I have had four years experience as a high school teacher and principal myself and I feel that I have some basis for making the statemtns, that on the whole the Department is being well served by the present staff of teachers at Chipewyan.

The outside construction of the new residential school is completed. The inside construction is being continued. It is expected that the building will be ready for occupancy in the fall of 1943. The building, of brick and tile construction, is a very radical departure from that usually found in the north. It will be completely modern in all respects. There is to be an infirmary of six rather large rooms; sufficiently large to hold four beds a piece.

Ottawa,
March 29, 1943.

Memorandum:

DEPUTY MINISTER

I desire to refer to Mr. Jackson's memorandum of September 18, 1942, and previous correspondence with reference to the request of Archbishop Breynat for the Department to pay an amount of $2066.68 for electric lighting equipment purchased by the Archbishop for the Holy Angels Indian Residential School at Fort Chipewyan.

Owing to the present illness of Archbishop Breynat the Coadjutor Bishop, Rt. Rev. J. Trocellier, O.M.I., is now handling the work of the Diocese. He visited the Department last week. We carefully reviewed with him Departmental purchasing regulations and he agreed to comply with these in future. However, he made another appeal for the payment of the account mentioned in the first paragraph of this memorandum. He stated that the Church authorities have erected a substantial building and expressed the hope that the Department could see its way clear to reverse its previous decision.

At the present time the following amounts provided in the current year's appropriation for repairs, improvements and purchase of new equipment at the schools in the Diocese of Mackenzie are unexpended:

Providence Mission	$ 1121.00
Holy Angels	[illegible]
Fort Resolution	[illegible]

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

In the event of the Minister deciding to allow payment of the account, it will be necessary to transfer funds from Providence Mission and Fort Resolution to Holy Angels and I enclose necessary submission to Council for this purpose. Transfer of funds to the Holy Angels Residential School was approved in the Minister's letter of June 2, 1948, but, of course, was contingent on the Minister's authority being granted for any expenditures made.

Director.

Ottawa

Reverend Sir,

You shall find inclosed the different bills refering to your request by telegram.As Father J.Serrurot told me,you shall have 5 copies of these bills. May I thank you in the name of His Lordship Bishop J.Trocellier to look over again that question.

According to our files in Edmonton,we don't see any request for the Aklavik Residential School for desks. We note that this item had been asked for the Holy Angel School, at Chipweyan, with the beds and blackboards. Perhaps a list had been sent directly from Aklavik and signed by the Principal of this institution. I may send a wire to ask if such thing had been done.

We would be please if the department is able to supply Beds and Matresses for the new Holy Angel School. The Parkill Bedding of Edmonton is able to supply such beds. Their reference is #51. It can be supplied in 2,6 and in 3 foot size.

May I ask you if you did receive a letter from Edmonton in the last days of October, last year, this letter was signed by His Lordship Bishop Joseph Trocellier. It refers to these requests. In this same letter also was mentioned the item Lighting Batteries for Fort Resolution, Indian Residential School.

Please excuse me, Sir, if I refer to all this .It may help you to study these questions.

We must thank you for what you are doing for the welfare

AIR MAIL

Reverend Sir:

I have your letter of the 19th instant, enclosing accounts from the Bruce Robinson Electric Company in connection with the electrical installation at the Holy Angels Indian Residential School. I am not in a position at the present time to state definitely that this account will be paid by the Department, but we are anxious to have it as it is now receiving reconsideration. Unfortunately in sending the account you did not certify it and consequently I enclose the attached voucher which you should sign and return to me by air mail immediately.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

April 12 1923

Philip Phelan Esq.,
Chief, Training Division
Welfare and training Service
Ottawa, Ont.

Dear Mr Phelan,

During our recent interview we discussed, among other things, the furnishings of our new Indian boarding school at Fort Chipewyan N. W. T. . Most of the beds and desks were made here in the North out of rough wood over fifty years ago. Hence you can judge their present condition. Really they are worn out and unfit for further use in the new building.

We would appreciate it very much if the Government could supply us with the following:

40 ~~50~~ beds of standard size six feet by three feet complete with mattresses.

~~10~~ ~~school desks No.1 for pupils~~ ~~16 to 20~~ years of age
10 " " No.2 " " 12 to 16 " " "
10 " " No.3 " " 10 to 12 " " "
10 " " No.4 " " 8 to 10 " " "
10 " " No.5 " " 5 to 8 " " "

Knowing that you fully realize our urgent need of these furnishings I feel confident that you will lend this problem your kind consideration.

With cordial good wishes I remain

Yours very truly
+ L. Trocellier

J. Trocellier O. M. I.
Vicar Apostolic of the Mackenzie

134-1-5

Ottawa,
April 22, 1943.

Dear Bishop Trocellier:

With reference to your letter of the 15th instant, the Purchasing Branch is being requested to secure the following:

40	Institution beds	6' x 3'	
40	Mattresses	for the above	
10	School desks	No.	2
10	"	"	3
10	"	"	4
10	"	"	5

The number mentioned above is the authorized pupilage at the Holy Angels Indian Residential School and under present regulations we cannot supply more than that number.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

OFFICE OF THE
DIRECTOR

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS
BRANCH

134-1-5

Ottawa,
March 29, 1943.

Memorandum:

DEPUTY MINISTER

I desire to refer to Mr. Jackson's memorandum of September 18, 1942, and previous correspondence with reference to the request of Archbishop Breynat for the Department to pay an amount of $2065.68 for electric lighting equipment purchased by the Archbishop for the Holy Angels Indian Residential School at Fort Chipewyan.

Owing to the present illness of Archbishop Breynat the Coadjutor Bishop, Rt. Rev. J. Trocellier, O.M.I., is now handling the work of the Diocese. He visited the Department last week. We carefully reviewed with him Departmental purchasing regulations and he agreed to comply with these in future. However, he made another appeal for the payment of the account mentioned in the first paragraph of this memorandum. He stated that the Church authorities have erected a substantial building and expressed the hope that the Department could see its way clear to reverse its previous decision.

At the present time the following amounts provided in the current year's appropriation for repairs, improvements and purchase of new equipment at the schools in the Diocese of Mackenzie are unexpended:

Providence Mission	$ 1121.00
Holy Angels	500.00
Fort Resolution	900.00

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

In the event of the Minister deciding to allow payment of the account, it will be necessary to transfer funds from Providence Mission and Fort Resolution to Holy Angels and I enclose necessary submission to Council for this purpose. Transfer of funds to the Holy Angels Residential School was approved in the Minister's letter of June 2, 1948, but, of course, was contingent on the Minister's authority being granted for any expenditures made.

Yours

C.L.

Harold Brown Ell

Director.

Dear Sir:

With reference to your letter No 134-1-5, of April 22,1943, I certainly appreciate your kindness in granting us 40 beds with mattresses and 40 School desks for our Indian Residential School of Fort Chipewyan.

I was asking 50 beds on account of the two nurseries provided,at the new School, for the sick children,and 50 Shool desks,on account of the Indian pupils coming for Day school, from their home.

You are not able to grant us that number, our gratitude to you and your Department is not less sincere.

Yours truly,

June 5, 1943.

Dr. J. Melling, Indian Agent, Fort Chipewyan, Alta.

The Minister's office has approved purchase of 40 single desks also 40 beds and 40 mattresses for the Holy Angels Indian Residential School. Copies of the purchase orders have been sent to you for your information and you will also receive the accounts from the firms. As soon as you receive these documents it would be appreciated if you would forward them immediately to the Principal of the school in order that she will have the necessary information to check the shipments when they arrive.

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa,
June 5, 1943.

Reverend Sir:

With reference to requests for beds, mattresses and desks for the Holy Angels Residential School, I enclose, for your information, copy of a letter which is being sent to the Indian Agent, Dr. Melling. Please advise the Principal of the Holy Angels School accordingly.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Memorandum:

REPRESENTATIVE OF THE TREASURY

Please arrange for the transfer of $100.00 from the amount provided for the Fort William Residential School to the Kamloops Residential School. This money will not be required at the former school and is urgently required at the latter, in order to provide necessary fire extinguishers.

We also desire an amount of $1000.00 transferred from the amount provided in the current year's appropriation for the Providence Mission Residential School to the Holy Angels Residential School. This amount is necessary to adjust purchases made by purchase orders 18490 and 18521. Both of these schools are in the same diocese, of which Right Reverend J. Trocellier, O.M.I., is the Bishop.

MISSIONS CATHOLIQUES DU MACKENZIE
R. C. MISSIONS OF MACKENZIE
Fort Smith, N.W.T.

November 8, 1944.

Mr. Philip Phelan, Esq.,
Chief Training Division,
Welfare and Training Service,
Indian Affairs Branch,
Ottawa.

Very dear Sir,

With reference to repairs and equipment needed for the R. C. Indian Residential Schools in the Mackenzie District, we beg to submit herewith our lists for the fiscal year 1944-45.

The notation made on these lists with regard to firms, catalogues and prices, aim simply to offer you some specific information concerning the material in question.

As for transportation, we would greatly appreciate it, if the Department would pay the freight charges as far as Waterways, Alberta. From that point, we would see to the delivery of the goods to their various destinations. Making our own river transport will save you a considerable sum of money, which could be well spent on other purchases necessary for the proper upkeep of our Indian Schools.

All the material sent by your Department should be addressed as indicated on the requisition lists, and shipped to Waterways between the 15th of April and the 10th of May, 1945, for Aklavik; and the material for Chipewyan, Resolution and Providence should reach Waterways by June 1.

Yours very truly,

J. Torcellier O.M.I.,
Bishop of Adrymittium,
Vicar Apostolic of Mackenzie.

Ottawa,
November 20, 1944.

Dear Bishop Trocellier:

I have your letter of the 8th instant, with reference to the amounts you consider should be supplied for repairs and equipment for the Indian residential schools in the Mackenzie district during the fiscal year 1945-46. The amounts requested are being included in our estimates for the next fiscal year, but, as you know, I am not in a position at the present time to state definitely that they will be allowed. However, I am hopeful that they will be given favourable consideration.

Yours truly,

Philip Phelan,
Chief, Training Division.

134-1-5

Ottawa, February 21, 1945.

Right Reverend Sir:

We have recently placed orders for supplies for the Aklavik, Fort Resolution and Providence Mission Residential Schools. In order to pay for these purchases from the appropriation for the fiscal year 1944-45, which ends on March 31, 1945, it is necessary for us to ship the supplies to Waterways before the end of March. Our intention is to have the accounts forwarded to you at Fort Smith, and as soon as the goods reach Waterways you should certify the account and return it to this office in order that payment can be made from the current year's appropriation. I trust that you will be able to make arrangements for storing the goods at Waterways until navigation opens. This is the only possible way in which we can make certain that you will receive goods for the amount provided in this year's appropriation.

We are also placing an order for the Beatty electric washer for the Aklavik R.C. School. This will not reach Waterways until the end of April.

I note from your letter of November 8, 1944, that you only request us to pay transportation to Waterways, as you will be able to handle the goods from that point to the residential schools.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Dear Sirs,-

With reference to your letter of the 9th instant, re shipping instructions for linoleum on P.O. 1389, advice has been received from consignee, Bishop Trocellier, as follows:-

"I can assure you that the goods will be received and checked by the Rev. Father in charge of our mission at Fort McMurray - Waterways upon arrival."

Please therefore ship strictly in accordance with instructions embodied on P.O. 1389.

Yours very truly,

Departmental Purchasing Agent.

Holy Angels Indian Residential School,
Fort Chipewyan, Alberta,
April 11, 1945.

Mr. J.W.Stewart,
Agent, Athabasca Indian Agency,
FORT CHIPEWYAN , Alberta.

Dear Sir :-

Would you please ask the Department of Indian Affairs if they would supply the Boys'Ward with a tent 18x24 ft. ?

It is intended for both winter and summer use. At all times the boys enjoy going out into the bush for their lunch - especially their Thursday "pancake lunch", but this can be possible only if they have a little shelter. The tent would serve that purpose. In summer, some twenty or more boys remain at the School for the holidays, and unless they can establish their "day quarters in the bush, they are not entirely happy, no matter how comfortable the place. If they had a tent under which they could retire against a too hot sun or a shower, their natural taste for life in the wilderness could be, at least, partly satisfied.

The donation of two such tents was made to our School several years ago, at the request of our Agent, but after years of most appreciated service, they have gone to ruins. As they had been a cause of general enjoyment for our little Indian pupils, we thought of asking for one to replace them.

Begging yoy to kindly lay our request before the Department, I remain,

Sir,

Respectfully,

Sister Marie Anne Deslauriers,
principal.

Fort Chipewyan, April 12th 1945.

Indian Affairs Branch, Department of Mines & Resources, Ottawa.

I am enclosing a letter received from the Principal of the Holy Angel's Residential School, Fort Chipewyan, requesting that the Department supply a Tent 18 X 24 ft. for the boy's ward of the school. Their reason for making this request is explained in the letter.

Although the item was not included in our estimates for 1945-46 I would suggest that the request be granted if at all possible.

J. W. Stewart,
Indian Agent.

JWS/HA.

NOV 3 194:

OTTAWA, 30th October 19 45
ONTARIO

The Secretary,
Indian Affairs Branch,
Ottawa.

Re: His Excellency Bishop Trocellier's request for Fort Chipewyan, Fort Resolution, Fort Providence and Aklavik for the fiscal year 1946-47.

My dear Mr. Phelan:

I have just received from His Excellency Bishop Trocellier, the enclosed demands for the fiscal year 1946-47.

There are two items which call for special mention. The first one is that of $10,000 for the Chipewyan School. This amount is to be used for the installation of a water system. At the present time, two men are employed every day of the year, hauling water for this school. The cost, specially in Chipewyan, is very high and the service relatively poor due to the small quantity of water that can be drawn with the equipment on hand. During the war, nothing was asked for this installation but now that peace has again come to us, it is to be hoped that the Government will willingly contribute this small amount to complete the erection of this school.

This building has cost the Church well $100,000 and it seems only reasonable and justifiable for the Government to contribute at least 1/10th of its cost.

The second item is that of $3,000 for the Aklavik School. The improvement which it is sought to put in with this money, is necessary and should have been done several years ago but again war conditions prevented us from doing it. We hope therefore that you will also grant this amount.

I hope that you will take into account the various remarks that appear at the bottom of the requisition sheets as they are all very essential to the proper shipping of the goods asked for.

Yours very truly,

J.C. Plourde, O.M.I.

MISSIONS CATHOLIQUES DU MACKENZIE
R. C. MISSIONS OF MACKENZIE
Fort Smith, N.W.T.

March 12, 1947.

Mr. Philip Phelan,
Chief, Training Division,
Department of Mines and Resources,
Ottawa,
Ontario.

Dear Mr. Phelan,

As the navigation season will be opening within the next few weeks, I would very much appreciate receiving a word from you regarding the requisitions which I sent you last fall, for our Indian Residential Schools. What I wish to know particularly, is whether we may expect to receive all that we ordered through the Government. In the event that certain items were not approved or cannot be obtained, it would assist us greatly to know about them at this time, so that we may make other arrangements or temporary substitutions, during the shipping season.

I am also submitting an order for 2 school desks for our Indian Residential School at Fort Simpson, Ontario. The increase in the number of pupils necessitates a greater number of standard desks, suitable for children from 6 to 12 years of age.

With best personal wishes, I remain,

very truly yours,

+ M.J. Trocellier O.M.I.

Bishop J. Trocellier O.M.I.,

Memorandum:

DEPARTMENTAL PURCHASING BRANCH

I desire to refer you to our requisition of October 12, 1945, also your memorandum of December 5, 1945, in connection with ordering a kitchen range for the Holy Angels Indian Residential School. I would appreciate it if you would make arrangements to order this range immediately so that it may be shipped north during the navigation season.

AIRMAIL

Ottawa, April 5, 1946.

Dear Bishop Trocellier:

Re: Fort Chipewyan (Holy Angels)
Indian Residential School.

As already stated, the Purchasing Branch is being requested to secure the range.

In the appropriation for the fiscal year 1946-47 an amount of $10,000.00 has been included for the installation of a water system and the construction of a power house. Please let me have detailed information regarding the method in which you propose to do this work, as we will have to have the approval of the Minister before actually authorizing you to proceed.

It will not be possible to consider purchase of the power pump.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Re: Installation of water system for the Chipewyan School.

My dear Mr. Phelan:

When His Excellency Bishop Trocellier, O.M.I., was in Ottawa last Fall, we called on you and on Mr. Hoey regarding the above project and asked that the sum of $10,000 be included in the 1946-47 estimates, for this purpose.

I am now informed that you complied with the Bishop's request and that as soon as the estimates have been voted in the House of Commons, this amount will be available for the purpose for which it was voted.

This being the case, His Excellency now wishes to know whether he will have the spending of this money and whether purchases made for this installation will be refunded to him up to that amount on presentation of duly certified invoices. His principal reason for asking for this arrangement is the scarcity of material and the necessity of speed in their purchase. The building season in Chipewyan is very short. The question of transportation is, particularly this year, rather difficult to solve and it is only by acting quickly that the material can be had in time for this work.

Would you be good enough, therefore, to talk this matter over with your superiors and let me know at your earliest convenience, whether it is possible to grant the Bishop's request.

Yours very truly,

J.O. Plourde, O.M.I.

Ottawa, May 16, 1946.

Memorandum:

ACTING DEPUTY MINISTER

Re: Holy Angels Indian Residential School,
Athabaska Indian Agency.

In the current year's appropriation an amount of $10,000.00 is provided for the installation of a water system at this school. It is the intention to obtain the water from Lake Athabaska, which is approximately three quarters of a mile from the school.

A considerable amount of expenditure will be necessary for labour and some materials will also be required.

His Excellency Bishop Trocellier was in Ottawa recently and requested that authority be given to him to proceed with the installation of the water system. He is prepared to engage labour and buy the materials required, on the understanding that the Department will allow an amount of not more than $10,000.00. He would of course supply receipted invoices for materials purchased and receipted paylists for the labour employed.

The season for doing such work at the Holy Angels School is very short and the Bishop would appreciate it if the Minister would give him authority to proceed.

Director.

Ottawa, June 11, 1946.

Dear Bishop Trocellier:

I desire to refer to a letter received from Reverend J. O. Plourde, O.M.I., dated May 7, 1946, with reference to the installation of a water system at the Holy Angels Indian Residential School. You also discussed this matter with me at the time of your visit to the Department in May.

The Minister has approved you proceeding with this work on the following conditions:-

1. It should be distinctly understood that no matter what the circumstances may ultimately be, the Department will not allow an amount greater than $10,000.00.

2. Receipted accounts for materials purchased and also receipted paylists, in duplicate, for labour employed, will have to be submitted before any payments can be made.

Yours sincerely,

Philip Phelan,

AIR MAIL

Ottawa, 18 September 1946.

Dear Bishop Trocellier:-

In official letter of June 11th, you were authorized to proceed with the installation of a water system at the Holy Angels Residential School. Since that time, we have not received any information regarding the progress of the work. We would appreciate it if you would let us have a report stating what has been accomplished and the approximate amount of expenditure which has been incurred.

In order to refund a y amount to you, it will be necessary for us to have receipted accounts for the material and the usual lists in duplicate covering the labour.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

(134-1-5) F.T. 1

Dear Mr. Neary,

In reply to your letter of September 18th, last, to Bishop J. Trocellier C.M.I., regarding the installation of a water system at Holy Angels Indian Residential School, Fort Chipewyan, Alberta, I wish to say that the Bishop, who is now in Edmonton, will be coming to Ottawa shortly, and will then be able to take up this matter with you personally. After leaving Fort Smith, he stopped at Fort Chipewyan, and was thus able to take into account what has been done concerning the water system.

The Superior of the mission at Fort Chipewyan has been instructed to send to our office complete records of the material and labour involved in this installation, and these will be forwarded to you.

Very truly yours,

(for Bishop J. Trocellier C.M.I.),

AIR MAIL

Ottawa, 16 January 1947.

Rev. C. Gilles, O.M.I.,
R.C. Missions of MacKenzie,
FORT SMITH, N.W.T.

Dear Father Gilles:-

In your letter of Oct. 2, 1946, you advised that the Superior of the mission at Fort Chipewyan had been instructed to send to our office complete records of the material and labour involved in installing the water system at the Holy Angels Indian Residential School.

We have not yet received the certified accounts. The money for the purpose is provided in the current year's appropriation which lapses at the end of March. Therefore it is extremely important that we should have the accounts at the earliest possible date so that if any further information is required it can be obtained and payment made before the end of the fiscal year.

Philip Phelan,
Chief, Training Division.

Dear Mr. Phelan,

Replying to your letter of January 16th, we wish to advise that we are immediately notifying our mission at Fort Chipewyan to forward you their account of the costs thus far incurred in the installation of the water system at Fort Chipewyan school.

We trust that you will receive the information you require, without delay.

Thanking you for calling this matter to our attention, we remain,

very truly yours,

MISSIONS CATHOLIQUES DU MACKENZIE
R. C. MISSIONS OF MACKENZIE
Fort Smith, N. W. T.

January 24, 1947.

Mr. Philip Phelan,
Chief, Training Division,
Department of Mines and Resources,
Ottawa.

JAN 28 1947

Dear Sir,

Yesterday in the mail we received at this office a copy of the expense list covering the installation of the water system, to date, at the Indian Residential School at Fort Chipewyan, Alberta, and we are forwarding this to you today.

We enclose likewise an expense list of the power house which was constructed at the Chipewyan School, and of which Bishop Trocellier had already written you last year.

Though it may appear from the enclosed lists that the cost of labor is rather high, and the length of time almost extraordinary, it must be said that the laboring men as well as the quality of equipment available for the work represented by these lists, was such that our mission personnel at Fort Chipewyan were obliged to take what they could, and make the best possible use of the means at hand.

Trusting this information will meet with your requirements for the obtaining of the grant in question, we remain,

very truly yours,

R.C. Missions of Mackenzie,

per Charles Gillan Bursar.

(RG 10, Volume 6354, File 755-5, part 2)

134-1-5 (WT1).

AIR MAIL. Ottawa, January 30, 1947.

Dear Father Gilles:

We have your letter of the 24th instant, enclosing statements regarding the installation of the water system at the Holy Angels Residential School.

You forwarded two statements, one for $11,169.36 and the other for $4,171.75 or a total of $15,341.11.

In official letter of June 11, 1946, a copy of which I enclose, Bishop Trocellier was advised that the Department was only prepared to allow an amount of $10,000.00.

You will also note from the enclosed letter that before payments can be made we must receive accounts for the material purchased and also receipted pay-lists.

Therefore, it will be necessary for you to forward the following at the earliest possible date:

a. Accounts as shown on the attached statement which is a copy of the one you forwarded. If these accounts have been paid they should be receipted and certified by yourself. If any of the accounts have not been paid they should also be certified by you and we will issue the cheque direct to the firm concerned.

b. Receipted Labour Return forms - it will be necessary to have labour returns prepared in duplicate and receipted by those employed. The names of the persons engaged in the work and also the dates during which they were employed should be shown. Under separate cover we are sending you a supply of Labour Return forms.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The total of the accounts and Labour Return forms should be $11,169.36 and as soon as these are received in the manner indicated above, we will be able to refund the amount of $10,000.00 which was provided in the current year's appropriation.

It is most important that the information requested in this letter should reach us at an early date as our fiscal year ends at the end of March and if payment is not made before that time the funds will lapse.

It will not be necessary to forward either accounts or pay-lists for the items mentioned on your second statement amounting to $4,171.75 as the Department can not consider payment of this particular account.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

Rev. C. Gilles,
Missions Catholiques du Mackenzie,
R.C. Missions of Mackenzie,
Fort Smith, N.W.T.

MISSIONS CATHOLIQUES DU MACKENZIE
R. C. MISSIONS OF MACKENZIE
Fort Smith, N. W. T.

February 28,1947.

Mr. Bernard F. Neary,
Supt. of Welfare and Training,
Indian Affairs Branch,
Dept. of Mines and Resources,
Ottawa.

Dear Mr. Neary,

We are forwarding today the information we received from our personnel at Fort Chipewyan, Alberta, with regard to the installation of the water system at the Indian Residential School there.

The number of hours of work,(last item on the list) were found to be calculated incorrectly, as regards the wages per hour, some being only $1.00. This brings the total to $3,156.00 instead of $4,791.00 as previously shown.

On the Labour Return Sheets, it will be noted that two signatures are missing, and the explanation is given as follows: Louis Jurczyk is at present recovering from temporary paralysis and could not sign. Duncan Flett is at present hunting and trapping far away from Chipewyan, and is not expected certainly before the 31st of March.

As regards the accounts, we received the following explanations:

1700 lin. ft. spruce @ $37.00 M.:	Invoice reads @ $26.00 M	
	3% tax..	2.08
	freight from Waterways..	5.00
	hauling from boat to school..	4.92
		$37.00

From other lumber listed on this same invoice (McInnes), we are told that 1,656 feet common spruce was used for work in connection with the septic tank. This item was forgotten in the drawing up of the original list, and at $37.00 M, this would come to $61.26 which should be added to the list already sent in.

300 cedar shingles - these were already on hand at the time of construction, and the price has been figured from current costs at the time the work was in progress. There is consequently no invoice.

The same remark was made for the lumber listed as "40 pieces, 2 x 4 - 12', 9 pieces, 3 x 6 - 8' and 2 pieces, 2 x 8 - 16' ".

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The 400 feet of insulation - no invoice could be found. The cost was calculated according to current prices in Ashdown's catalogue at the time of construction.

2 rolls roofing - $7.50, plus freight from Waterways and hauling from wharf to school.

1500 feet vitrified sewer pipe - no invoice found. Here again the cost was calculated from current prices in Ashdown's catalogue at time of work. (Likewise for the 6 elbows).

The box-stove was purchased locally for cash, and no record of the transaction exists in writing.

50 sacks of cement - the cost listed includes freight from Waterways and hauling from wharf to mission-school.

The fittings included for the drawing up of this list are marked off on the invoice from Mould and Son. The total of the fittings amounts to $3,346.21. The freight charges on these fittings is figured as $224.21, leaving the total already given, as $3,570.42.

From this invoice from Mould and Son, it is evident that if our personnel at Chipewyan had restricted their calculations simply to this single invoice, the total of which surpasses $10,000.00, they would have quickly reached the full amount of the grant.

It was our purpose, however, to give you a comprehensive view of the labor and various materials required in this installation, and we trust that the information we are forwarding you, will answer your requirements in this connection.

All the material mentioned in this letter and on the previous list has been paid. There are no outstanding debts of any kind with regard to any of this work.

Very truly yours,

J. Charles Jones.

Ottawa, May 16, 1946.

Memorandum:

ACTING DEPUTY MINISTER

Re: Holy Angles Indian Residential School,
Athabaska Indian Agency.

In the current year's appropriation an amount of $10,000.00 is provided for the installation or a water system at this school. It is the intention to obtain the water from Lake Athabaska, which is approximately three quarters or a mile from the school.

A considerable amount of expenditure will be necessary for labour and some materials will also be required.

His Excellency Bishop Trocellier was in Ottawa recently and requested that authority be given to him to proceed with the installation of the water system. He is prepared to engage labour and buy the materials required, on the understanding that the Department will allow an amount of not more than $10,000.00. He would of course supply receipted invoices for materials purchased and receipted paylists for the labour employed.

The season for doing such work at the Holy Angels School is very short and the Bishop would appreciate it if the Minister would give him authority to proceed.

(Sgd.) R.A. Hoey

Director.

C.C.

Approved on the distinct understanding that no matter what the circumstances may ultimately be, no further expenditure for the project beyond $10,000.00 will be paid by the Department.

(Sgd.) J. Allison Glen, Minister
8th June, 1946.

MISSIONS CATHOLIQUES DU MACKENZIE
R. C. MISSIONS OF MACKENZIE
Fort Smith, N. W. T.

April 2, 1947.

Mr. Bernard F. Neary,
Supt. of Welfare and Training,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa.

Dear Mr. Neary,

We have today been advised by the Canadian Bank of Commerce at Edmonton, that it has received official cheque B22-Q095025, for the amount of $10,000.00 in connection with the installation of the water system at our Fort Chipewyan Residential School.

We wish to express our sincere appreciation for your direction and assistance in helping us to obtain this grant.

With kind regards to yourself and Mr. Phelan, we remain,

very truly yours,

R.C. Missions of Mackenzie,

per Charles Gilbert O.M.I. Bursar.

Re: Mechanical Devices for the supply
of cordwood at Fort Chipewyan
" Providence
" Resolution
and Aklavik

My dear Mr. Phelan,

The four schools mentioned above are situated, as you know, in a country where the winters are extremely long, the cold very severe and, therefore, where heating and the means to procure it are always a serious problem.

Moreover, the labour situation is very difficult at all times, but is principally so during the winter months when hunting and trapping supply sufficient work at remunerative prices for all the Indian population.

Our schools depend for the very large quantity of fuel, which in every case is cordwood, on the few lay Brothers attached to each institution. It has been the desire of Bishop Trocellier, just as it was of his predecessors, to provide these Brothers with all the mechanical devices to facilitate and expedite their work.

In this connection, they are anxious to purchase precision light weight portable power chain saws for each of these four schools as the claims made for these machines are well substantiated by the testimonies of those who have purchased and used them.

I am enclosing for your information several pieces of advertisement which you will find interesting to read and which will give you as well the information that your purchasing agent may require.

The price of these saws complete is $433.20 for the 18" type model. This includes 1 extra chain at $19.00
1 filing tool " 11.95
3 spark plugs " 2.25

.... 2

Library and Archives Canada / Bibliothèque et Archives Canada
www.collect.onscanada.gc.ca

KODAK SAFETY ▲ FILM

The Secretary,

Re: Mech. devices, cont'd. October 11, 1947.

These prices are subject to a 10% discount if the order is placed by the Department.

To be of value these machines must be purchased immediately and shipped with the least delay possible so that they may be used for this winter's fuel supply. You will understand how necessary this is when I mention the fact that each of these institutions requires 400 cords of wood for its winter supply. A saving of one dollar per cord would easily pay for this machine, but the information which I have, and which our own Brothers are substantiating, leads me to believe that a saving of five dollars per cord will more truly result.

I leave this whole affair in your hands and hope that you will see to it that as much speed as possible is used in placing the orders.

Thanking you in anticipation, I remain,

Yours very truly,

J. O. Plourde, O.M.I.

Re: Chipewyan, Resolution, Providence and Aklakvik Indian Residential Schools

My dear Mr. Phelan,

During the months of July and August, I had the pleasure of visiting the above schools. I took occasion of my visit to go over their needs with the Principals. Whilst it is my intention to write a letter for each of them, there are three points which apply to all of them and to which I would like to call your attention:

1. The electric plants consist, for each school, of only one 12 H.P. Lister Diesel Engine and four-kilowatt generator. These are very old and whilst they were thought, at the time of their purchase, to be sufficient in size they have been found in practice to be too small. It is not the purpose of the Church authorities to do away with them completely but they should be kept only as an emergency service and be replaced with 16 H.P. diesels and 8-kilowatt generators. This applies of course to the four schools.

2. These schools have no frigidaires of any kind outside of ice boxes. This makes the keeping of their meat, which is the principal element of food the year round, a very difficult affair. Moreover, such items as milk, butter and eggs are kept in cupboards which are not intended for that purpose.

3. The laundry equipment in all these institutions is of the most elementary nature. There is no steam boiler, no wringer, no dryer, no flat ironer, and the four buildings all need substantial repairs. In fact I am wondering how the Reverend Sisters do so much laundering the year round

..... 2

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The Secretary, Cont'd. Re: Schools. Oct. 18/47.

under such conditions. Their washing machines are also too small and should be supplemented with either a large Domestic or a small type of commercial machine.

The purchase of the above equipment could be made by the Department itself or can be left to the procurator of Bishop Trocellier, who could render accounts for everthing purchased after receiving authorization from you to do so.

From information which I have been able to gather, the power plants would cost around $2,800 each, the frigidaires about $1,500 and the laundry equipment in the neighbourhood of $4,500. There would still be repairs to be made to the laundry buildings but I believe that this would not be very expensive as the buildings are now in use and only require such items as flooring and repairs to walls and ceilings.

Hoping that you will give this matter your immediate attention, I remain,

Yours very truly,

J. O. Plourde, O.M.I.

(VII).

Ottawa, October 28, 1947.

Dear Father Flourde:-

We have your letter of the 16th instant with reference to electric plants and laundry equipment for Holy Angels, Fort Resolution, Providence Mission and Aklavik Residential Schools.

In our conversation this morning you stated that you would let us have the information regarding the laundry equipment so that we can arrenge with the Purchasing Branch to secure this equipment in the current fiscal year.

When preparing our appropriation for the fiscal year 1948-49, careful consideration will be given to your representations regarding the supplying of the electric plants.

Yours sincerely,

Philip Phelan
Chief, Training Division.

$ cash with order; $ in monthly instalments of $ evidenced by instalment note of Undersigned, which, it is agreed, may be detached by the Company for collection purposes. Signing and delivery of note shall not be considered as payment or waiver of any term or condition of this contract.

1. Undersigned agrees to pay the Company or its assigns for said goods and or equipment as above provided

2 The title to and ownership of said goods and/or equipment shall remain in the Company until paid for in full in legal tender or cash by Undersigned as hereinbefore provided, which shall include payment of any note or notes (or renewals thereof) given for the purchase price or any portion thereof, or any judgment, with costs and solicitor's fees and costs and expenses of repairing any damage to said goods and or equipment, and of putting the said goods and/or equipment in a proper state of repair.

3 Time shall be of the essence hereof, and upon default in payment of the whole or any part of said purchase price or instalments on the due date thereof or in the carrying out of any covenant or obligation of Undersigned hereunder, or upon refusal or neglect of Undersigned to accept said goods and or equipment when tendered, or if the Undersigned be adjudged a bankrupt or become insolvent, or on the happening of any contingency whereby the said goods and or equipment shall be placed in jeopardy, or if the Company shall in its discretion at any time feel that any part of the said purchase money is unsecure or upon any attempt to sell, encumber or transfer possession, removal or attempt to remove said goods and/or equipment from the premises hereinafter described without the Company's previous written consent the Company may (a) declare the deferred balance of the purchase price and all other moneys payable by Undersigned hereunder to be due and payable forthwith and the Undersigned shall make immediate payment thereof and (b) without previous demand and with or without legal process enter upon the premises where said goods and or equipment may be and repossess and remove the same and declare this contract to be null and void, whereupon all payments made shall be retained by Company for rental for the use by Undersigned of said goods and or equipment or (c) take possession of and remove said goods and or equipment, and in its discretion may sell said goods and or equipment or any part thereof by public auction or private sale upon such terms and at such place as it shall think fit and credit the proceeds thereof after deducting all costs, charges and expenses attending the repossession, carriage to the premises of the Undersigned under this contract and resale of said goods and or equipment. The Company shall not be responsible for any injury done to Undersigned's property or premises by the Company or its authorized agents in the repossession, and resale of said goods and or equipment. Undersigned agrees to pay any deficiency that may arise on such resale. The Company shall not be responsible for any injury done to Undersigned's property or premises by the Company or its authorized agents in the repossession, and resale of said goods and or equipment.

4. No termination of this contract upon the Undersigned's default shall release the Undersigned from payment of any sum due up to and including the date of such termination, and the taking of any judgment against Undersigned for moneys due hereunder shall not operate as a merger of the Company's securities, rights or powers hereunder. The Company, even after taking judgment against the Undersigned for the purchase price hereunder, shall have the right to take possession of the aforesaid goods and or equipment, and the taking of judgment shall not be a bar to the Company taking possession of the said goods and/or equipment as aforesaid.

5. The Undersigned agrees to pay all taxes on said goods and/or equipment and further agrees to assume all the risk of injury, loss or destruction of the said goods and or equipment

6 Said goods and or equipment shall be installed used and maintained by the Undersigned only upon the hereinafter described premises. In no circumstances shall any of the said goods and/or equipment, prior to the full payment of the purchase price thereof, be construed to be a fixture. The Undersigned agrees to take good care of the said goods and/or equipment and to keep the same in good repair and operating condition at his own expense

7. This contract shall be deemed to have been made, executed and delivered, on the date of written acceptance by the Company at Toronto

8. It is understood that the Company does not install its goods and/or equipment but makes shipment of goods and/or equipment or delivery only.

9 The Undersigned agrees that the Company is in no way to be bound by any representation, promise or agreement, expressed or implied, whether statutory or otherwise, excepting as herein contained, and the Undersigned admits that neither the Company nor anyone acting on its behalf has made any verbal or other representation or promise with respect to the said goods and or equipment except as herein contained

10. The Undersigned agrees as a condition precedent to the acceptance of this offer that the Company may institute any proceedings or enforce its rights in the Courts holding their sittings in the County of York, in the Province of Ontario, and that such Courts shall have jurisdiction in the matters before it

Re: Laundry Machinery for
Fort Chipewyan Indian
Residential School

My dear Mr. Phelan,

The above school is in need of the following machinery to complete its laundry equipment:

1.	"Leonard" boiler 12 H.P., 100-lb. pressure, complete with ordinary fittings	$664.00
2.	26" Beaver, motor driven, Laundry Extractor ..	962.00
3.	36 x 30 Beaver Heubsch laundry drying tumbler, complete with ½ H.P. motor	485.00
4.	Soissel Sock Dryer	400.00
5.	56" Flat work ironer	480.00

I am enclosing figures submitted to me by the Beaver Laundry Machinery Company as a guidance for your Purchasing Department.

The offer made by His Excellency Bishop Trocellier for his other three schools applies as well to that of Fort Chipewyan.

Thanking you in anticipation, I remain,

Yours very truly,

J. O. Plourde, O.M.I.

DEPUTY MINISTER

Re: Aklavik R.C. Residential School; Fort Resolution Residential School; Providence Mission Residential School; Holy Angels Residential School (Fort Chipewyan).

All the above mentioned schools are church-owned and in the diocese of Most Reverend J. Trocellier, O.M.I., Vicar Apostolic of Mackenzie.

For many years past these schools have been using very antiquated methods for washing clothes. Bishop Trocellier is now desirous of installing proper laundry machinery in each of the four schools mentioned above. He proposes to secure the following equipment at each of them:

1 "Leonard" boiler 12 h.p., 100 lb. pressure, complete with ordinary fittings.

1 26" Beaver, motor driven, Laundry Extractor.

1 36 x 30 Beaver Heubsch laundry drying tumbler, complete with ½ h.p. motor.

1 Scissel Sock Dryer (extremely useful in the north country to avoid shrinkage of socks).

1 56" Flat work ironer.

He has obtained estimates of the cost of the above equipment and finds that it will require an expenditure of approximately $3,000.00 at each of the four

schools, or a total of approximately $12,000.00.

In the appropriation for the fiscal year 1947-48, the following amounts which were specifically provided for the four schools are unexpended:

Aklavik.....	$ 529.00
Providence Mission.....	$1,745.00
Fort Resolution.....	$1,954.00
Holy Angels.....	$5,502.00
T o t a l	$9,730.00

Bishop Trocellier requests authority to proceed immediately with the purchase of the equipment for each of the four schools with the understanding that the Department will allow towards the cost of the equipment, the amount unexpended at these four schools in the current year's appropriation. In other words, he is prepared to purchase the five items of equipment for each school as shown above and will pay from his own funds the cost of same over and above the amount of $9,730.00.

I feel it is very important that all our schools should be properly equipped with laundry machinery, not only for the convenience of the staff but for the welfare of the Indian pupils and I would appreciate it if you would authorize me to accept the proposal made by Bishop Trocellier.

DEPARTMENT OF MINES AND RESOURCES

134-1-5 (T 1)

INDIAN AFFAIRS BRANCH

Ottawa, January 13, 1948.

Memorandum:

DEPUTY MINISTER

Re: Aklavik R.C. Residential School; Fort Resolution Residential School; Providence Mission Residential School; Holy Angels Residential School (Fort Chipewyan).

All the above mentioned schools are church-owned and in the diocese of Most Reverend J. Trocellier, O.M.I., Vicar Apostolic of Mackenzie.

For many years past these schools have been using very antiquated methods for washing clothes. Bishop Trocellier is now desirous of installing proper laundry machinery in each of the four schools mentioned above. He proposes to secure the following equipment at each of them:

1 "Leonard" boiler 12 h.p., 100 lb. pressure, complete with ordinary fittings.

1 26" Beaver, motor driven, Laundry Extractor.

1 36 x 30 Beaver Heubsch laundry drying tumbler, complete with ½ h.p. motor.

1 Scissel Sock Dryer (extremely useful in the north country to avoid shrinkage of socks).

1 56" Flat work ironer.

He has obtained estimates of the cost of the above equipment and finds that it will require an expenditure of approximately $3,000.00 at each of the four

Dear Father Plourde:-

Re: Laundry Machinery at the following Residential Schools - Aklavik R.C; Providence Mission R.C.; Fort Resolution R.C; Holy Angels R.C.

In your letter of December 12th you stated that His Excellency Bishop Trocellier was prepared to purchase a boiler, extractor, drying tumbler, sock dryer and flat work ironer at an approximate cost of $3,000.00 for each of the above schools, on the understanding that the Department would pay the amount unexpended in the current year's appropriation for the schools mentioned.

The Deputy Minister has approved this arrangement and you may notify Bishop Trocellier. When he submits the receipted accounts covering the cost of the machinery at each school, we will allow the amount still remaining which is as follows:

Aklavik.....	$ 529.00
Providence Mission.....	$ 1,745.00
Fort Resolution.....	$ 1,954.00
Holy Angels.....	$ 5,502.00
T o t a l	$ 9,730.00

Yours sincerely,

Bernard F. Neary
Supt. of Welfare & Training.

134 - 1

Holy Angels Indian Residential School,
Fort Chipewyan, Alberta,
January 29, 1948.

Mr. Philip Phelan,
Chief, Training Division,
Indian Affairs Branch,
OTTAWA, Canada.

Sir :

Since Family Allowances are being paid to parents whose children attend school regularly, the number of our pupils has greatly increased especially among the Day Scholars of whom we have registered 25 during the first term. As our three classrooms are filled to capacity, we have been forced to refuse children who were not 7 before Christmas; and we foresee a still increasing number for next year. Consequently we have decided to open a fourth classroom in September for the Primary Class.

May we ask the help of the Department of Indian Affairs to furnish that new classroom with desks - as far as it will accommodate Treaty Indian children ?

Presently, we have only 76 "Government"school desks: 36 received in 1934 and 40 received in 1944. Still the pupilage allowed Holy Angels Indian Residential School is 80. Moreover we must accommodate 25 Treaty Indian Day Scholars from the Fort.

Consequently I have taken the liberty of putting in a requisition for 30 desks more. Although the chair desks of which we have supplied 20 for the third classroom are most satisfactory, we shall appreciate any kind that the Department deems suitable.

We would be much obliged if you would let us know at your earliest convenience what help we may expect from the Department in furnishing this new classroom.

Yours respectfully,

Sister M.Anne Deslauriers, principal.

EX'D.
M

February 11, 1948.

Reverend and dear Sister:-

We have your letter of January 29th with reference to additional desks that you state are required at the Holy Angels Residential School.

As you are aware, this is a church-owned school and we are allotted a specific sum each year for repairs and improvements and purchase of new equipment. The amount allotted for the current fiscal year has been totally assigned and consequently we have no funds on hand at the present time to purchase additional desks. However, we will give the matter further consideration after April 1st when our appropriation for the fiscal year 1948-49 is available.

We were not previously aware that you were accepting some pupils as day scholars. We would appreciate it if you would let us have the following information:

(a) Number of Treaty Indian children attending as day scholars.

(b) Number of Treaty Indian children enrolled as residential school pupils.

(c) Number of non-Treaty or white children enrolled as day school pupils.

(d) Number of non-Treaty or white children enrolled as residential school pupils.

Yours sincerely,

Rev.Sister M.Anne Deslauriers,
Principal,
Holy Angels Indian Res. School,
Fort Chipewyan, Alberta.

Bernard F. Neary

Mr. Philip Phelan,
Chief, Training Division,
Indian Affairs Branch,
Department of Mines and Resources,
OTTAWA , Canada.

Sir :

Re : ADDITIONAL DESKS.

I beg to acknowledge receipt of your letter of February 11, replying to our requisition for additional desks to furnish a fourth classroom for next September.

To give you an exact idea of how our classrooms are constituted, I willingly submit the following analysis made at the close of the December term 1947 :

TREATY INDIAN PUPILS :	RESIDENTS	74		
	DAY SCHOLARS ...		22	96
NON - TREATY PUPILS :	RESIDENTS	20		
	DAY SCHOLARS ...		34	54
TOTAL NUMBER OF RESIDENTS		94		
TOTAL NUMBER OF DAY SCHOLARS			56	
TOTAL NUMBER OF PUPILS ATTENDING CLASSES				150

MAR 31 '48
RECEIVED

All the Non-Treaty Pupils are of Indian descent. They are all Roman Catholics and wish to attend the Holy Angels School which is the only Catholic School of the region.

In this connection another trouble arises : I noticed in the Indian School Bulletin of November 1,the following statement :"These (school) supplies are for Indian children only." It follows that, of our 150 pupils, 54 should not have received books and supplies from the School Store. I must say here that Non-Treaty Half-Breed children are, for the great majority,without resource - the few able to buy themselves scribblers, pencils, pens and ink, have been encouraged to do it; but they are the few.- Another point is that these pupils are scattered in all the grades, and should they get their own text books, or should we get them for them from the Alberta School Book Branch of the Department of Education, these books would not be of the kind which the Department of Indian Affairs supplies and there would result two different kind of readers,etc. in each grade, a situation in no way advantageous to any class.

Would you kindly direct me as to where and how to obtain the required books and supplies for these 54 Non-Treaty Pupils?

Yours respectfully,

Sister M.Anne Deslauriers, principal.

. . The books and school supplies requisitioned last December for the academic year 1948-49 were intended for the 96 Treaty Indian children only.

Dear Bishop Trocellier:

We have been in communication with Reverend Sister Deslauriers, principal of the Holy Angels Residential School with reference to additional desks which she states are required.

The number of desks that she requests will cost approximately $300.00. If we supply these it will be necessary to provide their cost from the amount specifically included in the appropriation for the fiscal year 1948-49 for the Holy Angels School.

Please let me know if you approve our supplying these desks.

Yours sincerely,

Bernard F. Neary
Superintendent of Education.

Gentlemen:

Re Purchase Order No.30136:

Replying to your letter of the 12th instant, please be advised that 8% Dominion Sales Tax is applicable on the desks covered by above purchase order.

Adding this tax to your quoted price of $562.50, brings your price to a figure in excess of that of other tenderers, who included sales tax in their quotation.

It would be unfair to ask you to absorb this tax, and to fill the above order on the basis of your quoted price, but it would likewise be unfair to your competitors to allow you to increase your price by adding sales tax.

Under the circumstances, I know of no alternative but to cancel purchase order No.30136, but before doing so may I request that you wire me "Collect", advising if this course of action is satisfactory to you.

Yours truly,

Departmental Purchasing Agent.

OTTAWA, June 24th 19 48

The Secretary,
Indian Affairs Branch,
Ottawa, Ont.

Re: Ordinary and fire-bricks for Fort Chipewyan, Resolution, Providence and Aklavik.

Dear Mr. Phelan:

I am in receipt of a letter from Reverend Father Gilles Vicariate procurator of Bishop Trocellier to the effect that three thousand ordinary bricks and five hundred fire-bricks are needed to set up each of the four boilers bought by the Department for the laundries of the above schools. This will mean twelve thousand ordinary bricks and two thousand fire-bricks.

I would appreciate it very much if the order for the above material was forwarded immediately to an Edmonton firm, as this last place is the closest to those Norther Missions where these bricks can be bought.

Thanking you in anticipation, I remain,

Yours very truly,

J. O. Plourde, o.m.i.

DEPARTMENT OF MINES AND RESOURCES

This space for use of Head Office only

Requisition No.

Order No.

July 16th 19 48

To the Departmental Purchasing Agent, Ottawa, (File: 134-1-5)

PLEASE FURNISH THE FOLLOWING SUPPLIES FOR USE OF

VOTE 517 ALLOTMENT 10-691 ALLOCATION SYMBOLS

SHIP TO Rt. Rev. J. Trocellier, O.M.I., Vicar Apostolic of McKenzie, WATERWAYS, Alberta.

Purpose for which required

QUANTITY		UNIT PRICE	TOTAL
12,000	Ordinary Bricks		
2,000	Fire Bricks.		

Note: The above are required for repairs at four Indian Residential Schools and the total cost should be split among the four of them. The schools in question are:

Aklavik R.C. Residential School #915
Fort Resolution " " #916
Providence Mission " " #918
Holy Angels " " #755

The other coding is as follows: 517-10-691.

The bricks are required for repairs at each of these schools and for setting up the heavy laundry equipment, the cost of which was partially paid by the Department during the fiscal year 1947-48.

We would appreciate it if this order could be placed immediately so that it will reach Waterways at the earliest possible date, from which point the bricks will be transported by boat.

I hereby certify that I have personal knowledge that all the above articles are required in the Department and for Departmental purposes only. The expenditure required by this requisition is strictly unavoidable and the public interest will suffer if it is not made.

SIGNED—

APPROVED

Indian Affairs Branch

Re: Bricks for 4 Northern Schools
Your file: 134-1-5

We received your requisition for these bricks on the 19th. Yesterday we received advice from the Northern Transportation Co. that the last shipment for Aklavik should be delivered to them at Waterways not later than August the second.

This does not give us sufficient time to make the usual inquiries regarding availability and price. Under the circumstances, I would suggest that Mr. Gooderham or Supt. Robertson at Winterburn make the best possible arrangements for purchase and shipment of these bricks.

When delivery has been taken please send invoice to this office for the usual action.

W. M. Vincent.

Gentlemen: Re Purchase Order No.301361

Replying to your letter of the 12th instant, please be advised that 8% Dominion Sales Tax is applicable on the desks covered by above purchase order.

Adding this tax to your quoted price of $562.50, brings your price to a figure in excess of that of other tenderers, who included sales tax in their quotation.

It would be unfair to ask you to absorb this tax, and to fill the above order on the basis of your quoted price, but it would likewise be unfair to your competitors to allow you to increase your price by adding sales tax.

Under the circumstances, I know of no alternative but to cancel purchase order No.30136, but before doing so may I request that you wire me "Collect", advising if this course of action is satisfactory to you.

Yours truly,

Departmental Purchasing Agent.

Re: Freight Account for Bishop J. Trocellier O.M.I.

Dear Mr. Phelan:

The enclosed account for freight on four extractors, is part of the attached general freight account amounting to $377.03, which was paid by check number 2988 and duly receipted by the Northern Alberta Railways Co..

I therefore hope that there will be no trouble about reimbursing His Excellency Bishop Trocellier for this expense.

Thanking you in anticipation, I remain,

Yours very truly,

Extract from letter dated August 4th from Mr.C.A.F. Clark, Prince Albert, Sask.

I have just one significant picture of Holy Angels School so far, as the post office people "mislaid" the other roll where I really got the low down and the close up. The school - finished in tile but mostly plywood inside, appears at the left. Between the church and the domed-roof building at the right (new mission) is the old mission which they are going to demolish. There is much more to be said re this school.

Ottawa, Ont.

Reference to your telegram of July 27th, in regard to purchase of 12,000 ordinary bricks and 2,000 fire brick, to be shipped to the Right Rev.J. Trocellier, Waterways, Alta.

These bricks were purchased throught the Acme Brick Co., and went forward on July 31st. The shipping address was later changed to Fort Smith c/o McInnes Transport, Waterways, Alta., as per your telegram of Aug. 3rd.,

I was in Waterways on Aug. 3rd. when the bricks arrived. I regret to say that only 800 new fire bricks were available, however, the brick Co. had sufficient 2nd hand bricks,which were in good condition,to make up the order and as no new fire bricks were available at any other plant in Edmonton and no assurance could be given as to when they may be received I authorized the Acme Brick Co. to complete the order with the 2nd hand bricks.

E.A. Robertson,
Superintendent.

DEPARTMENTAL PURCHASING AGENT

Re: Bricks for Four Northern Residential Schools

Your memorandum of July 21st, 1948, file 53258-15/3, gave authority to Mr. Superintendent Robertson at Winterburn, to make the best possible arrangements for the local purchase and shipment of the bricks required at our four Northern Residential Schools.

Please find attached an account for $499.73 covering the purchase of these bricks. The total cost should be split among the four schools concerned. These are:

Aklavik R.C. Residential School No. 915
Fort Resolution Residential School No. 916
Providence Mission Residential School No. 918
Holy Angels Residential School No. 755

The other coding is as follows: 517-10-691.

13-4-1

2793

Holy Angels Indian Residential School,
Fort Chipewyan, Alberta,
August 20, 1948.

Mr. Philip Phelan,
Chief, Educational Division,
Indian Affairs Branch,
OTTAWA, Canada.

Sir :

Your letter File 134-1-5 of April 26, 1948, informed me that it is the intention of the Department to order the desks requested for the Holy Angels Indian Residential School. A few weeks later I received a copy of your Purchase Order to F.E.Osborne Limited, 112 - 8 th Ave., CALGARY, for 30 movable chair desks, small size, Globe Furniture Company, Size 5.

On my return from the city where I have sojourned a few weeks, I learned that the desks had not yet arrived. On a re-examination of the Purchase Order I remarked that these desks were to be sent to my name at Holy Angels Indian Residential School, FORT McMURRAY, via Waterways, instead of FORT CHIPEWYAN.

I immediately wired to the N.A.R.Agent in Waterways to inquire whether the goods were still there in storage. I am in receipt of a telegram stating that they are " unable to locate any shipment of chair desks in May or June."

The error in the Purchase Order is probably the cause of this prolonged delay in getting this school furniture. As time is pressing - the classrooms will open on the 7th of September,- would you kindly make investigations into the matter and have these desks directed to the Holy Angels Indian Residential School at your earliest convenience. May I beg to be advised by a telegram ?

Thanking you in anticipation, I remain,

Sir,

Yours respectfully,

Sister M.Anne Deslauriers, princ.

Mr. b. F. Neary,
Indian Affairs Branch,
Department of Mines & Resources,
OTTAWA, Canada.

Dear Sir:

We are in receipt of your telegram under date of December 31st. and we cannot understand what has happened to the invoices covering purchase orders 3304, 3303, 3234, 3362. We sent all these invoices direct to Ottawa as per the purchase order some two months ago. However, they have apparently become lost and we are attaching hereto copies of these invoices.

You will note that we have not included any bills of lading because this material is noted F.O.B. Waterways which is the end of steel and we deliver direct from our Yard at that point. If we were shipping from Edmonton we could of course then supply bills of lading.

We might mention that about two months ago Bishop Trocellier of the Roman Catholic Mission in the North West Territories said that he was on his way to Ottawa and he would O.K. these invoices on his arrival which we presumed had been done. Apparently this was either overlooked by him or your department did not have the invoices to O.K.

We trust that the copies will receive attention this matter out and that payment will be forthcoming promptly.

Yours very truly,

HAYWARD LUMBER COMPANY LIMITED.

ONTARIO

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

Attention: Mr. P. Phelan.
Re: Freight Accounts on Laundry Machinery
For His Excellency Bishop Trocellier.

Dear Mr. Phelan:

I have found the two freight accounts of the Northern Alberta Railways Company for freight on the laundry machinery purchase for the Fort Chipewyan, Resolution, Providence and Aklavik schools. These cover transportation from London Ontario to Waterways Alberta.

Both these accounts were paid by Bishop Trocellier and a refund would certainly be in order, if you can obtain it.

Thanking you in anticipation, I remain,

Yours very truly,

J. O. Plourde, o.m.i.,

Mr. J.W. Stewart,
Superintendent, Indian Agency,
Fort Chipewyan, Alberta.

We have received your Voucher No. 150 covering the allowance towards the salary of the night watchman at the Holy Angels Residential School.

Evidently, we overlooked advising you that during the fiscal year 1948-49 the allowance towards the salary of the night watchman was increased from $40.00 to $60.00 a month. We have changed your Voucher No. 150 accordingly.

We are also making arrangements to pay the additional $60.00 due for the months of October, November and December, 1948. Your Voubher No. 15 was issued at the rate of $40.00 a month.

Holy Angels' Indian Residential School,
Fort Chipewyan,Alberta.
July 8th,1949.

Mr. Bernard F. Neary,Supt. of Indian Education,
Indian Affairs Branch, Ottawa.

Dear Sir,

July 19th marks a great event in the life history of the Holy Angels' Indian Residential School. It is the 75th Anniversary of the arrival of the first Sisters,who had come from Fort Providence, N.W. T.,after three weeks on the water.We read,in the annals of these days that after two weeks of scrubbing and general house cleaning,they converted an old shed into liveable quarters where children could assemble for School. There were fifteen pupils for the first Teaching Day,August 1st,1874. Some had come from the far off " Caribou eating families " of Fond du Lac,200 miles west on Lake Athabasca.

To-day the School Register marks 1,300 names of children that have passed several years to our Residential Home during 75 years and the majority are Indians.

I am pleased to send you and the Staff a snapshot of our new modern School,built in 1942. You will be interested to note the progress. There are four large,bright classrooms It is supplied with electricity,running water,a steam heating system.The children enjoy spacious dormitories,recreation and dining rooms.

On this great Memorial Day,the Teaching Staff,feel confident that it would be a pleasure for the Department,through your courtesy,to offer something in behalf of the School,as an encouragement to the Sisters for their cooperation in the the tedious work among the Natives for so many years.

May I suggest,for your donation,two Writing Desks with the Chairs for the Teachers. This would be a wonderful SUBSTITUTE for the actual primitive ones. Also,a typewriter, Remington,any size,or any kind you could dispose of,would be highly appreciated by the principal.

These useful gifts will be inscribed,to your credit,on the list of Benefactors,as a token of your satisfaction for the Education of the Indians in the far-off land of "Mid Snow and Ice".

Thanking you most heartily and the members of your Staff,for the powerful helping hand you have given us in the past,in order to promote civilisation and education, and awaiting your further favours,

I remain,

Yours gratefully,

Sister [illegible]
Principal

EXAMINA
SCHOOL DIS

OTTAWA, July 19

Sir,

I have to acknowledge the receipt of your letter of the 16th instant; and in reply I beg to say that there are two Indian schools at Lesser Slave Lake, one a Roman Catholic school, known as the Holy Cross School, conducted by the Rev. Charles Weaver, teacher. The Roman Catholic school is to be one of the Rev. T. Lestanc. Who the patient has no medical officer of its own at the settlement, but the required information might be obtained from the Church society in Toronto, or at all events from His Lordship, the Bishop of Athabasca.

Your obedient servant,

Deputy Superintendent
of Indian Affairs.

Peace River District.

Dec 6th 1895.

A.E.Forget Esq.

Dear Sir:-

I herewith forward Returns for quarter ending September 30th '95. From them you will see how small the number ofscholars were during the quarter. The chief reason for this is the great scarcity of fish at that season of the year. Even those on the Returns, few as they are, were to feed on bacon and flour, the latter we could afford, but the former is one of the most expensive of imported provisions.

2nd, Some of the parents live far away on the lake and elsewhere and are unable to bring in their children at that season of the year, in fact while food is plentiful and the weather warm, it is very difficult to get them into the Home and quite as difficult to hold them once the snow has gone in the spring. All the power we have to influence them is, as Ministers and with that we cannot compel them to leave their children with us. With the exception of orphans

orphans or such as have only one parent, it is impossible to hold them through the summer, if we attempt it they would demand their children and we would plead in vain for them after that Another thing they very strongly object to is the signing of any paper handing over their children for any length of time, the suggestion is enough to frighten them, they are very suspicious about paperand it is with very great difficulty they can be got to put their names thereon. In two cases only I have succeeded one is, Nancy and John Beaver Nos 027, and 23 Nancy 027 is in for two years and No 23 for five. Will you kindly place these two on the support list instead of Nos. having left for good. No is now too old and is being kept at home. The other case is that of a poor blind woman who gave me a writing as they call it, for her little daughter only two years old. Any new scholars that have been admitted that have been promised for at least four years. We have now nearly the same number as last year, and in a few days we shall have 30.

The Indians make their fishing about 30 miles away and this year owing to the very mild weather, the lake has not been safe until a few days ago for either dogs or animals, consequently we could not support the full number of

scholars

scholars.

The following is a list of the provisions required for the next 6 months, 5000 fish, averaging 3 lbs each, 200 bushels potatoes, 60 bus.. turnips, 40 sks flour, 4 sks oatmeal, $ chest Tea, besides about 300 lbs of beef. Flour costs $6.00. per sk here and every other article of provision in proportion, excepting vegetables, which are our own production. Besides all this there is Matron and Cooks salary, and the fuel and light. I can assure you we do all in our power to bring the children forward, and where we can keep them away from their heathen surroundings.

Will you kinuly forward to me the per cap-ita grant only and teacher's grant to David Curry Esq, or as he may request you by letter.

Mr Keller has never handed over a cent of the $100.00. you remitted him by mistake.

Yours sincerely.

s d Geo Holmes.

122959-1

SLAVE LAKE MISSIONS.

Rev. Mr. Holmes, Church of England missionary, arrived in town last Wednesday evening from Lesser Slave lake. The buildings of the mission over which Mr. Holmes presides are on Buffalo lake, a small lake off Slave lake. The Roman Catholic mission is on the opposite side of the same lake. The English church is a log building which seats about 250 people. The school house is 24 x 30 with a kitchen attached. About 30 children board at the school and receive instruction there. The mission house is 18 x 26 and has two stories. There is also a well fitted hospital 14 x 18. During the past eight years, in face of almost insurmountable difficulties on account of the indifference of the Indians, who are Crees, 23 adults have become communicants. The work amongst the old Indians is at times almost disheartening, but amongst the children the missionaries have every encouragement. They find them tractable and quick to learn. In addition to the usual education in the school the boys are taught agriculture, and the girls sewing and domestic duties. Many of the Indians are industrious and have gardens which are well cultivated, while others plant their vegetables and then are compelled to go hunting and fishing for a subsistence, and find their gardens overgrown with weeds on their return. The Hudson's Bay employees attend the mission there. At Lesser Slave lake proper there are about 60 communicants and at Wapuskow Mr. Weaver has baptized about 40 children. Mr. Curry is the teacher and Miss Durwell, matron at Buffalo lake. There are about 10 head of cattle and horses at the mission. Mr. Holmes brought with him an Indian boy thirteen years old, who was taken into the mission house seven years ago and who attends to the stock. He will be placed at school in Winnipeg and arrangements will be made for him to learn a trade there, probably carpentry. Mr. Holmes regrets to have to complain that some traders take a liquid, in small bottles the size of essence bottles, which they call "ginger." This when drunk by the Indians intoxicates them and thus causes many riotous scenes. Three of these small bottles full will make a man stupidly drunk who would be but little affected by a much larger amount of whiskey. A lot of it was given to the Indians near the lake one Sunday recently and produced a most deplorable scene of riot and drunkenness Also another matter requiring attention is the laying of poison and starting of fires. Many fur-bearing animals and several valuable dogs were poisoned last winter, and at the Landing a cow met the same fate The Indians are indignant at these things and look with the greatest suspicion on all strange white men, and they are even afraid to pick berries for use for fear they themselves will be poisoned. Mr. Holmes is very much afraid that if this continues there will be serious trouble with the Indians. They are also getting discontented at so many white men trapping their fur and thus depriving them of their means of subsistence. With the poison and fires added to the ordinary trapping by the whites the Indians will soon be helpless. Fires were run last year all the way from the Landing to the Lesser Slave river. Mr. Holmes left on Friday's train for the synod at Regina after which he will proceed to his old home in England on furlough for a year, the first in ten years. He sails on the Labrador on August 29th.

153250

On the receipt of the Returns for the September and December 1895 quarters, it was found that the undermentioned pupils were in school:-

Boys.

No 1 Francois
No 3 Leo
No 4 James Wesley
No 5 Henry Wesley
No 6 James
No 7 William
No 13 Alfred
No 15 Landese
No 16 Carlowitch
No 17 Joseph
No 21 Julien
No 25 Eugene
No 23 John.

Girls.

No 02 Marie
No 09 Nancy
No 011 Mary
No 013 Eliza
No 020 Agatha
No 027 Nancy Beaver
No 032 Peggy.

The hope was then expressed to the Principal that he would retain these 20 pupils until they were discharged in accordance with the regulations with which he was already familiar.

It is found however in connection with the quarterly Returns sent herewith that during the September quarter 9 pupils were allowed to leave the school, and 11 new ones admitted during the December quarter. Department's
122859. letter of the 9th April 1896 is understood to imply that it accepts the statement of His Lordship the Bishop of Athabasca that "the attendance must necessarily be "fluctuating"

I have the honour to be, Sir,

Yours obediently,

Office of the

304748

Indian Commissioner

for Manitoba and the Northwest Territories,

In your reply refer to No. 122/77
and date of this letter and address
Hon. David Laird,
Indian Commissioner,
Winnipeg, Man.

Winnipeg, 1st. December 1906.

DEPARTMENT OF INDIAN AFFAIRS
DEC 4 1906

Sir,

I am forwarding the quarterly return of the Lesser Slave Lake C. of E. (St. Peter's) Boarding School for September quarter and beg to say that I agree with His Lordship the Bishop of the Diocese to recommend that this school be kept in operation for a while longer, when I hope he will have succeeded in obtaining support from the Provincial Government of Alberta; the attendance being composed entirely of non-treaty children.

The attendance during the quarter has been rather poor and the Department will have to decide what the remuneration shall be, keeping in view that the month of July is a holiday for all Boarding Schools.

Your obedient servant,

Indian Commissioner.

Secretary,
Dept. of Indian Affairs,
Ottawa.

2959

Department of Indian Affairs,

OTTAWA, 3rd December, 1900.

The Secretary:-

Rev. Mr Holmes of St Peter's Mission Lesser Slave Lake, asks that the Church of England Boarding school there may be allowed the grant for 40 children instead of 20 as at present.

Previous to the 1st July last this school was receiving only $60.00 per capita, but since that date the grant has been increased to $72 a head, the uniform rate allowed boarding schools in Manitoba and the Territories. Mr Holmes says that he was advised by Mr Inspector Macrae to make this application as well as for assistance in the further enlargement of the buildings, especially the schoolroom, and a memorandum from Mr Macrae in connection with this application is turned out herewith.

With regard to Mr Holmes statement that there are a number of non-treaty children on the roll for whom, he undestands, the grant will not be paid, I beg to say that the attention of the Indian Commissioner was called to the ruling of the Superintendent General relative to the admission of non-treaty children to boarding and industrial schools, and Mr Laird's reply is hereunder. The Commissioner states that the difficulty complained of by Mr Holmes did not arise from the admission of non-treaty children but that he advised the Principal that the admission

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

of the children of half-breeds who had been granted scrip could not be authorized and that he should to the Lieutenant-Governor of the Territories for help towards these people if needed.

The requests for increased accommodation and grants to boarding schools already before the Department would provide for the placing in boarding schools of nearly all the treaty children in Treaty 8,The missionaries also wish to provide for non-treaty children in the neighborhood of the schools and well as the children of half-breeds who have taken scrip.

As stated in my memorandum of the 29th ulto boarding school requirements for Treaty 8,as submitted to the Department,would entail a heavy expenditure for very small practical results,at least for some years,and it seems to me that if the Department would make provision for orphans and children of that class,it would be doing as much as could reasonably expected at present.

Reverend Father

Sir,

I beg to acknowledge receipt of your letter of the 13th. instant in regard to the grant for the Church of England Lesser Slave Lake Boarding School, and to say that in a letter dated the 11th. instant, I advised the Principal that non-treaty Indian children, although not entitled absolutely to receive education in our schools, were on account of their difficult circumstances eligible for admission. That on the contrary, admission could not be granted to scrip half-breeds and that the Principal should look to the Lieutenant-Governor of the North West Territories for help towards these people, if needed.

Your obedient servant,

Indian Commissioner.

"01067

Memorandum for the Acting Deputy Minister.

The Revd. G. Holmes of Lesser Slave Lake under date September 10th. 1900, writes to me,-

"The Whitefish Lake Indians have now got over their "prejudice and are coming to offer their children again. "We have already seven from there and are likely to have "as many more. The Sturgeon Lakers too seem willing "to give up their children".

and under date September 12th., 1900.

"We have quite a number of the children from Whitefish "Lake who have taken neither scrip nor Treaty. If the "grant is withdrawn on the condition that we must have "at least fifteen treaty children, I am afraid that we "should soon have to close the school as a Boarding School".

I may say by way of explanation that the Whitefish Lake Indians have not yet taken treaty.

The reason for this communication is that the Reverend writer has received a letter from the Honourable D. Laird bearing date July the 30th. last, in which occurs this passage. "It must be understood that only children "of Indians who have taken treaty are to appear on the roll "etc. etc.

I beg to have Mr. Holmes written to immediately, that he will be permitted to enjoy the grant for children of non-treaty Indian parentage, that the Honourable Mr. Laird be given the sense of the letter to Mr. Holmes.

SCHOOLS
OCT 1901

The Honble Dept of Indian Affairs. Ottawa

Nov 6th Sir,

You are doubtless acquainted, through Indian School Reports, with St Peters Protestant Boarding School, Lower Shoe Lake, which was established ten years ago, & supported, for some time, by voluntary contributions from friends in Eng. & Canada.

The building, which has been used for that purpose, up till the present, is only 24 × 30 ft. & which, with from twenty eight & thirty four children, has been dangerously overcrowded.

During my furlough in England, two years ago, I was able & collect amongst friends, sufficient money to enable us to erect an additional wing 22 × 34 ft. which will be completed in a day or two. This building is intended for the accommodation of boys, while the old part will be used for girls

The ground floor of the new building will have to serve as school room, as well as boys dayroom, until the means are forthcoming to enable us to build a separate Schoolroom, which is very desirable

Our only reliable means of support, at present, is the grant of $60.00 per capita for twenty scholars kindly allowed us by the Indian Dept. This will barely supply the necessary amount of flour alone for forty children (which number we hope to admit

~~Dear~~ Sirs) including freight, which is $3 ~~00~~ per 100 lbs from Edmonton.

Mr Mac Coe, who paid the last Treaty visit the School, advised me to apply to your Honors for an increase in the support grant. as well as for assistance for further enlargement especially a School room The Whitefish Lake Indians, who are nearly all members of our Church, are entirely dependent upon our Boarding School. The Sturgeon Lake Indians too, are now willing to give up their children, but they are 100 miles from the nearest School I think we have the first child from Sturgeon Lake in our School now

There is, in this district, a sufficient number of children to fill half a dozen Schools such as ours The Roman Catholics. The Indians are so widely scattered that day Schools are out of the question. Lesser Slave Lake is certainly the best centre for a Boarding School. especially, as the Lake supplys an abundance of fine Whitefish

I humbly trust that your Honors will be able to increase our support Grant to forty Scholars, instead of twenty. & make us some allowance for a Separate School room - & fuel &c.

Yours Sincerely,
Geo. Holmes.

Enclosures.

Sir:-

I have the honour to enclose herewith the Returns of the Lesser Slave Lake Church of England Boarding School for the September and December quarters of 1896.

On each will be found a note inserted relative to the blank forms ~~inserted~~ used in the preparation of these Returns.

When the grant for boarders at this school first became available the Principal was asked to select 20 whom he wished to be regarded as earners of that grant, this being the number provided for. He was also informed of the regulations governing boarding schools at other points respecting changes in the enrolment and was requested to conform thereto.

In July 1895 a dispersion of the pupils was caused by inability of the Hudsons Bay Co, through the non-arrival of its steamer, to furnish the school with the necessaries of life.

Apr.2,08.

To The Hon.David Laird,
Indian Commissioner,
Winnipeg.

Hon.Sir,

During the interview you kindly granted me on my way through the city, you stated that the per capita grant of $72.00 would at the end of this fiscal year be withdrawn owing to the difficulty of securing the requisite number of treaty children. I therefore beg to apply for a transfer of the above grant from the Lesser Slave Lake C. of England Boarding School to our School at Whitefish Lake, now in charge of the Rev. W. H. White, where we have over 15 treaty children in school.

We have accommodation for from 25 to 30 scholars (boarders) at Whitefish Lake.

Should be thankful to hear if this meets with your honor's approval and when granted.

Thanking you in anticipation, with kindest regards,

and date of this letter and
address
Hon. David Laird,
Indian Commissioner,
Winnipeg, Man.

Winnipeg, 4 April 1908.

Sir,

I enclose a copy of a letter just received from Rev. Geo. Holmes, Acting Bishop (C. E.) of the Diocese of Athabasca. The letter speaks for itself and I am well prepared to recommend the change which is suggested. The Church of England has a good foothold at Whitefish Lake, while the position of this church at Lesser Slave Lake is changed so far as Treaty Indians are concerned.

The change would not involve any extra expenditure, as a matter of fact, there would be some saving, since the Whitefish Lake is already provided for as a Day School.

This case is much similar to that of the R. C. School at Smoky River, which was transferred to Sturgeon Lake under the approval of the Department.

waiting for admittance

A grant for six children here would be adequate. With respect to here schools at Lesser Slave Lake and Peace River, we desire to say that owing to financial dippicultios, we cannot possibly maintain them unless grants are made.

It would be most repettable, even lamentable, in the intrests of the neighbourhoods concerned, if, in spite of all the unremitting efforts that have been maintained, we must after all abandon the schools.

The Mations are supported by the Womens Auxiliary.

alta.

21st Sept 1909

Hon: Sir,

re Lesser Slave Lake School:-

I enclose returns showing the number of Treaty Children attending the above school for the year ending June 30th last.

No provision has been made for these by reason of the transfer of the per capita grant to White Fish Lake, which of course does not affect Lesser Slave Lake.

Since the transfer took place the number of Treaty Children at Lesser Slave Lake has increased. The number represented on the register, as per enclosed returns, have been received in School, clothed, supported, and educated.

We therefore beg respectfully to make application for payment of the grant for the whole of a year to June 30th last.

Further we earnestly trust that the Department will kindly make us a grant for 10 children at least, in order that we may be enabled to admit that number. There are now Treaty Children waiting for admittance, but we cannot receive them without the assistance of the grant.

re Peace River:-

The same conditions prevail at Peace River where four of the Treaty Children have been supported in our School for a period of one year ending June 30th last. There are the children of protestant parents. Here also others are

MEMORANDUM:-

Mr. Scott.

For time ago the grant to the Church of England Boarding School at Lesser Slave Lake was transferred to Whitefish Lake. The Very Rev. Archdeacon Scott still conducts in the old building at Lesser Slave Lake a school for half-breeds, for which he receives a grant from the Provincial Government. There have been, during the past two or three years, however, several Indians in attendance. Last year there were five in residence during the year and some others attended as day pupils. They are within two or three miles several Indian families.

The five Indians above referred to came a distance of twenty-five or thirty miles and Mr. Scott could not secure their parents to admit them. He has, therefore, borne the expense of their maintenance during the year without any recompense whatever; he has even supplied the books, etc., that they use.

Mr. Scott is doing good work with these Indian

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

pupils and could get more to attend if he could afford to accommodate them. I was pleased to see that they were able to talk English quite well, and I think the Department should try to do something to help him. If it were possible to give him a liberal day school grant I am sure he would be quite satisfied, and I would like to recommend that the Department do this, if possible.

Inspector of Treaty No. 8.

P. S.

A somewhat similar condition exists at Peace River, but there are not so many Indian children in residence. A grant as above recommended would be some recognition of the work done, provided the Department is not disposed to allow a boarding school per capita grant.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

122959/1

Ottawa, November 23rd, 1909.

Rev. Sir,

Referring to your letter of the 21st of September, last, in which you asked for a per capita grant for the maintenance of a number of Indian children, who have been in residence in the school conducted under the auspices of the Anglican Church at Lesser Slave Lake, I beg to say that as the boarding school grant formerly allowed at this point was transferred to White Fish Lake the Department is not prepared to renew a similar grant at Lesser Slave Lake. However, in view of the work which is being done for the Indians in the neighborhood, the Department is prepared to pay the present maximum grant allowed for day schools in the West, that is $[illegible]0.00 per annum, to take effect from the beginning of the present fiscal year, April 1st, last, upon receipts of returns showing the actual attendance of Indian children as taken from the register of the school. A supply of forms for this purpose will be sent you under separate cover. The Department will also supply the necessary books and stationery for the use of the Indian pupils if you will send in a requisition for the necessary articles. This grant is conditional upon all the Indian children in the neighborhood having the privilege of attending the school.

The matter of a grant at Peace River will have to stand over for future consideration.

Your obedient servant,

[illegible]
Secretary.

St. Peter's Mission.
Peguis Indian Reserve, Man.
January 4th 1910.

The Indian Agent

Sir,

6067

DEPT. INDIAN AFFAIRS
JAN 7 1910
REGISTRY

I have (Captain Church Mission) Twelve Children who are "treaty" Indians of Kinosāō's "Band." Some of them are from "Sucker Creek" or "Moosehorn Reserve." And Some are from "Drift Pile River" or "Kinosāō's Reserve" These Children have been in the School since early in October.

Last year we had eight of these Children in our School but for which we received no assistance from your Department.

I now write humbly, asking this Department to carefully consider our claim for assistance in the education of these "Treaty" Children.

I may say that all these Children are well cared for in our boarding School, and are making good progress in their Studies, as well as learning to speak English. This is well demonstrated to all observers. Miss Dorton Donald the Indian Agent here can fully endorse.

And I understand that he has written your department with respect to this matter. Waiting your reply, which I trust will be favourable and all generous.

I am

Yours very faithfully
Archdeacon McScott.

INDIAN AGENT'S OFFICE,

Lesser Slave Lake Agency,

Grouard, 2nd April 19 10

IN YOUR REPLY REFER TO
No. 53101
ALSO
TO DATE OF THIS LETTER.

Sir,—

Referring to your letter of 19

No.

I beg to enquire whether the Department limits each Boarding School to a certain number of Indian pupils, or if a grant of $72.00 per capita per annum is given for any number of Treaty Indian children attending such school.

If the per capita grant is limited to a certain number of Indians to each school - should not this Agency say which Indians children should be enrolled in such schools?

It would be a great convenience if the Department would furnish this office with a statement of amount of money granted each boarding school in this Agency and for what purpose such money is granted.

Your obedient servant

W. L. Donald

Ottawa, May 10, 1910.

Sir,

In reply to your letter of the 2nd ultimo I beg to enclose herewith, as requested, a list of the schools in that portion of Treaty 8 included in your Agency, which shows the number of pupils provided for at the boarding schools and the teachers' salaries at the two day schools.

The grants to the boarding schools are confined to the number of pupils mentioned in the list and to the children of Indians, no half-breeds being counted as grant earners. In the selection of pupils preference should be given to orphans and the children of parents in destitute circumstances. Pupils must be admitted in the regular way, i.e. applications are to be filled in by the parents or guardians on the proper forms, a supply of which will be sent you under separate cover and which you will be good enough to distribute to the principals as occasion may require. You should warn the Principals that no children showing signs of tuberculosis or scrofula are to be enrolled. As it would be a difficult matter to have the children examined by a medical man the Department will have to rely upon the Principals for this information.

Your obedient servant,

Secretary.

Extract- Original on file No- 272570

Indian Agent's Office

Leaser Slave Lake Agency.

4th May 1910.

Sir;-

x x x

I beg to refer to my letter of April 2nd,1910 enquiring whether the Department limits each Boarding School to a certain number of Indian pupils, or if a grant of $72.00 per capita is given for any number of Treaty Indian children attending such school.

Several of the children being maintained as destitute by the Department are of schhol age and should I think, be included in the number for which this school receive a per capita grant.

If more Indian children attend the school than the Department pays for should not the destitute children come within the grant and the more prosperous ones pay their own way ?

Your obedient servant

W.B.L. Donald,

Indian Agent

The Secretary,

Department of Indian Affairs,

Ottawa.

Ottawa, June 1, 1910.

Sir,

I have to acknowledge the receipt of your letter of the 4th ultimo, and in reply to that portion in reference to the pupils attending the Boarding Schools in your Agency I beg to say that under cover of official letter of the 10th ultimo a list was sent you showing the schools in Your Agency and the number of children paid for at each. The Department does not pay the grant for any in attendance over the number stated. Orphans and destitute Indians should have the preference as grant earners.

Your obedient servant,

[illegible]

Secretary.

W. B. L. Donald, Esq., M.D.,
Indian Agent,
Lesser Slave Lake, Alta.

272570

Ottawa, 2nd June, 1910.

Sir,

I am in receipt of your letter of the 4th instant, with which you forward accounts from St. Martin's Mission, Wabiscow, for the maintenance & treatment of Indian widows and children reported to be destitute; and in reply I beg to say that the amount of the accounts in question is greatly in excess of the amount heretofore paid by the Department for the maintenance of such persons at the Mission, nor do the estimates provide funds for the maintenance of such a large number of children. It would seem that the Department is only able to maintain at the Mission those children who have been brought there but for whom no per capita school grant cannot be interpolated to the fact that the school is already receiving a grant for the full number of pupils allowed under the grant system.

As pointed out to you in letter of the 10th May (File 1.2809/1) preference should be given to orphans and to children of parents in destitute circumstances, on pupils for the school who are to be rejected. This is the class of children which should compose the grant earners at the school. If the school authorities bring into the Institution children over and above the number provided for, as in these circumstances the earning of Indians in fairly prosperous circumstances may not be carried as dependent in any way upon the Department.

Before

W.B.L. Donald, Esqr., M.D.,
Indian Agent,

(RG 10, Volume 6355, File 756-1, part 1)

Before dealing with the question of the payment of the accounts received the Department requires further information from you on the points indicated. The Department will not consider payment of maintenance of children who are not destitute. So far as possible all destitute children should be enrolled as pupils, but the stipulated number of grant earners should not be exceeded. Payment will only be made for destitute children who can not be enrolled as pupils and grant earners.

The accounts should have reached the Department early in April to enable them to be paid from the appropriation for 1909-1910, during which year the expenditure was incurred. It will be part of your duty to see that all accounts are presented for payment at the proper time. You should collect the accounts at Treaty pay ent time, and forward them to the Department.

The Department expects you to provide for all necessary expenditure in connection with the maintenance of Indian children attending Industrial Schools.

Your obedient servant,

J. D. McLean
Secretary.

Re St Peter's Indian Boarding School, Lesser Slave Lake.

Dear Sir,

We now have eight treaty Indian children in residence in the above school. Three of them have recently been transferred from Christ-church school on the Peace River, which I regret to say, I have been obliged to close owing to financial stringency. I think it would be wise that these treaty children should be carrying the Government capitation, to this school the status of an Indian boarding school, and shall be glad if you will kindly permit this to be so. I am very anxious to maintain the Indian boarding school on the other schools, which have not that standing, but to which Indians and half-breeds are admitted, but the responsibility of the additional treaty pupils, that I am compelled to look carefully into the possibilities of receiving increased help.

I have written Mr Laird on the matter intimating that I hope for favourable consideration. Should you require any further information in the matter connected with me, or, and knowing that I can rely upon personal contact with Mr Laird and your department, the careful attention you are ever ready to bestow on the welfare of these poor Indian children I feel confident that you will give the most careful consideration to my application.

I believe me,
Yours very faithfully
Edwin J. McKenna

122,959-1.

Rev. Sir -

Pursuant to our conversation when Your Lordship was in Ottawa recently when you asked that the Church of England School at Lesser Slave Lake, which has for some years received a grant as a day school, should be again given the status of a boarding school.

I beg to say that I am pleased to conform with Your Lordship's request, and from the first of the current quarter, January 1st, 1915, payment will be made at the rate of $125.00 per capita upon receipt of the usual returns.

Yours very truly,

Deputy Superintendent General.

Right Rev. E. P. Robins, D.D.,
Bishop of Athabasca,
Athabasca Landing,
Alta.

122959/1

Ottawa, February 12, 1915.

MEMORANDUM.

Mr. Scott,-

When the Lesser Slave Lake Church of England School was discontinued as a boarding school they had accommodation for 34 pupils, but, as the Department now requires more air space for each pupil, I should think that 30 would be the limit they could accommodate.

The Lesser Slave Lake School was closed and the grant transferred to Whitefish Lake, as that was considered the most suitable place, but the returns show that the attendance at Whitefish Lake has fallen off very much and Mr. Inspector Conroy gives it as his opinion that Lesser Slave Lake is the proper place for the school.

If the Department recognizes the Lesser Slave Lake School the grant to Whitefish Lake should be discontinued and only a day school kept there.

122959/1

Ottawa, January 27, 1915.

MEMORANDUM.

Mr. Scott,-

Right Rev. E. F. Robins, Bishop of Athabasca, has applied for the re-establishing of the Church of England school at Lesser Slave Lake as a boarding school. This school is at present being conducted as a day school and receives a grant of $500.00 per year for the teacher's salary.

This school was up to the year 1908 conducted as a boarding school, towards which the Department paid a grant of $72.00 per capita for 25 children, but upon the opening by the church authorities of a school at Whitefish Lake the grant was transferred at the request ~~of the church authorities~~ to that school and the school at Lesser Slave Lake has been conducted as a day school since that time.

The Bishop states that they now have eight treaty Indian children in residence and asks that the Department allow the usual per capita grant for them and that the school be given the status of a boarding school. This school

www.collectionscanada.gc.ca

school is situated in what is known as the Northern Division and a grant of $125.00 per capita is allowed for schools in this division. One of the reasons why the church authorities asked that the grant formerly given this school be transferred to Whitefish Lake was the difficulty in securing pupils. There are no special funds provided for the paying of a per capita grant to this school.

I should like to be advised as to what reply should be made to Bishop Robins.

122959/1

Ottawa, March 4,,1915.

Sir,-

I beg to inform you that His Lordship the Bishop of Athabasca has applied for the re-establishment of the Church of England Boarding School at Lesser Slave Lake. The Department has decided to accede to this request and from the first of the current quarter, January 1st. 1915, payment of a per capita grant will be made at the rate of $125.00 upon receipt of the usual returns of attendance.

In the recruiting of pupils for this school preference should be given to orphans and the children of parents in destitute circumstances. You will be good enough to instruct the Principal to forward applications and certificates of health for the eight treaty Indian children whom the Bishop of Athabasca states are now in residence at the school.

The Department will continue to recognize the boarding school at Whitefish Lake, but the aggregate number of grant earners at both these schools for which the Department will pay a per capita grant is not to exceed twenty-five.

Your obedient servant,

Asst. Deputy and Secretary.

W. B. L. Donald, Esq., M.D.,
Indian Agent,
Grouard, Alta.

---

2. New school at Lesser Slave Lake to take the place of the one now there and those of White Fish Lake and Wabasca. The buildings which constitute these schools were built by the Church many years ago, and have long since become out of date. Without better buildings and much better equipment the Indian children in the areas served by these institutions, cannot be fitted to take their place as citizens of this country.

The rapidity with which that part of the country is being opened up to white settlement, makes it imperative that the best interests of the scattered Indian communities should now be safeguarded.

The cost of operating three small institutions so remotely situated is a heavy tax on the funds of the Society, and one which would be reduced, and better results obtained, if the three schools were amalgamated into one large fully modern institution with a capacity of 100 pupils. The establishment of such an institution at the earliest date possible, is a matter of great importance to the Society and it is hoped that action to this end may not be deferred beyond the ensuing ~~year~~ fiscal year.

The appropriation to provide such an institution should also include provision for the necessary associate buildings. The estimated cost is $100,000.00

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

With further reference to my letter of Dec. 21, and your reply to the same on Jan. 8, #160-1, relative to the number of Anglican Indians in northern Alberta, and the question of the provision of a new Indian residential School to amalgamate and supersede the existing Schools at Lesser Slave Lake, Fort Vermilion, and Dunvegan, I beg to state that these questions were very carefully considered by our Committee at a meeting held on the 22nd. inst. when our General Secretary was present, and I was instructed to inform you that it is the earnest desire of our Society that this new School should be provided during the current calendar year.

In the list of requirements reported to your Department at that return to our Society, and to be provided during the fiscal year 1919-20, priority of claim was given (see page 2) for a new School at or near Peace River in the northern part of British Columbia. Our Committee, however, after taking into consideration the desire of your Department not to establish any new institutions until those in existence could be more fully developed and placed on a satisfactory basis, agreed with the suggestion of your General Secretary, to give priority of claim to the new School in northern Alberta, to take the place of the three existing institutions already referred to. They further instructed me to inform you that, in their opinion, the best site for the proposed new School would be

on the ground now occupied by St. Peter's School at Lesser Slave Lake. They were also of the opinion that the School should have a new unit, of not less than [illegible] while, and that it should be built during the coming summer as the existing school buildings were no longer safe for habitation.

I am leaving the City tomorrow and will be absent for about two weeks on a visit to our Society's Schools in southern Alberta, and at other centres, but will be very glad to furnish any further information you may desire immediately after my return.

INDIAN AFFAIRS
AUG 8 1932
RECORDS

WINNIPEG, MAN. August 4th, 1932.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I have been instructed to inform you of the decision of our Society to close St. Peter's School, Lesser Slave Lake from the 30th of June last, and to request your Department to authorize an increase in the enrolment at St. Andrew's School at /hite Fish Lake and at St. John's School, /abasca, to at least 30 pupils each. /ithout entering fully into detail with regard to the circumstances which necessitated this action on the part of our Society, I may state that it was prompted chiefly by the difficulty in meeting the expenditure involved in the maintenance of three small schools, and especially so since a 10% reduction has been made.

You will recall that, for a number of years past, the question of the consolidation of the Lesser Slave Lake, the /hite Fish Lake, and the /abasca Schools, has been under consideration, but without any definite and decisive action being taken. It is still the hope and expectation of our Society that one or two new and fully modern residential school buildings may be provided by your Department to preserve and extend the work which has been carried on so long in the three buildings erected by our Church in that part of Alberta. Until funds are available for this, it is the purpose of our Society to maintain the work at the /hite Fish Lake and /abasca centres, and those responsible for the direction of the Society's affairs keenly desire to have your fullest possible cooperation in connection with the same.

As the sanctioned enrolment of 40 pupils between the Lesser Slave Lake and /hite Fish Lake Schools, and of 25 pupils at the /abasca School, or 65 pupils in all, will be reduced to 60 pupils by sanctioning an enrolment of 30 pupils at each o

www.collectionscanada.gc.ca

the White Fish Lake and Wabasca Schools, I can see no difficulty, apart from that of accommodation, why this arrangement should not be adopted, and I sincerely trust that it may be approved and sanctioned by your Department.

The difficulty of accommodation, so far as I am informed, applies only to the Wabasca School, and even there it does not appear to be insuperable. The Principal states that, if given material he can add a room to the main building by enclosing the space between the two projecting wings in front. I went carefully into this matter myself when I visited this School last January, and am able to endorse the Principal's opinion. If your Department will supply the material, the school management will be able to do the work. If the material is not provided, a grant of approximately $250.00 would be required to meet the cost of material and of freighting.

As it is proposed, as soon as the summer holidays are over to transfer to the White Fish Lake School, any pupils who would have been returning to St. Peter's School at Lesser Slave had this latter institution been kept open, I shall be obliged if you will give an authorization at the earliest date possible for the enrolment of 30 pupils at each of the White Fish Lake and Wabasca Schools, and notify me which of the alternative courses your Department decides to take in connection with the provision of the additional accommodation at the Wabasca School.

I may state further, that the beds and bedding, dishes, cutlery, etc., now at the Lesser Slave Lake School can be distributed between the White Fish Lake and Wabasca Schools for the use of the additional pupilage, and I trust that your Department may agree to this arrangement also, and undertake to meet the small cost of transportation involved in the same.

I have the honour to be, Sir,

Your obedient servant,

L.B. Kelgate

TSF/JF

Field Secretary, M.B.C.C.

131-2-1.

Ottawa, August 8, 1932.

Rev. Sir:

I have your letter of the 4th instant, informing the Department of the arrangements that have been made for the closing of the Lesser Slave Lake C. of E. Indian Residential School as from June 30th, last, and requesting that a pupilage of 30 be provided at each of the Wabasca and Whitefish Lake C. of E. Indian Residential Schools.

Regarding the request for the increased pupilage, I beg to confirm our night letterpram of today's date:

> "Reference your letter fourth instant in view of closing Lesser Slave Lake School Department will approve of per capita allowance for pupilage of thirty at both Wabasca and Whitefish Lake Schools."

Regarding the supplying of the lumber required to provide accommodation at the Wabasca C. E. Indian Residential School, I have to inform you that the local Indian Agent forwarded a requisition stating in detail the lumber, etc., required, and he has been authorized to arrange for the purchase and forwarding of same to the school, to an amount not exceeding $250, which is also to include the freighting.

It is noted that the bedding, dishes and other equipment now at the Lesser Slave Lake School will be distributed between the Whitefish Lake and Wabasca Schools for the use of the additional pupilage. This Department would pay the cost of the transportation charges involved in moving this equipment upon receipt of accounts, in triplicate, properly certified, with receipts attached for any transportation costs paid by your Society. If you prefer that the cost of transportation be paid direct to the parties who do the work, you should forward certified accounts in their favour, in triplicate, when a cheque would be sent direct.

The pupils now at the Lesser Slave Lake School can be distributed as considered advisable between the Wabasca and Whitefish Lake C. of E. Schools.

Your obedient servant,

A. F. MacKenzie,
Secretary.

DEPT. OF INDIAN AFFAIRS
NOV 25 1936
RECORDS

1261-D

Driftpile, Alberta,
November 19th,1936.

Sir,

With reference to the proposed construction of a school at Whitefish Lake to replace the present old residential schools at Whitefish Lake and Wabasca, local Indians anticipating that they would be given an opportunity to freight the material overland, inquire if this construction is to be proceeded with next summer.

In the event the various materials would be shipped this winter, they intend to shorten the distance between the rails and Whitefish Lake by clearing and old trail which would offer greater facilities for transport, easier grades and better bottom than the one presently in use from Enilda to Whitefish Lake via Grouard.

The arrangements have been made for the clearing and they are awaiting word from you as to your decision regarding the cosntruction.

Yours faithfully,

N. P. L'Heureux,
Indian Agent.

EX'D.

1261-D.

Ottawa, November 26, 1936.

Dear Sir:

I have your letter of the 19th instant, with reference to the proposed erection of a new residential school building at Whitefish Lake, to replace the present old C. E. School buildings at that point and Wabasca. The Department notes that it is desired to arrange for freighting the materials during this winter, if the conctruction is to be proceeded with next summer.

No provision was made in our Appropriation for the current fiscal year to erect a building at this point. Consequently, there will be no funds available to purchase materials for freighting this winter. At the present time, I am not in a position to state if funds to erect the building will be provided in the Appropriation for the fiscal year 1937-38.

Yours truly,

A. F. MacKenzie,
Secretary.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

131-2-1.

Ottawa, August 8, 1932.

Rev. Sir:

I have your letter of the 4th instant, informing the Department of the arrangements that have been made for the closing of the Lesser Slave Lake C. of E. Indian Residential School as from June 30th, last, and requesting that a pupilage of 30 be provided at each of the Wabasca and Whitefish Lake C. of E. Indian Residential Schools.

Regarding the request for the increased pupilage, I beg to confirm our night lettergram of today's date:

"Reference your letter fourth instant in view of closing Lesser Slave Lake School Department will approve of per capita allowance for pupilage of thirty at both Wabasca and Whitefish Lake Schools."

Regarding the supplying of the lumber required to provide accommodation at the Wabasca C. E. Indian Residential School, I have to inform you that the local Indian Agent forwarded a requisition stating in detail the lumber, etc., required, and he has been authorized to arrange for the purchase and forwarding of same to the school, to an amount not exceeding $250, which is also to include the freighting.

It is noted that the bedding, dishes and other equipment now at the Lesser Slave Lake School will be distributed between the Whitefish Lake and Wabasca Schools for the use of the additional pupilage. This Department would pay the cost of the transportation charges involved in moving this equipment upon receipt of accounts, in triplicate, properly certified, with receipts attached for any transportation costs paid by your Society. If you prefer that the cost of transportation be paid direct to the parties who do the work, you should forward certified accounts in their favour, in triplicate, when a cheque would be sent direct.

The pupils now at the Lesser Slave Lake School can be distributed as considered advisable between the Wabasca and Whitefish Lake C. of E. Schools.

Your obedient servant,

D. A. F. MacKenzie,
Secretary.

Rev. T. B. R. Westgate, D.D.,
Field Secretary, W.S.C.C.,

DEPT. OF INDIAN AFFAIRS
NOV 25 1936
RECEIVED

1261-D

Driftpile, Alberta,
November 19th,1936.

Sir,

With reference to the proposed construction of a school at Whitefish Lake to replace the present old residential schools at Whitefish Lake and Wabasca, local Indians anticipating that they would be given an opportunity to freight the material overland, inquire if this construction is to be proceeded with next summer.

In the event the various materials would be shipped this winter, they intend to shorten the distance between the rails and Whitefish Lake by clearing and old trail which would offer greater facilities for transport, easier grades and better bottom than the one presently in use from Enilda to Whitefish Lake via Grouard.

The arrangements have been made for the clearing and they are awaiting word from you as to your decision regarding the construction.

Yours faithfully,

H. P. L'Heureux

H. P. L'Heureux,
Indian Agent.

EX'D.

1261-D.

Ottawa, November 23, 1936.

Dear Sir:

I have your letter of the 19th instant, with refererse to the proposed erection of a new residential school building at Whitefish Lake, to replace the present old C. E. School buildings at that point and Wabasca. The Department notes that it is desired to arrange for freighting the materials during this winter, if the construction is to be proceeded with next summer.

No provision was made in our Appropriation for the current fiscal year to erect a building at this point. Consequently, there will be no funds available to purchase materials for freighting this winter. At the present time, I am not in a position to state if funds to erect the building will be provided in the Appropriation for the fiscal year 1937-38.

Yours truly,

A. F. MacKenzie,
Secretary.

N. P. L'Heureux, Esq.,

Ottawa, June 2nd, 1924.

The Public School Inspector, in a report on his recent inspection of the Lesser Slave Lake Indian Residential School, has requested that a few desks of a larger size than those at present in use be supplied. He states that the present desks are very unsatisfactory for the larger pupils. He also recommends that a teacher's desk and chair be supplied, and a quantity of blackboard material.

Regarding the blackboard material, I beg to inform you that an order has been placed with the Government Stationery Office to send to the Principal's address, Enilda Station, 1 piece green hyloplate blackboard, 9'x4', and 2 pieces, 8'x4', with the necessary chalk trough and moulding.

An order is today being placed with the Globe Furniture Co. Ltd., from whom the desks at present in use were obtained, to forward addressed to the Principal the following, viz: -

3 No. 2 Globe Steel Automatic Double Desks,
1 Teacher's Desk,
1 " Chair.

The price quoted for this equipment is $60.94 F.O.B. Enilda Station, Alta.

The above firm have been requested to forward their account, in duplicate, to you, and upon receipt of the desks, if in good condition, you will be good enough to certify the account and send it to the Department in order that payment can be made.

Please inform the Principal of the order for the blackboard and desks having been placed and that he is to arrange to accept delivery when the goods arrive at Enilda Station. It is hoped that when this equipment arrives it will prove satisfactory and meet the wishes of the Public School Inspector as regards the seating arrangements in the classroom.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

March 9, 1927.

Memorandum:

Dr. Scott.

You will note hereunder Dr. Westgate's telegram of the 3rd instant, urging that the materials for repairs to the Whitefish Lake and Lesser Slave Lake Indian Residential Schools be freighted before the trails break in the spring. I telegraphed Dr. Westgate that more information was needed before any authority was directed and suggested that Mr. Indian Agent Laird telegraph what materials were needed with an estimate of their cost.

Our representative has telegraphed that $1125 is required for the materials, freight and labour in the case of the Lesser Slave Lake institution. There is an item of $700 in the Main Estimates for the coming fiscal year and I wish to recommend that Mr. Laird purchase the shingles, lumber, brick, paint and nails, at an estimated cost of $560, and pay for the freight which will amount to approximately $150. The school authorities will have to be responsible for the labour, amounting to $415.

Russell Ferrier
Supt. of Indian Education.

INDIAN AFFAIRS MAR 31

ST. PETER'S INDIAN RESIDENTIAL SCHOOL (C. of E.) GROUARD.

I visited this school on February 16th, and found 6 boys and 5 girls present out of an enrolment of 14.

Three pupils did not return after the mid-summer holidays, namely John Belcour, age 13, admitted in 1922, Maggie Belcour, age 12, admitted in 1924, and Margaret Belcour, age 9, admitted in 1928. These children were taken into the St. Bruno's Roman Catholic School without the authority of the Department, and although the Principal has been notified by the Department to send the children back, he has not done so. The mother of these children was educated at St. Peter's School, and it is her desire that her children remain in that school. It is claimed that the children were baptised Roman Catholic. The Principal of St. Bruno's has, in my opinion, taken an unfair and arbitrary attitude in this matter, and in view of the circumstances, I feel that the Department would be well advised in insisting that their instructions are carried out.

Mr. W. F. Kent is in charge as Principal and acts as teacher, Miss Allan, matron, Miss Halcrow, cook, and Mr. Rawlings, outside man.

The original school building was built with logs about thirty-five years ago, and is now in very poor condition. The bottom logs have rotted causing the building

to settle

ST. PETER'S INDIAN RESIDENTIAL SCHOOL (C.of E.) Cont'd.

to settle and warp, with the result that the floors are very uneven and the windows and doors out of line. A frame addition was added twenty-five years ago; the ground floor of this addition provides a classroom 22' x 34' with a 12 ft. ceiling. The upstairs is used as a dormitory for the boys. The old part of the building provides a dining room, kitchen, girls' dormitory, storeroom, and three small staff rooms. The boys' dormitory is 20' x 20' with a ceiling from 5 to 7 ft. high. Three windows provide ventilation and light. There were five beds in use at the time of my visit. The girls' dormitory is 21' x 24', with a 9 ft. ceiling. There are three windows and six beds. Ventilation is obtained from the windows.

It was noted that each child has his own individual towel, as well as a tooth brush.

The building is heated with box stoves with drums in the dormitories. Coal oil lamps are used for lighting purposes.

Six Pyrene extinguishers are placed at convenient points in the building, and a 5 gal. extinguisher with hand pump is on hand. A ladder is placed under the end window at the outside of each dormitory to provide means of escape in the event of fire. The children are given regular fire drill.

The washing of clothes is done in the kitchen, and in the winter months the dining and other rooms are used as a place for drying the clothes. I found the school clean throughout, and can understand that, owing to the rough and uneven floors, it is not an easy task to keep this building in good order.

ST. PETER'S INDIAN RESIDENTIAL SCHOOL (C.ofE) Cont'd.

Two - 45 gal. barrels are used for water storage purposes. Their water supply is hauled in barrels from the lake.

There is no doubt but that these old buildings have served their purpose and will soon have to be replaced if the school is to be continued at this point.

Separate outside toilets are provided for the boys and for the girls. I found these toilets in a cleanly condition.

I saw the children at their mid-day meal, and noted that they are given plenty of wholesome food.

Seven milk cows are kept, which is plenty for their requirements. Their garden provides an ample supply of roots and vegetables, and there will be a surplus of potatoes for sale. I have never seen better potatoes than those on hand at this school.

The boys cut the wood and help in the care of the garden and stock. The girls assist in the house-work, and are given instruction in baking, sewing, and knitting. They are a bright lot of children, and have a healthy appearance. They are making good progress in acquiring a knowledge of the English language and in their school work.

C O P Y

Department of Public Works

OFFICE OF THE DEPUTY MINISTER
O T T A W A

March 19, 1949.

Dear Doctor Keenleyside,-

In accordance with a request of your Department, inspections have been made of the Anglican Mission Indian Schools at Wabasca and Whitefish, Alberta. The representative of the Department of Public Works, Chief Architect's Branch, who made the inspections was accompanied by Rev. Canon Cook of the Anglican Missions.

The Whitefish Indian School and the various buildings were inspected and valuations have been placed upon each, with the necessary depreciation being allowed for the years which they have been standing. The total valuation placed on the buildings at Whitefish is shown as $19,927.65. A copy of the valuation for each building is enclosed. I would particularly draw to your attention that there is no well at Whitefish, the water being taken from the river. No plumbing accommodation has been built into the buildings and no electrical services exist.

At Wabasca the valuations total $13,738.42. A copy of the detailed figures making up this valuation is enclosed.

In regard to the water supply, sewage disposal and electrical services, the same condition exists at Wabasca as at Whitefish.

It is my understanding that photographs were taken at both places of the various buildings by Canon Cook of

Purchase of Whitefish Residential School.

Dear Canon Dixon:

We have just received from the Department of Public Works the inspection and valuation reports made by one of their engineers on the above school.

His valuations can be summarized as follows:

1.	Shed	$ 720.00
2-3-4	Barns	3,582.00
5.	Stables	[illegible]
6.	Post Office	293.76
7.	School	1,600.00
8.	Staff and Quarters Residence ...	9,500.00
9.	Diesel Room. De Laval Plant	478.80
10.	Roots House and Work Shop	2,106.72
11.	Warehouse	350.00
12.	Watchman Residence	527.92
	Total	$22,087.20

As you are aware, there has been considerable correspondence concerning the future of this school and it has been suggested that it could be possibly replaced with a day school.

Under separate cover I am writing to you also concerning the Wabasca C.E. Residential School. I feel that we should consider at an early date the educational requirements of the Anglican children in this section of Northern Alberta and decide the future policy as to the operation of the Whitefish Residential School.

Therefore I would suggest that a meeting be held between officials of your Indian School Administration and those of our Education Division so that this whole matter can be thoroughly discussed.

Yours sincerely,

Director.

131/13-8-756

RIGHT REV. REGINALD J. PIERCE, B.A., D.D.

SYNOD OFFICE
PEACE RIVER, ALTA.
March 29, 1952.

Mr. Philip Phelan,
Superintendent of Education,
Indian Affairs Branch,
Department of Citizenship & Immigration,
OTTAWA, Ontario.

Dear Mr. Phelan:

The property at Whitefish Lake, Alberta, formerly owned by the Indian School Administration of the Church of England in Canada, where an Indian Residential School was formerly operated, has now been transferred to the Diocese of Athabasca. In one of the buildings is a large coal and wood stove which, I am informed, was purchased by the Indian Affairs Branch. At the present time the buildings are standing empty and ultimately I expect that the Residential School building will be torn down. Will you please let me know what you would like me to do about the stove?

Yours sincerely,

Reginald Athabasca

bishop of Athabasca.

Re: Former Whitefish Lake
Indian Residential School

Bishop Pierce has informed this office that in one of the buildings of the former residential school there is a large coal and wood stove which was purchased by the Indian Affairs Branch. Bishop Pierce has suggested that this stove could be put to good use by this Branch, and I shall appreciate your taking early steps to have it removed from the building. It is suggested that it might be very useful to some Indian family. I shall appreciate your informing me as to the action you take in this matter.

Territories. One of the Industrial Schools the Superintendent General is aware is to be erected at Long Lake. The other Institution, the undersigned understands, is to be erected near Qu'Appelle and to be for the education of Indian female children. No provision was made for the erection of a third Industrial School building.

4. With regard to the application that deeds and titles be granted for Mission property held by the Methodist Church at certain places described in the Memorial, the undersigned begs to state that in so far as Indian Reserves are concerned it is not customary to grant Letters Patent for lands held for Church purposes therein; but the Department never interferes with the occupan-

Reserve lands so long as Mission work is conducted by the Denomination holding them on the Reserve. It would be obviously a wrong principle to grant deeds in fee of such lands, as, should they change hands at any time, they might fall into the possession of very undesirable persons, which would be specially objectionable to the Indians and would cause great embarrassment to the Department.

As respects lands at any other points, the undersigned does not feel competent, nor does it fall within his sphere of duty, to express an opinion of the advisability or otherwise of giving Patents in fee of such lands to the Methodist Church

by the Methodist churches at the following places:— Black River Morley — Woodville — Battle River Victoria — White Fish Lake — Saddle La and the missions northof Winnip eg. Dauphin, Berens, and nelson R. also extend over many Hundr.

In regard to this first I would recommend that assistance be gra by the Government to the Institution at Morleyville on the same basis that given to the institutions at Stoney The School at Morley is doing go work among the Indians and it most pleasing to see the great ad vancement the children are mak under the able tuition they are re- ceiving. I think it would be well to grant them a title to property claimed for mission an school purposes.

In reference to the second requ I would strongly recommend the erection of an industrial school in the Peace Hills district; I think Battle River would be a suitable location. There are between 500 and 600 Indians in this district the greater portion of whom are

IN REPLY REFER TO DATE OF THIS LETTER, AND ADDRESS, THE GENERAL SECRETARY METHODIST MISSION ROOMS, TORONTO

The Methodist Church,

MISSIONARY DEPARTMENT,

Toronto Nov.r 23, 1886

I am instructed by the Missionary Committee of the Methodist Church to bring before you the Claims of the McDougall Orphanage & Training Schools, and to present their request for an increased grant for the coming year. By referring to the last quarterly Report sent to the Department you will observe that some 20 Children are now in the Institution, and many more are waiting for the first opportunity to secure admission. For the support of those already received the present annual grant of $700 is absurdly inadequate, and it makes no provision at all for buildings or equipment; thus putting us at great disadvantage

Compared

compared with other Institutions in the North West that are not merely aided but altogether supported by the Government.

I be request of the Committee is that the present grant of $700 per Annum be changed to a per capita grant of One hundred Dollars, ($100.00), based upon the numbers shown in the quarterly returns; and further that a grant of Five thousand Dollars ($5,000.) be made to aid in the erection of suitable buildings on the site recently granted by the Department of the Interior.

In presenting this request we are not asking any special privilege for the Methodist Church as such, but only for fair and reasonable recognition in the work we are doing for the Government and for the Country.

Leavitt, in which he recommends that instead of increasing the subsidy to the said Orphanages an Industrial School be Established at the Peace Hills, and that the management of the same be entrusted to the Methodist Church of Canada.

The undersigned begs to express his concurrence in this view. An Industrial School is certainly needed at that point, the only Industrial School in the Saskatchewan being at Battleford, where there are a great number of Indians living in the vicinity of Edmonton. Among them there are many children of School age and an Industrial School could be well supplied from that locality.

The undersigned begs also to express his concurrence in the view expressed by Mr Dewdney that the present Grant of $700.00 to the Shingwalk Institution is sufficiently liberal.

I have the honour

IN REPLY REFER TO DATE OF THIS LETTER AND ADDRESS, THE GENERAL SECRETARY METHODIST MISSION ROOMS, TORONTO

The Methodist Church.

MISSIONARY DEPARTMENT,

11027

Toronto Nov. 22, 1887.

Sir -

I am instructed by the Board of Missions of the Methodist Church to again lay before the Department the claims of the Mc-Dougall Orphanage and Training Schools. For several years this Institution has been doing work of the most valuable kind, which might have been greatly enlarged had the necessary funds been available. During two years a grant of $700. per annum has been received from the Department, a sum not only entirely inadequate for the maintenance of the pupils, apart from other expenses, but in very

The Right Honourable
The Supt. General
of Indian Affairs,
Ottawa.

suggestive

Indian Affairs (RG 10, Volume 3951, file 757-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

suggestive contrast with the amounts granted to other Institutions doing far less work, and with (in some cases) less than half the number of pupils. It is believed by the Missionary Board that all that is necessary is to call the attention of the Department to the matter, in order to have the grant to the Orphanage placed upon a more equitable basis.

The grant of a tract of Land by the Department of the Interior, although a step in the right direction, does not lessen, but, on the contrary, greatly increases, the expenditure of the Missionary Society. The cost of fencing alone has already aggregated some $2000, and to provide the necessary buildings on a very modest scale, will require from eight to ten thousand dollars more. It is the conviction of the Board

PUBLIC ARCHIVES
ARCHIVES PUBLIQUE
CANADA

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

of the Board that this expenditure should be provided for, as in other similar instances, by the Department, and they strongly urge that a sum sufficient for the purpose be included in the estimates for the current year, together with a per capita grant of $100 for each pupil now in the Orphanage.

The intention of the Government, as stated in your favor of April 25th, No. 30,698, to establish an Industrial Institution at the Peace Hills, though most important, does not meet the case in regard to the work of the McDougall Orphanage. The latter will still be needed, and I earnestly hope that the Department will see the justice of placing it in a position to do effective work. Although the Orphanage is open to children

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

www.collectionscanada.gc.ca

to children from any of the Tribes, the Mountain Stonys have thus far derived the chief benefit. These people were the staunch and loyal friends of the Government during the recent revolt, as yet very little has been done by the Department for their welfare. The present will be a good opportunity to show that the Government is not unmindful of those who stood firmly for law and order at a time when inducements to take a different course were very strong.

I have the honor to be

Address the Chief Superintendent

OFFICE OF THE

Indian Commissioner

NORTH-WEST TERRITORIES

Regina, 24th November, 1887

I have the honor to report that the Agent of the Sarcee Reserve, during a recent visit to the McDougall Orphanage, found a pupil in a state of health that necessitated immediate action; and that he called therefore into use, the services of Doctor Lindsay, of Calgary. It is further reported that several of the children at that Institution, are in a very bad state, never having recovered from the measles, and that the Doctor fears they are "past curing".

It has been understood that this Institution cared in every way for the welfare of its young inmates, and that

No. 1661

Office of the

Commissioner of Indian Affairs,

North-West Territories.

Regina, December 5th 1887

30695

Sir,

I have the honor to acknowledge the receipt of your letter of the 2nd instant, and to ask attention to the intention of the Government viz. "to grant assistance to the Methodist Orphanage at Morleyville on the same basis as that given to the Institution at St. Albert will be carried out in future, or whether a set grant of $700.00 per annum will be continued.

In the former case the returns will of course require careful checking in regard to the number of pupils, and the Agent of the various Missions will be asked to scrutinize them very carefully: in the latter it would be well at least to understand the minimum number for which the grant will be allowed before the Session.

I am

Sir

Your obedient Servant

[illegible]

Department of Indian Affairs

Ottawa, 23rd Dec. 1882

Memorandum:

With reference to the letter of the 22nd Ultimo from the Rev. Dr. Sutherland, General Secretary of the Missionary Department, Methodist Church of Canada, again bringing before the notice of the Department the claims of the McDougall Orphanage and Training Schools to an increased grant, the undersigned begs to report that, as stated by Dr. Sutherland, the McDougall Orphanage is at present in receipt of $700 per annum, which has been paid to it for

The Honorable
Thomas White
Asst. Gen. of Indian Affairs.

J. [illegible]

1.

www.collectionscanada.gc.ca

for the past two years.

Dr. Sutherland in a previous communication to the Department asking that the Grant be increased stated that an allowance of $100 per capita ought to be made for all the Indian children kept at the Institution.

The undersigned begs to state that in his opinion it would be well to place this Institution on the same footing as the Roman Catholic Orphanage and School at ~~Battle~~ Gilbert stands on with the Department. That Institution has been allowed annually similar to the rate of $30 per capita for the pupils not to exceed fifty in number. It will be remembered that provided the Institution has the maximum number, the Grant would in that case amount to $1500 per annum. Recently Lawrence, the Superintendent General agreed

Indian Affairs (RG 10, Volume 6055, File 787-1 pt. 1)

agreed to allow $60 per capita to the St. Elliot Institution, — the increased Grant to extend over the current year, and an amount necessary to cover the increased Grant for this year has been included in the Supplementary Estimates to be submitted for approbation to His Excellency in Council, as well as the necessary amount to increase the Grant from $30 to $60 per annum for the next fiscal year in the regular Estimates for that year.

The undersigned sees no objection to the McDougall Orphanage being placed on a similar footing, that is to say, that it be allowed annually $60 for each of the inmates of the Institution, not to exceed fifty in number, and he respectfully recommends that authority be given for the necessary amount to increase that

the Grant to the above
figure for the current year
being inserted in the
Supplementary Estimates, and
a similar amount for the
approaching fiscal year
in the Regular Estimates of
the Department for 1888-9.

As respects the
application for a Grant of
$1,000 towards the buildings
required for the Orphanage,
the undersigned begs to
state that no money has
been granted to the St. Albert
Institution for building
purposes, and, unless the
Superintendent General is
prepared to recommend a
similar Grant to this latter
Institution, the undersigned
is of opinion that it would
be injudicious to give a Grant
for building purposes to the
Roman Catholic Orphanage.
However both of these
Institutions are on a like
title to what has passed
from the Crown, and it is
questionable

December 21st 1887

Sir

I have the honor with further reference to your letter No 1373 of the 24th ult to Regarding the Sickness of Children in the McDougall Orphanage and Contents Noted.

The Principal of that Institution writes that the Sick boy Samson Cheecoo seems better at times but every fit of bleeding at the nose makes him very weak and he fears he may not recover, the others of the Orphanage Children are ill, One Wm Jacob has had sore eyes, but is better.

As to taking any of the Sick ones down to Calgary to be treated the Journey at this season would be too much for them at least, it might do in Summer when the weather is favourable

The Principal would also like to know if the Indian Department could let him have any appliances for a Blacksmiths Shop such as an Anvil, bellows &c: He is anxious to set up a Shop this winter and the pupils are getting out logs to put up the Shop walls, He further states that he could use a set of Natural History Tables to advantage if they could be supplied him.

The Indian Commissioner

this is a matter for the consideration of the Department. I may perhaps express my opinion to be, that to supply the articles referred to, would form a precedent which would not fail to be followed by further applications of a probably more extended character.

Should it be considered wise to give the Institution any further assistance than it already receives, it seems to me, that the course of increasing the grant, would be open to less serious objections.

I have the honor to be,
Sir,
Your obedient Servant,
E. Parker

Rev. A. Sutherland D.D.

Dear Bro.,

Yours of Jan 4th to hand. Contents of which I am surprised as well as glad to note. My surprise is in reference to the letter from Ottawa. The facts are these:- One of the boys in the orphanage has never recovered from the measles, and while all has been done for him that could be done under the circumstances he continued to fail, as the Principal, hearing that the Indian Department were bringing up a Doctor to visit some of the Indians who were very sick, made the request that this boy should be visited also, which was done about two months since. The Dr saw the boy, as said the best has been done, and told Mr. Youmans to continue as he has begun, but gave very little hope of the Lads recovery. The Dr was in the house five

Sir

I have the honor to report that when last at the Stony Reserve, in company with Inspector McGibbon, I saw a Indian boy at the Orphanage who appeared to be in a very critical condition being one of those who took the measles a year ago, and who has never been well since. The Principal Mr Glenmaur assured me that he had done all in his power to help the boy. But that his efforts proved to be of no avail and so I considered it best to call in the services of a Doctor and on my return to Calgary instructed Dr Lindsay accordingly;

I have seen Dr Lindsay since then, and he tells me that he thinks he can bring the boy round to his former health. But that some of the others known he saw, are in a very bad state. Never

it on the same footing as other
"Indian Institutes giving the management
"however to the Methodist Missionary
"Society"

I have promised to bring this proposition before the Department, but said that I could hold out little hope of its being favorably entertained.

The second matter is the necessity
"of an Institution somewhere near the
"lower end of Lake Winnipeg for the
"benefit of the Indians of Berens River
"Fisher River, Norway House, & other Bands
"to the West & North. Nearly all the Indians
"at the three places mentioned, and also
"at Oxford House, Cross Lake, and Nelson
"have been under our care for many
"years and in the present state of
"Indian affairs, in the North West
"an Institute has become an urgent
"necessity"

This last matter I have promised to recommend to the favorable consideration of the Department should the result of enquiries which I am instituting appear to justify me in doing so.

I have the honor to be
Sir
Your obedient servant
Hayter Reed
Commissioner

~~[illegible]~~

Indian Commissioner for Manitoba and N. W. T.
Regina, N. W. T.,

Nov. 20 1888.

H22

Sir,

I have the honor to acknowledge the receipt of your letter of the 1st Inst. submitting the request of the Rev. D. Sutherland, Gen. Secretary of the Methodist Church praying a grant of Land for Dept. purposes for the Methodist Mission at Crooked Lake; and in reply I am directed to inform you that the Superintendent General does not see his way to recommend that the Reserve called Okanase be placed at the disposal of the Methodist Church as the Roman Catholic Institution has been. It is now treated as liberally as the others at Round Lake and Qu'Appelle and this is as much as it is felt can be done for it. I am

Approved,
Deputy Minister.

Report of the Sub Committee of
The General Board of Missions
of The Methodist Church
adopted by the Board September 14th/88

"Indian Industrial and Educational Institutes.

"The benefits which have resulted from the operations of several such Institutes in the Province of Ontario have led the Government to adopt a similar policy in the North-West Territories. Within a few years four Institutes have been established, the management of which has been given to persons representing the Anglican, Roman Catholic and Presbyterian Churches In view of the large extent and successful results of our Mission work among the Indians, it has caused no small degree of surprise that the Methodist Church has been almost completely ignored.

ignored in Institute work in the Northwest. After long negociation a tract of land has been secured as a site for the McDougall orphanage and Training Schools, and a per capita grant at the rate of $60 per annum, is now made toward maintenance; but application for funds to erect buildings have been repeatedly refused, while the annual grant is out of all proportion to the needs of the Institution, and is in marked contrast with the amounts voted to other institutions.

"Recent correspondence shows that it is the intention of the Government to establish an Institute at Battle River or Peace Hills, the management of which will be given to the Methodist Church, and this will in part remove the inequality of which we have had just reason to complain; but there is urgent need that the number of

Institutes

Institutes be further increased, and it would be best just that in such increase, the work of the Methodist Church be fairly recognized.

"We therefore recommend that the Secretary be instructed to press upon the Superintendent General of Indian Affairs, in the name of this Board and of the Methodist Church, the following points:-

"1. The speedy completion of the proposed Institute Buildings at Battle River.

"2. A grant for the erection of suitable buildings for the McDougall Training Schools, and an annual grant similar to that given to other institutions.

"3. The establishment of an Industrial Institute in the eastern part of Manitoba, for the benefit of the Indians around Lake Winnipeg and in the region to the North, North East and North West thereof.

"All the Institutes to be under the management of persons appointed by this Society.

Respectfully

"Respecting Industrial Institutes in British Columbia, we find that it is the intention of the Government to establish four Institutes in that Province, and it is stated by Officials of the Indian Department that the policy of the Government is to make these Institutes non-denominational as to their management. If this policy were seriously intended it would not, in our judgment, be a wise one; but indications thus far, lead to the conclusion that there will be denominational control in fact, if not in name, and that here again the work of the Methodist Church is to be ignored. It is affirmed on what we regard as good authority, that two of the proposed Institutes are to be located at missions of the Church of England, and two at Roman Catholic Missions; and this in face of the fact that Indian adherents of the Methodist Church, especially on the North West coast, largely exceed those of the other communions mentioned. We deem it most important that an Institute

Should

should be established at Port Simpson for the benefit of the Naimpsheam and adjacent tribes instead of at Metlakhatla from which the Indians were nearly all removed. We also deem it most important for our work that an Institute under our control be located at Metlakhatch. We therefore Recommend

"That the Secretary urge upon the Government the claim of the Methodist Church to be recognized in the location and control of some of these Institutes."

IN REPLY REFER TO DATE OF THIS LETTER, AND ADDRESS, THE GENERAL SECRETARY METHODIST MISSION ROOMS, TORONTO.

The Methodist Church,

MISSIONARY DEPARTMENT,

53024

Toronto Nov 27 1888

RECEIVED DEC 6 1888 INDIAN BRANCH

1888 NOV 27

I have the honor to enclose herewith a copy of a Report of a Sub committee of the Board of Missions of the Methodist Church adopted by the Board at its recent session in the City of Winnipeg.

In regard to the Northwest I may say that during the past autumn I received a communication from the Indian Commissioner, intimating the intention of the Government to establish an Institute in the Battle River country and asking for suggestions in regard to the best location. A short time afterwards I visited that region and in company with Rev. John McDougall and others, examined a number of possible sites. We are unanimously of opinion that it is desirable the Institute should be located some distance from

Rev.

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

an Indian Reserve and we know of no better place than what is known as the Red Deer settlement, supplying, as it does, the important requisites of good soil good water and a fair supply of timber. Moreover this would place the Institute in the immediate neighborhood of a flourishing English settlement where the pupils would have before them good examples of farming industry, and would find a market for such manufactures as might be carried on in connection with the Institute. I have communicated these views to the Indian Commissioner who doubtless will keep you informed of all suggestions made in the matter. At present our chief anxiety is to have this Institute completed as soon as possible, and while we prefer the Red Deer region we would be prepared to cooperate with the Department on any site that may be selected.

I remain

With regard to the McDougall orphanage and schools, we would be quite willing that the land set apart for this purpose should be taken by the Government and the orphanage made a training Institute similar to others established in the North West. A valuable work is being done in the orphanage at the present time, as I know from personal inspection, and it is only the small amount received from the Department which prevents the extension of the institution both in regard to its buildings and its usefulness. I beg further to call the attention of the Superintendent General to the great need which exists for an Institute somewhere near the southern end of Lake Winnipeg, or in some part of Southern Manitoba, for the benefit of the Indians around Lake Winnipeg and to the North and

Department of Indian Affairs

Ottawa, 6th Dec. 1888.

Memorandum.

The undersigned begs to submit herewith a letter of the 27th ultimo from the Rev. Dr. Sutherland, General Secretary of the Missionary Department of the Methodist Church of Canada, also a copy of a Report of a Sub-Committee of the General Board of Missions of the Methodist Church adopted by the Board September 14th 1888 and enclosed in Dr. Sutherland's letter.

With

The Honorable
E. Dewdney
Supt. Gen. of Indian Affairs.

Indian Affairs (RG 10, Vol. 6000, file 727-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

With regard to the several matters referred to in the General Secretary's letter and in the Report of the Sub-Committee, the undersigned begs to state:-

1st That the question of a suitable site for the proposed Industrial school at the Peace Hills is in abeyance, pending the result of correspondence which the Indian Commissioner for the North West Territories in his letter of the 1st inst., which will be found on this file, states he is at present conducting in regard to the same.

2nd As respects the proposition that the McDougall Orphanage should be made a training school similar to others established in the North West, by which it is assumed it is meant that the Orphanage should be put on a similar footing with the Battleford & Qu'Appelle Industrial

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

www.collectionscanada.gc.ca

Industrial school, the undersigned begs to state that the question of the advisability of according to this proposition, inasmuch as the Orphanage at Morleyville is exclusively, so far as the undersigned has ever learned, for the children of the Stoney Indians, whose Reserve is situated at that point, and it is similar in organization to the Orphanage at Battleford although the latter institution does not restrict its functions to the education and support of any particular tribe or band of Indians. The McDougall Orphanage is also similar to the boarding schools established by the Presbyterian Body at Round Lake and near Qu'Appelle Agency; and to none of the three last named institutions does the Department contribute more than is given to the McDougall Orphanage, viz. $60 per capita annually. If the grant were increased in

of the children

Indian Affairs (RG 10, Volume 6358, file 787-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

in the one case, it would have to be increased in all the others.

With regard to the proposition that assistance should be given towards the enlargement and improvement of the building used for the Orphanage, the undersigned is of opinion that moderate assistance to this end would probably be advisable.

3rd As regards the proposal that an Industrial school shall be established at Lake Winnipeg or in some part of Southern Manitoba, the undersigned considers that the establishment of an institution at Berens River, or at some other convenient point, would be advantageous as there are several Bands of Indians on Lake Winnipeg among whom Methodist Missionaries have worked for a number of years, and day schools have been in operation among these Bands for many years

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

D. years-past. Consequently they ought to be able to supply a sufficient number of pupils to fill an Industrial Institution of a moderate size.

4th In regard to the proposations as regards British Columbia contained in the Report of the sub-Committee of the Board of Missions that (a) an Industrial school for the Indians of the North West Coast should be established at Port Simpson instead of at Metlakahtla, the undersigned begs to state that the buildings for the Industrial school have already been completed at the latter point and the institution will probably be under way in a few weeks, the Principal of the same having been appointed and having gone there to commence operations. It is, moreover, very questionable whether the site selected is not preferable to that recommended

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUE
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada gc.ca

recommended in the Report of the Sub-Committee, there appears to be a considerable opinion in British Columbia in favor of Metlakahtla as the best point at which to establish an Industrial School.

(b) That an Industrial institution under the control of the Methodists be established at Kitkatlah. This might be advisable, but the undersigned is not sufficiently conversant with the Mission work of the various religious denominations in that part of British Columbia to give a decided opinion without inquiry.

Respectfully submitted

A. Vankoughnet

McDougall Orphanage &
Training Institution
for Morley Mission
Jas. A. Rob[illegible]

67254

Millward P.O., March 22 18[illegible]

To

The Honorable E. Dewdney Esq.
Minister of the Interior,

Dear Sir,

You will remember no doubt my calling on you in your office at Ottawa about a year ago, re Building Funds for the McDougall Orphanage, and that you said that you could do nothing for us that year, but would the next that is this present year.

We have got along for nearly Seven years, as well as we could without any help for building from the Government, but our house is far too small and it is so made that it is fit only for a work-shop. It was only intended as a temporary arrangement when put up, and to be used for a shop or for a barn when we should get help to build a proper house.

If the Stoney nation is to be civilized during the present generation we should have house room to accommodate at least 50 children.

You have architects who can furnish estimates of the requirements of such a building & of its probable cost.

We think the gravel in the hills near here would make a good concrete and that it would be both cheap & durable. It has been used at Calgary with success.

The house should contain at least a kitchen, dining room, Laundry, Lavatories, Dormitories, Clothes closets, Boys Hall, Girls' Hall, Sewing room, 2 School rooms, Hospital, Library, Reception room, & perhaps some other apartments besides at least four rooms for the use of those in charge of the institution.

We surely expect the Government to do something nice

2

for us this Summer - a Store keeping us waiting nearly Seven years

The Inspectors, Indian Agents, other Government Officials, and visitors generally, all testify as to the thoroughness of our work, and as to the lack of room & accommodation

Would not this be a good place to introduce the Willow Basket Making Industry? By engaging some of the graduates of the Blind Institution at Brantford, Ont. a good start might be easily made, at no great cost to the Government, which might open up an industry for many a one blinded in this part of the world, and enable the Indians to gain a livelihood. Now that there are no buffalo the Indians in this vicinity have very little to occupy them at no manufacturing work.

I hope you can see that this is worth trying, & that some competent basket-maker of unquestionable moral character to give instruction in the art here.

Hoping that this reminder may not be unwelcome, but to you are already fulfilling your promise,

I remain
Yours Respectfully
Jas A Youmans

DEPARTMENT OF INDIAN AFFAIRS CANADA

Ottawa April 17th, 1890.

Dear Sir,

I am in receipt of your letter of the 29th ultimo, relative to the claims of the McDougall Orphanage for aid towards its building fund; and in answer I may inform you that the expenditure in connection with the education of our Indian children throughout Manitoba and the North West Territories has so increased in the last few years that the Government has been obliged to curtail in many directions, and therefore I regret very much to say that it was impossible to have an item passed in the Estimates to aid the Morley building the coming year. As you are aware, I had $2,100. voted for the current year for the maintenance of the Orph-

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Orphanage of 30 children at $60. each, but as the number of children was scarcely expected to reach 30, and as we were forced to economise, I placed the remainder for next year at 50, consequently $1,500. have been passed for maintenance for the fiscal year 1890-91.

In addition to the twelve Industrial Schools the Government has undertaken to erect an Industrial School at Red Deer, under the auspices of the Methodist Church, which will cost a large sum of money. We are now negotiating for sections of Methodist Church Authorities in regard to the land for the site. It also votes a sum for the current year to aid in the erection of a Methodist Industrial School in the Province of Manitoba. We have also increased the salaries of all the teachers of Methodist Schools in the North West from a $12. per quarter per capita salary to a guaranteed amount of $[illegible]. per annum. So that it will be observed that [illegible]

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

the other dominations are proportionately provided for the expenditure is run up to a great aggregate.

I expect, when the Red Deer School is well under way, and the [illegible] Institution is disposed of, I shall be in a better position to impress on my colleagues the advisability of [illegible] the Orphanage, which I know is doing splendid work, and one would wish to see a reduction in [illegible].

I shall be glad to receive [illegible] communication [illegible] subject, before the [illegible] for 1901-02, [illegible] and any [illegible] in the matter of [illegible] in the way of [illegible] which may present in the [illegible] forward [illegible].

In regard to [illegible]

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada gc.ca

I may say that at present we have no appropriation for the purpose, or any funds out of which we could pay the cost of the experiment, but it might be well for you to open up communication with the Blind Institute at Brantford, and ascertain what the cost would be to send a Graduate to Morley, and at the same time obtain as much information as possible on the subject, with full particulars. The scheme could then be discussed, and perhaps some conclusion arrived at.

You do not say whether suitable willow grows in sufficient quantity on the Reserve to warrant the establishment of the industry, nor do you give an idea of the extent of the market procurable in the district for the sale of baskets.

Wishing you every success in your work.

I am,

Yours sincerely,

(Sgd) E Dewdney

Office of the Indian Commissioner,
North West Territories,
Regina, June 6th. 1890.

Dear Mr. Dewdney,

With the view of carrying out your wishes, I made up my mind to visit Morley and see what had better be don e in connection with the expenditure of the $6000.00 but just prior to starting I learnt that the Rev. John MacDougall was attending the conference at Brandon, and as it was desirable to see him, along with another, in order to learn how the proposition would be received, I posted off there.

With my knowledge of the state of the buildings, I knew well what was required. That one occupied was only intended from the first as a temporary affair, to be replaced when funds would admit, by a better. Consequently in my opinion a good detached building is

required

L brary and Archives Canada / Bibliothèque et Arch ves Canada
www collectionscanada.gc.ca

required, the old one being kept as a school room, and therefore suggest one similar to the main building at Elkhorn, which would cost not more than ~~[illegible]~~ $5500

The plans and specifications are on file in the Department.

Mr. MacDougall called in the Rev. Mr. Woodworth, their Superintendent, and having submitted the proposition, the terms were agreed to and I was asked to draft an Agreement to be submitted to them. This was done and by them submitted to the conference and a Committee appointed to go into the matter. The Committee having reported favorably conference unanimously approved of it. As the matter stands the land is ~~[illegible]~~ vested (that is if the patent has been issued) in the Methodist Missionary Society, Head Quarters at Toronto. This fact appeared to offer the only obstacle to a satisfactory conclusion, for as I said, the Government should be the owners of the building, and to become such, a transfer of sufficient land should be made to them in order to retain a proper title in the building. On this score I was assured

no

no uneasiness need exist as the conference would write immediately to Toronto recommending a transfer of land. The Committee was perfectly satisfied to leave the plans and specifications to myself, feeling that our interests were iden tical.

As will be seen by the Agreement that all moneys can only be payable upon my approval and any balance upon completion of the buildings should be refunded, but I would suggest that any balance should be applied towards equipment.

My idea is to ourselves send a good man in charge of the work, who will carry out the ideas of the Department under the supervision and general direction of the Rev. gentlemen mentioned in the Bond. One the Rev. Mr. MacDougall as is known lives adjacent to the site of the proposed building.

The Agreement has not been signed but is submitted to the Department for approval. If approved it might be sent to Rev. Mr. Woodworth for signature, to be forwarded by him to the Rev. John MacDougall.

Hon. E. Dewdney. Yours faithfully.

The Methodist Church,

MISSIONARY DEPARTMENT.

C 4986

DEPARTMENT OF INDIAN AFFAIRS
JUN 16 1890

Toronto, 13th June, 1890.

Sir,—

I have the honor to acknowledge your favor of June 2nd. No. 30.698, requesting to an appropriation of $600 for the erection of an Indian Industrial school in Manitoba, and in response to said request to transfer the amount to aid in enlarging the buildings at Portage la Prairie Orphanage, on the ground that the site for the Manitoba Institute has not been selected, and that the erection of the necessary buildings before the 30th of June next is impossible.

I am, Sir,
Your obedient servant,
Superintendent of Indian Affairs,
Ottawa.

Ottawa 20 Jun 20 '90

www.collectionscanada.gc.ca

would be practicably impossible.

While we may much desire the erection of an Institute in Manitoba, and hope that the Department will make provision for this in next year's estimates, we will be quite willing to fall in with the suggestions made respecting increased building accommodation for the Orphanage, at Morley. I will communicate at once with the Rev. John McDougall, and request that plans and specifications be prepared as quickly as possible, and forwarded to the Department. I would suggest that in the meantime a part, at least, of the amount in question be placed at the disposal of the Indian Commissioner for the North-West,

for the purpose above referred to, and that he arrange with the Methodist Church to have all work done before the 30th of June as will meet the requirements of the Department.

Respecting the proportion of cost that would be provided by the Methodist Church toward the proposed enlargement, or the erection of new buildings, as the case may be, that will depend somewhat upon the relation of the property to the Methodist Church hereafter. If the site and buildings are to be the property of the Department, it is not likely that our Missionary Board would be willing to make a grant, but if the land is to be patented to the Methodist Church, then

3880

I presume a proposal to bear part of the cost would be favorably considered by us. In this connection, I may say that a portion of the property on which the Orphanage Building is situated was promised to the Missionary Society years ago. Since then special patents have been received from the Dept of the Interior, but I do not think this section is included among them. If there is mistaken in this, however, we will be prepared to re-convey the property to the Government in case it should be decided that the Orphanage shall become ... to Government Dept. in the same sense as the Industrial Schools in the North-West.

I have the honor to be,

Sir,

Your obedient servant.

Ottawa, May 5th, 1891.

Dear Vankoughnet,

The Rev. John McDougall, of Morley, waited upon me to-day and stated that he was anxious to have added to the Industrial School at Morleyville the trades of carpenters and bootmakers and thinks he is entitled to a larger per capita grant. McGirr will find out what we have allowed him this year and he might put a small amount in the Supplementary Estimates to cover the required sum, making the per capita grant $72 instead of $60. However, do not do anything until you see me about it.

Yours sincerely,

L. Vankoughnet, Esq.,
Deputy Supt.-General

Stoney Reserve

21st July 1894.

I have the Honour to report that yesterday during rationing all the pupils from the McDougall Orphanage came for rations telling me they had been sent home to their parents and had nothing to eat. After I got through I drove down to the Institution and found what they had said correct. The Principal, matron, and teacher had all gone to Banff for a holiday and before going had sent all the children home with the exception of two little ones whose father is away, and another little one who was dying and who died yesterday morning. This may be done with your consent but I cannot think so, as it is simply defeating its own ends.

With further reference to the calling of the register, re your letter of the 5th inst. wherein you state the Principal marks it twice daily. He may mark it but it is not called at any time in the day, so the employees inform me who have been there for over two years.

I have &c

SCHOOL BRANCH AUG 23 1894

Sir:

The Principal of the Orphanage has sent me yours of the 8th ultimo No 0112 referring to the Principal and matron and teacher going to Banff for a holiday. The facts in the case are; I made the proposition and the children were given the option of remaining in the institution or going home for a few days. All but four went to their Parents and Guardians. These were told of the arrangement and also that the children might come back before the Principal returned if they so wished: quite a number did this.

The Assistant matron was left in charge and she had the seamstress and farmer to aid her. One little girl who had been sick for a long time and was expected to die for weeks before she did, died the day after the

Principal left. Everything was attended to as should be in such a case.

My reasons for proposing the holiday were:

1st the Principal and Matron had worked faithfully for three years without any such interruption.

2nd the season was hot and in my judgement to relieve the children from the day school for a short time would be beneficial to them and the teacher. The latter had kept at his work steadily since the 1st of January up to July 1st in School No 1 and since that date in the Orphanage.

As to the Department's regulation covering day schools, I do not think this applies in this case as the Orphanage school is constant.

Yours very truly

Sir.

I have the honour to report that Whooping Cough has now broken out in the Orphanage.

The classes have all been stopped, and the s school room is turned into a sick room.

This and the chicken pox together, with a few exceptions, has prostrated all the pupils.

This is the little girl, pupil No 209 Nancy Small mentioned in Dept letter No 107049 re amputation of arm. Dept approved amputation of arm.

I have also to report, that the little girl, Nancy Soldier, who had her arm amputated some time ago, has now to have her foot amputated.

It is simply rotting off, and the doctor advises it be done at once.

It is terrible the condition some of these children are in with scrofula.

I had to call the doctor to make a special visit there this week.

I have, etc,

P.L.Grasse.

Farmer.

Report No 1. to the Missionary Executive of the Methodist Church covering the Condition and Expenditure of the Indian Boarding School at Morley, Alta. dated March 8th, 1905.

On our arrival at Morley we found a man repairing furnaces. An appropriation of $200 has been made by the Department for this purpose. We considered the time opportune to suggest some changes to provide more perfect heating and much needed ventilation. We asked for an estimate of cost of extras suggested. This will be furnished and if satisfactory - we have assumed the responsibility of authorizing the improvements. It is believed that the appropriation of $200 will cover the entire cost of repairs and changes ordered by us. The man in charge of this work gives it as his opinion that the furnaces will not last more than two years longer.

Water - There seems to be an ample supply and of good quality. The spring is situated about 2000feet from the School, piped down. There is a fall of 70feet. There is at present 2800 cubic feet of water in the reservoir at the spring which means an ample supply for both domestic purposes and fire protection. The work is satisfactory so far as the outside of the building is concerned. As yet the system is only partially installed. There are two taps, one in the kitchen and one in the laundry. The pipes in the building are not sufficiently guarded against frost. This winter considerable trouble has been experienced owing to this defect. More complete installation is necessary to provide for baths and closets.

Pupils - No. of pupils in attendance at present is 46. Limit 40.

Per Capita $72 - Average during part year 50.

Staff -	Principal	J. W. Kidd rie	Salary	$500
	Matron.	Miss Jull.	"	300
	Assistant Matron.	Miss Gibson.	"	180
	Cook.	Miss Rowles	"	240

Staff contd.

Sewing Teacher.	Mrs. Rolston.	Salary	$200
Teacher.	Miss Walsh.	"	300
Farmer.	Mr. Jolly (just left)		240

Duties - The duties of the Principal are so multifarious and varied as to be difficult of specification - General oversight- The purchase of supplies - General office work. He performs a great deal of manual labor which we think scarcely pertains to the duties of his office, i.e. the going to the bush and hauling wood from four to nine miles often two loads a day - 125 cords of wood burned last year - 3/4 of cord in load. This work is done mainly by the Principal and an Indian boy. The Assistant has to attend to stock and until recently haul water in. Both cannot be away from the Institute at the same time. - The Principal sleeps in the dormitory with the boys - nurses them in sickness and personally bathes them on Saturdays - Indeed he does what but few men could be hired to do. - He does it not for hire, but we believe through a sense of duty and love of the children. His Assistant should be a more efficient man than can possibly be procured for the Salary paid.

Matron - General Supervision.

Assistant Matron - Laundry work. - In summer dairy work. - Keeping Staff's rooms in order. - Oversight of girls while scrubbing floors etc. - Only four or five small girls to assist.

Cook - General Cooking including baking of bread. One girl assistant.

Seamstress - Marking and mending of clothing for both boys and girls.

Teacher - Long tried. Thoroughly effecient both as teacher and missionary.

The question has been raised: - Is not the staff abnormally large

Indian Affairs (RG 10, Volume 6355, file 757-1 pt.1)

www.collectionscanada.gc.ca

272605

for the care of less than 50 children? This question we have carefully considered and fail to see where a reduction can be made.

The Principal's duties are already too heavy. The money paid for a male Assistant or farmer has failed to procure an efficient man.

The Asst. Matron has her hands full. The laundry work of nearly 60 people (including staff) is in itself a heavy item, with so little assistance as can be rendered by four or five girls under fifteen years of age.

The cook has enough to do to cook for sixty people including the making of bread with only one child assistant.

The Seamstress makes and mends the clothes for both boys and girls. - None are bought ready made. In all these instances it must be borne in mind that help rendered by the children is small. - No boys or girls over fourteen years of age being available at present. - Very few indeed having reached fourteen. - These of course spend part of their time in School.

A general analysis of the accounts would indicate that so far as we can judge, there has been no extravagant expenditure in the following items. -

1 - House equipment $358.45, including among other items:-
New Sewing Machine $56. Mattress $8. Table $6.
2 robes $10. Stove for parlor. Brooms, brushes, lamps curtains, cutlery, crockery, granite-ware etc. etc.

2 - Ranch Expenses $377.33 - Oats, feed and seed $100.
This is very small. One good horse would eat 100 bushels in a year. The seed is necessary for oats seldom mature in this high altitude. Oats are sown to provide green feed or to cure for feed. New Mowing Machine $78. Bull $47. Wear and tear harness etc. etc.

PUBLIC ARCHIVES OF CANADA
ARCHIVES PUBLIQUES CANADA
Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

3 - Extra Labor Bank Exchange etc. $185.90 - Fourteen days labor painting at $2.00 per day - An extra man for two months during Mr. Riddries' Sickness(by Dr. Sutherland's authority) $60. - Freight $45. etc. etc.

4 - Blacksmithing, building and general repairs $203. - About $100 of this item was for flooring mangers - ceiling in stables The balance for blacksmithing and sundries.

5 - Fuel and lights $302.40 - Light $67. - Balance $235 for fuel. This is for cutting wood in bush and hauling to edge of wood or to the church, a distance of 5 miles from bush. As before stated, the Principal hauled it from church 4 miles or edge of woods 9 miles.

6 - Travelling expenses $120 - Miss Bheuler return expenses to Ontario after five year's service $50. Miss Hudson paid for her ticket when she came to Morley. Having remained two years she was entitled to refund $60. Balance of $10, balance of Miss Fairburn's expenses from Toronto, making a total of $120. We assume these items relate to the terms of agreement between the Mission Rooms and parties concerned. The General Superintendent will know whether these amounts should have been paid. It will be noted that the Principal has not charged any of his own expenses, though he made several trips to Calgary on the business of the Institute.

7 - Provisions and Clothing - $4840.76 We are not clear as to this item. We have not sufficient data to compare with other institutions. Conditions are very different with these which obtain, say at Brandon, where a productive farm yields so largely to the support of the Institute. With the exception of milk and butter in part and some meat in the winter, every-

www.collectionscanada.gc.ca

thing has to be purchased, and in most instances at high prices. Potatoes range from $1.00 to $1.50 per bushel. Last year $25. was paid for seed potatoes - Nothing realized. - The crop was an entire failure. The Principal suggests the following way of viewing the situation. - 50 children at $1.50 each for food and clothing -$75. per week. 7 Members of staff at 10¢ per meal - $14.70 per week - $89.70 per week. - 52 weeks - $4664.40.

Everything to buy except what may be realized from cattle. There were 46 head of cattle when Mr. Niddrie came. Near 50 $600 worth has been sold in the last five years.

The milk and butter are considerations. Then the material only of the clothing can be considered in the above calculations. The making otherwise provided for.

There may be a leakage through any one of all the following ways.

1 - Expensive purchases. - Some economy is possible in this line, though not sufficient to very materially affect results. Suggestions were made to the Principal on this line which may prove valuable in the future.

2 - Waste - The Principal was closely questioned on this point. He seems satisfied that rigid economy is practised. We are not in a position to form a judgment. Much depends upon the cook.

3 - The question as to whether hospitality extended to Indians from Reserve is not a larger drain on the supplies than members of the staff are conscious of.

An examination of the books revealed a lack of correspondence between statements of amounts received from Mission Rooms and amounts expended as shown by the cash a/c. Although some hours were spent in the effort to reach an understanding, such effort was fruitless.

The Principal stated that he had Miss Walsh to assist him in his book-keeping. The General Secretary will know that the Principal has suffered with severe head trouble in consequence of sore eyes caused by poisoning. Many times he felt the need of help in his accounts when thus suffering, hence he procured the assistance of Miss Walsh. He asked us to allow him time to procure further information which he would do on Miss Walsh's return from the East the latter end of March. We have asked that he prepare full statements which shall enable us to see exactly how things stand at the present time. His books are not all posted up to date. The Principal claims that the over-lapping of the various year's accounts will in part and perhaps wholly account for discrepancies. A fuller report may be expected later. All of which is respectfully submitted.

(Signed) James Woodsworth.

Dear Sir—

Some weeks ago I was on the point of writing to the Hon Mr. Sifton on sundry matters connected with Indian Schools, etc, but his resignation from the Ministry rendered any intention inoperative. As the office of Superintendent remains vacant, I take the liberty of addressing you directly, and trust you will kindly give any Representations such prompt consideration as in your judgment they may be entitled to receive.

Letters from the Department some months ago called attention to the fact there was difficulty in securing the Annual Report from the Principal of the Indian Boarding School at Morley. When a copy of the report was finally sent me by Mr Riddell, I found that the deficit on the year's operations was abnormally large, but I saw no reason to challenge any of the items unless it were the amount for provisions and clothing; but I thought it advisable that careful enquiry should be made. I accordingly instructed the Rev. James Woodsworth, D.D., who acts as Inspector of Indian Schools on behalf of the Missionary Society, to proceed to Morley and

enquire fully into the condition and expenditure of the School. With him was associated the Principal of the Brandon Indian Institute, whose business training and knowledge of affairs gave guarantee of thorough work. I endose a copy of their first report, which covers practically all the points except the expenditure on provisions and clothing, into which they desire to make further enquiry. You will note what they say respecting Mr Riddell's diligence, industry and faithfulness, and if there is any doubt it is in reference to his capability for the details of business which involve careful and accurate book-keeping. But if there is any defect here - which is not yet apparent - I am persuaded it arises from having too much to do in other departments.

When a further report comes to hand I will send you a copy. In the meantime you cannot fail to see how utterly impossible it is to carry on a Boarding School on the present financial basis, and how reasonable is our request that we should receive a substantial grant toward meeting the deficiency of last year, and that the per capita should be increased for the future to at least $100, on a basis of fifty pupils, instead of forty as at present.

Yours faithfully
A. Sutherland

Mr. J. N eddrie	Salary to June 30th.	261.10
Miss M.A. Walsh	" " " "	100.00
Miss E.B. Jull	" " " "	169.00
Miss A.G. Rowles	" " " "	98.00
Miss R. Gibson	" " " "	103.00
Miss E.J. Walston	" " " "	162.00
		$5790.11
Estimated cost of Provisions, clothing and other necessary expenses to June 30 th 19 5.		409.89
Total Am't required to close the year free of Debt.		$6200.00

In reference to the item $242.50 in favor of Mr. Neddrie it ought to be explained that this represents 2 Waggons and 2 sets of Harness purchased by him and used for the School- the Waggons have both been worn out - the Harness is still in use. While the general administration of the Principal cannot be approved of, in fairness to Mr. Neddrie it ought to be said. He has been overburdened with duties . He has given his time even to the cutting and drawing of wood, and his attention to numerous details th that do not, properly belong to the duties of a Principal. He has nursed t he boys in sickness , sleeps with them in the Dormitory and in many other ways devoted himself to their physical and spiritu ual wel fare in a way and to a degr ee seldom e qualled.

The Books show that during the past seven years a Total of $44556.70 has been pai d to the Institution. This with the $6200 required to meet present indebtedness makes a grant total of $50756.70

Showing an annual average cost for the seven years of $ 725.0. or an annual average cost per pupil of $ 181.

Assuming t hat the Church has drawn the full Gov't grant of $ 72. for each pupil and 40 pupils each year it will be seen that the Department has paid $2880 per year or a total of $20160. for the seven years. While the Church has paid $3485.2- per year or a total of $24396.70 for the seven years.

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUE
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

276960

It will be further seen that for the seven years one half the total cost including the deficit of $6200. is $25378. and the Department has paid $20160. leaving a difference of $5218. While the Church has paid $24396. leaving a difference of $ 982.

Considering all the existing circumstances it would appear that if the entire Cost of maintainance during the seven years be equally divided between the Department and the Church it would be but a fair solution of this costly anf unfortunate situation.

Therefore I would suggest that the present indebtedness of $6200. be divided as follows,-

The Department paying	$5218.00
The Church paying	$ 982.00

Making a total expenditure for each for the seven years of $25378.

All of which is respectfully submitted to the favorable consideration of the Department.

I have the honor
to be Sir
Your Obedient Servant,

J. Lemieux

Encl.

Department of Indian Affairs.

OTTAWA, 21st July, 1905

The Deputy Superintendent General:-

Rev. Mr Ferrier, who made an audit of the books of the McDougall Orphanage for the Executive of the Methodist Missionary Society, submits a statement of unpaid accounts amounting to $5,790.11. The estimated cost of conducting the school to the 30th June last, he places at $409.89 which added to the above amount makes a total deficit of $6200.00. He suggests that the Department assume $5218.00 of this liability and it is for it to decide whether it will do so.

The financial condition of this school comes as a surprise to the Department as at the date of the late Inspector McGibbon's last report, June 1903, the deficit was placed at only $150.00, which showed a reduction of $350.00 from the deficit of the previous year. If Mr McGibbon's financial statement was correct, it is hard to see how the deficit occurred.

EXTRACT.
ORIGINAL ON
168918-1

21941

Extract :-

The Methodist Church,
Missionary Department,

Toronto, August 8th, '05.

Dear Sir :-

In conversation with you a few weeks ago I promised to write you in regard to various points that came up in the conversation, especially with regard to the Indian Institute at Red Deer and the Boarding Schools at Morley and Norway House.

Accompanying this you will find a memo. of the income and expenditure of the three Institutes above named, covering a period of nine years at Red Deer, six years at McDougall Orphanage, and five years at Norway House. From these figures you will see at a glance that the Institutions referred to have been carried on for a number of years at a very heavy loss to the Missionary Society of the Methodist Church.

x x x x x

In regard to the McDougall Orphanage you will see that the shortage there, which we had to make good, aggregates for the six years nearly twenty thousand dollars, and the greater part of this deficit is owing to the simple impossibility of maintaining a school of the kind on the present per capita grant. You have, I think, in the Department a copy of the report prepared by the Rev. Dr. Woodsworth and the Rev. T. Ferrier, showing the amount of outstanding bills on the 30th of June last. You are also aware of the recommendation made by Mr. Ferrier that the Missionary Society pay the balance due to members of the staff on the date above mentioned, and that the Department make

make a grant to cover the other outstanding accounts. On this point permit me to say that the creditors are pressing very strongly for payment, and it is needful that a settlement be made without delay. I sincerely trust that the Department will accept Mr. Ferrier's recommendation, and even then you will see that our loss has been an enormous

x x x x x

To sum up the whole, you will see that the loss to the Society on the three Institutions covering the respective periods mentioned aggregates nearly forty-one thousand dollars. In the case of similar Institutions managed by other Societies, where serious deficits have occurred in the past, the usual practice of such Societies or Churches has been to appeal to the Department to recoup the entire amounts thus expended over and above the per capita grant, and in a good many cases (possibly all of them for aught I know), the demand has been met. I am not disposed to urge a claim of that kind, but I do think that the Department might very well bear one-half of the deficiencies that have been incurred. One thing is certain, we cannot proceed further on the present basis, and so far as I am concerned, I would rather abandon these schools altogether than have to provide a large annual deficiency out of money which our people have given for a different purpose.

Respeaking prompt and favorable consideration of these matters by the Department, I remain,

Yours faithfully,

A. Sutherland,

General Secretary.

116,963-

OTTAWA, October 18th---1905.

Department of Indian Affairs.

MEMORANDUM:

For the Deputy Sup't. General.

With reference to the deficit of the McDougall Orphanage referred to in communication from the Rev. Dr. Sutherland on the 8th. of August last, I beg to say that from a report made by the Rev. Mr. Ferrier who, in company with the Rev. Dr. Woodsworth, made an audit of the books of this institution for the executive of the Methodist Missionary Society and it was found that there were unpaid accounts existing in January last to the amount of $5,790.11. They placed the cost of conducting the school to the 30th. June last at $409.89 which,added to the above, would make a total deficit of $6,200. The Methodist Missionary Society wishes the Department to assume $5,218.oo of this liability for the reason that the Meth. Miss'y Society had, during the last seven years that this school has been in operation, been called upon to pay a total of $24,396.7o in excess of the Government grant which, during that period, amounted to $20,160. Adding the deficit to these two amounts the total cost of the school for that period would reach $50,756.7o: and the proposition of the Church is that the entire cost of management during the last seven years should be equally divided. To make this equal division it would require the payment of $5,218.oo from the Department which is the amount ~~for~~ they wish it to contribute. It appears that the creditors are pressing for payment of their outstanding claims, and Mr. Ferrier furnishes in his report (on this fyle) a statement of the unpaid accounts which amount to $5,790.11 as before stated.

The per capita cost of this school as shown by the audited amounted to $181.oo a year for each of the seven years covered by the auditor's report. This is an exceedingly high rate for a school of this class, and it would show a great lack of

(RG 10, Volume 6355, file 757-1 pt. 1) Indian Affairs

www.collectionscanada.gc.ca

economy in the management, if not worse. The late Principal has been removed as a consequence of his mismanagement, and the Methodist Church are anxious to have the financial matters of the school straightened out so that the new Principal may have a fair start. There would appear to be no doubt as to the insufficiency of the per capita grant of $72.00 to meet the running expenses of boarding schools in the Territories, and it is for the Department to decide what relief it will afford to the Church towards wiping out this existing deficit.

The Department has paid deficits for other Churches carrying on Indian schools, and the Methodist Missionary Society to as favorable consideration of their claims as any other of the religious bodies similarly situated; but, as in nearly every instance, such deficits have been occasioned by the extravagance and incompetency of the men placed in charge of the schools, I think that the Missionary Society should be called upon to make a better selection of principals and staff for the performance of the work: to do this it would most likely be necessary to hold out better inducements. It would, therefore, seem advisable for the Department to consider whether the present per capita grants are sufficient to counterbalance the increased cost of wages and living.

Ottawa, February 16, 1906.

Sir,-

I have to acknowledge the receipt of Mr. Agent Fleetham's report on the McDougall Orphanage for the month of January, last, in which he calls attention to the unpleasantness which has been going on for some time amongst the staff.

The Department has noted your remarks on this head, and would like to be informed as to the action taken by the Methodist Missionary Society to restore harmony.

Your obedient Servant,

J. D. McLEAN
Secretary.

SCHOOLS BRANCH
APR 10 1906

116963/7

Sir,-

Referring to your letter of the 16th ultimo, expressing the desire to be informed as to the action taken by the Methodist Missionary Society to restore harmony amongst the staff of the McDougall Orphanage, I beg to say that the Society sent Rev. Mr. Ferrier, Principal of the Brandon Industrial School, about the first of the present month to endeavor to restore harmony not only amongst the staff, but between the staff of the School and the workers of the Methodist Mission on the reserve outside of the School. He has sent me a copy of his report to Rev. Dr. Sutherland, which states that Miss Walsh, the former teacher of the school, had resigned, which resignation had been accepted, and the friction within the School itself had therefore mostly ceased. In sympathy with Miss Walsh, the Indians had held an indig-nation meeting or two, in which some of the Mission workers had taken part. Mr. Ferrier when there held a meeting with the Indians and the Mission workers and explained matters so that the unpleasantness will likely disappear.

The Indians, however, are not quite satisfied with the new school management -they were so fed and pampered when they visited the School while the late Principal was in charge that they do not relish the economical

www.collectionscanada.gc.ca

economical change. They had also been allowed by the former Principal to take many of their children home every Friday until Saturday evening, that they complained of the restriction which I insisted the new Principal should make not to permit general running home of the pupils. I have, however, on Mr. Ferrier's suggestion, sent a programme to the Principal that he may allow two or three pupils in turn to go home every Friday evening to be returned in time for Sunday's services. By this programme each pupil will be allowed to visit home about once in ten weeks.

If this does not satisfy the parents, Rev. Mr. Ferrier recommends compulsion to secure an attendance of children at the School. But I believe there is a better way, if clergymen would only have the patience to use it -namely, more kindly and faithful dealing with the parents in their homes.

Yours truly,

Indian Commissioner.

Industrial School,

Brandon, Man. Mar. 21st. 1906

Rev. Dr. Sutherland,

Secretary, General Board of Missions,

Toronto, Ont.

Dear Dr. Sutherland,

Transmitted herewith is a report of my recent visit to the Morley Mission and the McDougall Orphanage.

After receiving your instructions to go to Morley I called on the Hon. David Laird, Indian Commissioner, for the purpose of having him or his Assistant accompany me; but this was not possible at the time, he having just returned to his office after business in Ottawa and his Assistant being away. However Mr. Laird gave me all assistance possible by correspondence with the Government Agent at Morley.

I spent from Mar. 3rd, to Mar. 6th, at Morley and during that time I had a personal interview with Mr. Fleetham, Rev Mr. Ing and his wife, and with every member of the staff of the Orphanage, also with Miss Buehler who is doing missionary work for the W. M. S.

I preached to three different congregations on the Sabbath and on Monday held a public meeting with the Indians. Had a conference with all the Methodist workers present, and from all the information gathered it appears that trouble had been brewing for some time at the Orphanage. Miss Walsh, the teacher, having had her own way so long in this Institution, her conduct conveyed the idea of her superiority, and it implied that she should be consulted in many matters of the management of the Institution. She thus creat d an uncomfortable feeling in the general spirit of the Institute, and even went so far as to refuse to recognize

29719

Mrs. Oakley as the matron of the Institution, always sending some other member of the staff or even sending a pupil of the school when she required anything from the Matron. She positively objected to make any effort to remove the unpleasantness or misunderstanding. Mrs. Oakley very naturally resented this treatment, and a snubbing of one another began, one getting as good as she gave; a tit for tat sort of policy seems to have been established which reached a crisis that is well expressed in Miss Walsh's resignation of which the following is a literal copy:-

"Jan 8. 06

'Mr. C. B. Oakley,
Principal

Sir,

Please take notice that I now vacate the position of teacher on account of the unreasonable, unladylike and unChristian conduct of the matron toward me during the last month.

I shall pack my ~~trunk~~ belongings as quickly as my strength will permit and leave the premises.

Yours etc.

(Sgd) M.A.Walsh."

The acceptance of this resignation by the Principal would have remedied the difficulty had all other people strictly attended to their own business. But this was not the case. Sides were taken among the workers,a couple of indignation meetings were held by the Indians and thus the fire spread.

The acceptance of this resignation by the Principal was not the real cause of the outside interference. The former policy of pauperizing the Indians by feeding them in the Orphanage and giving them supplies to carry home has been changed, and the Red dog is growling for his bone; also, the

29:119

going to Calgary where more suitable prices can be obtained when purchasing goods for an institution of this kind than at the local stores and neighboring ranches, [illegible], at least, revealed the teeth of a White dog who might be growling over the lost bone of trade.

In accepting the resignation of the teacher I believe the Principal acted in the best interests of the Institution. It is for the Department and Church to say whether he has a correct policy in not feeding the parents and friends at the Institute also, when he goes to Calgary or wherever he can do the best for his supplies when handling trust funds.

The public meeting held on Monday was well attended by the Indians. Mr. Fleetham, Mr. Oakley and Mr. Ing were also present. I made a plain frank statement of the whole situation, pointing out what the government and church were doing for the people and what we expected of them in return. Mr. Fleetham spoke to them of many matters on the reserve. A somewhat lenghty conference followed in which Miss Walsh's name was never mentioned by the Indians. If they are let alone there will never be anything more from them re the going of the teacher.

At a meeting of the members of the staff, Mr. & Mrs. Ing and Miss Buehler, the whole situation and a few general principles that should govern the conduct of individual members of the staff were thoroughly discussed. A very fine and friendly spirit was manifested and, I believe, any lack of harmony was due to misunderstandings rather than any ill-feeling toward each other. Now that these misunderstandings are removed, there will be no further difficulty with the members of the staff and the missionaries.

The task of securing pupils for the school is a difficult one. The Indians are attempting to hold up the school until the management come to their terms. Two or three boys are continually running away from the school. How to deal with them is a serious question

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

29-119

for it may be, that in some cases the parents may be more to blame than the pupils.

The only objection they would offer as to why they were not sending their children to school was, that they could not get them home on a visit. A programme will be proposed for a limited visitation on Friday, returning on Saturday in time for preparation for the Sabbath, this to be given to those of good behavior and whose parents will see to their prompt return. If this fails in its desired effect, viz., to remove their objection and to fill the school with pupils, some more stringent method must be adopted. This is certainly a case where compulsory attendance ought to be enforced, for it is an outrage to allow those people in their ignorance to hold up a well-equipped institution when it exists for the express purpose to educate and elevate them.

The agent, Mr. Fleetham, is in full sympathy with the Principal, and is doing what he can to assist him in his work. Mr. Fleetham is placing before the people opportunities of work. To assist him in this the Department have provided about 100 (One Hundred) head of cattle during the past year. They have also set aside 12 (Twelve) sections of timber land from which the Indians can get good wages for hauling logs for lumber to the saw-mill and cord-wood to the track at $32 a car load. The great bulk of the ration beef is purchased from them at 7¢ per lb. From these sources of industry the Band has earned about $18,000 during the past year, all of which is certainly in the right direction since it tends toward making the people independent.

The financial management of the orphanage is much improved. The total expenditure with all accounts paid up to March 1st, and salary to March 31st, is $4750. Of this amount

$478	has	been	spent	for cattle
247	"	"	"	" horses.
53	"	"	"	" harness
145	"	"	"	" wagons.
180	"	"	"	" an ice house.

This $1100 being spent in the way of assets, the outlook is

PUBLIC ARCHIVES CANADA
ARCHIVES PUBLIQUES CANADA
Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

29119

that about $5300 will meet the ordinary expenses for the year ending June 30th, 1906.

There have been some improvements made to the Orphanage The basement floor has been cemented and a good job made with one exception, viz. the cement is not under the wash basins nor bath tubs. This portion of the floor is of common board flooring and is liable to become more or less saturated and unsanitary. Considerable plumbing has been done and the material and workmanship are good. A system of flush closets and three bath-rooms have been fitted out, also one set of wash basins for the boys and another for the girls. A system of hose sufficient to reach any part of each flat with a strong pressure and a good supply of water gives not an excellent fire protection. An ice house has been built and preparation made for the keeping of a moderate supply of fresh meat during the summer months.

A number of cattle have been purchased and the herd numbers about 70, quite sufficient for a start on a range that will not maintain more than 100 head. The habit of allowing other cattle to run on the range has been discontinued. A good bank barn of moderate size would be of great benefit to the ranch and farm, and it is hoped that this will be built by the Department in the near future.

I understand the exchange of land has been made between the Department and the Methodist Church in the interest of the Reserve and Mission property. The portion received by the Mission ought to be fenced as soon as possible, for without a fence it is of little use to the missionary.

A home for the Principal ought to receive immediate attention The bulk of his personal effects are not yet unpacked and will not be until some suitable place is found for their storing.

On general principles one of a family is sufficient on the staff of an institution of this kind.

If the Principal has no family, and his wife has to live

in the main building, she should have some position, and the only suitable position for her is the Matronship. Then, if she is the Matron, she is first the Principal's wife and second the Matron and such a dual position will lead to partiality and it will only be a question of time till it ends in trouble..

I would strongly recommend the building of a home for the Principal and thus have the way open for some other person than his wife to be Matron.

I have the honor to be,

Sir,

Your obedient servant,

(Signed) T. Ferrier.

MISSIONARY DEPARTMENT.

REPLY NOTICE TO BE ADDRESSED TO THE GENERAL SECRETARY

TO

29119

DICTATED - Dr. S. Toronto, August 14th, 190[illegible].

Sir,-

During the past winter the Rev. T. Ferrier of Brandon was requested to visit the Industrial School at Morley, and to report to the Missionary Committee concerning present conditions, and the needs of the school. The Report having come before our Executive Committee, I am instructed to send you a copy for the information of the Department.

I would call attention to the statement on page 4, of the amounts which have been paid by the Principal for cattle, horses, harness, wagons, and the building of an ice house, amounting in all to $1100 (Eleven Hundred Dollars). All these expenditures were essential to the carrying on of the work and notone of them is of such a nature that it should be made a charge upon the funds of the Society. The ordinary running expenses exceed, by quite a sum, the amount granted by the Department, and this makes it all the more necessary that these extraordinary equipment should be met by parliamentary grant. I would respectfully request, therefore, that the necessary sum be put in the estimates for next year.

I would also call attention to Mr. Ferrier's recommendation concerning the building of a good bank barn and the erection of a home for the Principal.

I have the honor, Sir, to be

Your obedient servant,

A. Sutherland

General Secretary.

Ottawa, November 20, 1906.

Rev. Sir,-

In a report received on the McDougall Orphanage, Morley, it is stated that six pupils were absent in open defiance of the regulations and that the Principal has been unable to get these pupils back owing to the lack of harmony between the officers of your Church who come in contact with the Indians on the Stony reserve.

It is thought that if some of these officers would use their influence to have these children returned, it could be accomplished without having to call in the services of a constable to bring them back under a warrant.

The Department is of opinion that it would be well for you to request the officers of your Church in this neighborhood to assist the Principal in carrying on the work of the school instead of throwing obstacles in the way of its progress.

It is at the suggestion of the Indian Commissioner that this communication is addressed to you, as he considers it a delicate matter for him to interfere in a case of lack of co-operation between persons acting under the authority of your Church.

Your obedient Servant,

J.D. McL[illegible]

HXQ.

Ottawa, July 15, 1907.

Rev. Sir,-

From a report of an officer of this Department who visited the McDougall Orphanage in the latter part of March, it would appear that Mr. Ings, the resident missionary, seems to believe that criticism of school methods and those of the Agent of the Department form a part of his duties and his action has greatly hindered the successful recruiting of pupils.

It is evident that neither the educational nor moral welfare of the Indians can advance, if the Missionary is not in close sympathy with the school management. The Department considers that the above remarks call for an investigation by your Society.

Dictated - Dr. S.

Re Morley Boarding-school.

Dear Sir:-

I have the honor to state that a visit was recently paid to the Morley Indian Boarding-school by the Rev. T. Ferrier, who spent some five days in carefully inspecting the whole Institution, examining the accounts, etc., etc. I have just received his report, a copy of which he informs me has been sent to the Department at Ottawa, and another to the Indian Commissioner at Winnipeg. You will infer from that report that Mr. Ferrier has serious doubts as to the suitability of the present Principal. Mr. Oakley is earnest, conscientious, and anxious to succeed, but does not seem to have commanded the confidence and good-will of the Indians. This may in part be due to the fact that under his predecessor the Indians were lavishly entertained at the Boarding-school, and were also paid in money or goods for bringing their children to the school, and for returning them to the same after the holidays. Mr. Oakley has refused to continue either of these practices, and this may have something to do with his unpopularity among the Indians. Nevertheless the success of the school is a primary consideration, and as soon as Mr. Ferrier returns from the Pacific Coast I will consult him in regard to the nomination and appointment of a new Principal.

Regretting that such a course seems to be necessary, I am,

Your obedient servant,

A. Sutherland

Dear Dr:-

In response to your request contained in a letter sent to me on July 17th, I went to Morley. Bro. T. C. Buchanan went with me. There I met Rev. T. Ferrier and Rev. A. Barner. We reached Morley on the morning of Aug. 7th, and spent the day there looking into the matters of which you wrote. Bros. Ferrier, Barner, Buchanan and I had a conference with Bro. Ing in his own home and subjected him to a very close examination as to his attitude to the Orphanage and to the Indian Agent. We questioned him very closely as to his statements to the Indians respecting the Orphanage and its management. We went even beyond this, and asked him about his attitude when statements were not made. After a searching enquiry all went to the Orphanage and there held another enquiry in the presence of Mr. C. B. Oakley, the Principal of the Orphanage. We all think that the following facts were brought out by the enquiry:-

1. That Bro. Ing has held very firmly to the idea that schools on the reserve would be a better way of educating the children than the method now adopted. But since Bro. Ferrier sometime ago told the Indians distinctly that such could not be, Bro. Ing asserts positively that he has never said a word to the Indians about a school on the reserve. But he has discussed the matter with the white people around the Mission, and this has given ground to the suspicion that he was not loyal to the school (the Orphanage).

2. Bro. Ing has been persuaded that the conditions necessary to the conservation of good health did not obtain in the Orphanage and has expressed his convictions freely to some of his neighbors, and even to the Principal, but never

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

to the Indians except on one occasion when he indirectly gave evidence of his conviction by advising one Indian to send his boy to a white man's home. Still it is evident that this conviction has made him, to say the least, apathetic so far as getting children to go to the Orphanage was concerned.

3. We find further that he says that the dislike of the Indians for the Principal was so intense that he felt that there was little use in urging the Indians to send their children to an environment which they so thoroughly disliked. Whether this dislike was due to a more strict regime or to improper management of the school we make no declaration. Mr. Ing thinks it was due to both causes.

4. We find that Mr. Ing's actions and attitude at a meeting called to request Mr. Oakley to reinstate Miss Walsh gave the Indians the impression that he was opposed to the management of the school. We find further that Mr. Ing did not call the meeting and did not lend his influence to the calling of the meeting. Still we consider that he made a mistake in having anything to do with the meeting.

5. We find further that Mr. Ing and Mr. Oakley have never gone out together to get children. The reason for this lies largely at the door of Mr. Ing.

6. We find that Mr. Ing did on one occasion go to get a boy, but he so emphasized the regulations of the school and government that he frightened the Indian and his boy.

We find, then, that Mr. Ing by his attitude, rather than by an outspoken criticism of the school or its methods, has to some extent hindered the school from securing children. We have pointed out to him clearly his error on this point, and have insisted that he must be loyal not only in word but also in act and attitude to the order of things established by the Church and the Government. We find that Mr. Ing has nothing to say against the Indian Agent, but speaks of

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)
PUBLIC ARCHIVES OF CANADA
ARCHIVES PUBLIQUES CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

him in the highest terms. But Mr. Ing's extreme sympathy for the Indian has made him take some positions which would by the Indian be interpreted as indicating opposition to the "powers that be." I have pointed out to Mr. Ing the seriousness of the situation and have told him that unless harmony and hearty co-operation prevailed we would have to move him to another field. He has promised to co-operate with Mr. Oakley and to go out with him on the reserve to get children.

Yours sincerely,

(Sgd.) J. H. MIDDKLL.

P. S. I can give you a more detailed account of the enquiry if you wish it.

TORONTO

DEPT OF INDIAN AFF. 13 AUG 07 OTTAWA

Toronto, Aug. 19th, 1907.

Dictated - Dr. S.

313106

Dear Sir:-

Referring to a letter from the Department No. 116963/1 dated July 15th, in which complaint was made of the course said to have been pursued by the Rev. Mr. Ing, the resident Missionary at Morley, Alberta, in regard to the Boarding-school and the Indian Agent, I beg to say that I communicated at once with the Rev. Dr. Riddell, President of the Alberta Conference, asking him to visit Morley at his earliest convenience and make full inquiry respecting the alleged complaint. Dr. Riddell complied, and I have just received his report, a copy of which I enclose for your information, from which it will be seen that after an exhaustive enquiry Mr. Ing was required to pursue a different course respecting the Boarding-school, and that failing to do so he would be moved to another field. It appears, however, that Mr. Ing has not intentionally or knowingly antagonized the Agent, but on the contrary seems to hold him in high esteem.

Trusting that the action taken will be regarded as satisfactory, so far as Mr. Ing is concerned, I am,

Your obedient servant,

A. Sutherland

General Secretary.

Indian Agent's Office,
Morley, Alta.
12th August, 1907.

Sir:-

I have the honour to report that on the 5th. of July the Indians called their usual annual meeting, to lay their grievances before the Rev. McDougall. I attended the meeting.

x x x x

The next question was Day Schools. Again he was in sympathy with them, and promised he would do all in his power to have the two day schools re-opened.

This as you are aware is against our own views. He did say there were plenty of children for both the Orphanage and Day Schools, but did not even advise them to fill the Orphanage to its fullest capacity, and wait developments as to the future requirements, but expressed to them plainly that the Day Schools should be opened at once.

x x x x

The sympathy shown so openly by the Rev. gentleman and the Missionary, Mr. Ings, with the Indians ~~sympathy~~ simply means what it has always been, 'discontent', and thus it will remain until something definite can be told the Indians plainly, and prevent this continual misunderstanding.

x x x x

I am, Sir,

Your obedient servant,

Sgd. T.J.Plootham,

Indian Agent.

The Indian Commissioner,

Winnipeg.

OFFICE OF INDIAN COMMISSIONER

Winnipeg, 22nd August, 1907.

Schools

Sir:-

I enclose you copy of report referred to in Mr. Agent Fleetham's monthly report for July. I am exceedingly sorry that Rev. Dr. John McDougall, who [redacted] occasionally does work for the Department in the matter of surrenders, should give advice to the Stony Indians at Morley, apparently at variance with the policy of the Department.

In regard to re-opening Day Schools on the reserve, a few years ago I had the day school near the Agency re-opened, and the Methodist Authorities objected to it, as it injured the attendance at the McDougall Orphanage. The same cause exists still, as the Orphanage is far from full. The Agent, I know, has done what he could to induce the parents to send their children to the Orphanage, but with indifferent success. If Rev. Mr. Ings, the Methodist Missionary on the reserve, and others of influence, would only help to fill the Orphanage, then when it would not hold all those seeking to attend it, a day school or two might be opened.

x x x x

Yours truly,

Sgd. D. Laird,

Indian Commissioner.

The Secretary,

Department of Indian Affairs,

Ottawa.

Ottawa, August 29, 1907.

The Deputy Superintendent General,-

The Indian Commissioner, in forwarding Mr. Agent Fleetham's report for July, statesthat he is exceedingly sorry to see that the Rev. John McDougall, who occasionally does work for the Department in the matter of surrenders, should give advice to the Stony Indians at Morley, apparently at variance with the policy of the Department.

The Rev. Mr. Ing, the resident Missionary, was reported to be acting in a similar manner and he was disciplined by the Alberta Conference and we have the assurance of Dr. Sutherland that he will change his

I do not know whether the Methodist Missionary Society has any control over Rev. Mr. McDougall at present, but the Department should, I think, request him, to assist the Agent and the Principal of the Morley Boarding School in recruiting and not to antagonize the Indians against it, as he is apparently doing.

I think it might be well asked if he has any objection to Mr. McDougall's assisting in securing pupils for the Morley Schools

Ottawa, September 4, 1907.

Rev. Sir,-

I have to request that you will be good enough to inform the Department whether you have given any advice to the Indians on the Morley reserve as to the opening of the day schools there.

These Indians are apparently opposed to sending their children to the boarding school, and the Department is anxious that it should be filled up before dealing with the question of reopening the day schools, and for this reason it would prefer that the day schools should not be reopened at present.

Your obedient Servant,

(J. D. McLean)

Secretary Dept. of Indian Affairs
Ottawa

Dear Sir,

In reply to yours of Sept 7th
I notice I had advised the Indians
on the Morley Reserve as to the
Opening of Day Schools there - I will
say that I was present - at - the request
of these Indians when they were
gathered and discussing the Boarding
School and the Day School and I
did at - that time say in english
and in the presence of the Agent -
and the Principal of the School.
that "I sympathized with the Indian
in their desire for the reopening of the
Day schools on the Reserve - that the
conditions were now much changed
from the time when these Schools were
closed -" If the above is termed advising
the Indians in the matter then I did
do so - At - any rate the Children
are not - attending any School and
I am afraid that so long as the present
Principal is in charge of the Boarding
School - the Indians will be reluctant
to send their children to it -
Even if this was not there would
still be some 50 children unprovided
for

Yours truly
John McDougall

Hon.David Laird,

Indian Commissioner,

Winnipeg.

Honorable Sir,

I have been informed that this institution is to be closed. Because of this information my present staff is leaving. There seems to be some doubt as to when the closing will come into effect and I am ordering the children back after three weeks holiday . Am I warranted in securing another staff for at least the next three, six or nine months ? If you are not in position to answer this question will you be good enough to enquire of the Department and give me the information at your earliest convenience.

I am, Your obedient servant,

Ottawa, October 14, 1908.

The Deputy Superintendent General,-

Mr. Agent Fleetham in his report on the McDougall Orphanage for the month of September, last, says that on his visit he found only four children and now that the treaty payments are over and the Indians go away there will be none left, unless the Church takes prompt action with the Missionary and probes the matter down to the ground.

This evidently refers to the antagonism of the Missionary to the school. The course pursued by the Rev. Mr. Ing, the resident missionary, in regard to this school has already been the subject of correspondence with the Rev. Dr. Sutherland, who hoped that the differences would cease, but apparently they have not.

Whatever the trouble, the school is run down to such an extent that it is useless continuing it, and it would be better to close it now than later on in the season, as it would be the means of saving considerable outlay. This school will never be a success and will die of inanition in any event. The Methodists have the Red Deer school to fall back on, and there is no reason why a day school could not be established on the reserve, if the Indians reside there permanently.

DEPARTMENT OF INDIAN AFFAIRS CANADA

DEPARTMENT OF ... JAN 9 1912 ...

Ottawa January 5, 1912.

40215

Memorandum

Mr Pedley,

In the year 1886 the Methodist Conference petitioned the Department to subsidize the MacDougall Orphanage at Morley and grant the institution the title to the lands it occupied.

This was agreed to and the school was allowed a per capita grant of $60.00 for 50 pupils and a free patent was issued to the Methodist Missionary Society for 1,170 acres on the Morleyville settlement four miles east of the eastern boundary of the Stony Reserve. The patent contained a reservation that the land shall not be used for any purpose but that of an orphanage for Indian children, without the consent of the Superintendent General of Indian Affairs expressly given in writing.

The Department was then called upon to provide new buildings which it did at a cost of $11,500.00.

The Department purchased an adjoining lot to obtain a water supply for the school as there was none available

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

on the school lands and paid for bringing the water into the building by a pipe line which cost $2,750.00.

The per capita grant was increased to $72.00 in 1898 for 40 pupils and continued at this rate until the school was closed in November 1908.

Previous to the recognition of this school there were two day schools in operation on the Stony Reserve known as Nos. 1 and 2. The Methodist Church suggested the closing of these two day schools and the enlargement of the orphanage to accommodate all the children available on the reserve and the No. 2 school was closed in September 1896 and No. 1 in 1898. No.1 was reopened in 1902 and again closed in 1903, reopened in 1909 after the closing of the MacDougall orphanage and was finally closed in July 1910.

The closing of these schools leaves the 130 children of school age on the Stony reserve without any chance of securing an education. The day schools were closed for the first time to help the orphanage but the orphanage closed itself through mismanagement.

The committe appointed by the General Board of Missions for the Methodist Church report as follows on the situation at Morley:- This question was thoroughly discused and the Committee can see but one way of solving the educational problem for the Morley Indians, viz: To erect a commodious and modern Boarding School on a new site somewhere a

to the south of the present railway station. The school house should be separate from the residence so that the children who reside near enough may attend as day-pupils. When the Boarding School is filled, a day school might be opened on the north side and a hot mid-day meal provided by rig from the Boarding school."

This recommendation of the Committee has remained in abeyance pending a decision as to the future of the Red Deer Industrial School.

COPY

Morley, Alberta, October 7th, 1912.

Regarding matter of proposed school to be built on the Stony Reserve, Morley, Alberta. We , the Indians of the Wesley, Chiniquay and Bearspaw Bands situate on said reserve do hereby solemnly agree to the following propositions

1st:- That the best method for the education of our children is in a resedential industrial school erected upon the reserve.

2nd:- That if the Indian Department will build for us a modern and well equipped school to accomodate not more than 75 pupils, we will provide, as soon as it is ready for occupation 50 children, and we further promise that we will use our influence with the Indians to fill the school and keep it full as long as we have sufficient children belonging to the above mentioned Bands. All the children are to be subject to the inspection of a medical officer who shall be appointed by the Indian Department.

3rd:- That if at any time the children shall run away from the school we shall be responsible for immediately returning them.

4th. That the school shall be operated for eleven months each year and that all the pupils shall be given a holiday of one months duration each year. If at any time a parent is considered by the medical officer to be seriously ill and such parent asks an extra vacation for the pupil the request shall be granted.

5th. We request that the Methodist church manage the school according to the rules and regulations of the Indian Department.

We sign this document beleiving it to be binding upon our successors in office, and in harmony with the wish of a large majority of our people.

INDIAN AGENT'S OFFICE,

Stony Agency, Morley, Alta.

IN YOUR REPLY REFER TO
No. 3.
ALSO
SUBJECT AND DATE OF THIS LETTER.

No action at present
A.F.M. 1.22.67

October 19th, 1912. 191

Sir,-

I have the honor to report as follows in regards to your letter # 116961/2- 15th.inst., and also to your letter # 116963/1 - 5th ulto.

In reference to the latter I beg to say that Rev. Mr. Barner, of the Red Deer Industrial School, was here last week and I attended three meetings with him and the Stony Indians, to talk about building and operating a school on this Reserve. As Mr. Barner was acting for the Dept. in this matter I did not want to report on same until you had heard from him, so as to avoid any confusion in the deal. However, I enclose herewith copy of a resolution signed at that time, the original of which is held by Mr. Barner.

This resolution, in my opinion, is not of much effect, for the reason that there are double the number of Indians on this reserve, of school age, than that mentioned Viz - 75, and if a school were built to accomodate this number only it would lead to trouble in case the Dept. were to enforce a school attendance upon every child of school age on the Reserve. Another reason against it is that the Indians absolutely refused to sign away their probable right to a day school, though Mr. Barner talked to them for hours in an endeavor to have it included in the report.

The Secretary,

Dept. of Indian Affairs,

Ottawa.

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Mr. Barner gave the Indians some good reasons against having a day school on this particular Reserve, and I fully agree with him when he states that the children will have no home on the reserve when the parents go away on their annual hunt, which lasts about three months, unless it is decided to have a boarding school, as it would break up a school to allow the children three months holidays every year to go hunting with their parents.

The Stonies held a meeting with Mr. Campbell and myself early in August, and the ones who attended were all in favor of a day school only, they would not talk about a boarding school being established here at all.

In view of the above you will see that the Stonies are very changeable, and really do not know what they want in the school line, but the fact remains that they want a school of some kind, and are willing to send their children if a school is erected.

Some of the educated Indians, who attended school for years, say they want a residential industrial school, to be erected upon the Reserve, but they do not want to send their children to a school run by missionaries. This brings in something entirely new I beleive, but it is the outspoken opinion of some of the leaders of the tribe, and they told Mr. Barner this when he held council with them last week.

We have in the above three distinct propositions, and it will take a visit here from some person in authority with the Department, who is used to school matters, to find out what is really best to do in the affair. From my position as Agent I cannot give an opinion without getting into trouble with the church, but I will give my endeavors to help out on whatever is finally decided upon.

3/.

In reply to your enquiry as to accommodation here for a school and teachers quarters, I beg to say that there is a splendid site ½ mile west of agency for buildings, with a spring on the hill above same which would deliver water to top floor of any building erected. There is no building on Reserve at all that could be used in connection with the proposed school, as the McDougall Orphanage is about six miles east of the Reserve. Also in regards to your query re day school, I beg to say that I do not beleive it would be a success.

I have the honor to remain, Sir,

Your obedient servant,

J. A. Markle

Indian Agent.

Morley, Alberta. September 16th. 1913.

REQUEST & AGREEMENT

Regards a building for a school on the Stony Reserve, Morley, Alberta, we, the Chiefs, Councillors and members of the Stony bands agree to the following propositions.

1. That the best method for the education of our children is a residential Industrial School erected upon the Reserve.
2. That if the Indian Department will build a modern and well equipped school upon the reserve to accomodate 50 pupils we will fill it as soon as it is ready for occupancy, and we further promise that we will use our influence to keep it full as long as we have sufficient children.
3. All the children are to be subject to the inspection of the Medical Officer appointed by the Indian Department.
4. That at any time if the children shall run away from school, we shall be responsible for their immediate return.
5. That the school shall be operated for 11 months each year, and that all the pupils shall have one months holiday each year, and if at any time a parent be considered by the Indian Agent to be seriously ill and such parent ask for an extra vacation for the pupil the request shall be granted.
6. For the above purpose we agree to supply free pasture for milk cows, free land for garden, and a building site on land lying west of Morley road immediately south of Bow River.
7. We request that the Methodist Church shall manage the school according to the rules and regulations of the Indian Department, on consideration that the Chiefs and Councillors of the Stony bands shall have right to lay complaints to said Indian Department against any mismanagement of the school.
8. We sign this document beleiving it to be binding upon our successors in office, and in harmony with the wish of the majority of [redacted] our people.

INDIAN AGENT'S OFFICE,

Morley, Alta.

September 16th. 1925

IN YOUR REPLY REFER TO
No. 3
AND
TO DATE OF THIS LETTER.

445451

Sir,-

Re enclosed copy of agreement.

I have the honor to say that the Rev. T.Ferrier was here yesterday to talk with the Stony Indians regarding the proposed opening of a school upon this reserve.

It seems to be the wish of the Stony people that their children should attend school, but they had a number of greivances re. the old McDougall orphanage which they wished to avoid in a new school, and it took Mr. Ferrier two days to come to an agreement over it. However, I think everything is satisfactory now, and that there will be a full attendance if a school be built.

Mr.Ferrier will no doubt take this matter up with the Department himself, but I send the copy of agreement for your information.

I am, Sir,

Yours obediently,

Indian Agent.

The Secretary.

Department of Indian Affairs.

OTTAWA.

My dear Mr. Scott:-

I enclose you a copy of the document containing the promises and signed by the Indians at Morley, at a meeting held during last treaty time. This document was presented to our General Board of Missions. The Board was of opinion that the building should be erected at as early a date as possible.

I would suggest that an effort be made to have it ready for occupancy by September next.

Yours sincerely,

TF/JF.

IN YOUR REPLY REFER TO
3
ALSO
DATE OF THIS LETTER

Sir,--

With reference to circular of December 22nd, 1913, re report of education on Reserves, I have the honor to state that as the school is closed down on this reserve I am unable to make any report this year.

With further reference to letter No. 116963-1 of Oct. 21st. 1913, I have been considering whether the Department would like a sketch of probable location of new school before asking for tenders, as the site picked out by Rev. Mr. Ferrier has some distinctive features which will have to be considered in putting in water and sewage systems.

If the Department desires a plan I could have levels taken by one of the water branch engineers, Dept. of Interior, next time he is in the vicinity.

I have the honor to be,

Sir,

Your obedient servant,

Indian Agent.

EXTRACT.
ORIGINAL ON FILE

116963 I

Edmonton, Jan. 25th,,1914.

Duncan C. Scott, Esq.,
Deputy Supt. General of Indian Affairs, 454589

Sir,-

While at Calgary on Wednesday Jan. 21st I telephoned to Dr. A. W. Park of Cochrane, the medical attendant for the Stony Band and he said there were no institutions to see and that the health of the Indians there was fairly good, some tuberculosis, but he thinks not so much as in former years. He, Mr. Park, says he would like to have the hospital opened up again, but only on a proper basis. Mr. Markle whom I saw at Hobbema says it is no good, that they had tried it before without any success and at a great expense, but that he would like to see a boarding school and I think perhaps he is right, because in my estimation you can inculcate knowledge into the minds of these people more by illustration than in any other way and by this method it will be an education to those at home which will enhance the condition of the health amongst them generally. Dr. Park is writing to me and I will enclose his letter to you. I did not go up there.

Respectfully yours,
O.I.Grain,
Indian Medical Inspector.

INDIAN AGENT'S OFFICE,

2

April 12th 1915

Sir,—

I enclose copy of agreement made between the Indians and Rev Mr Ferrier.

Paragraph #6 allows pasture for cows etc., but the Indians did not give any definite ammount of land for pasture and told Mr. Ferrier they did not want any fencing done. This seems to me to be a source of future trouble unless we can get the matter settled when Mr. Scott is here. The field is ten miles long, and the children wanting a holid -ay would see that the cows were always a long ways off.

I have the honor to remain, Sir,

Your obedient servant,

Indian Agent.

Morley. Oct 2nd/19.

Sir—

As the Morley School District have just been opened again and the site of the present school house is quite out of the way for some of the tax payers I have been instructed to write you concerning the school house on the old McDougal Orphanage property, if there is any possability of selling this building along with about two acres for school grounds; the building is a bit out of repair but could soon be put in good shape. We would like to secure this building to start the new year if possable.

Yours respectfully
J. Fletcher
Secy-Treas.

116963-1.

November 6,1919.

Dear Mr. Perrier -

I have an application from Mr. F. Fletcher, Secretary-Treasurer of the Morley school district, in which he asks permission for this district to rent the old school-house in connection with the McDougal Orphanage, as it is much more conveniently situated than the existing school building in the district.

Pending final decision as to the disposition of this property, so far as the Department is concerned, there would not appear to be any objection to having these settlers make use of this building. If you see no objection, kindly advise me, at the same time stating what rent you think might be asked.

Yours very truly,

Rev. T. Perrier,
Principal,
Brandon Industrial School,
Brandon, Man.

Mr. Duncan C. Scott,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Canada.

Dear Mr. Scott,-

Replying to yours of the 6th re the renting of the school building on the Morley property:

There can be no objection to letting the people of the community use the school building, providing they keep the children from destroying the old boarding school building in any way. The building of the school house is in a fair state of repair. I am under the impression that the seats have been moved out and taken down to the hospital building for our Indian school. I do not think I would charge them anything for it. I am strongly of the opinion that the best disposition that can be made of the property is to sell it. If this is not soon done you will be under the necessity of putting new fences all around it in order to keep it from being over-run. The building will be kept in a better state of repair by being used and I think I would simply make this proviso.

Yours sincerely,

J. Ferrier

MAR 8 1922
BROCKLEY

564078

Ottawa, March 4, 1922.

MEMORANDUM FOR FILE:

In personal communications from the resident missionary on the Morley reserve west of Calgary, information has been brought to my attention concerning the growing desire on the part of the band to have school facilities provided. During the last 12 years 80 young people have grown up on the Morley reserve, only 40 miles from Calgary, without any education whatever. I understand the Indians waited on the agent to ask for a school and Mr. Yeomans promised to refer the matter to Ottawa. I am of the opinion that a residential school is what is needed at this point.

119-1-1.

Sept. 30, 1922.

MEMO FOR FILE:-

I visited the Morley Reserve this summer and informed certain members of the Indian Band that it was not possible for the Department to erect a boarding school on their reserve in the immediate future. I learned that there was a total of 130 children of school age. Families are scattered over the reserve, hunting and lumbering and wandering to neighboring ranches and farms for day labour. I am of the opinion that the whole band should be moved to a more suitable reserve site, as it is practically impossible to earn a respectable living as they are situated at present.

I am favourably disposed to make a grant to the resident missionary, of $60 for the coming winter to meet the express charges on lantern slides supplied gratis by the Extension Department of the University of Alberta. These slides are used in a series of educational lectures to the members of the band during the winter months.

Dear Dr. Scott:

For some time past considerable agitation has been carried on in the Province of Alberta, and particularly among the officials of the Methodist Church in the neighbourhood of Morley, re the necessity of some educational effort being put forth for the benefit of the children on the Morley Reserve. As you know, practically nothing has been done there since the closing of the McDougall Orphanage.

The object of this communication is to place before you the necessity of some provision being made in the way of a Residential School at the earliest possible date. I trust that this will be placed among the claims that are to be dealt with in the near future.

YOUNG PEOPLE'S FORWARD MOVEMENT

INDIAN AFFAIRS BRANCH
OCT 16 1922
RECEIVED

573261

October 13th, 1922.

Dear Sirs:

In the interview with the Minister and his Deputy that I had the favor of having yesterday, the immediate needs of Morley from an educational point of view were discussed.

The Minister mentioned the fact that he had been approached by some leading men regarding the matter and suggested that something be done at once in the way of a day school, for which a couple of workers might profitably be engaged, this being a temporary arrangement, with the hope of a Boarding School being built in the near future. In harmony with this, I would make the suggestion that a teacher be appointed to teach in the building that was formerly secured for a hospital, and also that a Nurse and Field Matron be employed as a co-worker with her, with a view to giving the women instruction in their homes on sanitary conditions, preparation of food for the sick and the care of their children. With two such officers in the building, it might be quite possible to prepare a noon hot meal for the children attending the class-room.

OCT 20 1922

This is understood to be a temporary arrangement only, with the understanding that a Boarding School for the accommodation of fifty children be built as soon as funds can be secured from Parliament for that purpose.

Inasmuch as the Department would be furnishing certain staple lines of food suitable to prepare a meal for the children, I would suggest that each of these ladies receive a salary of $600.00, with furnished room and rations of the staple lines provided for the children.

I may say that we have already secured an application from a Mrs. Jackson for the position of teacher. She has been very highly recommended to me -- not only as a teacher but as a person who is very sympathetic and motherly toward children.

Would the Department kindly favor me with a

119-1-1.

OTTAWA, October 23rd, 1922.

Rev. Sir: -

The Superintendent General has requested that temporary provision be made for the education of the children of the Stony Band at Morley, Alta. The Department would be pleased to have you nominate two teachers for work among this band. There will be housing facilities for them in the building formerly used as a hospital. One teacher will be responsible for the teaching of the Indian youth - the other can be released for extension work on the reserve, doing such duty as is generally performed by a field matron.

The Department will arrange for what furnishings are necessary for the teachers' rooms upon requisition through the Indian Agent, and will make arrangements to supply rations for a noonday lunch for the children attending school. It may also be advisable to place in the building, for the use of the second teacher, a small supply of drugs and medicines.

The Department will offer a salary of $600 per annum, plus any bonus provided by law, to each of the teachers appointed.

Mr. Agent Yeomans is being informed of this action and, I believe, you would be well advised to communicate with the Rev. Mr. Barner and the local missionary so that some preparations can be made immediately.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Rev. T. Ferrier,
Supt. of Methodist Indian Schools,
Brandon, Man.

11y-1-1.

OTTAWA, October 23rd, 1922.

Sir! -

The Superintendent General has requested that some temporary arrangement be made for the education of the Indian youth on the Stony Reserve. I have to inform you that the Methodist Church authorities have been asked to nominate two teachers to conduct a day school and to do extension work in the Indian homes. Their headquarters will be the building formerly used as a hospital.

Certain furnishings will be allowed for the teacher's rooms, and rations will be supplied for a hot lunch for the children attending the school. A small supply of drugs will be placed at the disposal of the second teacher, who will be doing work similar to that of field matron.

The Department will pay these teachers at the rate of $600 per annum, plus any bonus provided by law.

When the Methodist Church authorities or the teachers present themselves on the reserve you should give them every assistance possible in connection with this undertaking.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

OTTAWA, October 31st, 1922.

Rev. Sir! -

I have your letter of the 27th instant, referring further to the programme at Morley, Alta. I have noted that it is the wish of the Methodist Church authorities to take into residence in the old hospital building a small number of children, and that the church will be used as a classroom.

The Deputy Superintendent General has sanctioned this scheme, and upon requisition from you or one of your officers, through the office of Mr. Agent Yeomans, the Department will supply certain equipment to provide residential facilities for 12 or 15 children. We will endeavour to pay current expenses for which we can find funds, and from the 1st of April, 1923, the school can be known as semi-boarding in type, and will receive a per capita grant.

Mr. Agent Yeomans and Mr. Commissioner Graham are being informed of this action.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Rev. T. Ferrier,
Supt. of Methodist Indian Schools,

Ottawa, November 2nd, 1922.

Sirt -

I have to refer further to the subject matter of official com unication of this file number dated the 23rd ultimo.

The Methodist Church authorities have been given permission to take into residence in the old hospital building some 12 or 15 children whose homes are more remote from the Agency. The church will be used as a classroom. Church representatives or the teachers will requisition through your office to the Department for certain equipment to provide residential facilities, and for classroom supplies.

Mr. Commissioner Graham is being informed of this action.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

November,
first,
Nineteen-twentytwo.

Dear Mr. Stewart:-

RE MORLEY, ALTA.,

At the recent session of the General Board of Missions, held in October last, strong representations were made relative to the desirability of proceeding as soon as possible to provide a Boarding School for the Indian children on the Morley Reserve, Alberta.

After due consideration, the Board adopted the following resolutions:-

"WHEREAS no school facilities have been provided for the Indians at Morley for some years;
AND WHEREAS a Boarding School was planned for, but delayed by the War and post-war conditions;
THEREFORE, BE IT RESOLVED THAT we urge upon the Government the necessity of proceeding with the Boarding School as originally planned for, with the utmost dispatch;
AND FURTHER THAT provision be made for converting the present hospital building into a dwelling for resident pupils, and using the new church for classrooms; thus accommodating twelve to fifteen pupils in dormitories and caring for the ten children resident adjacent to the agency. -
The above plan subject to reasonable co-operation by the Indians."

The proposal to convert the present hospital building into a dwelling for resident pupils and to use the new church for classrooms is suggested as a temporary expedient and not by any means as a substitute for the Boarding School for which we trust the Government will soon provide necessary funds.

It is many years since the Indians on the Morley Reserve have had adequate facilities for the education of their children, and we cannot regard it as other than deplorable that a generation of Indian children is growing up on this Reserve without even the elements of an English education. We trust that the necessary appropriation to provide the Boarding School will be made at the next session of Parliament.

I am,
Very respectfully yours,

C. E. Manning

Hon. Charles Stewart,
Superintendent General
of Indian Affairs,
Ottawa, Ontario.

Ottawa, Nov. 8, 1922.

Dear Dr. Manning:-

I have been directed to acknowledge your letter of the first instant, concerning the proposed boarding school for the Indian children at Morley, Alta. I have noted that the Methodist Missionary Society urge upon the Government the necessity of a small residential school for this band and for the immediate provision of some facilities.

The Superintendent General and this Department are seized with the importance of the needs on the Stony Reserve, and the advisability of erecting a boarding school will be kept in mind when the requirements for the coming fiscal year are brought to the attention of the Government.

It has been decided that in the interim some temporary work should be undertaken, and I am pleased to inform you that the Department has already communicated with the Rev. T. Ferrier, of Brandon, Man., and the interested Department representatives, authorising a day school with two teachers and residential facilities for 12 or 15 children in the old hospital building.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

DEPARTMENT OF INDIAN AFFAIRS
DEC 23 1922
BRANDON

Brandon, December 20th, 1922.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

576661

Dear Sir,-

Last week I paid a visit to Morley, Alberta and discussed with your Agent and our missionary what might be considered as a policy for carrying on our school work. I would respectfully suggest the following:

1. That all supplies needed and have to be purchased, be done so through your Agent on the recommendation of Mr. Staley. That the Agent be responsible for keeping up the supply of wood and water. For the latter there is an elevated tank in the building which will hold about five barrels. The need can be met by attention every other day. The river is close by but too far for small children to carry the water.

2. That Mr. Staley have the over-sight and care of the buildings looking after the welfare and care of the pupils and teachers. In other words he will be the principal without any salary consideration from the Department.

3. That no parents or friends be given any meals at the school. If it is found that large pupils attend late in the day for the sake of the hot dinner, that they be ruled out at meal time.

4. That a general announcement be given regarding the opportunity of sending the limited number to reside in the school, but that no pressure of any kind be brought to bear upon the parents to bring their children. That all who bring them be required to sign the usual application form required for addmittance to our residential schools.

5. That all legitimate means be used to secure a regular attendance of all children of school age to the classes.

Mr. Staley has kindly offered to give special night lessons to any over sixteen who desire the same. The policy of giving meals to parents and friends became a system of pauperizing these people at the MacDougall Orphanage years ago. I counted as many as twenty-one sitting down at one meal and they even demanded food for others at home. When the principal was changed and this policy discontinued, they refused to send their children. When they got them home on holiday they failed to return them! This was the reason the boarding school was closed. If the Department approve of these recommendations it might be well to have them incorporated with any other suggestions the Department see fit to make and sent officially to Mr. Staley and your Agent. I believe both of these men will heartily endorse the above.

Yours sincerely,

J. Ferrier

Ottawa, Dec. 28, 1922.

Reverend Sir:-

I have your letter of the 20th instant, relative to the policy to be pursued at the semi-boarding school at Morley, Alta.

In reply I beg to say that the Department approves of your suggestion that the current supplies necessary be purchased through Mr. Agent Yeomans. He is being instructed in this connection and will be asked to arrange for a supply of wood and water. We have also informed him that the Rev. Mr. Staley is to keep supervision over the school, but without remuneration from this Department.

Our agent is being instructed to make a general announcement regarding the opportunity of sending a limited number of children to reside in the school. We are informing him that children living within a two mile radius should not be allowed residential facilities for the time being. It is felt that the opportunity to reside at the school should be given to those children that are more remote. He is being advised, also, that those children residing close to the school should be instructed to attend regularly.

The noon-day meal will be supplied to those who attend punctually and must not be offered to parents or other visitors.

We have further requested Mr. Agent Yeomans to intimate to the Rev. Mr. Staley the nature of our instructions. Mr. Commissioner Graham, also, is being advised of the policy that will be followed at this institution.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

119-1-1.

Ottawa, Dec. 28, 1922.

Sir:-

It has been decided that the current supplies necessary at the semi-boarding school at Morley be purchased through your office. This Department will honour accounts properly certified by you for provisions that are considered necessary. Will you also arrange for a supply of wood and water. Accounts in this connection should be properly certified by you and directed to Ottawa for payment. Expenses that have already been incurred in connection with initial supplies and the starting of the institution should be - as you have already been informed - directed to the office of Mr. Commissioner Graham.

The Church authorities have asked the Rev. Mr. Staley to keep a supervision over the school, so you will please favourably consider this gentleman's requisitions and recommendations. His services are being given without remuneration from the Department.

You should make a general announcement to the Indians of the band concerning their opportunity of sending a limited number of children to reside in the school. Those living within a two mile radius should not be allowed residential facilities for the time being. It is my opinion that those children more remote from the school should be given the privilege of residence. You will also instruct the parents that those children living close to the school will be required to attend classes regularly as day pupils. A noon-day meal will be supplied to those who attend punctually, but must not be offered to parents and other visitors or any pupils that come to school apparently for the [illegible] only.

Please inform Rev. Mr. Staley of the nature of this communication, a copy of which is being directed to Mr. Commissioner Graham, Regina.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

April 11th, 1923.

MEMORANDUM

Mr. SCOTT.

Re Appointment - Housekeeper - Morley Indian School.

Mr. Agent Yeomans requested in letter of February 6th, last, that the services of an Indian woman as a permanent helper be engaged to assist in the baking of the bread, the preparation of meals, cleaning, washing, etc. The Agent was asked to recommend a suitable woman for this position, and the amount that should be paid. He now forwards the name of Mrs. Jacob Two Youngmen, an Indian woman, who is willing to do the work required for a compensation of $35 per month. The Agent states that she is a competent woman, an ex-pupil of the Calgary Orphanage, and speaks the English language well.

I beg to recommend, for your approval, the appointment of Mrs. Jacob Two Youngmen as housekeeper for the Morley School, at a salary of $35 per month. The position of "Housekeeper" is exempt from the operation of the Civil Service Act insofar as the principle of competition is concerned.

Supt. of Indian Education.

Dear Mr. Scott:-

Mr. Christianson informs me that Miss Herbert, Matron of the Stony Agency School, brought to his attention the fact that she had been allowed $35.00 per month for extra help, and was at the present time hiring Indian women, and paying them so much per day. This was very unsatisfactory, as the Indian women did not come regularly. She asked permission to hire white women, and said she was sure she could get one for the same money.

It seems to me there should be no objection to this. Will you kindly advise me or take it up with her direct?

Yours truly,

W. M. Graham,
Indian Commissioner.

13th August, 1923

Sir,

Referring to the Department's letter of July 3rd. last, No.119-1-1, granting permission to hire a white woman to assist in the Indian school on this reserve, I have the honour to state that up to the present it has been impossible to hire a white woman for this purpose; the supervisor, the Rev: Mr. Staley, therefor asks permission to again try an Indian woman until such time as a white woman shall be available. He has a suitable woman in view, in the person of Jane Halloway, of this reserve, who will do the work required of her for a remuneration of $35.00 a month. She is a strong woman and can, I think, perform the work satisfactorily.

I have the honour to be, Sir,
Your obedient servant,

Acting Indian Agent,

The Asst. Deputy & Secretary,
Department of Indian Affairs,
OTTAWA.

STONY AGENCY.

R Cochrane Alta.
Oct. 1st 1928

DEPT. OF INDIAN AFFAIRS
OCT 10 1928
RECEIVED

To the Supt. of Indian Affairs,
Ottawa, Ont;

On Sept 13th, I examined all the children of the Indian school at Morley, Alta.

These children are just entering school, and a few, perhaps 20%, appear undernourished. The majority have signs of pulmonary tuberculosis but none have cough or expectoration. The majority have palpable glands in the neck, but no case of open sores, or scrofula. One case of this which was bad a year ago, is now completely healed. I arranged to have one girl in the school who is nearly blind seen by Dr. J. H. Elms of Calgary. I have not heard from him yet. A boy in the school also has had severe inflammation of eyes but his sight is not yet seriously impaired.

The food and the sanitary conditions

Ottawa, October 12th, 1923.

Sir:

I have to acknowledge receipt of your letter of the 1st instant, reporting on your examination of the pupils of the Morley Indian school.

In reply I beg to say it is noted that you found certain of the children undernourished, and that a number show signs of pulmonary tuberculosis. We hope that, as a result of the food supplied these children at the school, they will improve in appearance and general health.

Any expense in connection with the treatment given the girl mentioned by you, who is nearly blind, will be paid upon receipt of proper vouchers, which should be forwarded through the office of the local Indian Agent.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Ottawa, October 25, 1923.

Sir,-

In a report dated the 25th ultimo, on the Morley Indian Day School, Mr. Inspector Buchanan states that the attendance is very unsatisfactory.

The Department expects you to cooperate with the teacher in every possible manner to insure a regular attendance on the part of all the children of school age.

Please advise what action you are taking to secure a better attendance at this school.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Ottawa, October 25, 1923.

Madam,-

The Department is in receipt of a report from Inspector Buchanan, who visited the Morley Indian Day School on the 25th ultimo.

In his report the inspector makes the following suggestions which the Department trusts you will keep in mind and carry into effect as far as possible:-

(1) Pupils should be urged and encouraged to make the greatest effort each day. Reading and language work should be stressed. Arithmetic should be made as practical as possible, with particular reference to the use of money and ordinary measurements.

(2) The two divisions into which the pupils are now divided are not sufficient. It would be advisable to make three or four classes, especially in reading. This suggestion, together with the training in oral English should be stressed. Readers should be used with the more advanced pupils.

(3) Physical training should receive attention, especially the games suggested in the Physical Training Syllabus, generally used.

If you require any books for supplementary reading purposes or, if a football, etc., could be used to advantage by the children, you should forward a requisition for the same through the office of your local Indian agent and your request will receive immediate attention.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

RECEIVED

Sir,—

In reply to your letter file 119-1-1, dated 25th. instant, regarding Mr. Inspector Buchanan's report on the unsatisfactory attendance at the school on this reserve, I beg to inform you that with the present accommodation the attendance will never be any other way. This semi-boarding school has accommodation for one teacher, one matron, and thirteen pupils, and these attend school reg--ularly, together with three to four children of Indians who do not go away hunting. The majority of the Indians are away working or hunting about six months of the year, and as there is no accommodation at the school for their children they are compelled to take them away. When the parents return the children attend school, if the distance is not too great, and weather too cold for the return trip each day. I have spoken to many of the parents and they would be willing to leave the children at school if there was accommodation. The children seem bright and learn very quickly, even the youngest at the school at present can speak and understand English. If funds were available in 1924-25, I would strongly re--commend the building of a boarding school on this reserve to accommodate sixty pupils and we would guar--antee a yearly average attendance of fifty.

Your obedient servant,

R. Buchanan

113-1-1

DEPARTMENT OF INDIAN AFFAIRS
CANADA.

Regina, Sask.,
April 3rd 1924.

Dear Mr. Scott;-

I have just returned from the Province of Alberta, where I have been for nearly three weeks. I visited the Blood, Peigan, Sarcee, Blackfoot, Hobbema and Edmonton Agencies, and eight Indian Boarding Schools.

x x x

MORLEY AGENCY.

There is a school on this Reserve, carried on under the auspices of the Methodist Church. I was rather impressed with the Supervisor, Mr. Staley. He has a good grasp of what is required of him, but is certainly working under great disadvantages. There is a large number of children on this Reserve who could attend school, and some provision will have to be made. My idea is that we should make a departure here in the way of schooling our Indian children. I would like to see two detached buildings - one for boys and one for girls - of the bungalow type; and the other building in which would be situated a dining room and kitchen. I believe we could look after the accommodation of fifty children at a cost of from $18,000 to $20,000, and give them just as good training, if not better, than we can get in most of our institutions which cost four times as much money. I would be glad, at some future date, to give the Department a rough sketch of what I think should be done. I am quite sure something should be done here. There are sufficient children on the Reserve to warrant the Department's doing something more for their education.

COMMISSIONER'S OFFICE.
REGINA, SASK., April 23rd, 1924

Sir:

In my report of my last visit to Morley Agency, I mentioned the fact that there was a large number of children of school age in this Agency, who are not attending school. The number not attending school is 98, and something will have to be done, at an early date, to give these children an education.

I believe with quarter the amount of money we are now paying for Boarding schools, we can erect a school of the type I described, and give these children as good training as we are now giving in Boarding schools. I would ask that the Department let me know what they think about this matter.

Your obedient servant,

W. M. Graham
Indian Commissioner.

Ottawa, April 30, 1924.

Dear Mr. Graham:

I wish to refer to that portion of your general report of the 3rd instant relative to your proposals for the education of the Indian children at Morley. I have also your No. 409-113 of the 23rd in this connection. An experiment with the bungalow type and detached buildings for Indian residential schools commends itself to me. I should be pleased if you would prepare rough sketches of the bungalow residences for boys and girls and of a building which could be used as a dining room, kitchen, laundry, etc. The present arrangements at Morley for classroom facilities could, no doubt, be continued for the time being.

In the meantime I have noted for our next Estimates the advisability of doing more for the children of this agency.

Yours very truly,

Deputy Superintendent General.

119-1-1.

Ottawa, June 24, 1924.

Dr. Scott.

Regarding the attached letter from J. T. Shaw, M.P., referring to the lack of school accommodation on the Morley Reserve, I beg to say that there is at present a school of the semi-boarding type being conducted. Fifteen children are in residence and besides approximately 25 children attend irregularly as day pupils. The school is conducted under the auspices of the Methodist Church. The classroom activities are carried on in the building that was formerly used as a hospital in connection with the old McDougall Orphanage boarding school. Quarters are fitted up in this building as a residence for the teachers and for the children.

The members of the Band, the Church Authorities and the late Agent Yeomans have requested from time to time that a boarding school be established. There are about 130 children of school age on the reserve. The families are scattered over the reserve, hunting and lumbering and wandering to neighbouring ranches and farms for day labour.

We have two teachers and a cook employed at the semi-boarding school which is now being conducted. One of the teachers, besides assisting in the classroom, also performs certain field matron's duties on the reserve as her time will permit.

Commissioner Graham, in April last, recommended that two detached buildings of the bungalow type, one for boys and one for girls, and another building to contain a dining room and kitchen should be erected to provide accommodation for at least 60 children. He estimated the cost of the buildings to be about $20,000. He was requested to furnish a sketch of the proposed buildings. We have no funds provided for the extension of the work or the erection of buildings on this reserve. There are, no doubt, a number of children who are receiving no education.

I find that Mr. Ferrier has noted for next year's Estimates the providing of a grant to erect the buildings as recommended by the Commissioner. The amount this Department expended during the last fiscal year in payment of salaries of teachers, food, clothing, repairs and other expenses for the maintenance of the semi-boarding school was $5,842.84.

Ottawa, Ont.
June 20th, 1924

Hon. Charles Stewart,
Ottawa, Ont.

Dear Mr. Stewart:

My information from the Morley Reserve would indicate that some 14 children are crowded into a little building used for a school, and that applications have been received for the admission of 40 additional children, but these have had to be refused. I am assured that without the slightest difficulty enough children could be readily secured to fill a residential school built to accommodate 60 children.

I would appreciate very much if you could tell me the intention of the Department with regard to meeting the educational requirements of the Stoney Indians in this regard.

Yours very truly,

File

Ottawa, June 24th, 1924

Dear Mr. Shaw:

I have your letter of June 20th regarding the school children on the Morley Reserve, and may say that some weeks ago this Department noted for next year's Estimates an item providing funds for the erection of a school building which would accommodate from fifty to sixty children.

I regret that there are no funds available for the immediate carrying out of these plans, but in the meantime, a school of the semi-boarding type is being conducted under the auspices of the Methodist Church. I understand that fifteen children are in residence and that some 25 attend as day pupils. We are desirous of providing greater accommodation for boarding pupils, however, as the families of this Agency are widely scattered and the children are unable to attend day school regularly.

Thanking you for the interest you have shown in this matter, I am

Yours sincerely,

C. Stewart

Sir,

I beg to state that pupil No.16 of the semi-boarding school on this reserve, and whose band No.is 139 Bearspaw's Band, was discharged from the school on the 30th. June last as having reached the age limit, 16 years, set for this school.

His place is being filled by Walter Simeon, aged 12 years, of No.67 Chiniquay Band. This boy appears to be healthy and fit for the school, but will be examined by the medical officer before he is admitted.

Forms of Admission and Discharge of these pupils, together with medical certificate, will be forwarded to the Department later.

Your obedient servant,

J. P. Lemmon

RECORDS

Regina, Sask., Sept. 17th, 1926.

Dear Mr. Scott:-

I beg to inform you that I left here on August 28th., to visit some of the Western Agencies. The first point visited was Morley. My object in going to this point was particularly to see the new school, which was recently built and opened.

x x x

No doubt the matter of the additional children whom the parents wish admitted to the school, will be drawn to your attention, and I would just emphasise the fact that the Department should, in my opinion, insist on some of those from the Morley School being transferred to Edmonton, in order to make room for the newcomers.

x x x

W. M. Graham.
Indian Commissioner.

Sir:

I wish to refer to that portion of your letter of the 17th ultimo which is relative to the advisability of transferring pupils from the Morley Indian Residential School to Edmonton. I have written to the Rev. Principals of both institutions to this end.

I am pleased to learn that the building at the Morley School is satisfactory and that the Principal has made a favourable impression.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Brandon, January [illegible] 1926

DEPT. OF INDIAN AFFAIRS
JAN 28 1926

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,-

We expect that the new school at Morley will be ready for occupancy about the middle of next month. Would it be possible for the Department to pay the per capita grant for the full number in attendance on March 31st for the entire quarter? This information will help me in my programme in providing finances to meet the expense of securing necessary supplies. You might also state what the per capita grant is to be.

A reply at your earliest convenience will oblige

Youre respectfully,

T. Ferrier

Ottawa, January 29, 1926.

d Sir:

I have your letter of the 23rd instant, concerning inancing of the Morley Indian Residential School for the t few months after the Church authorities take charge. reply I wish to state that the Department makes a payment ion of per capita grant to assist the Church up to the a sufficient number of pupils are enrolled so that the ol can be placed on the per capita grant.

You should instruct the Rev. Principal to prepare tatement showing Salaries, Food, Farm and Garden, Fuel and nt costs. After the school is opened to pupils, a date l be fixed for placing it on a per capita grant basis and ig the expenses prior to that date which the Department undertake in part. Receipts for all expenditures other salary should be presented with a certified recapitulation. connection with the accounts for food, only those items h are for food consumed prior to the fixed date can be ed.

The per capita grant for the Morley School will be nt $140. It is possible, however, that a supplementary ation will provide for an increase.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Dear Sir:

At the Executive Committee Meeting of the Missionary Society of the former Methodist Church, which was held this week, the Rev. Thompson Ferrier, Superintendent of Indian Education for the said Church, nominated the Rev. E. J. Staley for the position of Principal of the Morley Residential School. This was favorably considered by the Executive Committee, and I now submit this nomination to you for your approval. If the appointment is agreeable to you, we should be very glad if you would confirm it and let me know your decision at your earliest convenience.

Very faithfully yours,

The Secretary,
The Department of Indian Affairs,

119-1-1

Morley, Alberta,

August 28th, 1926.

Sir,-

I beg to inform you that the new residential school on this reserve was opened on the 18th instant.

The medical officer examined the children at the office and those that were passed were sent across to the school.

Sixty-one children were taken in and there are at least fifty more of school age who could not be admitted.

Before the building was started I informed the Department that there were 110 children of school age on the Reserve, but the school was built to hold fifty only and the parents of those children that could not be admitted are very much disappointed that their children cannot attend school.

Will you please inform me if it is the intention of the Department to enlarge the school, in the near future, so that all the children on the reserve, of school age, may attend.

The church seems to have appointed a very experienced staff, and the children are being well looked after.

I am enclosing the "Application for Admission" forms for the children admitted.

Your obedient servant,

(Sgd.) R. Pringle,
Indian Agent.

The Asst. Deputy & Secretary,
Department of Indian Affairs,
Ottawa.

Note:- In replying to the above letter on file 119-1-10 the Agent was informed by our letter of September 13th, that it was not our intention at the present time to enlarge this school.

DEPT. OF INDIAN AFFAIRS
SEP 28 1926
RECORDS

R

Regina, Sask., Sept. 17th, 1926.

Dear Mr. Scott:

I beg to inform you that I left here on August 25th., to visit some of the Western Agencies. The first point visited was Morley. My object in going to this point was particularly to see the new school, which was recently built and opened. I found the building to be modern, and first-class in every respect, with the lighting and pumping plants working perfectly. There is a feeling however, on the part of the Principal, that it is not large enough to accomodate all the children of the reserves. I am not prepared to say at the present time that the school is not large enough for the work; especially if we are to carry out the original plan, and insist upon the children leaving this school after a period of time, and going on to Edmonton, where they will be taught the higher grade work. I am told by the Agent that there are a number of Indians who desire to place their children in school, but there is no accomodation for them. These people should wait until some of the children now in the Morley school are transferred to Edmonton. This, however, cannot be effected until the Department insist upon it being done.

The school at the present time is filled to capacity, having about thirty boys and the same number of girls. The staff appeared to be up-to-date, so far as I could judge. The Principal has a good start in the way of poultry and milking cows, and later on he expects to have pigs. Farming, of course, will not be carried on at this school, outside of a garden and growing a little green feed.

NEW SCHOOL FOR INDIAN CHILDREN NOT BIG ENOUGH

On Opening Day Institution at Morley Has to Turn Twenty-five Away

FORMAL CEREMONY HELD ON THURSDAY

Resolution Expresses Appreciation to Department for Opening School

With accommodation for sixty Indian boys and girls, the new school on the Morley reserve, recently completed by the federal government at a cost of about $..., was officially opened on Thursday afternoon by the Rev. ... according to information brought back to the city by Dr. A. ... superintendent of Calgary schools, who attended the formal opening of the institution on Thursday.

A second visit to the new school was planned the day before, but Rev. ... could not get there, as the roads were impassable.

Accommodation Provided

The school provides accommodation for 60 boys and girls in the institution as well as a separate house for the missionary and his family. ... pupils are living in the school.

... the opening of the present institution at Morley. He congratulated the principal and staff, praised the scholastic record and formally on behalf of the department of Indian affairs, declared the school open. Mrs. John MacDougall followed with a carefully prepared account of the story of the inception and development of the MacDougall orphanage and training school over forty years ago, and indicated some of the difficulties and struggles of the early days.

Resolution Passed

After these two interesting addresses a motion was proposed and unanimously accepted by all present, as follows:

"Resolved, that the members of the Calgary presbytery and all others here present, do place on record their appreciation of the work of the federal government through the department of Indian affairs in erecting and furnishing this well-equipped Indian boarding school at Morley for the education and training of the boys and girls of the reserve. We further express the hope that this school may be the means in the hands of the United Church of Canada of developing a fine type of Christian citizenship among the young Indians in the years to come. We also request that this resolution be forwarded through the Rev. ... Ferguson, to the superintendent of Indian affairs at Ottawa."

Following the resolution words of appreciation were expressed for the splendid work of the pioneer missionary, Rev. A. ..., especially by George Mark, one of the early converts, who is well known throughout the province, the Rev. ... Indian Mission, ... and other members of the MacDougall family, several of whom were present at the meeting, including Mrs. John ... and Mrs. ... Mrs. ... as well as Mrs. Wood of ... whose husband was one of the last two survivors of the ... party.

... that the orphanage and training school ... opened over forty years ago, ... different boys and girls. Among those ... NEW SCHOOL FOR INDIAN CHILDREN NOT BIG ENOUGH

On Opening Day Institution at Morley Has to Turn Twenty-five Away

FORMAL CEREMONY HELD ON THURSDAY

Resolution Expresses Appreciation to Department for Opening School

With accommodation for sixty Indian boys and girls, the new school at the Morley reserve, recently completed by the federal government at a cost of $40,000, has proved inadequate to meet the demands, according to information brought back to the city by Dr. A. M. Scott, superintendent of Calgary schools, who attended the formal opening of the institution on Thursday.

Before noon of the day that the school was opened, the principal, Rev. M. J. Staley found that he had 25 more pupils than he could accept, or a total of 85

Accommodation Provided

This school provides accommodation for 60 boys and girls to live in the institution, as well as classroom space in the church adjoining for day pupils not living in the school

On behalf of the institution, Mr and Mrs. Staley welcomed the visitors at the formal opening, who had come from Calgary, Cochrane and Banff, as well as from Morley and the reserve. .. First, under the direction of the teachers, a programme of outdoor sports for boys and girls was carried out at 2 o'clock, after which all adjourned to the dining room of the school, where Mr. Staley presided over the gathering, welcomed the guests, and called on Rev. T. Ferrier, superintendent of Indian Education for the United church, who gave a brief account of the history of Indian treaties in the west, outlined the policy of the church and the government regarding Indian schools, and recounted the steps leading up to the opening of the present institution in Morley. He congratulated the principal and staff, praised the contractors, and formally, on behalf of the department of Indian affairs, declared the school open. Mrs. John MacDougall followed with a carefully prepared account of the story of the inception and development of the MacDougall orphanage and training school over forty years ago, and indicated some of the difficulties and struggles of the early days.

Resolution Passed

After these two interesting addresses a motion was proposed and unanimously accepted by all present as follows.

"Resolved, that the members of the Calgary presbytery and all others here present, do place on record their appreciation of the work of the federal government through the department of Indian affairs, in erecting and furnishing this well-equipped Indian boarding school at Morley for the education and training of the boys and girls of the reserve. We further express the hope that this school may be the means in the hands of the United Church of Canada of developing a fine type of Christian citizenship among the Stony Indians in the years to come. We also request that this resolution be forwarded through the Rev. T. Ferrier, to the department of Indian affairs at Ottawa."

Following the resolution, words of appreciation were expressed for the faithful work of the pioneer missionaries of Alberta, especially the late Rev. George MacDougall and his son, afterwards so well known throughout the province, the late Rev. Dr. John MacDougall, as well as other members of the MacDougall family, several of whom were present at the opening, including Mrs. John MacDougall and her son, Douglas MacDougall, as well as Mrs. Wood, of Edmonton a daughter of the late Rev. George MacDougall.

The first Indian orphanage and training school, in temporary quarters, was opened over forty years ago with fifteen boys and girls. One of these, George McLean, was present at the opening and was called upon to say a few words to the gathering. He spoke in good English, setting forth his idea that Indian and white people all belong to one great family, but that in his opinion the Indian had got lost on the way and needed the help of the white people to enable them to develop a civilization which would put them on a level with the whites. He expressed his pleasure at the opening of the school and hoped it would be beneficial to all the boys and girls of the reserve

Following a musical programme tea was served by the staff of the institution, and the guests, having examined the building throughout, expressed themselves as thoroughly delighted with the progress being made, and left with the feeling that a great step in advance had been taken by the opening of this school at Morley.

119-1-1.

Original on 44-119

December 11, 1926.

Memorandum:

Dr. Scott,

You will remember that the Department signed an agreement with the Calgary Power Company for the lighting of the Indian Residential School and the Agency Buildings at Morley, Alta. The current charges were to be met by Vote 11 for the agency and the school management for the institution. The school pays $30.00 per month.

The Superintendent of Methodist Indian Schools and Hospitals has drawn my attention to an educational programme on this reserve, for which they receive no assistance from the Department. A number of Indian children attend the residential school classroom as day pupils and the school management is providing a teacher and a heated classroom without assistance from us. You will remember that the classroom used for the Morley institution is the church building.

I wish to recommend that the Department make a grant of the electric light current expenses, or $30 per month, to the school management for this day school activity and that Mr. Indian Agent Pringle be instructed to send the accounts of the Calgary Power Company to Ottawa for payment, when they could be charged to Vote 11 and Indian Education Vote in the ratio of 2 to 3. This proportion of the cost has been determined by the Power Company, the Indian Agent and the Principal as a fair division.

Supt. of Indian Education.

Reverend Sir,-

I have to state that Mr. Indian Agent Pringle was informed of the Department's intention to pay the $30.00 monthly charges for light and power at the Morley Indian Residential School. He was told that this action was taken because of the day school activity undertaken by the residential school.

Mr. Pringle has written to state that there are no day pupils attending school but only those who are in residence at the new residential school. I should be grateful for an explanation. I believe that those children whose homes are close to the institution should attend as day pupils and that the more distant ones should be enrolled in residence, and I understood that this was the intention of the church authorities.

Your obedient servant,

J. D. McLean.
Asst. Deputy and Secretary.

Dear Mr. Graham:-

I have the honour to report on the new boarding school, which was opened up this summer in the Stony Agency, which is under the auspices of the United Church of Canada with the Rev. Mr. Staley in charge as Principal.

At the time of my visit there was an epidemic of Chicken Pox in the school. However, I went over the building and was pleased to note that everything was in good order. It was a very cold day when I was there but the building was nice and comfortable. The equipment and furniture has been well placed in the school and the whole building from top to bottom is being well looked after.

A cold storage and ice house is to be erected for the school and the Agent has had authority for this expenditure and has placed the order for the lumber. The only change I made in his plans was to instruct him to line the inside of the ice house with shiplap. This would cost between $25.00 and $30.00 and will be much more satisfactory as it will give an air space and there was sufficient money authorized to make this expenditure.

I have the honour to be,

Sir,

Your obedient servant,

(Sgd.) M. Christianse

Ottawa, Ontario.

Dear Sir,-

Replying to yours of the 14th inst No. 119-1-1 re reserve pupils attending the class-room at Morley:

I certainly was of the opinion that there were pupils from the reserve who were not in the Residential School attending the class-room. If this is not the case, it should be. I will take the matter up with the principal and let you know the prospects for the future.

Yours sincerely,

J. Fraser

INDIAN RESIDENTIAL SCHOOL
[illegible]
REV. E. J. STALEY - PRINCIPAL

MORLEY, ALBERTA

JAN 31 1927

JAN 29 1927

Jan. 26. 1926

The Sect.
Dept of Indian Affairs.
Ottawa,

Dear Sir;

It would appear from correspondence that has come to meindirectly through Rev. T. Ferrier and Mr. Indian Agent Pringle that there is some confusion as to the extent of the class room activity carried on at the Indian Residential school Morley.

Mr. Indian Agent Pringle is perfectly correct when he states that there are no day pupils attending school but only those who are in residence at the new Residential School. Further it should be stated that our class room accomodation is so limited that we are unable adequately to deal with our pupils from the Residential school.

In a letter to Rev. T. Ferrier you state a policy that you believe should be followed, namely " those children whose home are close to the Institution should attend as day pupils and the more distant ones should be enrolled in residence". This policy has been so often put forward with out due regard to all the facts that I think it should be said perfectly frankly that it is an impossible one. There are not more than half a dozen homes with in reasonable distance of the school and the children of these homes except for two or three months in the winter time are for the most part like their parents nomads.

There is no hope here of dealing with the situation on the day school basis.

I would request the department to ascertain through the local Agent the situation as it now confronts us.

Your obedient servant,

Edgar J. Staley

INDIAN OFFICE

At Morley, Alberta.

2-422

January 25th. 1927.

Sir,

Referring to your letter, file #44-119, dated 15th. ultimo, I beg to inform you that Mr. Staley, the Principal of the school here, brought me a letter from the Department to Mr. Ferrier regarding day pupils attending the school.

As I stated in my letter of the 4th. instant, there have never been any day pupils attend since the new school was opened. The church is being used as a classroom, there being no provision made for one in the new school. Half of the pupils attend the classroom in the morning and the other half in the afternoon, the church not being large enough to hold all at one time, and the children are not getting the schooling they should; so you can see how utterly impossible it is to take in any day pupils. There should be another classroom and also another teacher.

I have spoken to parents whose children have not been able to get into the school, suggesting that they send their children to Edmonton but they refuse. They do not object to their children going to school but they do not want to send them off the reserve.

Your obedient servant,

Indian Agent.

The Asst. Deputy & Secretary,
Department of Indian Affairs,
OTTAWA.

Ottawa, February 1, 1927.

Reverend Sir:

I have your letter of the 26th ultimo and I note that it is not possible to secure a regular attendance of any day pupils at the Morley Indian Residential School. Mr. Indian Agent Pringle, as well as yourself, has indicated that another classroom is needed and I have made [illegible] for our Estimates for the coming fiscal year in this connection.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Ottawa, February 1, 1927.

Sir:

I have your 2-422 of the 25th ultimo and I note that another classroom is urgently required at the Morley Indian Residential School. The Rev. Mr. Staley has also written and he indicates that there are not a sufficient number of children, regularly living at home, close to the school to warrant a class for day pupils. I have made a note for future estimates in connection with the classroom requirement.

Sir,

In reply to your letter, file No.119-1-1, dated the 1st.instant, I beg to inform you that no class room is required for day pupils. The expenditure for this would not be warranted as their attendance would be very irregular, but additional class-room space is required for the pupils now in residence at the new school, as they only receive half-day tuition each under the present system.

I am sent herewith plan of residential school for your approval.

Your obedient servant,

R. Rundle

Indian Agent.

Sir,

I beg to report that on the 13th.ultimo pupil Isaiah Crawler,No.5 of the Indian school here,fired the school building by placing paper chips and wood on the coal bin in the basement and setting a light to same. That when the fire was noticed the flames were spreading across the wall on the southwest side. The staff put the flames out before further damage was done.The pupil escaped from the school but was brought back on the 19th.ultimo by two Indians .

On the 22nd.ultimo I held an investigation at the school as the pupil, Crawler,claimed that four other boys knew that he was going to light the fire. This turned out to be true.

The Principal of the school severely punished the boys and Isaiah Crawler was sent to the Edmonton school on the 23rd.ultimo. He is one of the biggest pest of the school.

Your obedient servant,

R. Rundle

Indian Agent.

IN YOUR REPLY REFER TO

No. 409-11 KD

REGINA, SASK., Feb. 10th, 1988.

Dear Mr. Graham:-

I have the honour to report on the Indian Residential School at Morley. Just before I arrived there they had an epidemic of Influenza at the school and practically all the children had been sick. Two boys took Pneumonia and one of these died, but the other was on a fair way to recovery when I left and the other children were all up and around before I left the Agency. A special nurse came up from Calgary and was still there when I left.

The Indians were all excited over the sickness and seemed to blame the school authorities, and some of them were very bitter against the Principal. They presented me with a letter and petition. You will admit the letter has not very much meaning to it, but they persisted that it go forward to the Department, and I would ask the Department to acknowledge the receipt of same through the Agent. I met the Chief and Councillors and enquired into their grievances. They seemed to be under the impression that they had a say in the management of the school, and further, that they were barred admission to the school when their children were sick. I informed the Indians that they could not possibly have any say in the management of the school as the Principal was responsible to the Department, but that they could always put their complaints before the Agent or the Inspector when he visited the Agency. I enquired into the matter of them

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 2)

www.collectionscanada.gc.ca

always allowed to see their children if they are sick, and any time the parents come around, when the children are not in school, they are allowed to see them, so the Indians have no ground for complaint in this matter. I went over the school and saw the children, and in my opinion, they are well fed and well cared for. The mistake that was made, which probably brought about the colds, was that the children were allowed to go out with their parents to a feast held between Christmas and New Years, and the weather being extremely cold, a number of the children caught colds, and naturally it soon went through the school. The Principal admitted this, but the parents are just as much to blame, as they went and got the children and everything would probably have been well if the weather had been a little milder. However, it is most regrettable that a death occurred.

Extract 150-37

You will note that in the last part of the letter handed in by the Indians, they state "for we want "a preacher that is honest and true to the Indians". Some of the Indians made the remark that they could not listen to a preacher they did not believe in. I told the Chief and Councillors that I was quite satisfied with the way in which the school was being managed and that I intended to report that way to the Department, but if they were not satisfied with the missionary part of Mr. Staley's work, they had better take the matter up with the Rev. Mr. Barner, Western Supt. of Missions, and the Rev. Mr. Ferrier, who is, I believe, still Supt. of the Methodist schools that went under the Union. ~~I also told them that as far as the school~~ work was concerned, I was quite satisfied that it was being carried out to the satisfaction of the Department.

I have the honour to be,

Sir,

Your obedient servant,

Inspector of Indian

1st report.

I have the honour to report that on the 17th inst. Rev. E. J. Staley principal of the Indian residential school Morley, Alta. reported to me that a fire had been located and extinguished in the basement of the school on the night of the 16th inst. Upon some of the boys being questioned by Mr. Staley the following morning, they stated that the above named had been the one who had started the fire.

Upon making investigations in connection with this matter I took down the following statements:-

MacFarlane Dixon stated :- " I am a pupil in the Indian residential school at Morley, on the 13th. inst. Isaiah Crowler asked me to help him to burn down the school building, he spoke to me several times about burning down the building, but I did not help or see him set the fire"

Steintauer Bar stated :-"I am a pupil in the Indian residential school at Morley. On Sunday the 16th inst. Isaiah Crowler told me that he was going to make a fire in the corner of the building in the coal bin, he asked me to stay on the steps and look out for Mr. Candy and let him know if he was coming, but instead of staying on the steps I went down to the barn. I did not see Isaiah start the fire."

Horace Rider stated :-"I am a pupil in the Indian residential school at Morley. On the 16th inst. before going to Sunday school Isaiah Crowler sent me to Dick Ames for some matches. I went to Dick Ames who was in the barn and got some matches from him and gave them to Isaiah. After Sunday school Isaiah told me that he was going to build a fire in the Coal bin, and not for me to tell anyone. I did not see Isaiah start the fire, the first that I knew of the fire being lit was with the fire alarm ringing".

Dick Ames stated :-"I am a pupil in the Indian residential school at Morley. On Sunday the 16th inst. Isaiah Crowler sent Horace Rider to me for some matches which I gave to him. Before Sunday school I saw Isaiah put some wood in the corner of the building in the coal bin and put some coal oil on it, he noticed that I was watching him and told me to get out of the building. After sunday school all the other boys went up stairs to take off their clothes, Isaiah went into the coal bin and I followed him, he told me if I did not get out he would hit me. I then went up stairs and in a short time the fire alarm was sounded".

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

On the morning of the 17th inst. Isaiah Crawler, age 16, ran away from the school, and upon making enquiries as to his whereabouts, James Rider, Stoney Indain, informed me that on the night of the 15th inst. Isaiah Crawler had come to his camp and had left soon after he had arrived, saying that he wanted to return but did not like the Police to take him back. Rider stated that he expected Crawler would return to his camp again that night the 19th. and requested that he should return him to the school. As there was no charge laid against Crawler I informed Rider that it would be in order for him to bring him Isaiah in, which he did accompanyed by George McLean on the 20th inst.

On the 21st inst. Mr.Pringle, Indian Agent, Morley, Alta. had Isaiah Crawler brought before him in the office of the Indian School, and questioned him regarding the fire. Crawler stated that he had started the fire at the instigation of three other boys, namely. Steintauer Lar age 14, Horace Rider age 10 and Dick Ames age 12, saying that if the school burnt down he would not have to attend school anymore. Mr. Pringle then questioned the other three boys mentioned, and with the exception of Dick Ames they denied having anything to do with the fire. Dick Ames stated that when he gave Horace Rider the matches for Isaiah, he knew what Isaiah wanted them for but was to afraid of Crawler to report same.

After Mr.Pringle had questioned the boys he ordered Rev.E.J.Staley, principal of the school to punish Isaiah Crawler by giving him 12 strops, 6 on each hand, and that he be sent to the Indian residential School at Edmonton. At this time I enquired from Mr. Pringle if he did not intend taking criminal action against Crawler for attempt of Arson, he informed me that he did not intend taking any criminal action until such times as he heard from the Department of Indian Affairs at Ottawa, as he had reported the matter to them, but it was quiet in order for him to have Isaiah punished by Mr.Staley under the regulations relating to the Education of Indain Children.

I might state that Isaiah Crawler's Parents who are camping four miles west of the Bar-U Ranch were not informed that Isaiah had attempted to burn down the school and were not consulted in this matter.

Mr. Staley did not carry out the Agent's orders regards to punishing Crawler, but took him to Calgary on the 22nd inst. handing him over to the Principal of the Indain residential school of Edmonton that point.

SCHOOLS BRANCH FEB 23 1928

Dear Mr. Scott:-

I am enclosing herewith a report on the Morley Indian Residential School which was inspected by Mr. Christianson a short time ago. I am quite satisfied that the epidemic referred to was nothing more than a mild form of 'flu' which was brought about by the unusually mild weather at this time of year and it is not the old 'flu by any means. The death which occurred is the first one that has taken place since this school opened and I can understand the Indians feeling as they do and they are only too prone to complain, no matter how much a person might do for them. I have every reason to believe that the Principal went out of his way to care for the children during the epidemic. I pay very little attention to the complaints made by the Indians regarding Mr. Staley in the attached memorandum.

Yours very truly,

W. M. Graham,
Indian Commissioner.

Sir:

I have been directed to acknowledge receipt of your No. 409-11 of the 15th instant, enclosing the report of Mr. Inspector Christianson on his inspection of the Morley Indian Residential School. The Inspector's remarks regarding the recent epidemic of influenza at this school have been noted.

We are communicating with the local Indian Agent regarding the petition from a number of the Indians on the Stony Reserve who complain of the management of the school.

Your obedient servant,

A. F. MacKenzie.

119-1-1.

Ottawa, February 23rd, 1928.

Sir:

The Department is in receipt of Mr. Inspector Christianson's report on his recent inspection of the Morley Indian Residential School. A petition was also forwarded by the Inspector, which is presumably signed by a number of the members of the Stony Reserve, regarding the management of the school and the care received by the pupils during the recent epidemic of influenza which resulted in the death of one of the pupils.

You will be good enough to inform the Indians interested that the Department considers that the pupils at the school are receiving every care and attention from the Principal and staff and is quite satisfied with the way in which the school is being managed. The Inspector states that during the epidemic of influenza the children who were sick were given every attention, and while the death of the boy is regretted, it is considered that it was through no lack of careful nursing, as, we understand, a special nurse was engaged to assist the school staff.

Your obedient servant,

D. J. Macdonald

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir.-

It is reported to me by Rev. Mr. Staley that the average attendance at the Indian Residential School at Morley has been 63 for the past three quarters. Is the Department allowing the grant for the extra three pupils? By doing so, the Department will assist the management as we find it a difficult school to finance.

Yours respectfully,

T. Ferrier

The United Church of Canada

Board of Home Missions

REV. COLIN B. YOUNG, D.D.
ACTING SECRETARY

TORONTO 2, ONTARIO

Duncan C. Scott, Esq., Litt.D., F.R.S.C.,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ontario.

Toronto,
May 10,
1929.

Dear Dr. Scott:

Ever since the opening of the Indian Residential School at Morley, Alberta, an overdraft of $1,000.00 has been carried at the bank. In addition to this another deficit of $500.00 accumulated during the past year.

It was agreed at the recent meeting of our Sub-Executive Committee that the Home Mission Board make provision for this recent deficit of $500.00 and at the same time it was resolved to ask the Department of Indian Affairs to take care of the $1,000.00 overdraft which has been carried at the bank since the opening of this School. We hope you will see your way clear to grant this request as this deficit has greatly hampered the financing of this institution.

The recent deficit of $500.00 is accounted for by the fact that the per capita grant applies only to sixty pupils while last year we had in residence sixty-three or more Indian children. The Board of Home Missions is now making the additional request to your Department that the number be increased from sixty to sixty-five children as there has always been a number of children waiting for admission.

Hoping that you will be able to consider these requests most favourably,

I am,

Yours most faithfully,

Colin B. Young

May 13, 1929.

Dear Mr. Young:

Replying to your letter of the 10th instant, I regret that there are no funds to pay the deficit incurred in financing the Morley Indian Residential School. In order to assist in the financing of the school, the Department might favourably consider providing a day school grant towards a teacher's salary at the rate of $75 per teaching month. It is doubtful if there is accommodation for more than 60 pupils, as per the requirements with regard to air space in dormitories and classrooms. However, I will have enquiry made in this connection, and further consideration will be given to increasing the pupilage.

Yours very truly,

Duncan C. Scott

RECORDS

MORLEY, ALBERTA

May. 13. 1929.

The. Sect.
Dept. Indian Affairs.
Ottawa.

Dear Sir;

The attention of your Dept. is respectfully requested to a situation that has arisen at our school. When our class rooms were erected and opened early this year a second teacher was employed with a view to our opening day school facilities for Reserve children who were unable to enter boarding school.

Some negotiations I think were carried on with your Dept. relative to this by Rev. F. Ferrier, our Supt. of Missions and I am referring to the matter because of his regretted and enforced retirement through illness. I think too that Dr. Harvey the acting Agent here had some correspondence with you in this respect too.

Day school was opened during last quarter and 23 day pupils were enrolled. A report submitted to your Dept. with the Residential School quarterly returns shows that there was an average attendance of day pupils during last quarter of 8 .26 and this average has been maintained. There is every reason to expect that this work will grow and that for at least seven months in the year a respectable day school can be carried on. I hasten to add that the second class room is not occupied altogether by day pupils but that it is used also as a junior room for our boarding school children and much more effective work is the result.

We have been giving the day pupils a hot meal at noon with our own children and during last quarter 132 meals were served. It was intimated to Dr. Harvey that the Dept. would only consider giving a grant of five cents for each meal served. The cost is nearer fifteen than five.

Would you then be good enough to consider whether all or part of the teachers salary could be paid by your Dept. and whether some adequate payment could be made in lieu of the meals provided. It is an extremely difficult proposition to finance our activities here. It is costing in addition to the per capita grant $6000.00 a year to carry this school on. .

I beg to express appreciation of all that has been done for us in the past.

Your obedient servant,

Edw Staley

Ottawa, May 22nd, 1929.

Rev. Sir:

I have your letter of the 13th instant, with reference to the carrying on of day school facilities for reserve children who could not be accommodated at the Morley Indian Residential School, and requesting that the Department consider assisting the school to the extent of providing for the teacher's salary.

In this connection I have to inform you that, in a recent communication from the Acting Secretary of the Board of Home Missions, United Church of Canada, he requested payment of the deficit in the management of the school, and he was informed that there were no funds provided for the purpose, but that, in order to assist in financing the school, the Department would favourably consider providing a grant towards the teacher's salary at the rate of $75 per teaching month from the beginning of the present fiscal year, viz., April 1st, last. This grant will be paid upon receipt of the usual quarterly returns showing the attendance and days taught. These returns should not include the names of any of the children enrolled at the residential school. You should see that these returns are prepared on the forms for that purpose and forwarded to the Department at the end of each quarter.

In view of the grant allowed towards the salary of a teacher, the Department is not prepared at the present time to provide any part of the cost of supplying a midday meal to the pupils who attend the day school.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Reverend Sir:

The Department is desirous of learning if the older girls at the Morley Indian Residential School are being trained in milking cows. As most of the graduates of your school will return to reserves that are largely farming communities, it is very important that the girls be fully competent in this particular. The Department expects that the older girls, under proper supervision, will be given a course of instruction in milking, and I shall be pleased to learn that suitable arrangements have been made.

The Supt.
Dept. of Indian Affairs
Ottawa.

Re. 170-2. May 23. 1929.

Dear Sir;

Replying to yours of the above I beg to furnish the information you request. The floor space of our dormitories is as follows.

The (2) Dormitories 40 x 30 = 2400 sq. ft. x 2 = 4800 ÷ 5 = 960 persons
The (2) Dormitories 25 x 25 = 1250 sq. ft. x 2 = 2500 ÷ 5 = 500 "

These figures give no indication of the air space available for sleeping children for the large attic running the whole length of the school and used for no purpose but storage measuring (80) x (40) and 12 ft. high over most of the school could be made available as an added air supply on both sides of buildings by the placing of vents or gratings in the ceiling.

I may say there is not the slightest difficulty in ventilating effectively the buildings even when it is closed up tight. The central ventilating shafts work perfectly with the result that fresh air circulates all through building.

The dormitories having outside windows on two sides of building can ~~store~~ in addition fresh air direct from outside by a mere regulating of the double windows that on the building.

I am Sir,
Yours obediently,
Edgar J. Staley

Re [illegible] May 28.

Dear Sir;

Replying to yours of the above date I beg to state that we have not been giving instruction to our older girls in the matter of sewing. I frankly confess that I do not know why the matter has been allowed to slide. Your letter and your reasons for the request are so very logical and express such a real truth that I have my nerves what is worth while to explain the lack of this instruction. I shall make arrangements to carry out your wishes.

Arising out of this would it not be well if your Dept. furnished us from time to time with a list of activities and of suggestions re activities that come from your wider knowledge of what is being done at other schools. It could come from your dept. such could then from any place else and I think that many principals would appreciate such information. Many of us are there from sewing but we simply fall down in our work for lack of knowledge of the desires of the Dept.

This is not stated in any spirit of complaint . Your attention to our requests is more than appreciated but personally I would like to see other steps taken to bring us into closer contact with your wishes and desires.

[illegible]

Reverend Sir:

I have your letter of the 4th instant, with reference to instruction to the older girls of the Morley Indian Residential School in the art of milking cows. I note, with satisfaction, that you are making immediate arrangements in this connection.

I regret there are no printed instructions to principals of Indian residential schools. The activities at our institutions are so many and so varied, because of the geographical and other differences, that it would be extremely difficult to prepare a satisfactory table of instructions. Principals are expected to arrange whatever vocational, academic and spiritual instruction will be in the best interests of the pupils when they return to their own communities. Departmental officers with whom you are in touch will be glad to discuss the work at any time, and, if there is any particular phase of the activity concerning which you would like advice, you should not hesitate to address a letter to the Department.

Indian Residential School
United Church of Canada
Rev.E.J.Staley,Principal

Morley,Alta.Sept.17th.1931

Mr. R. Hinton,
Indian Agent.

Dear Sir,

Would you be good enough to consider, we sincerely hope favorably, and to pass on to the Indian Department a request that the old Hospital building at Morley be used by the Residential School for extra dormitory accomodation.

The main building is crowded to capacity, children are sleeping in my own home, and there are at least a dozen small children who could and would be at school if there was room. We cannot discharge any older children we have not any more than enough to carry on our work, we have not a boy over sixteen and only a bare half a dozen over fourteen. Our girls are the same with most of them around or under ten years.

If the Department see fit, and it is an emergent request, to grant us the use of the building no great expense will be involved for the building is in much better shape than when we used it last for school purposes. The cost of equipping would be one hundred dollars for beds for twelve children. Heaters are available.

We would undertake to put an extra number on the staff who would sleep in the building with the children. All activities of children would be carried on at the main building. We would request, of course, the regular per capita grant for the extra children. Trusting you will see your way clear to help relieve a pressing situation.

Yours truly,

(Signed) E.J.Staley

REGINA, SASK., September 22nd.1931.

Sir:-

I am enclosing herewith a copy of a letter received from Indian Agent Hinton, together with copy of letter referred to therein, with reference to the occupying of an old building on the Stony Reserve, formerly used as a hospital, for the purpose of providing the school with extra dormitory accommodation. While on the reserve a short time ago Mr. Staley discussed this matter with me, and I asked him to put his request in writing.

I am of the opinion that perhaps $100.00 would put the building in shape, and the only extra cost, above this, would be for beds. It seems wrong that the Principal should be housing pupils in his own residence.

I shall be glad to hear from the Department regarding this matter.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

Ottawa, September 30, 1931.

Sir:

I have your 409-11A of the 22nd instant, with enclosures, concerning adding to the accommodation in the Morley Indian Residential School. The maximum accommodation in the main building is 65 pupils and grant for this number only is provided. There is no merit in the Principal putting pupils in his own residence or another building, as there are no funds to pay any extra grant. Mr. Staley should seriously consider arranging to send some of the pupils from the Reserve to the Edmonton Indian Residential School, where, I understand, there are a few vacancies.

Your obedient servant,

Mr. Duncan C. Scott,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Canada.

Dear Sir,

Re. Stoney Indians, Morley.

There is situated on the Morley Reserve an old building known as the "hospital building" which was formerly used by the Indians on this Reserve. At a later date, I believe, it was used by the Mounted Police . It has been vacant for the past year.

I have been requested to see if it is possible to get the use of this building for a dormitory for the children attending the school at Morley. I understand that there are at least fifteen children who have made application for admission into the school, but such admission had to be refused on the ground that there was not sufficient sleeping accommodation.

I have interviewed the Rev. Mr. Staley. He advises me that the building at the present time is in a reasonable state of repair, that it would be admirably suited for a dormitory, and that he could take in at least fifteen additional children if such a building were available for such purpose. He estimates that $100.00 would provide sufficient beds and put the building in a fit state of repair. He is anxious that this building should be available at the earliest possible date. I would, therefore, appreciate if you

Mr. Duncan C. Scott,

would arrange for the use of this building by the Stoney Indians from the date hereof until, say, the first of July, 1932. Mr. Staley advises me that the Indians have agreed to supply sufficient wood, and that he will undertake to keep the building in a good state of repair.

It seems to me that the building would deteriorate less by being used than it would be remaining idle. Should you be able to grant this, I would appreciate if you would advise Mr. Staley at the earliest possible date.

I also wish to take this opportunity to thank you and those under you for the assistance you have given in the past year to help the Stoney Indians.

It is just possible that this application should have your agent's approval and should come from the United Church in Toronto. I am sending a copy of this letter to each of them for their approval.

Yours faithfully,

M. S. Peacock

Deputy Superintendent General,
Department of Indian Affairs,
Ottawa.

Dear Mr. Scott,

I beg to acknowledge receipt of your letter of the 2nd of October.

When I was in Morley a few days ago I took a look over this building. I think it is in pretty fair state of repair at the present time. I noticed there was a large stove in it, which I think would be sufficient to heat the building. Mr. Staley assured me that the Indians would supply the wood required to heat the building, that he had an excellent crop of vegetables which he could use for the children, and that he was satisfied he could get enough subscriptions to make suitable sleeping accommodation in the building for this year. If the Department could see its way to give us the use of that building in its present condition from now until the first of July next year, I am satisfied that we could take care of from fifteen to twenty children with very little additional expense.

I also note your remarks regarding some of the Indian children on this Reserve going to Edmonton. I quite appreciate that in an ordinary case that would be the common sense thing to do; but from my experience the Indians are just like big children. They will not consent to their children being sent away. If we get them away, it will mean that they will be away a few months at school; then when they come home at Christmas, their parents will not let

Deputy Superintendent General,

them go back. At least, that was the experience we had years ago when we tried to get the children to go to the Edmonton School. My recollection is that owing to failure of the Department to recognize that the Indians themselves were but children and to bad advice giving to the Indians, it practically meant that these children had no school for years. I am not blaming any one for this. I do not know, except from hear-say, what the real facts were, but I think my guess would probably be correct when I say that the Indians themselves were only to blame.

The Rev. Staley may be out-spoken, but I am satisfied that he has the welfare of the Indians at heart, and that he is doing a wonderful work among them.

If I understand the situation correctly, if we send some of these Morley children to Edmonton, the Government will pay the extra per capita tax for the children going to Edmonton. Personally speaking I cannot see why this per capita tax should not be granted in the event of the children going to the Morley school. I quite realize that money is very scarce, but I do believe that even if we cannot get the per capita tax, we can finance it for this year, if you could see your way clear to give us the use of this building for the next few months.

Yours faithfully,

MSP/A

October 21, 1931.

Dear Mr. Peacock:

I have your 1804 of the 9th instant, in further reference to taking in additional pupils at the Morley Indian Residential School. I suggested that some pupils be sent to our institution at Edmonton, because they are not yet up to strength and there is proper accommodation there. Surely a few orphans and others, whose parents would agree, could be transferred.

It must be remembered that the Department is associated with the Missionary Society of the United Church in the conduct of the Morley School. When it was erected, the intention was to provide accommodation for not more than 60 or 65 and that, as far as possible, the school was to be a "Feeder" for the Edmonton Indian Residential School. The Department cannot consider any change in policy unless the Church authorities so desire. In any event, at the present time, there are no funds to increase either the pupilage or the accommodation at Morley.

Yours very truly,

Duncan C. Scott

November 3, 1931.

Dr. Duncan C. Scott,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Canada.

Dear Dr. Scott,

Many thanks for your kind letter herein. I forwarded it on to Mr. Staley. He now realizes that under the existing circumstances, it is difficult to do anything for this year. He is, however, still in hopes that we can do something to take care of some of the children on the Reserve. I appreciate very much the trouble you are going to in regard to these Indians.

As I see it, the following facts have considerable to do with the Indians. The Stoney Indians came here many years ago, probably from the shores of Lake Huron. They have a different dialect, and in other ways are quite different from the rest of the Indians on the western plains.

The Cree language is spoken solely in the School at Edmonton. Should the Stoney Indian go to that School, it would be almost as strange to him as going to a White School, or as sending a French Canadian child up to Western Canada.

In any event, all the larger boys are being let out of the Morley School to make room for the smaller ones. I am satisfied if we attempt to send any of these children away to Edmonton, that it will cause a lot of uneasiness in the minds of those who have younger children going to the School. Ordinarily speaking, your suggestion of sending them to Edmonton would be the proper thing to do, but from my point of view, it will probably do more harm than good to attempt to do so.

Dr. Duncan C. Scott,

I also think that we can always approach a subject better by knowing the man who is in charge. For an example, the Rev. Staley was probably the greatest football player the Old Country ever produced. While he was in University, he was the champion boxer in Western Canada. He is a wonderful man; a little out-spoken and head-strong, but he has a heart of gold. He is as honest as they make them. I am satisfied he is doing excellent work among the Stoney Indians, and that he is spending nearly half his stipend in assisting them.

I have tried, and I think with some measure of success, to have him view this from the Department's standpoint. Things are going very well at the Reserve, but I think we could make certain changes which would be a wonderful improvement.

There are practically 625 Stoneys. Around 125 are at Nordegg, and 500 on the Reserve at Morley. They have an Indian Agent, who has had little experience with Indian work. I believe he is doing the best he can, but I feel that he is not giving satisfaction to the Indians. They also have employed an Indian by the name of Dan Wildman to act as stockman. Dan gets $60.00 per month. From reports, I gather that he knows about as much about stock as the ordinary Indian child. In any event, he is a local man, and the Indians are very much dissatisfied with both Wildman and the agent. Remember, I do not say they are justified, but I am telling you facts. The agent gets around $1900.00 a year and everything found. The nurse, I believe, is paid around $140.00 per month, and the Doctor gets $600.00 per year for his work. The last two are a charge on the Indian Fund. The Clerk, who is about to retire, gives wonderful service.

My idea is that the personnel of the staff should be entirely changed. I would recommend putting a medical man in as agent. Hinton could be transferred to another Reserve. I would also recommend that the new Clerk who is appointed

Dr. Duncan S. Scott,

should be a practical stockman; and that you continue on the nurse, but that she take her instructions from the Indian Agent, who would be a medical man.

There has been considerable in the newspapers in regard to the disease known as Trachoma among the Indians. I do not believe this disease is nearly as serious as the newspapers make out. I understand that some years ago, a doctor by the name of Wall made an examination on the Morley Reserve; that he examined 250 Indians, and that out of these 250, 129 were suffering from Trachoma. There has been several examinations since then. Some physicians call it "granulated eyelids", while others have another technical name for it. The Alberta Provincial Health Officer has examined them, and I understand pronounced it Trachoma.

From inquiries I have made, I believe that this disease can be practically stamped out within six months or a year if proper precautions are taken. My suggestion would be that after the re-organization as above suggested, the old Hospital be opened and the Indians receive regular treatment from the nurse and the agent. I understand that in a very few instances will it be necessary for the Indians to remain in the Hospital any length of time. Most of them can be treated in their homes. I am quite frank to admit to you that I am not in a position to give advice along this line. I am only a layman, but I am greatly interested in the Indians. I try to help them as best I can. I believe that if you look into my suggestion, you will find in the end it will work out to the interest of all concerned.

I have been associated with the Indians long enough to realize that it is difficult to know just what is best for them. If, after investigation, any of these suggestions meet with your approval, I will be well pleased.. On the other

D.L.A.

November 17, 1931.

Dear Mr. Peacock,-

I have to thank you for your letter of November 3rd, to the contents of which I have given careful attention.

I think we mutually understand the school question on the Stony reserve, and I hope when things improve that we may be able to provide educational facilities on this reserve that will meet all the needs of the case. I share your good opinion of the Reverend Mr. Staley.

As regards the arrangements you suggest, I may remark that Daniel Wildman is not a stockman, but an interpreter. He has no duties whatever in connection with the cattle. The Agent is himself expected to look after the cattle industry.

We have several Agents who are also Physicians and whose duties are dual,- that is administrative and medical. As you know, Doctor Murray at the Sarcee Reserve is one of these and we have two in the north, at Fort Resolution and at Fort Simpson. Dr. O. Bourget is at Fort Resolution and Dr. W. A. M. Trussedell is at Fort Simpson. We have also Dr. W.L.Tyrer at Moose Factory, James Bay Agency, Ontario. It might eventually come to the establishment of such a position at the Stony Reserve. I should like, however, to leave that matter in abeyance for some time.

As you note, the question of Trachoma on the reserve has come up for public discussion and that question must supersede all others at the moment. I am making arrangements which I hope may be successful to send an expert to the reserve, and we will rely on his experience to deal as effectively as possible with the situation.

Thanking you again for your letter, and with kindest regards, I am

Yours sincerely,

Duncan [illegible]

INDIAN CHILDREN AT FESTIVAL

For the first time in the history of the musical festival, Indian children sang in the school chorus competitions, Monday afternoon at Central church. Three choirs were presented in the contests by George E. Bower, when they won high praise from Adjudicator Maurice Jacobson, for musical instinct and great possibilities for musical achievement. In music, these children find a common interest and enjoyment, and singing is a popular subject in the curriculum.

Included in the picture, which shows the children taking part in these choirs are, top row: Mrs Leppard, Rev. Staley, the Morley missionary; G. E. Bower, conductor, and Eugene Leppard.

Libby Baptiste, Violet Poucette Mary Lefthand, Flora Twoyoungmen.

Cora Poucette, Mildred Kootenay. Christine Twoyoungmen, Mary Mark, Caroline Wesley

Annie Hunter, Edna Labelle, Lena Amos, Christine Salter, Jean Bearspaw.

Evelyn Poucette, Elsie Ear, Lily Wildman, Joe Kootenay, Frank Powderface.

Annie Crawler, Tina Wildman, Dorothy Rider, Gordon Labelle, Leah Tym, Arthur Tym, Ruth Salter, Elsie Baptiste, Anna Crawler, John Stevens, Willie McLean, Bert Wildman, Stanley Rollinginmud, Evelyn Stevens, Frank Kaquettes, Sam Powderface.

School Children Meet On Common Ground of Festival Competition

Calgary Daily Herald Story 10 May 32

Indian Schools Represented In Colorful Choral Contests, Monday

Children from the Morley Indian reserve met with pupils from town, village and city schools on Monday afternoon's festival, platform for competitions which were followed with keen interest by a large audience. Maurice Jacobsen, adjudicator, paid glowing tribute to the musical instinct and potentialities of the Indian school pupils from Morley. The afternoon session was featured by public school choruses in all grades up to VIII, part songs and choruses by rural, town, village and city schools, and action songs which proved wholly delightful for audience and competitors alike.

For many of the out-of-town children, the day's offer of a street car ride around Calgary proved enticing, but not so for the small Indian children from Morley reserve, who, when invited to enjoy the city's attraction, actively declined, saying they preferred to remain at the festival hall and hear the other contests. Mr. Jacobsen, in remarking upon their choice, said: "These Indian choirs are at the beginning of great things and their natural musical instincts cannot be overestimated."

Black Diamond school children, led by George E. Bower, won many honors in competition during the day. Morley Indian school grade IV and grade III secured 80 marks each in their classes, when they were granted a special hearing on Monday afternoon, after having been unable to reach the city in time to participate with regular contestants in their class earlier in the day. McDougall school grade IV with 85 marks, and Black Diamond grade III chorus, with 87 marks, were still in possession of first honors in these classes, final results showed.

Hillhurst school grade I chorus which sang on Monday morning, was praised for the splendid spirit of its singing, and granted 83 marks to place first in this class.

Black Diamond chorus grades I and II, scored again when it won first place in its class with 86 marks, singing a charming "wind song" prettily descriptive and imaginative. East Ward public school chorus from High River was second with 82 marks. There were only two entries.

Massed Choirs

Victoria school choir, led by Miss Alice M. Brown, secured 83 marks in grades II and III competition, while Hillhurst choir in grades III and IV won its contest with 80 marks. Mayfair school choir, led by Miss Dorothy Lee, grade V, Victoria school choir, grade VI, and Mayfair choir, grade VII, were awarded 80 marks each. The judge, in giving his reasons for awarding the same marks to the three choirs, stated that the performance of the three had been so nearly equal that he could not give a preference to any one of them over the other. [illegible] was the only one in its class, for which there was no competition.

Black Diamond grade V and VI chorus was the last of the school choirs to sing, and it was a pleasure to listen to [illegible] Turner Valley choir, which was the second to sing, [illegible] Mayfair school choir from grades VI and VII was awarded 80 marks for [illegible] performance of the two [illegible] by [illegible] and [illegible] Victoria school choir, grade VI, was awarded 80 marks for its singing of "Sweet and Low" and "Lullaby" by Brahms. [illegible] Mayfair choir, grade VII, was awarded 80 marks. The judge, in giving his reasons for awarding the same marks to the three choirs, stated that the performance of the three had been so nearly equal that he could not give a preference to any one of them over the other. [illegible] was the only one in its class, for which there was no competition.

Children of all three choirs [illegible] certain civility was offered in the public school choruses from rural schools. Mr. Jacobsen led all the three contestants which included the town North Turner Valley, High Diamond and Turner Valley school choruses, tied for second place with 80 marks. This was not at all a bad place, however, the adjudicator considered, as competition Glenwood school, also led by Mr. Bryant, secured a total of 100, as the only entrant in the town and village school classes singing a cappella and "The Bells of St Michael's Tower."

"One must consider entrance and exit as part of the whole action song," Mr. Jacobsen said in offering his adjudication on the rural, town and village school entered in the action choruses. Black Diamond school led by Mr. Bower, with 85 marks, Turner Valley school was second with 80, and the Morley Indian school and the East Ward public school, High River, tied for third place with 80. East Ward public school, High River, was the only other competitor, a close fourth with 84 marks.

Amusing Songs

Rideau Park grade I and Christopher Robin Kindergarten were the only entrants in the action song class from city schools, but the audience's very evident enjoyment of their performances left no possibility of doubt. Rideau Park grade I secured 82 marks and the kindergarten 90 in one of the most entertaining events of the day. The very small singers who came second did not receive a critical adjudication, "but I thoroughly enjoyed everything they did," Mr. Jacobsen afterward later.

Hillhurst grade I, conducted by Miss M. Westland gave "a really charming performance, with a delightful blend of tone and won the action school chorus for its class with 86 marks. The Rideau Park school led by Miss L. J. Glassford, was second with 82, and Turner Valley school third, with 84. Bowness Cottage school, with 83 and Ramsay school, with 82 were the other entrants.

Black Diamond school children, led by George E. Bower, won many honors in competition during the day. Morley Indian school grade IV and grade III secured 80 marks each in their classes, when they were granted a special hearing on Monday afternoon, after having been unable to reach the city in time to participate with regular contestants in their class earlier in the day. McDougall school grade IV with 85 marks, and Black Diamond grade III chorus, with 87 marks, were still in possession of first honors in these classes, final results showed.

Hillhurst school grade I class which sang on Monday morning, was praised for the splendid spirit of its singing, and granted 85 marks to place first in this class.

Black Diamond chorus, grades I and II, scored again when it won first place in its class with 84 marks, singing a charming "Wind Song," pretty descriptive and imaginative. East Ward public school chorus from High River was second with 82 marks. There were only two entries.

Massed Choirs

Victoria school choir, led by Miss Alice M. Robson, secured 83 marks in grades II and III competition, while Hillhurst chorus from grades III and IV won its competition with 85 marks closely followed by the only other entrant, Turner Valley public school chorus which secured 84 marks. The latter choirs were brought to the platform to give a thoroughly enjoyable performance of the test selection under Mr. Jacobson's direction.

Miss Evelyn Aldous leading Bow View school grades IV and V chorus, was awarded 85 marks in its class, for which there was no competition.

Black Diamond grade V and VI chorus was close behind the winner of its class with 83 marks in its competition. Turner Valley choir won this contest with 84 marks. Mr. Bower led both choruses.

Ramsay school chorus from grades VI and VII was awarded 88 marks for "a highly artistic performance" of Barnby's lullaby, "Sweet and Low," in two parts, and was subsequently announced the winner of the trophy offered by the Federation of Home and School for the most artistic performance by competitors in the grade school choral contests. Adjudicator Jacobson announced. "The best performance so far," "beautifully hushed and tender," "soft, but vital tone" were some of the phrases used by the adjudicator following the choir's performance in Monday afternoon's contests.

Criticism of all three choirs for a certain stodgily was offered in the public school choruses from rural schools. Mr. Bower led all the three contestants which graded as follows: North Turner Valley, 163; Black Diamond and Turner Valley school choruses, tied for second place with 161 marks. "This was not at all a bad class, however," the adjudicator remarked in conclusion. Gammeda school, also led by Mr. Bower, secured a total of 165, as the only entrant in the town and village school classes, singing a lullaby and "The Bells of St. Michael's Tower."

"One must consider entrance and exit as part of the whole action song," Mr. Jacobson said in offering adjudication on the rural town and village schools entered in the action choruses. Black Diamond school, led by Mr. Bower, won first place with 86 marks; Turner Valley school was second with 88; and the Morley Indian school and the West Ward public school, High River, tied for third place with 85. East Ward public school, High River, was the only other competitor, a close fourth with 84 marks.

Amusing Songs

Rideau Park grade I and Christopher Robin Kindergarten were the only entrants in the action song class from city schools, but the audience's very evident enjoyment of their performances left no possibility of doubt. Rideau Park school secured 82 marks and the kindergarten 80 in one of the most entertaining events of the day. The very small singers who came second did not receive a critical adjudication, "but I thoroughly enjoyed everything they did," Mr. Jacobson affirmed later.

Hillhurst grade I, conducted by Miss M. Westland, gave "a really charming performance, with a delightful blend of tone" and won the public school chorus for its class, with 86 marks. The Rideau Park school led by Miss E. L. Glassford, was second with 85, and Turner Valley school third, with 84. Sunnyside Cottage school, with 83 and Ramsay school, with 82, were the other entrants.

Ottawa, May 19, 1932.

Rev. Sir:

I have to acknowledge, with thanks, receipt of the copy of the Calgary Daily Herald of the 10th instant which you forwarded to me, giving an account of the musical festival competition in which the pupils of the Morley Indian Residential School met with pupils from white schools. The success which the choir from the school met with in the competition is noted, and I am glad to extend to you, the members of the staff who trained the pupils and to the pupils, themselves, congratulations on their efforts.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Rev. E. J. Staley,
Principal,
Indian Residential School,
Morley, Alta.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN YOUR REPLY REFER TO
No.....

INSPECTOR'S OFFICE.
CALGARY, ALTA. Jan. 13th., 1933.

DEPT. OF INDIAN AFFAIRS
JAN 18 1933
BRANCH

Dear Dr.McGill/

I have the honor to bring to your attention that I have just reported on an inspection of the Indian Residential School at Morley. The Principal brought to my attention, which he has on several occasions, that there are 75 children in residence in this school, and they only received a grant for 69. Five of the children sleep in the principal's home. Room for the other five additional has been made at the school, and the place does not seem to be over-crowded, as the dormitories have high ceilings and lots of ventilation.

The reason for having ten more children in the school than the grant calls for is that there are still thirty children of school age on the Reserve that we have no room for.

The parents come to the principal and request to have their children admitted into school and in this way it is often very hard for the principal to turn them down. However, he is not complaining very much.

The other matter that I wish to bring to your attention is this, that this school is in a different position from a number of others, in that, on account of the Reserve being all hills and rock no farming is carried on. There is no revenue from cattle, and all the school has to depend on to finance, is the grant, whereas some of the others get considerable revenue from their farming and stock-raising operations.

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 2)

I understand that it costs the church about $7000.00 a year, over and above the grant, to maintain this school. If after the end of the fiscal year this school could receive the grant for the additional ten children it would lighten the burden that the church is now carrying.

The church authorities may have brought this to your attention. If they haven't, I am aware that they intend to do so, and this letter is written for the purpose of letting you know exactly how the situation stands, from my point of view.

I have the honor to be,

Your obedient servant

M.C. Christianson

119-1-1.

Ottawa, January 19, 1933.

Sir:

I have been directed to acknowledge receipt of your letter of the 13th instant, regarding the number of pupils in attendance at the Morley Indian Residential School. In this connection it is noted there are 75 children in residence, while the per capita grant is allowed for 65 only. It is noted, further, that sleeping accommodation for five children is provided in the Principal's residence.

When this school was erected, it was to provide accommodation for not more than 60 or 65 pupils, and it is considered, in order to prevent overcrowding in the dormitories, that not more than 65 children should be accommodated in the building. At the present time, there are no funds to increase either the pupilage or the accommodation, and, for the coming fiscal year, grant can be provided for only 65 pupils. As the admission of any children over that number adds to the cost, the Principal should seriously consider reducing the enrolment to the number for which grant is provided. He might keep not more than three children in excess of the 65 allowed, in order that they could replace any absentees and the average be maintained so as to draw the full grant.

Your obedient servant,

A. F. MacKenzie,
Secretary.

SCHOOLS BRANCH
JUL 6 1933

Dear Mr. Sutherland: Re: Per Capita Grant - Morley Indian Residential School.

I have been thinking a good deal about the failure of the Department to include in the Estimates for the current year an amount to cover an increase in the per capita grants at Morley from 65 to 75, as was agreed upon when I was in Ottawa in February. I wish to quote from a letter which I sent to Mr. Staley following that visit:-

"Re Increase in Per Capita Grants: I visited Ottawa on February 15th and had extended interviews with the new Deputy and several other officials of the Indian Department. I spent a long time with them considering the Morley situation. I feel that there is, under the circumstances, a lot of justification for their attitude. The School was built by agreement with the former Methodist Church to accommodate 60 pupils. Gradually, the number was increased until the financing of the situation was found to be too great a burden and insistent representations were made to Ottawa to increase the per capita to sixty-five. I was faced on this occasion with the necessity of asking that the per capita be allowed for seventy-five children who are actually in residence, although - as the officials of the Department very rightly pointed out, in spite of a definite agreement limiting the number of children to sixty - the number had been gradually increased to seventy-five, without consultation either with them or with the Board of Home Missions.

"I pointed out to the officials of the Department of Indian Affairs that with a decrease in our income of at least $225,000 in 1933 as compared with 1932, we could not continue to spend almost $6,000 on our Indian work at Morley; that I could see nothing for it except to hand the school back to them and let them make the best of it, unless they were prepared to assume a more adequate share of what it was actually costing. The best I could get, however, was a promise that in the Estimates which are presumably now before Parliament they would put in from April 1st an application for per capita grants for 75 pupils at Morley.

65 @ 160.00

Increase of 10 pupils

40

"The officials who are handling the Department of Indian Affairs at the present time are worthy of our very best support and entitled to sympathetic consideration. With a budget suddenly reduced from five and a half millions to three and a quarter millions and increasing amounts being demanded by practically every Indian Agent across the whole country for relief purposes, the Schools and Medical Services Departments are having a terrible time to keep within their appropriations. I think one might very reasonably protest, as I have already done, against these two Departments bearing the brunt of the cuts and carrying the main burden of relief. With the Dominion Government spending $7,500,000 on relief across the country last year, surely the Indians should have been included, but they were not. All Indian relief came out of the vote to the Department of Indian Affairs."

You will notice that I only promised Mr. Staley that increased per capita grants would be included in the Estimates. I was, however, entirely unprepared for the news that you gave me the other day, that the total amount of the increase asked for had been struck out.

Since my return from Ottawa I have been going over the financial situation of the Morley School and can see no way in which the Board of Home Missions can increase the amount of money which it is now expending to keep this School a going concern. I would suggest that you write Dr. McGill, requesting that he make a personal investigation of this particular situation while he is in the West. He is thoroughly at home in Calgary, and, in the city itself, can obtain information from Dr. Thomas Powell, our Superintendent of Missions, whose address is - 210-2nd Ave., N.E., or from Mr. W. G. Hunt, Secretary of the Alberta Medical Association, who is a member of our Board and a personal friend of Dr. McGill's.

As you are well aware, we have had in the last four years a good many conferences with Dr. Scott and Mr. Russell Ferrier about this Morley situation, and in the final letter which Dr. Scott wrote to Mr. Staley he said that Morley was one problem which he was handing over unsolved to his successor. I am sure you realize that we are prepared to bear our full share of responsibility for the education of the Indian children in this band, which has been so difficult of approach from every standpoint. We recognize that in the last year we have made some progress both from the point of view of the Department and of the Church. We are grateful for the sympathetic and intelligent interest that Mr. Christianson, your Inspector, is taking in the problem and are hopeful that the appointment of the new Agent at Morley may be helpful.

In spite of all these facts, however, unless the Department can do something more financially than is suggested for

RG 10

C.A.D.

Ottawa, July 8, 1933.

Reverend Sir:

I have your letter of the third instant, addressed to Mr. Sutherland, of this Department, relative to per capita grant for an increased pupilage, from 65 to 75, at the Morley Indian Residential School and quoting from a letter which you sent to the Principal, regarding the matter.

In reply I have to say that, when our Estimates for the current fiscal year were being prepared, an item to provide a grant for ten more pupils was included but, owing to the need for drastic economy, was not allowed. As you are aware, the Principal admitted, without reference to the Department, ten pupils over the number for which grant is allowed. No doubt, the admission of any children over the grant-earning pupils adds to the cost. It might help to lower the cost of this school if the Principal would reduce the enrolment to the number for which grant is provided, keeping not more than three children in excess of the 65 allowed, in order that they could replace any absentees and the average be maintained, so that the full grant would be earned each quarter.

It will not be possible to provide for any number in excess of 65 during the present fiscal year. It is hoped that it will be possible to carry on with the grant provided. If not, I am not aware of any other solution than the temporary closing of the school. Should Dr. McGill, Deputy Superintendent General, who is at present in British Columbia, visit this point on his way East, he will, undoubtedly, give the situation at this school consideration.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Doctor;

I was very sorry to learn that you were in Calgary while I was away on the postgraduate tour and therefore missed seeing you.I learn however that you were so busy when you were that most of your friends are mourners like myself.Hope for better things next time.

Re Morley Indian School

As you are aware they have been carrying on there with ten more pupils,than the number for which the grant was made,and were under the impression that an additional grant to coveythe extra ten had or would be made,but are now informed that nothing is forthcoming.

Few Indian reserves have suffered more than the Stoney Reserve for practically a whole generation,were raised and passed beyond the School age without any provision for Education,and it was only recently that conditions have altered.It was impossible for the principal of the school to refuse admission to the additional children who presented themselves and were of school age,so Mr.Stayley finds himself with 75 and provision for 65 (I think these are the figures).

I have been making some investigation and am informed that there is no band more intelligent than the Stoneys,and none inside the settled areas of the Western Provinces where their reserve is endowed with less natural resources or possibilities,which would seem to be an added reason why further consideration in the matter pf Education should readily be given.

Will you give this your attention on your return to Ottawa, but perhaps Mr.Christianson will answer any questions you may ask concerning them.

I am handing this letter to him to deliver to you as we understand he is to meet you early in August.

Yours truly,

W G Hunt

August 21, 1933.

My dear Mr. Hunt:-

Replying to your letter of July 19th, I would say that I visited the Morley School early in July and went over the building in company with Mr. Allen, representative of the Treasury, for the Department of Indian Affairs.

I have been very busy since returning to Ottawa, but shall take up the matter of the Morley School with the Head of the Educational Branch within a day or two.

I was very disappointed on coming down stairs the other day to find that you had gone, as I was anxious to discuss one or two matters with you to a greater extent than can be conveniently attained in correspondence. My time was very fully occupied while in Edmonton and the only period I had to myself was one of a couple of hours on Sunday afternoon.

Yours faithfully,

Deputy Minister.

INDIAN AFFAIRS BRANCH
DEC 12 1934

Dear Sir

I am returning to you cheque addressed to Mrs Leppard formerly teacher here that came to hand. Mrs Leppard is no longer in our employ owing to ill health.

The usual procedure has been in any case to forward this salary direct to the Treasurer of the Methodist Church of Canada through whom it reached us and also forms to the teacher.

Could this arrangement be continued?

The present teacher is Miss Violet Despres.

Yours truly
E. J. Staley

Ottawa, June 29, 1934.

Reverend Sir:

The Department recently forwarded the June quarter salary cheque as teacher of the Morley Indian Day School to Mrs. Leppard. The cheque has now been returned and it is stated that Mrs. Leppard has left the school and has been succeeded by Miss Violet Desprose.

No information regarding any change of teacher at this school has been received by this Department, and I would appreciate your advising when Miss Desprose took charge of the school, also her age and qualifications.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Reverend Sir:

With reference to your recent letter, enclosing cheque issued in favour of Mrs. Leppard, I beg to say that this is the first intimation the Department has received regarding a change of teacher at the Morley Indian Day School. I am, therefore, communicating with the Associate Secretary of the Board of Home Missions in connection with this matter.

Commencing in April of this year, the Department is paying teachers' salaries monthly, and the present regulations require salary cheques to be sent direct to the teacher. The Board of Home Missions was so advised some time ago.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Mr. J. D. Sutherland,
Department of Indian Affairs,
O t t [illegible] a, Ontario.

Dear Mr. Sutherland: Re: Request for use of Morley Residential School by Alberta School of Religion

We are in receipt of two communications, - one from Rev. E. J. Staley, Principal of our Indian Residential School at Morley, Alberta, and the other from Rev. H. M. Horricks, President of the Alberta School of Religion of The United Church of Canada, with regard to the request of this organization for the use of the Indian Residential School at Morley for the holding of their annual School of Religion in the summer of 1936. It will last for ten days, commencing around the third week in August.

I am enclosing the programmes for 1934 and 1935 of this School of Religion, so that you will get an idea of the type of thing which is done. The people in attendance are all ministers of the United Church and their wives. For the season of 1936, their outside leaders will be Prof. John Line, Ph.D., of Victoria University, Toronto, and Prof. H. Richard Niebuhr, Ph.D., of Yale.

From the standpoint of the Board of Home Missions, there is no reason why the request of this group should not be granted. I wish you would discuss the matter with Dr. McGill and let me know whether there is any objection from the standpoint of the Department of Indian Affairs. Please return the enclosed programmes when you reply.

Thanking you in anticipation,

I am

Yours sincerely,

Kenneth J. Beaton

Ottawa, March 12, 1936.

Reverend Sir:

I have your letter of the 10th instant, addressed to Mr. Sutherland, of this Department, regarding the request for the use of the Morley Indian Residential School, by the Alberta School of Religion, for the holding of their annual School of Religion, for a ten day period around the third week in August, 1936.

While it is not usual to grant the use of Indian residential schools for religious conventions, the Deputy Minister, who was consulted in the matter, has approved of granting the use of the Morley School to the Alberta School of Religion for the period during which the school will be conducted at the end of August, next. It is to be understood, however, that the granting of the school is not to be taken as a precedent for future requests for the use of school properties.

As requested, I return herewith the two programmes which you enclosed in your letter.

Dr. W. Barr Murray, the local Indian Agent, is being informed of the permission granted for the use of the school. It is presumed you will advise Reverend E. J. Staley, the Principal.

Yours truly,

A. F. MacKenzie,
Secretary.

EXD.

Ottawa, March 12, 1936.

Dear Sir:

At the request of the Alberta School of Religion, and approved by the Board of Home Missions of the United Church of Canada, the Department is granting the use of the Morley Indian Residential School for the holding, by the School of Religion, of their annual convention for a period of 10 days, beginning some time during the third week in August, next. We understand that the people who will attend are all ministers of the United Church and their wives. The Church Authorities have been requested to inform the Principal of the approval granted for the use of the School for the purpose above mentioned.

Yours truly,

A. L. Mackenzie,
Secretary.

EXTRACT FROM REPORT OF TRAVELLING AUDITOR T. G. WILLIS, on MORLEY INDIAN RESIDENTIAL SCHOOL, following his visit on February 22, 1936.

Original on 119-1-24.

The salaries are shown on a yearly basis and it will be seen that the Principal is paid direct by the church and Mrs. Locke, who was formerly Miss Grayson, is paid by the Department. I believe the cheque still comes in the name of Miss Grayson and she is evidently still in the Civil Service.

EX'D.

Ottawa, March 18, 1936.

Reverend Sir:

With reference to the employment of Mrs. Gordon E. Locke (nee Miss Dorothy Grayson) as teacher of the Morley Indian Day School, the Treasury Board has drawn attention to Section 36 (1) of the Civil Service Regulations, which provides as follows:-

1. "Hereafter no married woman, whose husband is living, shall be eligible for appointment in the Public Service."

   This applies in the case where salary is being paid from Government Appropriation.

2. "Provided that, when the supply of experienced help for any particular kind of work is not sufficient to meet the demands of the Public Service, a married woman may be certified for temporary employment."

3. "Where it can be established by a married woman that her husband is unable, through illness or other cause, to contribute to her support, such married woman may be certified for permanent or temporary appointment."

In the Public Service, when a woman marries, she is required, under the regulations, to resign her position. The Department was advised of the marriage of Miss Grayson early in September, last, but did not desire to take any exception to her continuing duties as teacher and has been forwarding her salary cheques in her maiden name. However, as the Treasury Board has drawn our attention to the above regulations, it will be necessary for you to arrange for the engagement of another teacher for the coming school year. The Department does not desire to make any break in teaching arrangements during the balance of the current academic year. It will be necessary to continue to issue cheques in payment of salary in the name of Miss Dorothy Grayson.

Yours truly,

A. F. MacKenzie,
Secretary.

DEPT OF INDIAN AFFAIRS
MAR 26 1936
BRANCH

Morley, Alta, Mar 21st, 1936

Sir;-

I beg to advise you that Mrs. Gordon E. Look, of the Indian Residential School here, is now acting in the capacity of Matron, and Miss Mary Bradley is teaching in the position formerly occupied by Mrs. Look. I understand from the Rev. Mr. Staley, Principal of the School, that officially, this change is to come in effect, on the 1st April next, and that your Department has already been notified by the United Church authorities.

As advised in my letter of Sept 7th, 1935, Mrs. Look was formerly Miss Dorothy Grayson.

Your obedient servant,

Indian Agent.

Mr. J. D. Sutherland,
Department of Indian Affairs,
Ottawa, Ontario.

March 26th,
1936.

Dear Mr. Sutherland;-

RE MORLEY INDIAN DAY SCHOOL.

Miss Dorothy Grayson has resigned as teacher of the Day School on the Morley Indian Reserve. We have secured as temporary supply, Miss Mary Bradley, of Calgary, who holds a first-class Alberta certificate. Will you please see that the salary cheques for April, May and June are made out in her name.

For the academic year beginning September 1st we desire to nominate Miss Jean Telfer, B.A., a graduate of the University of Alberta, with a first-class certificate and about ten years' successful teaching experience. Miss Telfer is not only an excellent teacher - as we have tried her out before - but she is a very accomplished musician and will be a decided asset to the whole programme of the Department and the Church on the Morley Reserve.

Hoping that this nomination will meet with your approval,

I am,

Yours very sincerely,

Ernest J. Britton

Calgary, Alta., May 13th, 1936.

Dear Doctor McGill:

I have the honour to report on an inspection of the Indian Residential school at Morley.

x x x

The staff consists of Rev. E.J. Staley, Principal, an engineer, labourer, male teacher and 6 lady members. There has been only one change in the personnel of the staff during the year. Mrs. Locke, formerly a teacher, is now matron, and there is a new lady teacher on the staff. The Department have the school Inspector's report on the classroom work and I would say from my own personal observation that the teachers are quite satisfactory and are interested in their work.

EX'D.

The Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir:-

I beg to report that acting on the instructions of the Medical Health Officer here that the date of our school opening has been postponed to October 1st.

The staff had all reported for duty for the beginning of September; the necessary supplies had been put in and everything was in readiness for the school opening when it was thought advisable by the Medical Health Officer to postpone the date of opening for two weeks. An epidemic has been raging on the reserve all summer, which has been diagnosed as Black Measles. The disease is of a serious nature and has been very rampant among the children. The epidemic seemed tobe dying down when another outbreak occurred, and it has been thought wise to move the opening date until October 1st, when it is hoped the epidemic will be over.

The hospital has been filled to its utmost capacity with patients, and the school has been used as a supplementary hospital. We have had as many as nine patients here, with three members of the staff delegated to do the night and day nursing. At present there are five patients.

This delay in opening has put us to a great deal of expense,as the fall work which is usually done by the boys in the school has had to be done by hired labour.

We shall keep you advised as to further developments and the outcome of the epidemic.

Yours very truly,

E. J. Staley

Dr. Harold W. McGill,
Director of Indian Affairs,
Department of Mines and Resources,
O t t a w a, Ontario.

April 8th,
1 9 3 8.

Dear Dr. McGill:

At our recent Board meeting we had before us a resolution of the Calgary Presbytery, in which the Morley Indian Residential School is situated, asking us to approach your Department, with a view to having the full cost of Indian Education borne by the Government. I pointed out that the policy of the Department was to make a per capita grant, in addition to providing buildings, etc., and that the Churches co-operating assumed responsibility for carrying on the work on that basis. It was pointed out, however, that there was a difference in the per capita grant received by the Church for the Morley School as compared with that for the Edmonton School; and it was further stated that this seemed an unfair discrimination, in view of the fact that the School at Edmonton was provided with one of the best farms in the Province, from which a very considerable revenue was derived.

I am writing to ask that your Department take into consideration when estimates are being prepared for next year the raising of the grant to the Morley School to the same level as Edmonton, namely, $170. There would seem to be no reason, based on the cost of operation, cost of living, or any other logical ground, why the grant to Morley should be on a lower basis than that of Edmonton.

I hope this request will receive favorable consideration. I shall be glad to discuss it with you on the occasion of my next visit.

Yours very sincerely,

Dear Sirs: Re - Morley Indian Day School

I am to-day in receipt of a letter from Rev. E. J. Staley, Principal of the Morley Indian Residential School, enclosing Government cheque for $75.00, payable to Evelyn Willison, who last year was teacher of the Morley Day School. You will recall that we were notified by the Department that the grant to the day school would cease at the end of June, 1939. In any case, Miss Willison is no longer at Morley, her place having been taken by a Miss Williams. Under these circumstances, we are returning the cheque.

I should like to add, however, that if the Department could see its way to continue the day school grant for this fiscal year, it would be greatly appreciated by Mr. Staley. He states that the increased price of commodities will make financing rather difficult and this additional amount monthly would help out considerably.

Cer. 13049

THE CALGARY HERALD

MAGAZINE SECTION

THE CALGARY HERALD, SATURDAY, MARCH 1, 1941

THEY MADE THEIR OWN ARMY

Indian Girls Have Well Trained Militia

By M. H. LEPPARD
A Correspondent of the Herald

HALLS, dormitories, dining rooms and kitchens—all are still. What had resounded a moment before to the hum of girls busy at different work is now quiet. The time is 8.30 a.m.; the place, the Indian residential school at Morley.

Suddenly the peace is disturbed by a voice from the basement, which booms out "Fall in!"

Then bursts forth from the radio blowing British band music. Commands crack out and the local 'militia' is off on its first parade of the day.

Heads up, chins in, shoulders squared round and round and in and out they swing. No group of trainees puts more pure concentration into the job at hand than do these 45 girls, ranging in age from six to sixteen years. A misunderstood command, and the not always silent scorn of her fellow soldiers is many effective than the icy glare of the "major."

* * *

To those unfamiliar with life at an Indian school it may be said that while activities among the boys never presented any problem, thanks to football and hockey, getting the girls out of their shells was a real one.

Year after year they came and [illegible] bowed. As they grew older this was more pronounced; the sound of their own voice apparently bewildered them with confusion. Softball, basketball, every game was [illegible] response was half-hearted, even with the young.

Then with the war there came an idea into the mind of a 14-year-old girl, Anna Beaver. With a handful of girls she formed a little group and drilled like soldiers. They called it Red Cross, so some being found in the ranks, these were brought into the good job of sewing was done for [illegible] gradually brought [illegible] all are now expert members.

* * *

The girls have selected their own officers and the organization is entirely from the "major" in the [illegible] period. It has developed without interference from the staff. Very occasionally, when punishment is in order, depriving a girl of entering into the activities of her company for a day will do more good than a strap.

This little army is quite democratic. Privates are given the opportunity of drilling the group. Each as a 'nom de guerre.' Names are taken from Royal Canadian Mounted Police who have been stationed in Morley and vicinity, also soldiers whose names appear in the papers. They call each other by their last names, too.

In the early days of the organization it was suddenly noticed one day that the privates were doing the "major's" scrubbing trick for her. It is not known whose idea that was; however, the "major" now does her own work and without loss of dignity. It is the endeavor to feed all the children without favor, but if one should inadvertently be short, you can be very sure that the roll of an 'officers' place is untouched.

* * *

The metamorphosis of these girls is apparent in a different attitude toward other activities of the school. There is practically no trouble regarding discipline. They are reading with hearts up, in clear tones. [illegible] needs to learn when in the classroom, and a more cheerful spirit prevails.

From the health angle the good these girls are deriving is incalculable. [illegible] for living. Vigorous exercise [illegible] carriage improves health. The recent flu scarcely touched the [illegible].

A Red Cross group was formed [illegible] with some of the Stony and white women of the community meet and knit and to Red Cross work. The girls put on a card of yesterday to raise money for the Morley [illegible] with the Banks branch.

The feeling of patriotism is intense among these pure Canadians, and the desire to do more for the [illegible] is ever with them. In fact, more evident needs any one expect anyone would be over [illegible] from gentle natures.

Anna Beaver has trained her army to a nice peak of perfection. They march and drill with as much skill as a real military unit, swinging their arms in unison. They have been taught to salute correctly. They have a company bugler. The unit is graded for size, going down from the tall girls in the front ranks to the small ones at the rear. On week ends they go on long route marches. —Photo by [illegible].

Indian Girls Form Own School Corps

CALGARY, March 29 — Although never noticeable among the boys, the matter of getting girls interested in school life presented a major problem at the Indian residential school at Morley. However, all that is now changed.

After war was declared and soldiers were marching around an idea came into the mind of a 14-year-old Indian girl, Anna Beaver. Under her guidance a group of girls formed a corps and started drilling in uniforms they obtained themselves. Now every girl attending the school is a member of the brigade.

They have elected their own officers and the brigade is complete from the "major" to the "privates."

A Red Cross group was formed and once each week the girls meet to knit and do Red Cross work. Recently they staged a concert to raise funds for the Red Cross.

113-1-1

Ottawa, April 7, 1941.

Dear Mr. Staley:

I have been very much interested in an article entitled "Indian Girls have well trained Militia", which appeared in the Calgary Herald, March 1, 1941.

This newspaper article reads in part as follows:-

> "With the war there came an idea into the mind of a 14-year-old girl, Anna Beaver. With a handful of girls, she formed a little group who tried to act like soldiers. They couldn't march without a soldier's hat, so some being found in the attic, these were brought into use. A good job of selling was done, for other girls were gradually brought in until all are now ea ger members".

I am very much interested in this movement from the standpoint of physical education and in the training of Indian pupils in initiative and general deportment and, what is perhaps still more important, the development early in life of a sense of responsibility. You seem to have made a splendid start at Morley, and I have been wondering if groups such as this could not be organized at other residential schools. Do you consider a spontaneous movement such as this more adaptable to life at an Indian school than boy scout or girl guide groups? Have you at Morley a C.G.I.T. group? You might, if you have not already done so, send forward a copy of the Calgary Herald containing this article to the Associate Secretaries of the Home Mission Board. You might also discuss the start in growth of this

organisation -

Reverend E. J. Staley,
Principal,
Indian Residential School,
M o r l e y, Alberta.

organization at your school with Mr. Doucet who will, as you know, visit your school in the course of a few weeks. I am disposed to think that this movement has possibilities that we cannot afford to overlook when considering a worthwhile, well balanced educational program for Indian youth. Is it your opinion that an organization such as this would appeal more to Indian boys and girls if given an Indian name? This suggestion has been made to me on more than one occasion when discussing the desirability of organizing boy scout and girl guide groups at our Indian schools.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

RESOURCES

Mr R. A. Hoey,
Supt. of Welfare & Training,
Indian Affairs Branch,
Ottawa

Dear Mr Hoey,

Thank you very much for your letter of April 7. I appreciate the interest revealed in it.

The article from which you quote could only, of course, tell in part of the start of this movement and of its value to the children and the school as a whole. It is no exaggeration what it has done for the girls of this institution. Our girls, up to two years ago, were much like all girls in these institutions. They did their work without any enthusiasm, they took part in other activities because they had to but there was always the deadening sense that little was being accomplished to develop initiative or anything else. You speak of the C. G. I. T. movement. It has its good points but, frankly, I have found that both it and the boys' movements do not fill the bill with Indian children. The world in which the Indian lives is much too circumscribed to allow full advantage to be taken of the so called four-fold development. We have tried many things here and I am beginning to wonder if this in not a good example of what could easily result with our Indian population if we took a little more time to allow movements to develop amongst the children themselves.

Frankly, I have been delighted in the past few years at the degree of latitude that you are allowing us in the educational work. I have my doubts about the value of many of the things that we are still supposed to teach. I have my doubts about high school education for 99% of the Indian children. I can see the value of much more time being spent in manual training, in home crafts and handicrafts. To illustrate what I have in mind I think it might be a good thing to allow a boy after he reaches the age of 14, to go on a hunting trip in the fall or the winter with his parents and see for himself how he will have to earn a living a few years later in a place like this. I have a great many more ideas along these lines that I would like to pass on for your consideration if the ideas seem of value to you.

In your letter you wonder if an organization might appeal more if given an Indian name. I wonder whether back of that idea is not the record of our difficulties. Have we not, in much too big a hurry tried to give to the Indian the whole of the civilization that has taken us thousands of years to build up?

INDIAN RESIDENTIAL SCHOOL
UNITED CHURCH OF CANADA
REV. E. J. STALEY, PRINCIPAL

MORLEY, ALTA.

All we have done in our haste has been a magnificent job of veneering. We have killed initiative amongst the Indians. An Indian with original ideas is not wanted, we call him a trouble maker. Names do not matter a great deal. The big thing, I feel sure, is to allow a little more freedom to the children to do as they please.

You may be interested to know that this group of girls are going to parade next week before the Governor General when he visits Calgary. You will be delighted to know, I am sure that these girls are just as enthusiastic about the Red Cross work as about the militia group and a week from Friday they are presenting a concert, largely of military drills, the whole proceeds from which will go to the War Services Fund.

You will notice that I have made no mention of boys in this letter. We have found here that our problem with the boys has been solved by organised games and team work. I should be very happy to discuss the matter with Mr Doucet when he visits our school.

Thankyou for the courtesies given at all times to our many requests for our school here.

Yours truly,

E. J. Staley

Ottawa, April 22, 1941.

Dear Doctor Dorey:

I am enclosing herewith copies of two letters dated April 17, 1941, received by me from the Reverend E. J. Staley, Principal of the Morley Indian Residential School.

It is to me and the officials here a source of great satisfaction to learn of the success Mr. Staley has made in the organization of his mink ranch and in the organization of his girl pupils.

It has occurred to me that you and Dr. Cochrane might find this correspondence interesting and perhaps suggestive.

I am sending forward also, for your information, copy of a letter received by Dr. Corrigan, Norway House, from Mr. Luther L. Schuetze, of Berens River, Manitoba. You will be interested to learn that I have decided to purchase three or four goats from Mr. Schuetze, with the object of establishing a small goat farm at the Norway House School. I have always had the feeling that goat farming might be very profitably encouraged on a number of our Indian reserves, particularly Indian reserves in northern sections of the country.

Yours very truly,

Encl.

R. A. Hoey,
Supt. of Welfare and Training.

Dear Mr. Hoey:

I beg to acknowledge receipt of your letter of April 22nd, with copies of letters which have been written by Mr. Staley, in which I am quite interested. I am quite sure that Dr. Cochrane will also find this correspondence interesting.

As a matter of fact, I saw these girls marching around when I was at Morley a year ago. It was interesting, but I do not think that it is a movement that can be put into all the schools. It is simply a result of Mr. Staley's work - the children have certain ideas and they enjoy themselves and they develop in their own way. It might be that in another school there would be some other way. I note that that is Mr. Staley's idea, and certainly that is the impression that was created on my mind when I saw those children at drill. In a sense, it is too bad that they have been publicized, because now it will cease to be a really spontaneous movement. I am sure that Mr. Staley will do a good job.

I am also interested to see that the mink farm is making progress. I am not sure that it is other than a good way of getting some revenue and giving the boys some idea of how they can find employment on a fur ranch. So far as developing fur farming amongst the Indians on the Morley Reserve is concerned, I think that is quite hopeless, because they will not stay at home all the year, and, after all, that is what is necessary.

I also wish to thank you for the letter which you sent us about the goats at Berens River. I am sure that that can be encouraged, with profit to all concerned.

Yours sincerely,

Geo Dorey

Indian Girl's Show Aids Spitfire Fund

(Special to the Journal)

BANFF, May 22.—"Empire Pageant," originated and written by a 14-year-old Stony Indian girl, Annie Beaver, and having a cast of more than 40 Indian school girls, will be staged in the Banff auditorium May 24.

It will give residents and visitors a chance to see something of real interest. It will give them as great a surprise as it did Rev. E. J. Staley, Morley minister, and Mrs. Leopard, headmistress of the Morley Indian girls' school, when they first discovered Annie training her cast.

Annie, on one or two occasions, watched soldiers drilling in Calgary, and with patriotism, she sold the idea of drilling to her school chums. The results have been astonishing and all the more so as the key girl of each drill is a mute.

Annie's "Empire Pageant," all planned and directed by herself, includes gun drills, airplane drill and flag drill. The final offering of the program is a Red Cross scene in which a wounded soldier is given treatment but fails to recover. Those who previewed it claim this number moves them deeply.

All branches of the fighting services are represented on the stage. Lacking other means of providing musical accompaniment, Annie has rehearsed her cast with the aid of a gramaphone. The gramaphone will be used on Saturday night. Proceeds of the presentation will go to the Banff-Jasper Spitfire fund.

INDIAN GIRL TRAINS CAST

14-Year-Old Will Direct Group of 40 In 'Empire Pageant'

"Empire Pageant" originated and "authored" by 14-year-old Stoney Indian, Annie Beaver, and having a cast of more than 40 Stoney schoolgirls, will be staged in the Auditorium on the evening of May 24. It will give locals and visitors a chance to see something about which they have heard in recent weeks. It will probably also give them as great a surprise as it did the Rev. E. J. Staley, Morley minister, and Mrs. Leopard, headmistress of the Morley Indian Girls' school, when they first discovered Annie training her cast.

It appears Annie on one or two occasions watched soldiers drilling in Calgary, and fired with patriotism, sold the idea of having drill to her school chums. The results have been astonishing and the more so as the key "man" of each drill is a mute.

Annie's "Empire Pageant" is planned and directed by herself, including gun drills, airplane drill, flag drill. The final offering of the program is a Red Cross scene in which a wounded soldier is given treatment but fails to recover.

All branches of the fighting services are represented on the stage, and lacking other means of providing the necessary musical accompaniments for the drills, Annie has rehearsed her cast with the aid of an old gramaphone. The gramaphone will be used Saturday night. Proceeds of the presentation will go to the Banff-Jasper Spitfire Fund.

Chief Proud Of Daughter

[By Herald Correspondent]

ROCKY MOUNTAIN HOUSE, July 22—Chief Walking Eagle is very proud of his daughter, Annie Beaver, who is a student at the Morley residential school. Annie has been in the public eye this winter and spring, since she trained her schoolmates for a patriotic pageant that the girls presented at Morley and later at Banff.

The chief carries the pictures and The Herald story about with him, and shows them to all his friends. Annie has been at school in Morley since she was six, but he says she will soon be through and then she will return to the Kootenay Plains, where her branch of the Stonies has lived "since the world began."

These Stonies are treaty Indians, and belong to the Morley reserve, but have never lived there, they prefer their homes on the plains, but most of them send their children there to school, and all go down to visit when they take the notion.

Walking Eagle has two boys in Morley and another son, Blue Quill, lives with him. We asked why Blue Luck isn't in school, but it seems he wants to be a cowboy and doesn't think he needs to go to school to learn that trade.

INDIAN RESIDENTIAL SCHOOL
UNITED CHURCH OF CANADA
REV. E. J. STALEY, PRINCIPAL

MORLEY, ALTA.

July 29th. 1942.

Mr. Iredale,

Indian Agent,

Morley,

Dear Mr. Iredale,

I wonder whether you would be good enough to ascertain the wishes of your Department in regard to a situation thatn here, as well as elsewhere will be extremele acute this fall.

I refer to the problem of labor. It is already apparent that this part of the country will have a bumper crop to harvest and it is already apparent that the labor is not here to handle same. In view of this I think it would be well to ask if there is any plan in prospect, for doing from our schools what is already planned for the white schools. Many, if not most, both in city and in country will not re-open until the harvest is in and I, venture to think and to suggest that some such procedure would be the logical one for our Indians to follow in this year of need.

The Indians here, as you know, go out and contact work by the acre and every member of the family takes partb in the labor and so from our school alone more than half the children could be of use in the harvest fields.

Perhaps if the plan proposed by the Provincial Department of Education were followed and if the time lost by our children were paid for by the usual per capita grant, it would mean that any grants by the Dept. for cost of living bonus could be eliminated this year.

I make these suggestions now , in order that we may know early ehough what plans to make regarding our fall work.

Yours truly,

E. Gaetz

REGISTERED

Sir:

I am attached for your information a letter which I have received from Rev. J.J.Tooley, Principal of the Morley Indian Industrial School.

In conversation a few days ago with the Rev. Mr. Tooley, he brought up the subject of not opening the school until a month or six weeks after the usual opening date. This would mean that instead of opening on 1st September, 1942, the school will not open until the 1st or 15th of October, 1942. By doing this, it is hoped that it will be of some real help in relieving the acute labour shortage in the hay and fields in the foothills, as a few of our Indian families often come for the fruit and vegetables in the early autumn. Many of the Stoney families could then have some of the older children help with the stooking, hauling etc.

Mr. Tooley points out that if the Day School grant is paid for the period, while the school would be non-operative, he would be willing to devote any "Out of Living" bonus, which may be granted for the next school year.

Therefore I am enclosing Principal Tooley's letter to me for your perusal, consideration, and action.

Your obedient servant.

AIR MAIL

Dear Sir:

I have your letter of the 31st ultimo, enclosing letter from the Principal of the Morley Residential School suggesting that the re-opening of the school be delayed until the first or fifteenth of October.

While the Department is anxious to assist in relieving the labour shortage, at the same time present Treasury regulations will not permit our paying per capita allowance at a residential school when pupils are absent, except for the annual two months' holiday leave for which grant is allowed.

Besides, I am inclined to feel that only the older pupils would be of much assistance in harvesting operations. What advantage would there be in keeping the younger children out of school, as they would be unable to do any effective work?

We could not adopt the Principal's suggestion at the Morley School without putting the same into effect at other Indian residential schools. This would involve consulting the various churches before taking the action suggested.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

RESIDENTIAL SCHOOL AT MORLEY

While at Morley I visited the residential school and was favourably impressed with the institution and the type of instruction given. The Rev. Mr. Staley is keenly interested in preparing the Indian for the time when he leaves school and has to look after himself. It was this gentleman who asked our nurses' co-operation in First Aid lectures and instructed in child care in the home. He will no doubt do everything possible to encourage this type of instruction. He commenced a manual training class for the older boys; at the time of my visit, each boy had completed a kitchen table which he was to take with him on his return home. These tables were well made and would compare favourably with anything turned out by a factory, of the same type. It is a pleasure to see the more practical side of education stressed in the school.

In a recent survey Mr. Staley reports that of 98 children tested with tuberculin, only six had positive reactions. The children appear healthy, clean and happy.

Attention - Mr. R.A. Hoey

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Mr. Hoey,- Re: Morley Residential School

We have received from Mr. Staley a telegram as follows:

"Find it utterly impossible to secure staff. Stop. Need farmer. Stop. Junior room teacher. Stop. Assistant matron. Stop. Seamstress and laundress. Stop. Can you help. Stop."

Naturally, it is not exactly your responsibility to find a staff but I want to point out I can see nothing ahead but to close the School at Morley for the duration of the war. The only concrete suggestion that I have would be to try to get a good young Mennonite who might be a teacher as well as a farmer, but for the junior room teacher, assistant matron, seamstress and landress I see nothing ahead.

Further than that, the regulations of the Selective Service simply mean that we cannot advertise for such help, even in our Church paper. It all has to go through Selective Service and I want to say that the results that our Principals are getting from this are simply phenomenal in their crass stupidity. You put in an advertisement for some kind of assistance and you get possibly for one of our Schools a woman of 65, who is suffering from arthritis and general debility, and in addition has absolutely no interest in the work of the School, and has never had anything to do with children, Indian or otherwise.

I am going to see if there is any possibility of coming to Staley's help but I am coming to the conclusion that there is only one thing to do, and that is to close the Morley School for the duration and to let the ninety odd children run wild on the Reserve, being careful, at the same time, to see that everybody in Calgary is aware of what is happening. I don't know whether or not you can be of any assistance because it lies in the realm of high policy and therefore would have to be settled in the other building.

Yours sincerely,

GD:EWJ

Dear Doctor Dorey:

Re: Morley Residential School

I have for acknowledgment your letter of the 14th instant, in which you refer to the difficulty experienced by Mr. Staley in securing the staff necessary for the operation of the Morley School. I regret that I am not in a position to state just what the answer is to the questions raised by you in your communication. While the war news appears to be encouraging at the moment, I am personally disposed to think that the labour shortage is likely to become more acute during the months immediately ahead of us. In view of the fact, however, that our residential schools are Government institutions it does seem to me that we ought to be able to reach an agreement with the officials of the National Selective Service Organization whereby we would be able to secure the teachers necessary to carry on. The suggestion that these schools should be closed is one that, in my judgment, should not be entertained. Should these schools cease to operate, we would be confronted with juvenile delinquency on our reserves and a number of other problems that would prove more costly than the operation of our residential schools.

It was, of course, gratifying to receive your telegram of yesterday and to learn that the Principal had secured the staff necessary to carry on. This is a matter, however, which I feel should be discussed more fully with the officials responsible for administering the existing regulations. I shall be glad to discuss this matter with you more fully when I visit Toronto on the 28th. It is my hope that I may be able to call at your office around 12 o'clock noon on that date.

Dear Mr. Hoey: Re - Morley Residential School

I have your letter. I shall be glad to discuss this and other matters with you when you are in Toronto on the 28th. Would you call me up as soon as you get in, so that I shall know at exactly what time to expect you?

Like you, I do not think that these schools should be closed; but I have heard so much nonense talked by persons who occupy responsible positions that I feel that some day we should give some publicity to the problem of our Indian Education. There are some people who ought to know better who very lightly say, "Just close these schools," without taking into consideration the fact that by so doing we should very likely increase juvenile delinquency on a rather large scale. This will explain some of the possible heat in my letter to you!

Yours sincerely,

Geo. Dorey

Stony Indian Buried, Six Baptised By Rev. E. J. Staley Recently

Rev. E. J. Staley, principal of the Indian Residential School at Morley Reservation, was in the district west of High River on Saturday checking on the Stonys who have been occupied in summer work out on the ranches. He conducted funeral services for Leo Rider, 30, who was buried on the Emerson Flats, at Elbow. The Indian leaves a wife and two children.

Mr. Staley also conducted baptismal services with half a dozen Stony infants baptised. - High River Times.

Dear Mr. Staley:

A number of officials of this Branch, including the writer, were invited a few days ago to discuss with the members of the Reconstruction and Rehabilitation Committee certain matters relating to the administration of Indian Affairs.

In the course of this discussion Mr. Ross, one of the Members for Calgary, pointed out that, while we had only accommodation for 100 pupils at Morley, there were, by actual count, over 150 children of school age on the reserve. I found it somewhat difficult to answer this question. I stated that, in view of the fact that no request had reached us in recent years for additional accommodation at the school that I was aware of, I could only come to the conclusion that a certain number of Indian families were residing off the reserve. This matter is likely to come up again, either at a meeting of the committee or in Parliament when the Minister's estimates are under discussion. Would it be possible to secure from you a statement with respect to the number of children of school age actually on the reserve, the number enrolled at school and what accommodation we are likely to require on the reserve during the year or two immediately ahead of us? It would be appreciated if you would send this information forward by air mail.

Yours truly,

Rev. E.J. Staley,

Dear Sir:

Re: Morley Indian Residential School
Your File 64 - 119

On behalf of our client, Mr. Percy C. Gardner, Pekisko, Alberta, and the Indians at Morley Reservation, we have been requested to forward to you written statements by the following: Susan Smalleyes, Ramona Powderface, Georgie Ryder, Violet Ryder, Nat Hunter, Helen Kootenay, Caroline La Belle, Rita Ryder, Rebba Bearspaw, Eli Ryder, Paul Mark, Emily Wesley, and Pete Wesley. The statements of the said Indians are relative to the conduct and treatment of a Miss Anna Beaver toward certain school children at the Morley Indian Residential School, Morley, Alberta, and are self explanatory. We have been requested to have you investigate this matter immediately as you will observe after a careful perusal of the said statements the said Indians are most desirous of having the said Anna Beaver removed from the said Reservation immediately. Some of the Indians have refused to send their children to the school while she is there.

Please kindly acknowledge receipt of the said statements and we shall be glad to hear from you accordingly so that we may know from time to time how this matter is progressing.

Yours very truly,

MILLICAN & MILLICAN

2 letters

110-1-1

Ottawa, December 20, 1944.

Dear Mr. Schmidt:

I enclose, for your information, copy of a letter received from Messrs. Millican & Millican. I am also enclosing the statements which the firm just mentioned forwarded with their letter.

Our records show that Anna Beaver entered the Morley School in 1930 and was discharged on September 30, 1942, at the age of 17. While we have no definite information to that effect, we infer that she is now a member of the staff of the Morley Residential School.

It would be appreciated if you would investigate these complaints very thoroughly at the earliest possible date. I also consider that when you proceed to the school to investigate this matter you should be accompanied by Mr. Wilson, the School Inspector who regularly inspects the Morley Residential School. I would like to have a report, both from you and from Mr. Wilson, not only regarding the specific complaints made in the enclosed letter, but also regarding general conditions at the Morley Residential School. An early reply would be very much appreciated.

Yours sincerely,

Acting Director.

GOVERNMENT OF THE PROVINCE OF ALBERTA
DEPARTMENT OF EDUCATION

3026 Glencoe Road, Calgary,
January 9,1945.

The Director,
Indian Affairs Branch,
[redacted]

Dear Sir :

In the matter of charges against Anna Beaver of the Morley Indian School, investigated by your inspector, Mr. C.P.Schmidt, and myself, January 8, I may state :

1. In my inspector's report of November 21,1944, I paid compliment to a policy encouraging the more able young Indians to become members of the staff.
There are in this school :
Anna Beaver, 21 years of age; 4 years as helper in the kitchen and laundry and as supervisor of play activities.
Tina Wellman, 21 years of age; 2 years working in the hospital; the past 2 years in the main building engaged mainly in sewing but also assisting in supervision of recreation.
Horace Halliway, 17 years of age; farm helper for the past year.

2. Anna Beaver has talent in music and some qualities of leadership, and she has been quite active as matron's assistant in supervising the play and recreational activities of the girls of the school. She conducts an orchestra and in associated marching exercises a military tone has been introduced even to the use of uniforms. I have observed these exercises on a number of occasions and, although I am in no position to remark upon the reaction of parents, I am convinced that the children look to Anna Beaver as a leader and are happy in their associations with her.

3. The matron states that when the children are under the supervision of Anna Beaver and Tina Wellman they are alone with these girls for intervals not exceeding one-half hour, that a spirit of happy co-operation prevails and that formal disciplinary measures are not required.

4. I was present throughout the interviews with the principal and with the matron and endorse the statement being submitted to you by your inspector, Mr. C.P.Schmidt.

5. I should especially urge that, since Anna Beaver shows a disinclination to return to the life of the Indian Reserve and in view of her evident capacity for normal Canadian citizenship, a concerted effort be made to find employment for her, preferably in Indian School work.

Yours respectfully,

G.L.Wilson,
Inspector of Schools.

Re: Complaints made against Annd Beaver of the Morley Indian Residential School.

Further to my letter of the 30th ultimo, and your No. 119-1-1 of the 20th idem, I beg to report that Mr. G.L. Wilson of Calgary, Provincial Inspector of Public Schools, and myself visited the above-mentioned School yesterday, and took the matter up with Rev. Mr. E.J. Staley, the Principal; we also interviewed Mrs. Leppard, the Matron of the School.

Rev. Mr. Staley knew that the Indians had written complaints against Anna Beaver. He said that copies of these had been sent to the Church authorities.

According to Rev. Mr. Staley, Anna Beaver is an ex-pupil of the Morley Indian Residential School. She is now twenty-one (21) years of age. Her parents are not living together: Her father is in the Nordegg district; her mother is on the home (Morley) reserve, and lives with another man.

Rev. Mr. Staley says, that when Anna was discharged from School on account of her age, she said that she had no place to go to live; she was therefore kept at the School, where she helped with the work, and was later given the position of Laundress. She is assisted at this work by the girl pupils.

When she is not working, Anna spends most of her time amongst the other girl pupils. Being older than they, she has, it would appear, assumed an authoritative attitude over the pupils, and this has, to a certain degree (more or less) been approved -- not to say encouraged by the Matron, with the knowledge of the Principal, it being thought by them that it was beneficial as regards discipline amongst the girl pupils.

I think that probably too much attention and praise, and perhaps some favouritism has been shown to Anna by the Matron and others. This may have been resented by pupils who were in School with Anna, and they mentioned it to their parents, with the result that they are now demanding the removal of Anna Beaver from the School.

Rev. Mr. Staley is aware of this, and has decided to let Anna go as soon as he can find another laundress to take her place; this will likely be before the end of the present month.

Rev. Mr. Staley is somewhat worried as to what the girl will do when she leaves the School; Where will she go? With whom will she live? I appreciate his feelings, after having had the girl under his care and guidance for many years -- since childhood. He asked whether there is not some other School where she could be employed: I suggested that he take this up with the Missionary Society of the Church.

118-1-1

Ottawa, January 15, 1945.

Dear Sirs:

END

I desire to refer to your letter of December 15, 1944, with reference to certain complaints about the conduct of Miss Anna Beaver toward certain school children attending the Morley Indian Residential School.

As stated in my reply of December 20, arrangements were made to have these complaints thoroughly investigated, and consequently Mr. C. P. Schmidt, Inspector of Indian Agencies for the province of Alberta, and Mr. G. L. Wilson, of Calgary, Provincial Inspector of Public Schools, visited the Morley Residential School on January 8, 1945.

Mr. Schmidt has just submitted his report which reads as follows:-

"According to Rev. Mr. Staley, Anna Beaver is an ex-pupil of the Morley Indian Residential School. She is now twenty-one (21) years of age. Her parents are not living together: Her father is in the Nordegg district; her mother is on the Duke (Morley) reserve and lives with another man.

"Rev. Mr. Staley says that when Anna was discharged from school on account of her age, she said that she had no place to go to live; she was therefore kept at the school, where she helped with the work, and was later given the position of laundress. She is assisted

at this work by the girl pupils.

"When she is not working, Anna spends most of her time amongst the other girl pupils. Being older than they, she has, it would appear, assumed an authoritative attitude over the pupils, and this has, to a certain degree (more or less) been approved - not to say encouraged by the Matron, with the knowledge of the Principal, it being thought by them that it was beneficial as regards discipline amongst the girl pupils.

"I think that probably too much attention and praise, and perhaps some favouritism has been shown to Anna by the Matron and others. This may have been resented by pupils who were in school with Anna, and they mentioned it to their parents, with the result that they are now demanding the removal of Anna Beaver from the school.

"Rev. Mr. Staley is aware of this, and has decided to let Anna go as soon as he can find another laundress to take her place; this will likely be before the end of the present month."

"As regards [illegible] abusing the younger girl pupils, by corporal punishment or otherwise, I believe this is exaggerated. The matter of keeping one's nose and mouth closed while the other counts up to twenty is more or less a test of endurance, as is toasting an arm, or pinching. The breaking of Elisa's arm was accidental. She slipped and fell in the play-room while being chased by Anna, who immediately reported it to the Matron; and the matter was looked into at once by the Principal. They were satisfied it was accidental, and the girl was taken to the Doctor immediately by Rev. Mr. Staley; and Anna accompanied them.

"The Matron stated that she tried to find out when certain pupils had been told to take off their clothes, but could not get any information from the pupils. This complaint was very much doubted by the Principal."

We were extremely anxious to have the

inspection as thorough in every way as possible and consequently, as mentioned in the second paragraph of this letter, we requisitioned the services of Mr. C. L. Wilson, Public School Inspector, who in his report states:-

"1 - In my inspector's report of November 21, 1944, I paid compliment to a policy encouraging the more able young Indians to become members of the staff. There are in this school:

Anna Beaver, 21 years of age; 4 years as helper in the kitchen and laundry and as supervisor of play activities.

Tina Pelltan, 21 years of age; 2 years working in the hospital; the past 2 years in the main building engaged mainly in sewing but also assisting in supervision of recreation.

Horace Pelltan, 17 years of age; farm helper for the past year.

"2 - Anna Beaver has talent in music and some qualities of leadership, and she has been quite active as matron's assistant in supervising the play and recreational activities of the girls of the school. She conducts an orchestra and in associated marching exercises a military tone has been introduced even to the use of uniforms. I have observed these exercises on a number of occasions and, although I am in no position to remark upon the reaction of parents, I am convinced that the children look to Anna Beaver as a leader and are happy in their associations with her.

"3 - The matron states that when the children are under the supervision of Anna Beaver and Tina Pelltan they are alone with these girls for intervals not exceeding one-half hour, that a spirit of happy co-operation prevails and that formal disciplinary measures are not required.

"4 - I was present throughout the interviews

Dear Sirs:

Re: Morley Indian Residential School
Your File 119 - 1 - 1

We wish to thank you for your letter dated the 15th ult., giving us a summary of the reports on the investigation made in respect to Miss Anna Beaver. You will note that Mr. Schmidt in his report stated that "Rev. Mr. Staley is aware of this and has decided to let Anna go as soon as he can find another laundress to take her place; this will likely be before the end of the present month."

We received a letter from one of the Indians on the said reservation at Morley informing us that Anna Beaver has not yet left the school and according to Mr. Staley's report she would be leaving before the end of last month. In accordance our client's request we are bringing this matter to your attention and we should appreciate very much if you will be so kind as to write to Rev. Mr. Staley at Morley insisting that Anna Beaver leave the said school at once, especially since this is a most urgent matter and some of the Indians have refused to send their children to the school while she is there and the result is that in the meantime these children are being deprived of their education.

Yours very truly,

Ottawa, February 28, 1945.

Reverend Sir:

We have recently received a letter from The Trusts and Guarantee Company, Ltd., Calgary, in which they state that under the Will of the late M. B. Peacock there was the following bequest: "To the Stony Indians attending the Morley School the sum of $500.00 to provide Christmas presents and entertainment for them for the next five years after my decease". This money has been forwarded to the Department by the firm mentioned above, and about November 1, 1945, you should apply for an amount of $100.00 to enable you to carry out the terms of the bequest at Christmas time of this year. A similar amount should be requested about November 1, 1946, 1947, 1948 and 1949.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Reverend K. J. Staley,
Principal,
Indian Residential School,
Morley, Alberta.

Ottawa, February 28, 1945.

Mr. C. P. Schmidt, Inspector of Indian Agencies,
Calgary, Alberta.

Following receipt of your letter of January 9, Mr. Hoey wrote to Messrs. Millican & Millican, giving excerpts from the report of yourself and Mr. Wilson. This letter was sent to the firm on January 15, 1945.

In your report you wrote as follows: "Rev. Mr. Staley is aware of this and has decided to let Anna go as soon as he can find another laundress to take her place. This will likely be at the end of the present month". The term "Present Month" no doubt referred to January 31. We are now in receipt of a letter dated February 19 from Messrs. Millican & Millican, stating that at that time Anna Beaver had not left the Morley Residential School. Please make enquiries and let us know, at the earliest possible date, if she is still there and, if not, the date she left. If she is still in the school, you should endeavour to ascertain when she will be discharged.

In the letter from Messrs. Millican & Millican they write in part as follows:-

"In accordance with our client's request, we are bringing this matter to your attention and we should appreciate very much if you will be so kind as to write to Rev. Mr. Staley at Morley insisting that Anna Beaver leave the said school at once, especially since this is a most urgent matter and some of the

Dear Mr. Phelan:

We have received from Mr. Staley a letter which you have written him, saying that, under the Will of the late Mr. Peacock, a sum of money was left to "the Stony Indians attending the Morley School....to provide Christmas presents." I am writing to ask if the Stony Indians attending the Morley School come under the jurisdiction of the Department and whether any money left to them should be turned into the consolidated revenue account. If so, I want to know why this money is not drawing interest. You say that Mr. Staley is entitled to requisition $100.00 for each of the five years -- which is all right, -- but what is going to happen to the interest? It would amount to very nearly $15.00 for the first year, $12.00 for the second year, and so on. This, of course, is not a very great deal of money in the Government's reckoning, when it has an income amounting into the millions; but it is a matter of concern to us. If the money could be forwarded to the Board of Home Missions, then we could invest it and get 5 per cent. on it.

I shall be glad if you will let us know whether there is any possibility of this money coming to the School rather than to the Government -- not that we do not trust the Government but that they short-change us in not paying interest.

Yours sincerely,

GD.MLT

Dear Mr. Hoey: Re - Morley Residential School

You will have received a letter, dated February 19th, from the firm of Millican & Millican in Calgary. In this Mr. Millican writes: "We should appreciate very much if you will be so kind as to write to Rev. Mr. Staley at Morley insisting that Anna Beaver leave the said school at once, especially since this is a most urgent matter and some of the Indians have refused to send their children to the school while she is there, and the result is that in the meantime these children are being deprived of their education." I have no idea that you have done this, but I want to keep the record straight.

In the first place, the information we have is that there are scores of Indian children on the Morley Reserve who are unable to go to school, -- not because Anna Beaver is there, but because there is not sufficient accommodation. There is no use in anyone's writing to the contrary, because those are the facts.

The second thing is, that I should hope that the Department would point out to Millican & Millican that they are not instructing the Churches as to the operation of their Schools. I am not at all afraid of what the Department will do, but, as I have said, I want to keep the record straight.

Yours sincerely,

Ottawa, March 19, 1945.

Dear Doctor Dorey:

Re: Morley Residential School.

I have for acknowledgment your letter of March 13th, in which you refer to a letter received by this Department from Millican & Millican, Calgary, Alberta.

The records here indicate that a letter dated February 19th has been received from Millican & Millican by this Branch. The receipt of the communication, however, has not been acknowledged. The Chief of the Training Division did write to Inspector Schmidt on February 20th. Part of this letter reads as follows:

> "For our information, we would like to know how many children are not attending the school (Morley Residential School) due to Anna Beaver being a member of the staff."

Inspector Schmidt has not yet replied to this letter.

It is just possible that we may attach altogether too much importance to those criticisms that reach us from outside sources from time to time. Under our form of Government, however, it is the duty and responsibility of the permanent officials to secure all the information that may be available with respect to any particular criticism directed against the administration. I can assure you that we are accepting no instructions from this particular legal firm or from any other source with respect to the management and administration of our Residential Schools. This has been the policy of the Department in the past and I feel confident that it will continue that policy in the future.

Yours very truly,

Acting Director.

INSPECTOR OF INDIAN AGENCIES

CANADA
DEPARTMENT OF MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

409-11

AIR MAIL.

Calgary, March 26th, 1945.

Indian Affairs Branch, Dept. of Mines & Resources, OTTAWA.

Reference departmental letter No. 119-1-1 of the 28th February, re Anna Beaver, employed as Laundress at the Morley Indian Residential School: I beg to report that I interviewed Rev. Mr. A.J. Staley at this office on January 23rd, and again late during the month of February, when he informed me that he was doing everything possible to find and engage another woman to take charge of the Laundry work at the School, but could not find anyone. I drove out to the School today, and called on Rev. Mr. Staley, who said that he was making every effort to get a Laundress, but could not find one.

Mr. Staley stated that he had applied to the Selective Service; in February he advertized in both Calgary Papers -- the Herald and the Albertan; and in the Winnipeg Free Press. He also wrote to Dr. Darcey of the Head Office, Toronto; to Dr. R.B. Cochrane, Head of Home Missions Board, and to Dr. T. Powell, head of Home Missions Board for Alberta. He now has two advertisements running in the Calgary Albertan, since March 21st, but has not had any applications. While in Edmonton on March 15th, he took the matter up with Rev. J.F. Woodsworth of the Edmonton Indian Residential School, and they could not find anyone. Mrs. Staley is closely following the "Work Wanted" advertisements in the papers, and of six women interviewed, none would take the work, remarking that they did not want to wash dirty clothes.

I am attaching hereto copies of advertisements taken from the Calgary Albertan this day.

Rev. Staley is offering $50.00 per month and full maintenance for a Laundress; and $100.00 per month for a man and wife, plus full maintenance.

Anna Beaver is working on a day to day basis, pending a new Laundress being found and engaged.

As regards the number of children who have refused to attend the Morley School due to Anna Beaver being a member of the Staff: Rev. Mr. Staley and Mr. J.N.H. Iredale, whom I interviewed together today, gave me the following names:

Ottawa, March 29, 1945.

[redacted]

I desire to refer to your letter of February 19, last, with regard to Miss Anne Beaver, who was working at the Morley Indian Residential School. I have just received from Inspector Schmidt a very complete report, reading in part as follows:-

"I beg to report that I interviewed Rev. Mr. E. J. Staley at this office on January 23rd and again late during the month of February, when he informed me that he was doing everything possible to find and engage another woman to take charge of the laundry work at the school, but could not find anyone. I drove out to the school today and called on Rev. Mr. Staley, who said that he was making every effort to get a laundress but could not find one.

"Mr. Staley stated that he had applied to the Selective Service; in February he advertised in both Calgary papers - the Herald and the Albertan - and in the Winnipeg Free Press. He also wrote to Dr. Parsey of the Head Office, Toronto; to Dr. R.B. Cochrane, Head of the Home Mission Board, and to Dr. T. Powell, head of Home Missions Board for Alberta. He now has two advertisements running in the Calgary Albertan, since March 21st, but has not had any applications. While in Edmonton on March 15th, he took the matter up with Rev. J.F. Woodsworth of the Edmonton Indian Residential School, and they could not find anyone. Mrs. Staley is closely following the 'Work Wanted' advertisements

Messrs. Milligan & Milligan,
Barristers, Solicitors,
Notaries Public, etc.,
911 Lancaster Building,
Calgary, Alberta.

in the -

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

in the papers, and of six women interviewed, none would take the work, remarking that they did not want to wash dirty clothes. I am attaching hereto copies of advertisements taken from the Calgary Albertan this day.

"Rev. Mr. Staley is offering $50.00 per month and full maintenance for a laundress; and $100.00 per month for a man and wife, plus full maintenance.

"Anna Beaver is working on a day to day basis, pending a new laundress being found and engaged."

We are convinced that the Reverend Principal of the Morley School is doing everything possible to secure another laundress to replace Anna Beaver. However, in view of existing conditions, the task appears to be an almost impossible one.

Yours very truly,

Acting Director.

Dear Mr. Irodale:

Re: Cases- J. Swampy, Enoch Baptiste,
David Bearspaw.

These individually are well known to me, and I do not consider that any special treatment other than that accorded to the other Indians is necessary. In fact it can be said that for the past four years any want on this Reserve has been the result of laziness.

The background of these complaints is local and political, and I think that if some of the individuals responsible for the agitation were investigated that the Department might look at things in a different way. I shall be glad particularly to furnish definite information that would throw a different light on the activities of a certain Mr. Laurie.

Minister,
Department of Mines and Resources,
O t t a w a, Ontario.

May 21st,
1 9 4 5.

Dear Mr. Glen:

The Board of Home Missions is in receipt of a resolution from the Calgary Presbytery of The United Church of Canada relative to the serious state of education among the children of the Stony Indian Reserve at Morley, and urging us to take up this matter with the Indian Department at the earliest possible moment.

The resolution goes on to say that there are 163 children of school age on the Reserve and that there is accommodation at the Residential School for only 95, leaving 68 children with no provision for an education. The Calgary Presbytery strongly urges that provision be made for these 68 children, either by way of additions to the present building or a new building.

The Secretaries of the Board of Home Missions are wholly in accord with the resolution of the Calgary Presbytery and might point out that the facts regarding the educational situation on this Reserve were placed before the officials of the Department during the sittings of the Committee on Reconstruction. We sincerely trust that provision will be made as early as possible for adequate facilities, so that these children can get an education.

Yours sincerely,

Ottawa, May 22, 1946.

Dear Doctor Davey:

Your letter of May 21st, addressed to the Minister of this Department, has, in the absence of the Minister from the city, been passed on to me for consideration and reply.

A great deal of earnest thought has been given to our immediate post-war program, particularly in the educational needs of the Indian population. You are aware, of course, that a large number of schools have been destroyed by fire during the last five-year period. I have in mind the classroom building at Alberni, the large Indian Day School at Caughnawaga and a number of others that might be mentioned. It is our intention to proceed with the construction of new buildings to take the place of the buildings destroyed by fire at the earliest possible date. It would appear also that on a number of Reserves Indian Day Schools are urgently needed. We have not included an addition to the Morley Residential School in our program, but there is no reason why it should not be included in the list for consideration at a later date.

Conditions in the province of Alberta are somewhat unusual. We have, as you know, two Residential Schools in that province operated under the auspices of the United Church - Edmonton, with an enrolment of 150, and Morley, with an enrolment of 100. We have never, however, succeeded in securing a full enrolment at Edmonton in recent years. The enrolment for example at this date is 107 and yet Edmonton is one of our best equipped institutions. Would it be possible to have a member representing your Board look into the educational needs of the Indians of Alberta, with the object of making

....certain adjustments

certain adjustments between these two institutions? It will be readily appreciated that we may experience difficulty in securing funds for an addition at Morley while the Edmonton enrolment stands at its present figure. In any event, this is a matter that I would like to discuss with you personally before any final decision is reached.

Sincerely yours,

Acting Director.

Dear Mr. Hoey: Re: Morley Residential School

I have yours of May 23rd. I am well aware of what you say about Edmonton being empty and Morley being full. I expect to be in Alberta some time in September and shall be glad to take up the matter with the two Principals concerned. In the meantime, I am writing to them.

However, I do not think there is the slightest possibility of inducing parents of Indian children on the Morley Reserve to send their children to Edmonton. I am sending a copy of part of your letter to the Principals concerned and asking for their reaction.

Yours sincerely,

Re;- Morley Residential School
School Accommodation

I wish again to draw your attention to the lack of accommodation at the Morley Indian Residential School. In view of the situation which is bound to arise in connection with regulations in regard to the Family Allowance payments I would ask that further accommodation be provided as early as possible.

As the matter now stands we cannot accommodate more than 100 pupils and on the Reserve we have approximately 180 children of the prescribed school age.

At the present time the parents of the school children are receiving the family allowances for the children during the summer holidays. When school re-opens in September the payments will cease for those children who re-enter or commence school and the children who do not enter school, on account of lack of accommodation, or to be precise, their parents, will most likely continue to receive the allowance cheques.

The problem thus created will be a difficult one because the parents with children in school will not be paid and those with children not attending school will be paid.

Therefore we may experience trouble in getting the Indians to send their children to school. Of course I know that if they refuse to send their children to school they will forfeit the family allowance for such and each child, but, if we had sufficient accommodation to take care of all the children we could, and would, enforce the act (as it applies to school attendance) to the fullest extent.

I would ask that some concrete plan be formulated, before the re-opening of school, to meet this situation. Could we lower the age for discharge, (temporarily) in order that we could get all the younger children enrolled, until such times as further accommodation is provided?

I would appreciate hearing from you with regard to this matter.

J.N.F. Liedale.
Acting Indian Agent.

Ottawa, August 2, 1935.

Dear Mr. Ross:

I have for acknowledgment your letter of July 24th, in which you discuss very fully the conditions at the Stony Agency and the needs of the Stony Band of Indians.

The records here indicate that a number of investigations of the conditions at this particular agency have been made during the last two-year period. It is a matter of regret, however, that the attempts recently made to secure additional reserve lands for this band have not been successful. It would appear that the only suitable land adjoining the reserve is a ranch, which might be secured at an approximate cost of $300,000. The officials of the Indian Affairs Branch are not fully convinced that the acquisition of this land would meet, to the extent that they ought to be met, the needs of these Indians. This matter, however, is still under consideration, and it is my intention to ask a senior official of the department to visit this agency in the course of a month or so and to submit a report, not only on the necessity for the purchase of additional lands, but as well on the other matters discussed by you in your communication. In view of this fact, it is not my intention to deal at length with the issues submitted by you.

I should like, however, to refer to the provision made in existing legislation for the payment of Family Allowances to Indians. The registration of Indians for this purpose has been almost completed. Payments will be made to the members of Indian bands on the same basis as payments are made to members of white families. In this connection, you were apparently misinformed when you state that no Indian mother can get the allowance for children above seven years. As a matter of fact, provisions of the Act are being very liberally interpreted and no Indian entitled to such payments will experience the slightest difficulty in securing these allowances, either in cash or in kind. Where Indian Day Schools have not been established or where accommodation at Residential Schools is inadequate, the provision in the Act for non-attendance of children at school will not apply to Indian families. In other words, the officials of the department are anxious that everything humanly possible should be done to enable Indians to benefit from the Family Allowance Act to the fullest extent possible.

I note also your reference to the Residential School at the Stony Agency and to the fact that no provision has been made for sixty-eight children of school age. This school, as you state, is operated under the auspices of the United Church of Canada. You are, no doubt, aware that to take in Hobbema a Residential School operated also by the

United Church. This school is one of the most up-to-date and one of the best schools of its kind in Canada. The officials inform me that despite the fact that recruiting has been undertaken by the Principal of this school as far west as the Pacific Coast, he has never at any time succeeded in securing the quota of pupils for which we allow per capita grants. You will readily appreciate how difficult, in view of this condition, it would be for the Minister to persuade Parliament that an additional capital outlay for the extension of the Morley School could be justified. However, this is a matter that will be thoroughly investigated by the official to whom I have already referred.

I find it somewhat difficult to understand your reference to the aged and physically incapacitated Indians of this reserve. Our field officials have been instructed from time to time that it is their duty and responsibility to supply these Indians with the full clothing and housing accommodation necessary to maintain them in a state of comfort. The Stony Indians have on deposit with the Government at this date Trust Funds amounting to $73,069.76. Section 95 of the Indian Act, paragraph (d), reads:

> "The Superintendent General (Minister) may whenever sick or disabled, or aged or destitute Indians are not provided for by the band of which they are members, furnish sufficient aid from the funds of the band for the relief of such sick, disabled, aged or destitute Indians."

The records here indicate that relief supplies have been provided on the recommendation of the Inspector and the Indian Agent from time to time from both Parliamentary Appropriations and Trust Funds and no complaints with respect to the inadequacy of these supplies have reached the department since the Inspector made his last investigation, now almost a year ago. The Indian Agent in his quarterly report for the period ending June 30, 1943, in referring to general conditions at the agency, states:

> "There has been no lack of employment for Indians at this agency or for those able and willing to work. Quite a number were employed by the Rorana Oil Company building roads and the Mannix Contracting Company wanted about fifty Indians to work on a dam construction project, but were only able to get twelve men."

It has occurred to me that it would be helpful to the department if you would discuss conditions at this agency with our representative immediately following his arrival in Calgary. It is unnecessary to add that I appreciate very fully your interest in the members of this band and your willingness to cooperate with the department in finding a solution for what appears to be a very involved and perplexing problem.

Yours sincerely,

(sgd.) J. Allison Glen

Mr. Iredale,
Indian Agent.

Dear Sir;-

I have been informed of the accusation against me regarding my treatment of one May Simeon.

I have no recollection of having done what she claims to have suffered at my hands. I believe the story to be just another lie coming from the same pack of liars, who, for reasons best known to themselves, have sought to embarrass and discredit all the work of the school during the past year or two.

Yours Truly,

(Sgd) C.E.Lappard.

Re; May Simeon,
C/o. Indian School,
Morley, Alberta.
Student.

This patient was presented for a check-up examination, and particularly in respect to the right hip. Her parents or friends seemed to think there was some disease in the hip joint.

Physical examination would not indicate any serious disability in this hip joint, and certainly nothing was palpable. There was likewise a full range of movement in the joint. Her chief complaint was that she felt some pain on extreme inflexion at the superior anterior spine of the ileum. Nothing could be felt. Careful x-ray examination of the hip and spine did not show any evidence of any bony tuberculosis or other lesion.

Yours Truly,

Report from Dr. T.F.Murray,
Medical Superintendent,
Morley Indian Hospital.

I have made a complete examination of this girl and have the following to report;-

She walks, when under observation, with a limp and favors the right hip. Upon leaving the hospital she ran down the front steps and up the road at full speed without any limp or favoring. She evidently did not know that she was observed.

There is no palpable lesion in the area of her pain and nothing that may be observed.

Adduction, rotation, abduction are all normal, but she complains of slight pain. These movements were both active and passive. There are no marks in the area complained of and no contusions or lacerations. The abdomen in the area is normal.

The area complained about is the anterior superior spine of the ileum on the right side.

The girl is well developed and well nourished. She has a slight valvular condition of the aortic region. It suggests acute rheumatic fever of some years ago.

It is necessary to have an x-ray of the right hip joint in order to rule out injury to the hip joint and the various pelvic bones and bursal. Measurements are all normal in spite of apparent shortening.

Tom Simeon . Nov.11 - 1930

Girl - May Simeon Age 14 - 10 months.

States that his girl complained to her father and mother that she has a lump on her hip that causes her some pain.

She says Mr. Leppard hit her and bruised her, says he hit her over the face, knocked her down and she fell on the steps and bruised her hip. This happened over a year ago.

Statement from May Simeon. Sept. 26th.

About April 1944 one evening Mr. Leppard had lost his pocket knife. He asked some of the school children if they had seen his knife anywhere. Then he accused me of having taken his knife. I said I didn't take it. Mr. Leppard then grabbed hold of me by my dress near my shoulders . He then slapped my face with his flat hand and threw me down to the floor near the basement steps. I hurt my right hips on the steps. My hip was bruised.

I asked May did you report the indident to the matron. She answered "No." I was scared to report it. "Why?" "I was [redacted] afraid Mr. Leppard might hit me again if I reported it."

This girl May now complains of a swelling or lump in the region where she was injured in the fall.

I am requesting Dr. Murray to give her a physical examination.

Stony Indian Agency.
Morley, Alberta,
November 5th. 1945

C.P.Schmidt, Esq., Inspector of Indian Agencies, Calgary, Alta.

Re;- Complaint - Tom Simeon
Re daughter May Simeon
Morley Residential School.

Reference your file 409-11-A dated 9th. inst.

I have completed the investigation into the complaint noted above.

I had the girl examined by Dr. Murray who stated he could not find anything in the girl's physical condition to substantiate the statements by the girl and her father.

May Simeon was then x-rayed by the Calgary Associate Clinic to find out if there were any other injuries. Careful x-ray examination of the hip and spine did not show any evidence of injury.

I then interviewed Mr. Leppard, teacher at the Residential School. I told Mr. Leppard of the statements made by the girl in question and her father. Mr. Leppard said he could not recollect any such incident as the one under investigation. A copy of Mr. Leppard's statement is attached hereto.

In summing up I would be inclined to think that the whole thing is untrue, or, to say the least, so grossly exaggerated that there is no truth in the statements of Tom Simeon or his daughter. It seems to me that the sole reason for Tom Simeon making these statements was to keep his daughter away from school and collect the Family Allowance money. I made it clear to Tom Simeon that in any event his daughter would have to return to school, or if found to be ill she would have to go to the hospital and which ever way it turned out he would not collect the family allowance.

However the matter has now been cleared up and the daughter May is in residence at the school and she seems to be quite happy and contented.

Re: Complaint of Moses Wesley
Indian Residential School
Rosa Wesley - age 14 years

A delegation of Indians called on me today at the Agency office - 2.15 p.m.

PRESENT:
Rev. G. Roy Inglis - Principal
Chief Enos Hunter
Chief David Bearspaw
Councillor Isaac Two Young Men
" Tom Kaquitts
" Judas Hunter
Moses Wesley
Mrs. Moses Wesley
Judea Wesley Beaver
Eddie Hunter - Interpreter

Moses Wesley said that had asked the chief to call the meeting to enquire into a complaint regarding the treatment of himself and his daughter during an incident which occurred at the school at 7 p.m. Monday, January 20th, 1947.

On this day he said he went to see Mr. Inglis at the school. He told Mr. Inglis that he wanted to fill out the forms for his young child. He signed the forms and then he asked Mr. Inglis why the children ran away from school.

Moses said his daughter had complained that she had been mistreated. She said she had been whipped by the matron on several occasions six times a week. She said she had been whipped twice by Mr. Inglis.

Moses said that he had told his daughter to obey the teachers and the principal.

Moses further stated that when his daughter is at home she is always good and does not require any whipping.

He further complained that on the same night, when he finished signing etc., he went to the sun porch. His girl had gone for lunch. Then all the girls had to report to the principal's office. A few moments later Mr. Inglis waved his daughter Rosa to the office.

He said his girl was too frightened to go to the office and grabbed her father by the arm as she did not want to go to the office.

All this time, Moses, said, he didn't make a move. Then Mr. Inglis told him to leave the school. Mr. Inglis "grabbed me and pushed me to the door and made a tear in my coat in the process and forcibly ejected me and my daughter through the front door of the building."

Judea Wesley Beaver said; "I have heard what Moses Wesley has said and I swear it is true."

Mr. Inglis asked Judea Wesley Beaver, "Where was Moses when I went to the office?"

Indian Affairs (RG 10, Volume 6055, file 757-1 pt. 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Judea Wesley Beaver admitted he didn't know.

Mrs. Moses Wesley and Mrs. Paul Poucette said they were there and the above is true.

Mr. Inglis denied emphatically all of the foregoing relative to the incident of force and states that he only told Moses Wesley to leave.

As Indian Agent I then told the meeting that the matter would have to go to higher authority and that we would try to arrange a meeting to hear further statements early next week.

J.N.R.Iredale,
Acting Indian Agent.

Re: Complaint of Stoney Indians
Concerning the Indian Residential
School on that Reserve.

On the 23rd instant I was interviewed by Mr. Iredale, Acting Agent, and Rev. G. R. Inglis, Principal of the school, in regard to a complaint of one Moses Wesley.

Attached hereto please find copy of report on a meeting held at the Agency Office on the 22nd, concerning which these two gentlemen came to see me.

From the interview it was apparent that this complaint might be one of many that would arise from the manner in which the Principal was operating this school. The Agent was asked to call a meeting of the Councillors and interested parents at Morley on the 28th, in order that I could meet with them and get a clearer picture of the existing situation.

Apparently rumours and complaints had reached the ears of Rev. E. J. Staley, now Principal of the Indian Residential School at Edmonton and formerly Principal of this school. He came from Edmonton and accompanied me to Morley on the 28th. Dr. H. L. Stone, who was on routine inspection in the south, was informed of this complaint and he also went to Morley on the 27th and remained there for two days. A very good representative meeting of Councillors and parents met with us at the Church Hall, and the entire afternoon was given over to the consideration of their complaints, to wit:

1. The Indians had complained of the punishment meted out by the Principal and the Matron in charge.
2. The food.
3. Clothing supplied to children.
4. Part-time school work.
5. Health and cleanliness of the pupils.

The verbatim report is not yet available, but dealing with the foregoing as remembered -

1. There was a number of charges that capital punishment was meted out by the Matron, and that, in some instances, she had not only strapped on the hands, but beat pupils on the head. The Principal had also employed capital

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

punishment for various misdemeanours even in the presence of parents. We were satisfied that the complaints were mostly true, though possibly exaggerated. The parents stated that they realized that their children should receive a certain amount of capital punishment, but that they felt that the Principal and the Matron lacked kindness and understanding; they had found it very difficult to approach the staff members as friends.

2. In regard to food. It was not clearly indicated that the food was poor and unsufficient, but it was not what the parents expected nor what the pupils had formerly received when Mr. Staley was Principal.

3. It was established that children were often not properly clothed to go out into the cold, and that from some source they should be given better and warmer clothing.

4. In regard to part-time school work. The usual complaints were made that children were not getting enough class room work, and too much time was employed in duties in and about the school and the farm.

5. It was stated that a number of children had lice in their hair, which did not indicate that very great interest was employed in assuring that the children were always clean.

The writer asked for comments regarding these complaints from Mr. Staley, and he spoke to the Indians stating that it certainly would be the desire of his Church to correct anything that was wrong as quickly as possibly, and to remove any canker in the organization that would lead to a happier understanding between the staff and parents. Dr. Stone kindly spoke in regard to food and health. He stated that very shortly a Departmental dietitian would report on the food, and he would give it his very particular attention.

After hearing all complaints, I informed the Indians that I would report -

That capital punishment was uncalled for if the organization was running smoothly; that capital punishment was always frowned upon by the Department, and that I was immediately going to ask the Principal to discontinue this form of punishment until he had discussed the reason for it with the parent, and only when there was no better way would capital punishment be meted out.

As for the other complaints, the Principal would be asked to immediately check on the food and clothing and the cleanliness of the children.

I did not state that the removal of the Matron would be requested, but so many had mentioned that she was so unsympathetic and so prone to punishment on the least provocation, that her removal from this school at an early

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

date would be the only way to satisfy the Indians and regain their confidence in the school. This lady, Miss Hodgson, was for many years a teacher, and though she undoubtedly is very efficient, it is felt that she has not got a sympathetic approach to her present work. It is our belief that the United Church would be well advised to transfer her to some other work and replace her with somebody with better understanding.

The Principal, Mr. Inglis, appears to be a very fine gentleman, but with no experience in this particular work. Possibly he is too strict a disciplinarian, and he does not mingle freely enough with the Indians. It must be remembered, of course, that he followed Mr. Staley, who lived with them for 25 years, and the Indians must learn to know him just as much as it is necessary for him to learn to know them. Immediately after the meeting I spoke to him and acquainted him of the foregoing.

The meeting closed with the understanding that every attempt would be made to correct what would appear to be wrong. The Indians were asked to be charitable towards the Principal and to the staff, and they were also asked to give Mr. Inglis the opportunity to make certain reforms in his attitude and that of his staff, which we believe to be necessary for the smooth running of this school. Then, if he should fail, we could do no more than report that he was not the proper person to be the head of this school.

Acting Agent Mr. Iredale remained at the meeting part of the time; Mr. Horton, who will be Clerk-in-Charge when Mr. Iredale goes on sick leave, remained throughout and took extensive notes. The meeting was carried on in a very pleasant and orderly manner. The Indians were quiet and deliberate, which fact indicated that they were very serious and disturbed, but not yet to a point of rebellion.

It is our recommendation that the United Church officials be advised of the unsettled condition and that as quickly as possible try to correct it.

G. H. Gooderham,
Inspector of Indian Agencies,
Alberta Inspectorate.

Draft letter approved by Mr. Harvey 6/2/47

February 5th, 1947.

Memorandum:

RE: [illegible]

Corporal punishment in Indian schools.

The situation at the Morley residential school has been unsatisfactory since the opening of the new term. I intend to write to Dr. Dorey telling him of the situation [illegible] enclosing copies of the letters from Inspector [illegible] and Mr. Ingalis that are attached hereto.

I would appreciate your comments upon the draft letter which I have prepared to Mr. Gooderham and particularly to the instructions concerning capital punishment that I have included therein. I can find on file no instance of similar regulations having been prepared but from personal experience I feel that in such instances as at the Morley School, the situation can best be clarified by clearly instructing the principal in this matter. I may say that the principal is new to our service, having just been discharged from the Royal Canadian Navy.

I also intend to let Dr. Dorey know that the Reverend Mr. Inglis has been given these instructions.

Ottawa, February 6th, 1947.

Mr. C.H. Gooderham, Inspector of Indian Agencies,
Calgary, Alberta.

Complaint of Stony Indians Concerning
Indian Residential School at Morley, Alta.

Reference your 119-1-9 of Jan. 29

The complaints raised in your attached letter and also that of Mr. Iredale, have been passed to Dr. Dorey as you requested.

We have furthered your recommendation that Miss Hodgson be replaced by a person with more sympathy and understanding of young Indian children.

The Department has never approved of corporal punishment for Indian pupils, except in the event of complete insubordination. Would you please inform Rev. Mr. Inglis immediately of the following instructions:

"1. That corporal punishment will be used only where all other methods of disciplining a pupil have failed.

2. That corporal punishment will be administered only on the hands with a proper school strap (regulation 15" rubber).

3. That the maximum number of strokes on each hand in no instance exceed four in number for male pupils of over fourteen years of age and in proportion for boys under that age.

4. That all such corporal punishment be administered in the presence of the principal or by the principal.

Re: Complaint of Stony Indians
Concerning the Indian Residential
School on that Reserve.

On the 23rd instant I was interviewed by Mr. Iredale, Acting Agent, and Rev. G.R. Inglis, Principal of the School, in regard to a complaint of one Moses Wesley.

Attached hereto please find copy of report on a meeting held at the Agency Office on the 22nd, concerning which these two gentlemen came to see me.

From the interview it was apparent that this complaint might be one of many that would arise from the manner in which the Principal was operating this school. The Agent was asked to call a meeting of the Councillors and interested parents at Morley on the 28th, in order that I could meet with them and get a clearer picture of the existing situation.

Apparently rumours and complaints had reached the ears of Rev. E.J. Staley, now Principal of the Indian Residential School at Edmonton and formerly Principal of this School. He came from Edmonton and accompanied me to Morley on the 28th. Dr. E.L. Stone, who was on routine inspection in the south, was informed of this complaint and he also went to Morley on the 27th and remained there for two days. A very good representative meeting of Councillors and parents met with us at the Church Hall, and the entire afternoon was given over to the consideration of their complaints, to wit:

1. The Indians had complained of the punishment meted out by the Principal and the Matron in charge.
2. The food.
3. Clothing supplied to children.
4. Part-time school work.
5. Health and cleanliness of the pupils.

The verbatim report is not yet available, but dealing with the foregoing as remembered: -

1. There were a number of charges that capital punishment was meted out by the Matron, and that, in some instances, she had not only strapped on the hands but beat pupils on the head. The Principal had also employed capital punishment for various misdemeanours even in the presence of parents. We were satisfied that the complaints were mostly true, though possibly exaggerated. The parents stated that they realized that their children should receive a certain amount of capital punishment, but that they felt that the Principal and the Matron lacked kindness and understanding; they had found it very difficult to approach the staff members as friends.

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

2. In regard to food. It was not clearly indicated that the food was poor and unsufficient, but it was not what the parents expected nor what the pupils had formerly received when Mr. Staley was Principal.

3. It was established that children were often not properly clothed to go out into the cold, and that from some source they should be given better and warmer clothing.

4. In regard to part-time school work. The usual complaints were made that children were not getting enough class room work, and too much time was employed in duties in and about the school and farm.

5. It was stated that a number of children had lice in their hair, which did not indicate that very great interest was employed in assuring that the children were always clean.

The writer asked for comments regarding these complaints from Mr. Staley, and he spoke to the Indians stating that it certainly would be the desire of his Church to correct anything that was wrong as quickly as possibly, and to remove any canker in the organization that would lead to a happier understanding between the staff and parents. Dr. Stone kindly spoke in regard to food and health. He stated that very shortly a Departmental dietitian would report on the food, and he would give it his very particular attention.

After hearing all complaints, I informed the Indians that I would report -

That capital punishment was uncalled for if the organization was running smoothly; that capital punishment was always frowned upon by the Department, and that I was immediately going to ask the Principal to discontinue this form of punishment until he had discussed the reason for it with the parent, and only when there was no better way would capital punishment be meted out.

As for the other complaints, the Principal would be asked to immediately check on the food and clothing and the cleanliness of the children.

I did not state that the removal of the Matron would be requested but so many had mentioned that she was so unsympathetic and so prone to punishment on the least provocation, that her removal from this school at an early date would be the only way to satisfy the Indians and regain their confidence in the school. This lady, Miss Hodgson, was for many years a teacher, and though she undoubtedly is very efficient, it is felt that she has not got a sympathetic approach to her present work. It is our belief that the United Church would be well advised to transfer her to some other work and replace her with somebody with better understanding.

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 2)

The Principal, Mr. Inglis, appears to be a very fine gentleman, but with no experience in this particular work. Possibly he is too strict a disciplinarian, and he does not mingle freely enough with the Indians. It must be remembered of course, that he followed Mr. Staley who lived with them for 25 years, and the Indians must learn to know him just as much as it is necessary for him to learn to know him. Immediately after the meeting I spoke to him and acquainted him of the foregoing.

The meeting closed with the understanding that every attempt would be made to correct what would appear to be wrong. The Indians were asked to be charitable towards the Principal and to the staff, and they were also asked to give Mr. Inglis the opportunity to make certain reforms in his attitude and that of his staff, which we believe to be necessary for the smooth running of this school. Then, if he should fail, we could do no more than report that he was not the proper person to be the head of this school.

Acting Agent Mr. Irddale remained at the meeting part of the time; Mr. Horton, who will be Clerk-in-Charge when Mr. Irddale goes on sick leave, remained throughout and took extensive notes. The meeting was carried on in a very pleasant and orderly manner. The Indians were quiet and deliberate which fact indicated, that they were very serious and disturbed, but not yet to a point of rebellion.

It is our recommendation that the United Church officials be advised of the unsettled condition and that as quickly as possible try to correct it.

(Sgd) C.H. Cooderham,
Inspector of Indian Agencies,
Alberta Inspectorate.

Discussed with Dr Dorey Feb 7

119-1-1 (W.T.)

Ottawa, February 6th, 1947.

Dear Doctor Dorey:-

E B D.

Complaint of Indians Concerning Morley Indian Residential School.

Attached are copies of correspondence received from Inspector Gooderham concerning the above school.

It would seem that the Rev. Mr. Staley is fully aware of this situation and has probably written you concerning it.

It would seem that the Matron's removal from this school would eliminate some of the difficulty. The Department recommends such action.

The Department has also requested Inspector Gooderham to inform the Rev. Mr. Inglis of the following regulations concerning corporal punishment:

1. That corporal punishment will be used only where all other methods of disciplining a pupil have failed.

2. That corporal punishment will be administered only on the hands with a proper school strap (regulation 15" rubber).

3. That the maximum number of strokes on each hand in no instance exceed four in number for male pupils of over fourteen years of age and in proportion for boys under that age.

4. That all such corporal punishment be administered in the presence of the principal or by the principal.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Dr. Dorey Feb. 6th, 1947.

5. That a Corporal Punishment Register be maintained at the school containing the following headings:

(a) Date.
(b) Reason for Punishment.
(c) By whom administered.
(d) Witness.
(e) Signature of pupil punished.

6. That this Register be made available for inspection by all Indian Affairs Branch officials visiting the above.

INSPECTOR OF INDIAN AGENCIES

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

Calgary, Alberta,
March 4th, 1947.

Mr. G. H. Gooderham,
Inspector of Indian Agencies,
Alberta Inspectorate,
507 Public Building,
Calgary, Alberta.

Miss Alice McCreedy, Dietitian of the Department of National Health and Welfare, has spent four days looking into the diet of the Stony Indian Residential School at Morley. Her verbal report was:

(1) That the feeding was about average for the better fed schools.

(2) That the diet is low in citrus fruits, as at all schools, but higher than at some, and perhaps than at the average.

(3) That the present school resources in milk could be better utilized than they are.

On my own account I ascertained that the average gain in weight of seventy-eightpupils between September 15th and February 15th - five months - was nine pounds.

I conferred with Miss McCready and the Rev. Principal at the beginning and end of her visit. The Principal was interested, open to advice and undertook to profit by Miss McCready's recommendations.

In view of the limited funds at the disposal of the Principal of this, as of other Residential schools, and considering that the Principal, the Matron and many of the staff are in their first year at this kind of work, I judge that feeding conditions are as good as can be reasonably expected, and are likely to improve.

The Matron told me that she had apparently solved the problem of keeping the pupils heads free of lice. I had sent her some DDT powder, but consider that the key to the problem is in treatment with oil every Monday, following Sunday contact with members of the family living at home.

Re: Complaint of Stony Indians concerning
Indian Residential School at Morley, Alta.

Your 119-1-1 (W.T.), dated February 19th.

If you will refer to our report of a complaint in our letter of January 29th, 1947, it is noted that Dr. A. L. Stone informed me that a dietitian of the Department of National Health & Welfare would shortly be visiting this school and would report on her findings.

For your information, herewith copy of Dr. Stone's letter of the 4th instant, stating what Miss McCready had verbally reported to him. This indicates that dietary conditions were not bad and that there is nothing to demand immediate action or correction.

It is understood that Miss McCready will submit a written report and that Dr. Dorey will receive a copy before his visit to the Reserve.

RE: SCHOOL ATTENDANCE

It is desired to obtain some guidance in regard to pupils of the Stony Indian Residential School, at Morley, Alta. who have reached the age of approximately 16 years. This advice is sought in that the following Indians have approached this office requesting that their children be excused and discharged from the school:-
Paul Bigstony, on behalf of John Christie Bigstony, pupil #121, birth date Jan 15/1932.
Reba Mark, pupil #101 birth date March 6/1932
Mary Margaret Chiniquay, Pupil #100, birth date Feb 21-32.

I am advised what the parents in these cases have requested the discharge of their children to assist at home. In the case of Reba Mark, I was informed by the parents that this girl had been placed in school when 6 years of age and had been promised discharge at 14 or 15 years of age.

One other case was brought to the attention of the writer by Isaiah Rider in which he coupled the Family Allowance payments with school attendance, indicating that he would place his girl Irene in the school if he could be permitted to ta ke her home on Friday to Sunday night, and also receive his Family Allowance on her behalf.

This matter is being placed before the Branch with a view to receiving some clarification, as the matter of attendance at school is not considered good. We have now prepared a complete resume of children attending school, this for Family Allowance purposes. On the last check at the school some 62 children were in attendance or legitimately excused by reason of hospitalization at Sanatorium. The absentee list at this school numbers 40, of whom 6 are discharged, 4 in Sanatorium, 1 at home from Sanatorium with Medical Certificate, leaving 29 children actually truant at this date. We requested truancy forms from the Branch, but to date these have not been received and we wonder if the Branch agrees in the application of this method to secure the return to school of the 29 children mentioned above.

May we be advised and instructed, please.

119-1-1 (WT 1)

Ottawa, October 23, 1947.

Mr. John E. Pugh,
Superintendent,
Stony-Sarcee Indian Agencies,
Morley, Alberta.

We have your letter of the 8th instant with reference to certain pupils of the Morley Residential School.

It is the general practice in Indian Residential Schools throughout Canada to retain children until the close of the academic year during which they reach the age of sixteen years. Under these circumstances Paul Bigstony, No. 121, Reba Mark, No. 0101 and Mary Margaret Chiniquay, No. 0100 should remain in the Morley Residential School until June 30th, 1947.

We note your remarks regarding Reba Mark. No Agent or principal has any authority to advise the parents that she would be discharged at fourteen or fifteen years of age and it is very unlikely that any such statement was made.

The mere fact that Isaiah Rider wishes to take his daughter home Friday to Sunday night would not entitle him to family allowance. As a matter of fact, family allowance payments can be cancelled in the case of any child of school age where school facilities are available, who does not attend school regularly. In addition, it might be pointed out the Department does not approve pupils of a residential school going home from Friday to Sunday.

The Department feels that you should enforce the compulsory clause in the Indian Act so as to have the children of school age placed in school.

Morley Residential School Attendance

Dear Doctor Corey:

Further to our recent conversation concerning attendance at this school, we have now received a letter from Superintendent Pugh, reading as follows:-

"We have now prepared a complete resume of children attending school, this for Family Allowance purposes. On the last check at the school some 62 children were in attendance or legitimately excused by reason of hospitalisation at Sanatorium. The absentee list at this school numbers 40, of whom 6 are discharged, 4 in Sanatorium, 1 at home from Sanatorium with medical certificate, leaving 29 children actually truant at this date. We requested truancy forms from the Branch, but to date these have not been received and we wonder if the Branch agrees in the application of this method to secure the return to school of the 29 children mentioned above."

We have notified Mr. Pugh that the Department feels that the compulsory clauses of the Indian Act should be enforced and we have sent him the required truancy forms. (A copy is attached for your information.

Re: Attendance at Morley Residential School.

With further reference to the above noted subject, it is advised that the problem of truancy and the serving of notices on parents for the return of children to school was discussed at a meeting of the Council of the Stony Band on Nov.25th./47.

While the action taken brought about the return of all but two of the children, the enrollment now being 88, it is desired to enquire if the following proposal would be considered by the Branch in regard to school attendance. That those parents who reside within a reasonable distance from the school, say 3 miles, might be permitted to have their children attend the classrooms on a daily basis. There will be approximately 12 families who could have their children attend as day pupils. Of these, there are actually in residence at school at the present time 12 children and approximately 5 other children not now attending school who could attend on a day basis. It is thought that perhaps if the 12 referred to were allowed to attend day school that a like number of children could be brought in from more distant points as residential pupils. This would, of course, bring up the matter of grant earning pupils who would only be attending day school, but it is felt that the suggestion would be very worthy of consideration and discussion with the Council and Indians concerned.

The matter was discussed by the Council and Indians present as a result of a general protest following the serving of truancy notices by this office. The Council and Indians were advised that if such a day school were put into effect that the same means of enforcing attendance would be applied.

It would be appreciated if this matter were considered and instructions given, please.

(John.E. Pugh)
Superintendent,
Stony-Sarcee Indian Agencies.

Attention: Superintendent of Training

Re: Attendance Morley Residential School,
STONY INDIAN AGENCY.

Attached hereto is a copy of a letter received from Superintendent Rusk in regard to the enrollment and a suggestion that children who live near the school might be allowed to attend classes on a daily basis. Mr. Rusk makes this suggestion because the school is now over-crowded, and he believes that this can be relieved and other children brought into the school for class room work.

I think it is a splendid idea, and would recommend its serious consideration. In this manner, more children could be given an education, and the parents will get their desire to have their children live at home, and, at the same time, they may learn a little more about the responsibility of parenthood.

It is not known here whether or not this sort of arrangement is made elsewhere; if it is, you will no doubt have a basis of payment not only of the per capita grant, but also of the Family Allowance.

In case such a situation has not arisen elsewhere, it would be my suggestion that the parents be allowed the Family Allowance, and that the residential school be treated very much the same as any white day school which Indian children are attending. Indian children attending residential school would of course receive a hot mid-day meal and the monthly payment to the school should be the same as is given to white day schools.

Your re- ction to this will be appreciated with interest by Mr. Rusk and myself.

Copy for Mr. Pugh.

119-1-1

Ottawa, December 19, 1947.

Mr. G.E. Gooderham, Regional Supervisor of Indian Agencies,
Calgary, Alberta.

Attendance Morley Residential School.

Reference your 119-6-7 of December 10th.

The situation at this residential school might be summed up as follows:

(a) Pupilage 100
(b) Present Nor attending 88.

It is noted that Mr. Pugh feels that the pupilage allowed by the Department to this school is too great. It is also noted that this matter has not apparently been discussed with the Principal of the Morley Residential School. I feel certain that we would have some complaint from the United Church if we were to proceed without their approval.

However, for your information I may say that we are operating day schools in certain of our residential schools elsewhere. Where a school has a number in attendance in excess of its pupilage we investigate the possibility of having a certain number of children attend on a day school basis. The usual standard form is that followed by most Provincial Departments of Education namely:

(a) That pupils under ten years of age can be expected to walk two miles to school.

(b) That pupils ten years of age and over can be expected to walk three miles to school.

Family Allowances are paid to the parents concerned provided that these children attend the required number of days.

An Order in Council is obtained authorizing the establishment of a day school. One of the teachers at the school is paid on a part time basis as the day school teacher, directly by the Department. Her salary is based on our day school teachers' salary schedule. For example, if there are twenty-five day school pupils in attendance, we would allow her a salary at the rate of two thirds of the amount which would be allowed her on the day school teachers' salary schedule. It is realized, of course, that these day school pupils might well be scattered throughout two or three classrooms and it would be impossible to pay small amounts to all teachers concerned. Therefore, the denomination is requested to name one teacher to teach and be paid as described above and it is left to the school principal to make the necessary adjustments.

It will be necessary to approach Dr. Dorey concerning this proposal. Our attitude might be summed up as follows: That if this school had pupils in excess of its pupilage, we would not hesitate to proceed with the establishment of a day school, but in view of the fact that such is not the case, we feel that the denomination concerned will have to be consulted before a decision can be reached. We would appreciate hearing from you if you have an opportunity of discussing this matter with the principal of the school. We will then approach Dr. Dorey on the matter.

INDIAN RESIDENTIAL SCHOOL
Morley, Alta.

Jan.2nd. 1948.

Mr.John.E. Pugh,Supt.
Stony-Sarcee Indian Agencies,
Morley, Alta.

RE: Attendance,Morley Residential School.

Dear Mr.Pugh:

Replying to yours of Dec.30th.1947 re.the above. It is apparent that present school facilities are inadequate for the number of children on the Stony Indian Reserve,as there are approximately 180 children of school age, there should be at least two more class-rooms provided.

The present capacity of the Residential School is for 90 pupils; and unless the present dormitory space were enlarged, some of the children would have to attend on a day basis. This arrangement, no doubt, would involve difficulties. There would be the question as to who should attend the day school or the residential, with the possibility that attendance at the Residential School might drop unless a compulsory system were adopted by the Indian Affairs Branch. There would also be the necessity of standardization of all salaries of teachers.

These difficulties ,in my personal opinion, should not deter the early provision of adequate facilities for the education of all Stony children, as the importance of this objective should assure the co-operation of all those presently engaged in this work, and at the same time meet the desires of the Indian people themselves.

Yours truly,

Signed (G.Roy Inglis)
Principal.

FILE 119-6-7

Stony Indian Agency, Morley, Alta.
Jan. 7th. 1948.

G.H. Gooderham, Esq.
Regional Supervisor of Indian Agencies,
Calgary, Alta.

RE: Attendance - Morley Residential School,
File 119-1-1 (WT 1) d/Dec.23.1947.

Acknowledgement is made of copy of letter received from the Supt. of Welfare & Training in regard to the proposal outlined in our letter 119-6-7 of Dec.9/47. In reply it is advised that while the writer did not place this matter before the Principal of the above school in the first instance, this has now been discussed with the Rev.G.Roy Inglis and a copy of his letter is attached hereto.

In conversation with Mr.Inglis on this subject it was mutually felt that the suggestion was of an experimental nature, and the sole motive was to utilize the present facilities of the school, either by residential or day attendance, for the advancement of education among the Stony Indians. It is realised that the plan is experimental. The object is to put ourselves in a position to be able to offer the Indians further accommodation for schooling in the simplest and most economical way possible. As a step towards this end, it is felt if there are a number of children living within a 3 mile radius of the school, who could attend on a day basis, that for each of these children not in residence by reason of attending day school only, accommodation could be provided for an equal number of children up to 90 in residence.

To carry out this plan it is suggested that the school provide a mid-day meal, which could possibly be paid for by a monthly grant. In regard to the teachers, it is not recommended that a difference be made in the status i.e. one being paid as a day school teacher and one by the Church Authorities on their basis. This recommendation is made because of the fact that there are only 2 classrooms and the children attending by day would be in with the the children attending residential school. It is further suggested that if the Branch could see its way clear to permit an experiment at this school along the lines outlined above, placing the responsibility for attendance upon the Indians in the case of both day and residential schools at least for a period long enough to discover the reaction and the attitude of the Indians, that should this experiment prove successful, it is possible that it might lead to the establishment of a day school separate from the residential school in so far as pupilage is concerned. In other words the present 2 classrooms might become crowded making it necessary to erect another building which could possibly be used as a day school.

This matter is respectfully submitted for your consideration.

Attention: Supt. of Welfare & Training

Re: Attendance Morley Residential School

Reference your 119-1-1 (W.T.1) of December 23rd. I am attaching hereto copy of a letter from Mr. Pugh, together with copy of a letter to him from the Principal of the school. These letters indicate that the suggestion of day pupils is made purely as an experiment.

You state in your letter that the pupilage is one hundred. You know as well as I do that the churches always try to keep the pupilage to the very extreme of accommodation. In the case of Morley school, the present accommodation is limited to ninety. Therefore, the present attendance is now only two short of capacity.

Mr. Inglis states that there are approximately 180 children of school age. This includes Stonies living to the far north near Nordegg and those living in the Pekisko area in the far south. I am sure it is not our intention or hope to continue indefinitely to bring all these children into one central residential school. The Indians in the north are waiting patiently for the establishment of a day school near Nordegg. As for those in the Pekisko area, it is almost impossible to get many to go to Morley, and, if and when a reservation can be purchased in that area, a day school would naturally be set up for their children.

I cannot give definite figures, but I would say that there are fifty Stony children at these outside settlements that we cannot ever expect to get into the residential school at Morley. That leaves 125 or 130 to be educated at this point.

I think it is agreed that the residential school should not be enlarged to look after the increasing pupilage, but that some form of day school be set up to care for this surplus. There is therefore a need for a day school on the Stony Indian Reserve, as well as the present residential school. In setting up a day school, we may anticipate complications. These are obvious.

However, until something is done along this line, the experiement suggested by Mr. Pugh and Mr. Inglis would not only educate the children but the parents. It is anticipated there are parents, who today are so rabid in their demands for a day school, that would be very happy after a couple of years to send their children back to a residential school if it were available, thus relieving themselves of a lot of family responsibility. I am not saying it is right to relieve them of this responsibility,

Indian Affairs (RG 10, Volume 6355, file 757-1 pt. 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

but it would create a different mental attitude which would make it easier to operate a residential school as well as a day school in the same vicinity.

To carry out this experiment, it is suggested:

1. that the total enrollment of the resident and day school pupils be limited to one hundred, because there are only two class rooms.

2. that no day pupils be allowed unless there are ninety in residence.

3. that ten day pupils be allowed, and that the school be paid $10.00 per month per pupil, to whom it will supply not only the normal class room work, but a mid-day meal.

It is not known here what authority would be required to follow this procedure, but the method of payment mentioned in your letter is too involved and cumbersome. It would not work here.

All children of school age, within a radius of three miles, could readily get to the school, because most of them ride ponies and do not have to walk.

I want you to know that all the children returned the first day of school after the Christmas holidays, and that there is a different feeling towards the school today than there was a year ago. I feel that the Indians will fully co-operate on this experiment if it can be tried.

My final suggestions have not been discussed with Mr. Pugh nor the school principal, but a copy is going to them, and of course you will get Dr. Dorey's reaction.

EX'D.
A

January 19, 1948.

Dear Doctor Dorey:-

Morley Residential School

Please find attached correspondence from Mr. Gooderham, Mr. Pugh and the Reverend Mr. Inglis concerning the proposal to have certain children living near this school attend it on a day school basis.

We are already conducting schools on this basis for both the Church of England and the Roman Catholic Church.

You will find a somewhat detailed account of how these schools are operated in my letter to Mr. Gooderham of December 23rd. As I see this picture, it depends entirely on whether the school can be filled from elsewhere with boarders. It is our intention to build a day school at Nordegg on the new reserve which has just been established. This day school was promised the Indians there when the new reserve was being planned.

I would appreciate hearing from you with an expression of your views on the above proposal.

Yours sincerely,

Bernard T. Neary
Supt. of Welfare & Training.

119-1-1

OFFICE OF THE INDIAN AGENT

CANADA
DEPARTMENT OF MINES AND RESOURCES

8007

PLEASE QUOTE FILE 6-2(119)

Stony Indian Agency,
Morley, Alta.
March 28th. 1948.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa, Ont.

Attached herewith are two letters received at this office from the Principal of the Morley Indian Residential School, Rev. G. Roy Inglis and Miss. M.E. Woodburn, seamstress at the school.

It is desired to state that on Tuesday evening, the Principal of the above school interviewed the undersigned, making a complaint against the Chief of the Wesley Band, Enos Hunter, which is embodied in Miss Woodburn's statement.

The writer's first intention was to proceed against Enos Hunter for common assault, but it is now desired first to place this matter before the Branch for their consideration.

It should be mentioned that Mr. Inglis was absent in Calgary on the 23rd. and apparently Chief Enos Hunter visited the school in connection with his daughter Lavina, Pupil No. 0156, aged 9 years, who had been disciplined by Miss Woodburn. This discipline took the form of not permitting Lavina to proceed to the Morley Trading Co's store with the other children on their customary outings on certain evenings.

It would appear that when Chief Hunter, who was at the store, found that his girl was not present, he then visited the school and without asking for the Principal or the Matron, took the situation in hand himself, as stated in Miss Woodburn's letter.

The Principal in conversation with the writer feels that this type of self administration of school affairs by Indians cannot be tolerated in the interests of the school and the staff. In conversation with Miss Woodburn, Enos hunter told her that the parents of the children of the Stony Band would take care of the discipline of the children and that the staff should leave them alone.

The writer realises that ordinarily this is a problem that can be handled by the Assistant or Superintendent but, as apparently a hard and fast rule will have to be laid down, the writer seeks the advise of the Branch.

Enos Hunter was actuated, no doubt, by some outside influence and consequently presumes to be

a law unto himself. The writer is of the opinion that this state of affairs cannot be allowed to continue.

Therefore, before taking any action in the matter other than talking to Enos Hunter, the writer would be glad of advice from the Branch for future guidance in matters of this kind.

119-1-1 (E.1)

EXD.

Ottawa, April 5, 1948.

Mr. John E. Pugh, Superintendent,
Indian Agency, Morley, Alberta.

We have your letter of the 28th ultimo, file 6-2 (119), enclosing communications received from the principal of the Morley Residential School and Miss Woodburn, seamstress at this school.

We have carefully considered the contents of your letter and also the two letters which you forwarded. It appears that Lavina Hunter committed some misdemeanor which Miss Woodburn considered deserved punishment and there is no question that Miss Woodburn should be upheld in this particular case as the punishment inflicted was not excessive.

We also feel that if the Indians interfered in the same manner as Chief Hunter has done, it would totally upset the discipline of the school.

The Department feels that the Regional Supervisor and yourself should interview Chief Hunter at the earliest possible date and point out to him that the Morley Residential School can only be conducted successfully if the authority of the management is upheld. It should be pointed out to Chief Hunter that as head of one of the Bands, he should show an example to the other Indians and should not assume authority which he does not possess. I would be pleased to have a reply from you following the interview between Chief Hunter, the Regional Supervisor and yourself.

Bernard F. Neary
Superintendent of Education.

May 14, 1948

Colonel Neary:

Morley Residential School: Interim Report

Department of Mines & Resources
Indian Affairs Branch
MAY 17 1948
A.M.
REGISTERED

Authorized pupilage 90.
Presently in residence 81
Local eligible children not in school: 103.
(This figure does NOT include Nordegg or Jasper).

Only two classrooms are available for the 81 children. Grade IV and up attend in the classrooms a little better than half time.

On this basis this school cannot cope with the local situation. There is evidence that fifty years of this sort of partial coverage has failed to achieve what a school of adequate size and organization should be able to do in ten years.

It is strongly urged that a building programme should be started here at an early date so as to provide for a total of at least six classrooms with increased residential and administrative facilities

I would suggest a building with six classrooms on the main floor, a full basement, and a top floor for teachers' quarters.

C.A.T. Clark

Is 48/49 building programme?

file: MORLEY

Nov. 17,. 1948.

Colonel Neary: 1326

Morley Indian Residential School: Visited on Nov. 15

This school continues to serve only a fraction of the eligible children in a fractional way. The children appear to come voluntarily, but too often they come too late in life and too tardily in the school term.

Unless facilities are provided to give complete educational coverage over one generation the effects of any lesser degree of coverage are correspondingly negatived as the small minority of schooled children are returned to the pool of the unschooled. Vital statistics also work against the attainment of the objective as each year the population increases faster than accommodation is being provided.

The teaching in this school is at a disadvantage. A lack of mechanization for household activities compells an allotment of pupils and time that retards progress through the grades as will be seen from the age-grade tables. This withdrawal of the pupils from congested classrooms appears momentarily to lighten the load on the senior teacher who conducts Grades three to eight.

I understand that the Alberta school inspector is to make some comments on the classroom situation. I had hoped that the Grade eight pupils (two) might have been sent to school in Calgary.

The junior teacher is to some extent trained but is getting her first experience here under trying conditions and progress in the primary grades may be expected to be slow.

I deprecate the tendency to permit Indians to consume time on alleged forms of art to the exclusion of attention to other disciplines. There are already enough examples of white people who prefer or who are content while someone else supports them to fool away their time in art colonies in activities at which they cannot excel sufficiently to bring economic stability to themselves or aesthetic xx enjoyment to a significant number of people.

From the staff's point of view the school's needs appear to be "more kitchen space and more classrooms" but actually an all-round expansion is necessary (as previously reported) so that the school may properly integrate all its activities which are presently notably deficient in adequate vocational and physical education.

A canopy over the kitchen stove which I expected to see has not yet been installed.

Extract from the Minutes of a Meeting of the Stony Band Council held on October 27th, 1948 at Morley, Alta.

x x 6703

63-119

9. Chief Enos Hunter placed before the Superintendent the matter of Miss Hodgson, matron at the Morley Indian Residential School, stating that, in her capacity as matron at the school, she was unsatisfactory to the Indians. This matter has been before the Council previously and has not been dealt with in view of the fact that individual personalities were more or less at the bottom of the agitation.

The writer informed the Council that from his observations at the school he felt that Miss Hodgson was rendering good service, and that in the matter of discipline towards their children, that providing this was carried out in a fair manner, it was essential to the welfare of the school, and the following was quoted to the Indians from No. 1 Vol.3, October issue of the Indian School Bulletin, under the heading "Little Angel?"-

"I love my infant more than breath
Or bread or drink. I'd suffer death
Or pain or illness, short or long,
To keep him flourishing and strong.
But candor forces me to say
I eagerly await the day
When some poor kindergarten teacher
Will wrestle with the little creature."

An explanation of this quotation was made to the Council and they were informed that the writer did not feel disposed to making any specific charges out of their complaint. Chief Enos Hunter advised me that the Council decided to take it to higher authority.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils were present during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils were present during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for the year* is ascertained by multiplying the Average attendance of pupils during quarter by the amount of the per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case however will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I Hereby Certify that the within Return is a true and faithful statement of the attendance and [illegible] at the [illegible] School for the Quarter

ended 19

Principal

Dated 19

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department

Indian Agent

Dated at

this 19

NOTE.

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When owing to the number of pupils all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita required for [illegible] ascertained*, or is obtained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged, respectively, according to numbers

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return giving full particulars in the case of each pupil as called for under the various headings thereof.

2. The columns of this Return should be correctly added and the totals placed at the foot thereof.

3. When owing to the number of pupils all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2 and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the Average attendance of pupils during quarter by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return giving full particulars in the case of each pupil as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, etc., carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant* due for quarter is ascertained by multiplying the "Average attendance of pupils during quarter" by the number of dollars quarterly per capita grant. In no case, however, will payment be made on any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged in consecutive order according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I Hereby Certify that the within Return is a true and faithful statement of the attendance and tuition at the _____ School for the Quarter ended _____ 19

_____
Principal

Dated _____ 19

NOTES ON THE PREPARATION OF THIS RETURN

1. Enter in all the columns of this Return, giving full particulars, in the case of each pupil as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in a quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils were in residence during quarter* means the total number of days in residence of all pupils entered in this Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during Quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita to which the School is entitled* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is shown.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6 *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter".

9 *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant In no case however will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school On this Return the names of the boys and the girls must be arranged consecutively according to numbers

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I Hereby Certify that the within Return is a true and faithful statement of the attendance and tuition at the [illegible] School for the Quarter ended June 1943

Principal E. J. Mahony

Dated June 30th 1943

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at STONY AGENCY JUL 6 1943 MORLEY, ALTA

this [illegible] 19

NOTE

Principals will please be guided by the instructions printed on the last page

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ..... School for the Quarter ended 19

Principal

Dated 19

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department

Indian Agent

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2 and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in a quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils mentioned in the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant for the quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I Hereby Certify that the within Return is a true and faithful statement of the attendance and tuition at the INDIAN RESIDENTIAL SCHOOL United Church of Canada Hobbema, Alta. School for the Quarter ended 19

Principal

Dated 19

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department

Indian Agent

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When owing to the number of pupils all the names cannot be included on one sheet of the Return use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in a quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupil in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return contains a full and faithful statement of the attendance
INDIAN RESIDENTIAL SCHOOL
Brandon (Manitoba) Box 68
and custody at the School for the Quarter
ended June 30th 1944
Principal Edgar Jhaler
Dated July 7th 1944

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at Morley
this 14th July 1944

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof,

3. When owing to the number of pupils, all the names cannot be included on one sheet of the Return use another sheet paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and also to be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading 'Total number of days pupils in residence during quarter'.

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per cap in grant due for quarter* is ascertained by multiplying the 'Average attendance of pupils during quarter' by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When owing to the number of pupils all the names cannot be included on one sheet of the Return, use another sheet (paging it No. 2, and carry forward and total, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return, and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case however will payments be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and girls must be arranged consecutively according to numbers

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in attendance of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* is ascertained by adding the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils enrolled on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I Hereby Certify that the within Return is a true and faithful statement of the attendance and tuition at the [illegible] School for the Quarter ended Mar 31 19 40

Principal [illegible]

Dated April 25th 19 40

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

[illegible]

KODAK SAFETY ▲ FILM +●

NOTES ON THE PREPARATION OF THIS RETURN

1. All the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case however will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I, Hugh C[illegible], do hereby make this Return as a true and faithful statement of the attendance and tuition at the INDIAN RESIDENTIAL SCHOOL United Church of Canada Norway Hse School for the Quarter ended December 31st 1946

Principal... J. Hugh Dyght

Dated January 15th 1947

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the INDIAN RESIDENTIAL SCHOOL United Church of Canada Morley, Alta. School for the Quarter ended March 31 19

Principal

Dated April 21 19 47

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent

Dated at

this 19

NOTE

Principals will please be guided by the instructions printed on the last page

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays. Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter".

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1 Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4 The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7 *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8 *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9 *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant In no case, however will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

CANADA

1 Fill in all the sub-heads of this Return giving full particulars in the case of each pupil as called for under the various headings thereof

2 The columns of the Return should be correctly added and the totals placed at the foot thereof

3 When owing to the number of pupils all the names cannot be included on one sheet of the Return use another sheet paging it N° 2 and carry forward all totals, pasting them in the proper columns

4 The Returns must embrace only the quarterly periods ending 31st March 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5 No Quarterly Grant will be paid until Returns have been received by the Department

6 *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays.

7 *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return as ascertained by adding the column under the heading "Total number of days pupils in residence during quarter

8 *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9 *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant In no case however will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2 and carry forward all totals, placing them in the proper positions.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded as soon as dately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days' presence of all pupils entered on the Return and is ascertained by adding the figures under the heading 'Total number of days pupils in residence' during quarter.

8. *The average attendance of pupils during quarter* is ascertained by dividing the 'Aggregate number of days pupils in residence during quarter' by the 'Total number of days in quarter.'

9. *The amount per capita grant due for quarter* is ascertained by multiplying the 'Average attendance of pupils during quarter' by the amount of the quarterly per capita grant; in no case however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

---

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days each pupil belonging to the pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter."

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in actual attendance during quarter" by the "Total number of days in quarter."

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case however will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On the Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I Hereby Certify that the within Return is a true and faithful statement of the attendance and tuition at the Morley School for the Quarter ended December 31st 1948

Principal

Dated 19

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof.

2. The columns of the Return should be correctly added and the totals placed at the foot thereof.

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department.

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

KODAK SAFETY ▲ FILM +●

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June, 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays, Sundays and holidays.

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in residence of all pupils entered on the Return and is ascertained by adding the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers.

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the ..... School for the Quarter

Ended 19

Principal

Dated 19

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department

J.R. Wild
Indian Agent

Dated at Morley

the 29 Oct 1949

NOTE

Principals will please be guided by the instructions printed on the last page.

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns.

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* is the total number of days in residence of all pupils entered on the Return hereinafter mentioned, including the column under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarterly per capita grant. In no case however will payment be made for any average attendance in excess of the number of pupils for which grant is allowed

SPECIAL NOTE

A new number must be given to each pupil upon entrance to the school On this Return the names of the boys and the girls must be arranged consecutively according to numbers

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I Hereby Certify that the within Return is a true and full statement of the attendance and tuition at the School for the Quarter ended 19

Principal

Dated 19

I have carefully examined the within Return and hereby certify that it is correctly made up in accordance with the instructions of the Department

Indian Agent

Dated at [illegible] this 20 Jan 19[illegible]

NOTE.

Principals will please be guided by the instructions as printed on the next page

NOTES ON THE PREPARATION OF THIS RETURN

1. Fill in all the columns of this Return, giving full particulars in the case of each pupil, as called for under the various headings thereof

2. The columns of the Return should be correctly added and the totals placed at the foot thereof

3. When, owing to the number of pupils, all the names cannot be included on one sheet of the Return, use another sheet, paging it No. 2, and carry forward all totals, placing them in the proper columns

4. The Returns must embrace only the quarterly periods ending 31st March, 30th June 30th September and 31st December, respectively, and should be prepared and forwarded immediately thereafter.

5. No Quarterly Grant will be paid until Returns have been received by the Department

6. *The total number of days in quarter* means every day in the quarter, including Saturdays Sundays and holidays

7. *The aggregate number of days pupils in residence during quarter* means the total number of days in respect of all pupils entered on the Return and is ascertained by adding the amounts under the heading "Total number of days pupils in residence during quarter"

8. *The average attendance of pupils during quarter* is ascertained by dividing the "Aggregate number of days pupils in residence during quarter" by the "Total number of days in quarter"

9. *The amount per capita grant due for quarter* is ascertained by multiplying the "Average attendance of pupils during quarter" by the amount of the quarter's per capita grant. In no case, however, will payment be made for any average attendance in excess of the number of pupils for which grant is allowed.

SPECIAL NOTE.

A new number must be given to each pupil upon entrance to the school. On this Return the names of the boys and the girls must be arranged consecutively according to numbers

CANADA

INDIAN RESIDENTIAL SCHOOL QUARTERLY RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the School for the Quarter

Total number of days in Quarter 90

Aggregate number of days pupils in residence during Quarter 7367

Average attendance of pupils during Quarter 81.85

Amount of per capita grant due for Quarter $

(a) If this a church-owned residential school state the number of

(i) non-Indian children who are boarders

(ii) non-Indian children who are day school pupils

81.85 × 78.75 = 6445.69

Dear Mr. Vankoughnet,

I have had some more letters about the addi
to the Morley School, and in regard to the erectio
the building at St. Boniface. I think you had bet
get these matters under weigh, as there is $6000. ava
able for each. I suppose Reed might be instructed to
issue vouchers as the work goes on at Morleyville, and
the same course might be pursued with regard to the St
Boniface building, after plans and specifications hav
been agreed upon.

Yours sincerely,

L. Vankoughnet, Esq..

No 0112.

OFFICE OF THE

Indian Commissioner,

NORTH-WEST TERRITORIES

1st October, 1890.

Sir:-

I have the honour to inform you that the Superintendent General, when here lately, authorised me to proceed forthwith with the erection of a building at Morley for the "McDougall Orphanage", according to the plan of the centre building at the Elkhorn Institution, which the Department has on fyle.

The work has been commenced according to this plan, but a few alterations, in the interior, will be made, in accordance with the wishes of the Church authorities, which were expressed to me when lately visiting the Reserve. These will, however, entail no extra expense.

The total cost including a furnace, which it is proposed to put in, is not to exceed six thousand ($6000) dollars, and the Superintendent General stated that the amount voted for Fisher River, Manitoba, could be applied through the proper course, on this account.

Plans and specifications of the building, as being erected, can be forwarded to the Department, if so desired.

I have the honour to be,

Sir,

Your obedient servant,

Indian Affairs.

Also to the date of this letter.

OFFICE OF THE

Indian Commissioner,

NORTH-WEST TERRITORIES

Regina, Oct 15th 1890

30648

Sir,

As requested in your letter of the 9th instant I have the honor to enclose under separate cover the plans and specifications of the building being erected at Morley for Mr Dougall Orphanage.

This building differs from the centre building at the Elkhorn Institution in the following respects, viz: It has a stone foundation and is four feet longer and has a basement throughout with furnace to be placed therein. The first floor has no hallway, and instead of two rooms, one on either side of the hall, there are four across the building. There is a sewing room at end of dining room with staircase out of it up to the girls' dormitory.

The Deputy of
The Supt: General
of Indian Affairs
Ottawa

As

The New Building is to serve all the purposes, that of being the separate buildings at Elkhorn, the upstairs is divided into two large rooms, and a small one off each with a staircase descending from each.

With the plan was drawn the dotted lines room was directed to be placed at the right hand angle of the room at the same end, and not where it is shown.

MEMORANDUM.

To The Deputy Minister

Department of Indian Affairs.

Ottawa. 23rd October 1890

R. Plans & specifications of buildings erected at Morley for McDougall Orphanage.

I beg to state that I have examined the Plans & specifications of the Morley Institute and consider that they are sufficiently correct that the work may be carried out in accordance with them. I do not see in the drawings &c, that any provision has been made for an apartment or rooms in case of sickness amongst the Children, I would recommend that the Commissioner be enquired of in this matter as it is a very necessary addition to an Institute of this nature.

I would also beg leave to suggest that a copy of the Plans & Specifications be returned to this Dept. & the original here, & that the Plans & Specifications on file be returned to the Commissioner,

W. L. Austin

DEPARTMENT OF INDIAN AFFAIRS
FEB 23 1891

OFFICE OF THE

Indian Commissioner,

MANITOBA AND NORTH-WEST TERRITORIES.

Regina 25th February 1891

Sir

I have the honor to enclose herewith, Vouchers Nos 4098B and 4211B favor of A McBride, and Jas Wacker, respectively, on account of the building of the Industrial School Morley.

I regret, upon closing up this account, to find that the total expenditure will exceed the grant of $6000.00 by about $109.21. arrived at as follows.

Vouchers already paid & Approved	$5772	17.
3 accounts outstanding	369	79
	6141	96.
Appropriation	6000	00
	141	96.
Less Cash on hand to be refunded	32	75
	$109	21

To the Deputy of
The Supt General
of Indian Affairs
Ottawa

against this over expenditure there is on hand as an offset. a rough building and lumber to the value of $437. 30 As per list enclosed: the building was necessary for the them to live in, during the progress of the Works.

This lumber and other supplies are stored in the basement of the new. building; I have received an Application from the Principal to be allowed to use some of this lumber for the purpose of partitioning off the basement, so as to keep boys and Girls separate, Making cupboards etc. at the same time it would give them room in the basement which they require.

If the Department does not consider it advisable to keep this Stock of lumber on hand, it can easily be sold at a good price, as it is wanted by Parties in the immediate neighbourhood, if sold, it would then reduce the Expenditure considerably below the grant.

With Regard to Cash in hand of $32.75. I would explain to the Department, that at Morley, as the

Workmen

Memo. Secretary Treasurer.

I would recommend payment of the Bridges and communications as herewith.

The Quarter closed on the basement of the Hockley School might I think be sold after the Macdougall sale the quantity required for partitions.

The proceeds of the sale with the balance of the Loans account 32 4/5 should be refunded before the 30th June 32 4/5 when the cost of the addition to the building will be reduced and will be covered by the amount of the grant.

D. C. Scott.

Winnipeg April 7th 1891.

Sir,

Referring to my letter of the 21st of February last respecting the sale of the surplus lumber at the Industrial School Morley I have the honor to inform this Department that the Rev. John McDougall writes me that so far as he can judge the quantities on hand will be fairly sufficient for the work required in the basement.

With reference to the surplus of $32.75 I have the honor to explain that I have learned since last writing that this amount was retained by Mr. Oliver from the wages of D. Nesbitt at his request who was employed

MEMORANDUM RE MORLEY ORPHANAGE.

The late Rev Geo.McDougall had for years in contemplation the establishment of an Orphanage in the North-West, chiefly for the benefit of the numerous children who had been left friendless by the smallpox epidemic, and was about taking definite steps in the matter when his tragic death occurred. Two or three years later the enterprise was taken up by his son, the Rev John McDougall, with no other assistance than such as was voluntarily given by friends of the Indians in the Methodist Church; the Missionary Board feeling unable to make an annual grant in view of the other claims of the work. Land was occupied with the consent of the Government, and application was made for a grant of some two sections, so as to afford sufficient room for a cattle ranch. Mr McDougall proceeded with the work, fencing in a large portion of the land, erecting a small building, supplied some live stock, and opened the home for the reception of orphant children. This was all done largely at his own expense, and from the time the enterprise began until the autumn of last year he had exceeded some $2,000 more than he had received from all sources. Sometime after the Orphanage was opened the Government made an annual per capita grant of $10 for a certain number of pupils, and over a year ago erected a new building at a cost of some $6000. This building has given increased facilities for the work, and has much increased the comfort of the inmates; but it is still too small for the actual needs of the work, especially in regard to the accomodation for school purposes. Last summer the per capita grant from the Government was increased to $72, which does not nearly meet the expenditure, and there has been nothing wherewith to provide comfortable furnishings for the building. The future of this Institute will doubtless be fully considered at the next meeting of the General Board of Missions; and it has been suggested that it be taken over from Mr McDougall, and be made a part of the regu-

MEMORANDUM RE MORLEY ORPHANAGE.

The late Rev Geo.McDougall had for years in contemplation the establishment of an Orphanage in the North-West, chiefly for the benefit of the numerous children who had been left friendless by the smallpox epidemic, and was about taking definite steps in the matter when his tragic death occurred. Two or three years later the enterprise was taken up by his son, the Rev John McDougall, with no other assistance than such as was voluntarily given by friends of the Indians in the Methodist Church; the Missionary Board feeling unable to make an annual grant in view of the other claims of the work. Land was occupied with the consent of the Government, and application was made for a grant of some two sections, so as to afford sufficient room for a cattle ranch. Mr McDougall proceeded with the work, fencing in a large portion of the land, erecting a small building, supplied some live stock, and opened the home for the reception of orphant children. This was all done largely at his own expense, and from the time the enterprise began until the autumn of last year he expended some $2,500 more than he had received from all sources. Sometime after the Orphanage was opened the Government made an annual per capita grant of $60 for a certain number of pupils, and over a year ago erected a new building at a cost of some $6000. This building has given more ~~for the pupils~~ and has much increased the comfort of the inmates: but it is still too small for the actual needs of the work, especially in regard to the accommodation for school purposes. Last summer the per capita grant from the Government was increased to $72 per annum which does not nearly meet the expenditure, and there has been nothing wherewith to provide comfortable furnishings for the building. The future of this Institute will doubtless be fully considered at the next meeting of the General Board of Missions; and it has been suggested that it be taken over from Mr McDougall, and be made a part of the regular

ARCHIVES PUBLIQUES

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

work of the Missionary Society. In view of this possibility it is very desirable there should be a clear understanding between the Government and the Missionary Society. We think that this Institute should be put on the same basis, and brought under the same Government control as other Industrial Institutes in the North-west. I should have said that years ago the Government promised to give us a patent of the land occupied; but if the change I have indicated should be brought about, then I presume the land as well as the buildings would be the property of the Government.

What I would suggest is that the Indian Department take the Morley Orphanage as one of their regular Industrial Institutes, make provision for the present indebtedness, say $2,500, and provide on a more liberal scale for its future maintenance. It is impossible to carry on such an Institute with a per capita grant of only $72, which is very much lower than is given to some other Institutes in the North-West. If such an arrangement is found impracticable, then as an alternative I would propose that the Government give us, as formerly promised, a patent for the land, and make a grant to provide increased schoolroom accommodation, also lavatories and bathrooms, and increase the per capita grant to not less than $100. The first suggestion would be the best, because on the one hand, we cannot incur the expense of enlarging or erecting buildings on Government land that we do not own, while on the other hand the Government would not be willing to expend money on land owned by the Missionary Society. If the Orphanage is assumed by the Government, then it would be easy through their own agents, say the Commissioner for the North-West, to examine Mr McDougall's accounts, and satisfy themselves as to the amount which he has actually expended over and above the entire receipts, and then they would be in a position to say how much

should be allowed in settlement of his claim.

I enclose herewith part of a letter, with sketch of the building attached, received from Mr Bubler who, under Mr McDougall's direction, is in charge of the Orphanage. I may say that in a letter from Mr McDougall he expresses the opinion that the per capita grant should not be less than $110.

McDougall Orphanage,
Morley, March 10th, 1892.

Rev A.Sutherland,D.D.,
Toronto.

My Dear Sir,- I am to acknowledge the receipt of your letter of the 20th ultimo re Orphanage. I would call your attention to our school accomodation which is inadequate to meet our present requirement. I am informed that when last the Government Inspector visited this Institution he condemned it on account of it being so small. It is also very important and necessary that we have at once lavatories and bath rooms for boys and girls. I feel quite sure that if the matter were brought before the Government steps would be taken to remedy this state of things. We have no laundry, all our washing has to be done in the kitchen. You will see by the plan enclosed how inadequate the kitchen is for general kitchen work alone; the cellar is only 16 x 24, with a pantry taken off 8 x 8, and basement steps 4 ft 6in x 6. I may say that it is our intention to have more land under cultivation this Spring, and also in the future to launch out into the dairy business: it should prove quite a source of income. The outlay will be very small. We will require stables for winter; most of the work we can do ourselves.

Yours faithfully,

(Signed) J.W.Outler.

Extract from Inspector McGibbon's Report on the Fife Dougall Offhamage (Stony Reserve), forwarded with letter of 9th May. 94 from Regina Office Original on file 11421G

× × × × × ×

The institution was perfect and the whole establishment was all that could be desired in point of cleanliness and neatness.

The only thing that I noticed as being wanting was storm windows. These should be supplied before another winter. The cost would be more than saved in the matter of fuel in one Winter, besides rendering the house much more comfortable. In this windy country storm windows are as much required as the ordinary windows.

I have, etc.

Sir,

I beg permission to report that the roof on the orphanage building is again in bad condition. I was looking at it when down yesterday. The tin seems to be all rusting and I am afraid when we have a heavy rain, it will leak, and take the plaster off the ceilings. When the furnace was being repaired, it was done by a competent man, in such lines and he informs me that the roof will continue to be an expense, so long as this sheeting is left on, as it will always raise and crack with the frost.

I think the better way would be to have it all taken off, and the roof shingled.

I have &c

Please the honour to acknowledge the receipt of your memo. No 2112, of the 12th inst. I had a carpenter who is building a new school house in connection with the orphanage, give me his estimate of what it would cost to do the spouting to the roof and he sent in his as $350. I also got A. K. Tibbald's estimate, which is $150, each to furnish all material, and the difference in the two estimates, and the first fellow has since sent me in a bill for $10 for estimating on the thing, so I think it is money to waste. I consider A. K. Tibbald's estimate reasonable and consider it could not be done for less money.

C O P Y

Calgary, Alberta, Apr. 6/26

Mr. F.W.Graham

Indian Commissioner

Regina, Sask.

Dear Sir:

We have pleasure in submitting our tender and proposal for to furnish and install at the Morley Indian School a pumping system as follows.

Tank:- The pressure tank to be furnished by the Dept.

We offer to furnish and install one #1424 Myers self oiling pumping unit, complete with air pump, automatic electrical control switch, set so that it will operate on a variation from 30# to 50# pressure, relief valve stop valve, check valve, water and pressure guages, and all the necessary pipe and fittings for connecting pump to tank. Also one 2½x30" all brass working barrel. See cut enclosed.

We also include the necessary 2" galv piping required to connect with the main water pipe in the basement of the school, including a main stop valve.

The capacity of the above system is 350 gals per hour.

For the above pumping apparatus, completely installed we quote you the sum of ($500.00) Five hundred dollars, plus $1.20 One dollar and twenty cents per foot for the 2½" drop pipe and 13/8 wooden pump rod.

You will note that the above price includes everything necessary for the complete water system, excepting the tank, and electric wiring.

Trusting we may be favored with your order which we assure you will have our very best attention.

We are yours very truly SNYDER & COY. Per"H.W.Snyder"

Ottawa, April 19, 1926.

Sir,-

I wish to acknowledge receipt of your letter of the 13th instant, together with that from Messrs Snyder and Company for the furnishing and installing of one pumping unit with automatic electric control for the new Marlay Indian Residential School.

In reply I wish to say that the Department will agree to pay the amount mentioned in Mr. Snyder's tender, providing the equipment offered will include the electric meter and connections to the pneumatic water tank.

It [redacted] that payment of the amount mentioned will be made only upon a report from you that [redacted] machinery is quite satisfactory.

Your obedient servant,

J. D. Nolan.
Assistant Deputy and Secretary.

Gentlemen;

We have a letter from your Regina office written by Commissioner Graham, stating that a voucher in our favor was forwarded to your office on 11th March.

We might say that this material was shipped by us in February, and Mr. Graham assured us that it was a strictly cash proposition.

We would be very pleased if you would look into this matter and have cheque forwarded to us by return mail.

Thanking you kindly, we are,

Yours truly,

DATE OF THIS LETTER

Re- Indian School at Morley,Alta.

Sir,

Dear Mr.Orr:-

I beg to advise that I have to-day issued the Final Certificate for $3557.10 to Messrs Smith Bros. & Wilson, Ltd., in full payment of their contract price of $24,623.00, and authorized extras of $2,161.80. This Certificate includes the 10% holdback which was maintained when previous payments were made.

This Final Certificate would have been issued sooner but for the fact that several vouchers were lacking when the contractors rendered me their statement of the account, and only last night were these vouchers received by me.

I enclose herewith the contractors' complete detailed statement of their contract and extras, from which you will see how the amount of the Certificate is arrived at. You will note that I have deducted $65.00 for "Extra re-work at Church." I had no authority to include this item, and on questioning the contractors concerning its inclusion in their statement, they told me that Mr.Pringle, the Indian Agent, would take care of this charge, and it is with the contractors' consent that I am deleting it from their statement.

I have gone over the account carefully, and it is correct. The various items making up the extras are properly vouched. The only vouchers I lack are the time-sheets for the labour on some of the extra work, and the contractors inform me that they are not in a position to furnish separate time-sheets for this, but as the charges for labour are not excessive, I have endorsed the account as rendered.

The credit of $5.00 on the electrical fixtures results from the cost of these being $5.00 less than the allowance for same in the specifications.

I enclose invoices which apply to the various extras. On the whole, I may say, the contract has been satisfactorily carried out.

Your obedient servant

E. Gardner Smith

REC'D

May 15th. 1926

Sir,—

With reference to attached Voucher, No.59, I beg to say that the vegetables mentioned were obtained from the Rev.Mr.Staley, at the lowest market price, who had previously purchased same for the new school, but, which is not yet ready for occupation. The reverend gentleman found it safer to dispose of these vegetables.

The purchase was made under Departmental authority, letter of the 7th.April, no.119-1-5.

Your obedient servant,

Rev. T. Ferrier

Brandon - Manitoba

JUN 8

Brandon Industrial School,
June 5th., 1925.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,-

There are quite a number of small items that are still necessary at the new school at Morley: (Graham auth

Lockers or shelves in both dormitories, also in closets and store-room.

Locks on staff bath-room and toilet.

Laundry stove. I discussed this with Mr. Orr and he knows the best one on the market for coal fuel.

Kitchen tools. } Graham auth

Small wood working tools and sewing stock.

A root house and ice-house.

A portable blacksmith's outfit, about $100.00. not supplied

Favorable consideration of the above will be greatly appreciated.

Your respectfully,

T. Ferrier

Fulfilled
Please see
Brandon file
Vol 1

119-1-6.

Ottawa, June 16, 1926.

Reverend Sir:

I have your letter of the 5th instant, with reference to the requirements at the Morley Indian Residential School. Mr. Commissioner Graham has been asked to look into the question of shelving in the dormitories, closets and store room and to provide whatever he considers necessary. He has also authority for the provision of a laundry stove and a kitchen table and for a look on the staff bathroom and toilet.

Authority was directed to our Western officer for the provision of a suitable root house, ice house and a small shed for young stock.

I regret that the Department cannot give favourable consideration to your request for a small blacksmith's outfit.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Rev. T. Ferrier, D.D.
Superintendent,
Methodist Indian Schools,
Brandon, Man.

Ottawa, June 16, 1926.

Sir:

You are authorised to erect at the Morley Indian Residential School a small shed for young stock, a root house and an ice house. Please do not undertake any construction in this connection until you are convinced of the necessity of new buildings. I should be grateful if you would keep the expenditure as low as possible, as the appropriation for this school is extremely limited.

COMMISSIONER'S OFFICE,
REGINA, SASK., June 19th, 1926.

Sir:-

I beg to forward herewith for payment, Regina voucher No. 3966 in favour of Mr. G. H. Gooderham, Indian Agent, In Trust, covering the wages of two men in the erection of the pumphouse at the new school on the Stony Reserve and cost of two return railway fares, Gleichen to Morley. Attached is an account covering these charges certified to by Inspector M. Christianson and to the accuracy of which, Mr. E. Gardner Smith also vouches by attaching thereto his initials. As it does not appear at all clear whether Mr. Scott paid the helper or the return railway fares, I am submitting the voucher in favour of Mr. G.H. Gooderham, In Trust, in order that he may pay the parties the amounts to which they are properly entitled. There is also attached to the voucher the time sheets of the two men engaged in the work. If the cheque is forwarded through this office, Mr. Gooderham will be instructed to take proper receipts for the amounts disbursed.

Dear Sir:- Our Invoice C.4858, Indian Agent, Morley.

Referring to our letter of June 21st in regard to a balance of $9.00 short paid on the above invoice. We are just in receipt of your cheque No. 1612, Vote No. 276, dated June 29th, for $1.00. This cheque reads "refund of discount deducted from account, your order No. C.2358. Balance our ch.225."

This still leaves us $8.00 short, and we will have to ask you to issue a further cheque for that amount so that we may close out this invoice. We are wondering what the idea was in sending us a cheque for $1.00 instead of $9.00.

Your kind attention to this matter will be appreciated.

Yours truly,

A.H. McGuire,
District Sales Manager.

F. 119-1-5 C

Ottawa, July 13th.,1926.

Dear Sirs,-

Referring to your letter of the 3rd instant, relative to your invoice No. 04858 for 10 barrels cement supplied the Morley Agency, I beg to state that when your account was first rendered to the Department the sum of $1.00 was deducted as discount, and also $8.00 for 40 sacks returnable at .20¢, making a total reduction of $9.00 in your account as rendered. After receipt of your letter of the 21st June last, it was discovered that the Agent had no right to make the reduction of $1.00 for discount as payment of your account had not been made within the twenty days specified in the invoice. Consequently a cheque for $1.00 was sent you to remit that discount. As for the reduction of $8.00 for the empty sacks, it is assumed that they have been returned by this time.

Yours truly,

E.Jean
Acting Chief Accountant.

RECORDS

Dear Mr. Scott:-

I beg to inform you that I left here on August 28th., to visit some of the Western Agencies. The first point visited was Morley. My object in going to this point was particularly to see the new school, which was recently built and opened.

x x x

The building has been erected without eavestroughing, which is a great mistake, as the paint around the bottom is being spattered, and there is a danger of dampness going through and making the basement unfit for use. This eavestroughing should be put on without delay. I have not the exact figures as to the cost of this as yet, but it will not be very great.

x x x

W. M. Graham.

Ottawa, October 11, 1926.

Sir:

I have to inform you that the Superintendent of Methodist Indian Schools and Hospitals is now in Ottawa and has represented that certain additional outbuildings should be supplied without delay at the Morley Indian Residential School. He asks for a combined ice house and cold storage, a shed for young stock and for two small outdoor closets for the class-room. I should be grateful if you would let me have a recommendation in this connection and an estimate of the cost of any outbuildings that you believe should be granted at this time.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

H.

COMMISSIONER'S OFFICE.

REGINA, SASK., October 19th., 1926.

Sir:

In acknowledgment of Department No. 119-1-5, dated the 11th inst. I have to state that the cost of the respective outhouses proposed for the new Morley Indian Residential School will cost approximately as follows:

2 Outdoor Closets,	$60.00 each,	$120.00
Combined Ice house & Cold Storage		500.00
Shed for young stock		300.00
Total		$920.00

In Department letter dated the 16th of June last under the same file number, I was requested to erect certain outhouses if necessary but all authorities for expenditure were subsequently cancelled and this particular authority was not afterwards renewed. I was withholding action until hearing from the Department again. The buildings mentioned above are necessary and should be proceeded with.

Your obedient servant,

W.M. Graham,
Indian Commissioner.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

November 11, 1926.

Memorandum:

Dr. Scott.

Mr. Commissioner Graham and the Superintendent of Methodist Indian Schools request that a combined ice house and cold storage, a shed for young stock and two outdoor closets be erected without delay at the new Morley Indian Residential School. The cost will be approximately $920. There is an item in the Main Estimates in this connection. I wish to recommend that the work be authorized as this will complete the outbuildings necessary at the present time at this school.

Ottawa, November 11th, 1926.

Sir:

I have your No. 409-11A of the 19th ultimo, giving an estimate of the cost of the additional out-buildings proposed for the new Morley Indian Residential School.

In reply I beg to say that you may arrange for the erection of a combined ice house and cold storage, a shed for young stock and two outdoor closets. The cost of the material and labour should not exceed your estimate, viz. $920, and, if possible to do so, the cost should be kept below that figure. I shall be pleased if you will arrange to have these buildings completed at an early date.

Vouchers should be submitted in the usual manner covering the expenditure incurred.

COPY

119-1-5

(riginal c. 44-119

December 11, 1926.

Memorandum:

Dr. Scott.

You will remember that the Department signed an agreement with the Calgary Power Company for the lighting of the Indian Residential School and the Agency Buildings at Morley, Alta. The current charges were to be met by Vote 11 for the agency and the school management for the institution. The school pays $30.00 per [redacted]

The Superintendent of Methodist Indian Schools and Hospitals has drawn my attention to an educational programme on this reserve, for which they receive no assistance from the Department. A number of Indian children attend the residential school classroom as day pupils and the school management is providing a teacher and a heated classroom without assistance from us. You will remember that the classroom used for the Morley institution is the church building.

I wish to recommend that the Department make a grant of the electric light current expenses, or $30 per month, to the school management for this day school activity and that Mr. Indian Agent Pringle be instructed to send the accounts of the Calgary Power Company to Ottawa for payment, when they could be charged to Vote 11 and Indian Education Vote in the ratio of 2 to 3. This proportion of the cost has been determined by the Power Company, the Indian Agent and the Principal as a fair division.

Supt. of Indian Education.

Ottawa, December 15th, 1926.

Sir,-

I beg to inform you that we are today placing an order with the Christie School Supply Limited, Brandon, Man., to ship, addressed to you, for the use of the Morley Indian Residential School, one school bell, 24 inches in diameter, complete with sills and wheel for rope. The above firm have been requested to prepay freight charges and to send their account in duplicate to you. When the bell arrives, you should certify the account in the usual manner and send to the Department in order that payment can be made. The weight of this bell, including mountings, is 265 lbs. and the price is $48.50, freight prepaid.

Please inform the Principal of the order placed for this bell. It should be set up at a convenient spot on the [redacted] a strong substantial framework. It is expected that [redacted] authorities will provide the material and erect the frame for this bell without expense to the Department.

Your obedient servant,

Regina Sask.,
Dec. 30th. 1926.

Dear Mr. Graham:-

I have the honour to report on the new boarding school, which was opened up this summer in the Stony Agency, which is under the auspices of the United Church of Canada with the Rev. Mr. Staley in charge as Principal.

x x x

A cold storage and ice house is to be erected for the school and the Agent has had authority for this expenditure and has placed the order for the lumber. The only change I made in his plans was to instruct him toline the inside of the ice house with shiplap. This would cost between $25.00 and $30.00 and will be much more satisfactory as it will give an air space and there was sufficient money authorized to make this expenditure.

Your obedient servant,

M. Christianson,
Inspr. of Indian Agencies.

409-11A

Regina Sask. February 5th, 1927

Sir:-

I beg to forward herewith, and recommend for payment, Regina Voucher No. 4091 amounting to $2,5.80 in favor of the Calgary Power Company, Limited, representing the cost of electrical installation on the Morley Reserve, in accordance with the terms of agreement entered into by the Company, a copy of which is in the possession of the Department.

Accompanying the voucher is a blue print furnished by the Company showing the power distribution.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Ottawa, May 12, 1927.

Sir:

Five thousand dollars is available for the erection of a double classroom at the Morley Indian Residential School. The Church authorities have represented that, equally desirable this year, if not more so, is a farmer's cottage at our school at Edmonton. I wish to arrive at a decision as to which building should be erected this year. Please make the necessary enquiries and let me have a recommendation at your earliest convenience.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

C O P Y

119-1-5.

Ottawa, June 8, 1927.

Dear Mr. Shaw:

I have your letter of the 31st ultimo, with reference to conditions at the Morley Indian Residential School. It is true that the accommodation at this institution is not sufficient for the children of school age on the reserve. It has been the intention to transfer the older pupils to our school at Edmonton, where an intensive training in farming is offered. The Edmonton Institution is conducted by the same church authorities, who fully concur in this proposal.

Concerning classroom facilities, I propose to erect a suitable two-roomed building next year. In the interim, the church is serving the purpose. It has been fitted up with desks and other classroom equipment.

I cannot understand the report that the barns are not satisfactory. Mr. Commissioner Graham of Regina had this in hand last year, and the records of the Department show that suitable accommodation for stock has already been provided. Some weeks ago, an expenditure for suitable fencing of the property was authorized.

Yours faithfully,

(Signature)

Joseph T. Shaw, Esq., LL.B.,

INDIAN RESIDENTIAL SCHOOL
UNITED CHURCH OF CANADA
E. J. STALEY - PRINCIPAL

MORLEY, ALBERTA
June,6, 1927.

The Sect,
Dept. Indian Affairs.

Dear Sir;

I would like to urge again for the immediate consideration of your Dept. that some attention be given to the very inadequate educational facilities on the Morley Reserve. While on every other Reserve practically in Alberta there is room and to spare for all children wishing to enter into a Residential school here we have a waiting list of between thirty and forty, with absolutely no prospect of being able to do anything for them. While a small waiting list may be a good thing to have there is no justification for keeping almost half the children of this Reserve out of school. If consideration cannot be given at once to extra accomodation at the boarding school could not the Dept. at least give us class room accomodation. If two Class Rooms could be provided it would be at least possible to alleviate our problem.

It was understood some time ago that this matter would be considered Could it now be reconsidered? If it has been shelved and the matter dealt with so that the class rooms could be in use for the fall term.

Yours respectfully,

Edgar J. Staley

Ottawa, June 13, 1927.

Reverend Sir:

I have your letter of the 6th instant, with reference to the lack of accommodation at the Morley Indian Residential School. I regret that it will not be possible to give favourable consideration to an addition to the school at the present time. The advisability of providing a building of two classrooms will not be overlooked as the Department prepares its Estimates for next year.

Concerning the lack of accommodation, I wish to refer to earlier correspondence with reference to the advisability of graduating the more advanced pupils to the Edmonton Indian Residential School. You should also seriously consider transferring any whose parents are willing to let them go, no matter what age, and also those children who are orphans.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
REGINA, SASK., July 5, 1927

Sir,-

I have your letter of the 28th ultimo, No. 119-1-5, informing me that the Church authorities have requested that a workshop be erected at the Indian Residential School at Morley and asking me for a report. Personally, I cannot see that this is much needed, if needed at all. There is no farming going on there, nor are any trades being taught. I believe the expenditure of $1500.00 would not be warranted. A place might be erected for storing tools and doing odd carpentry jobs, but a building like this would only require half the amount stated. We have no workshop of this kind at Gordon's, Round Lake, File Hills and other boarding schools.

Your obedient servant,

W.M. Graham.

JUL 26 1927
RECEIVED

FILE NO. 11-11a

COMMISSIONER'S OFFICE
REGINA SASK July 25th, 1927.

Sir:-

In connection with the matter I spoke to you about in my letter of July 19th, re Department No. 11-1-1 and the Soldiers, with reference to an appropriation to provide a work shop at the Marieval Indian Residential School. I pointed out that it was felt that whether this was really needed, but that a small building would be required for storage purposes and other such purposes. However, as it is, I have written at the school for a report relative to the appropriation of $1,000.00 which would be ample to meet this and the other building requirements.

Hoping I may have a reply from you, at your early convenience, I am,

Yours obediently,

Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

OFFICE OF
INDIAN AGENT

Cr. V. Sherrit,
August 8th.1927

Sir,

The Principal of the Residential School here has asked that a root cellar be built. The school will have a big crop of potatoes and other vegetables this year and there is no place to store them. The cost would be around $125.00.

If the Department approves I would ask that an accountable cheque for $60.00 be forwarded to pay the Indians who would do the work. Accounts for material could be sent to the Department for payment.

Your obedient servant,

Indian Agent.

IN REPLY PLEASE REFER TO
No. 409-11A
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
D REGINA, SASK. Sept. 1st, 1927

Sir:-

I beg to acknowledge receipt of your letter of the 19th. ultimo 119-1-5 regarding certain equipment for the Morley Indian Residential School, and reply to say that I went over this school thoroughly with Mr. Staley, the Principal, and he made no request to have the articles mentioned in your letter supplied. He did, however, make a request that mattresses be supplied to the institution. You will remember that I had a great deal of correspondence with the Department some time ago over the matter of furnishing mattresses instead of the ticking to be filled with straw or hay which we have at a number of our schools.

We could send two small bed tables up from here. I do not think the soft water cistern is at all necessary, as the water at the school is quite soft. The rubber treads for the stairways can be supplied if you think it advisable but, personally, I do not think there is any great urgency for this, and there are other things required at our institutions throughout the country that are of much more importance.

Your obedient servant,

W.M. Graham,
Indian Commissioner.

INDIAN RESIDENTIAL SCHOOL
UNITED CHURCH OF CANADA
[redacted] E. J. STALEY - PRINCIPAL

MORLEY, ALBERTA

Oct. 15, 1927.

The Sect.
Dept. of Indian Affairs,
Ottawa.

Dear Sir;

The circular letter issued by your Dept. with regard to fire escape and fire fighting facilities at Indian School prompts me to make several requests of you with regard to the Morley Residential School. While our fire escape facilities are on the whole adequate we have next to nothing with which to combat a fire. Our water supply is such that we can never have a reserve of more than 500 gallons and such are the conditions that within five minutes our tank would be empty and we would be unable to force water through the building for another hour at least. Under these circumstances and bearing in mind further that ours is a wooden building I would request the Dept. to provide at least twelve large chemical fire extinguishers, four for each floor of the building. Two of these should be larger than the other ten to be placed adjacent to the two furnace rooms.

6 pump tanks
6 grenades
fire?

I would also ask that six lights be placed, two by the entrance porches at the front, two by the back doors of the building and two above the fire escape platform. all doors leading into the building have to be approached by a flight of steps, and in the dark, in the event of the slightest panic a disastous piling up of children might result.

Thanking you for your attention to these matters,

Yours truly,

Edgar E. Staley

Library and Archives Canada / Bibliothèque et Archives Canada

Ottawa, October 20, 1927.

Rev. Sir:

I have your letter of the 15th instant, with reference to the fire equipment at the Morley Indian Residential School.

In this connection I beg to inform you that we are obtaining prices and will place an order for the supplying of the following: -

6 - 5 Gallon Pump Tank Extinguishers of the anti-freezing type,
6 - 1 Quart Pyrene Extinguishers.

In this connection I enclose herewith a circular describing the characteristics of these extinguishers. You will be advised later when the order has been placed.

Relative to the placing of 6 lights at the entrance porches at the front of the building and at back doors and above the fire escape platforms, I have to request that you will obtain an estimate of the cost of having these lights installed, and you should forward same to the Department, when consideration will be given to authorizing having the work done.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Ottawa, October 27, 1927.

Gentlemen:

I have your quotation of the 22nd instant for the supplying of the pump tanks and extinguishers required for delivery at Morley, Alta., and to say that same is accepted. I have to request that you will arrange to ship as soon as possible addressed to Rev. E. J. Staley, Indian Residential School, Morley, Alta., the following:

6 Only 5 Gal. Pump Tanks, complete with non-freeze charge,
6 " 1½ Qt. Pyrene Extinguishers, complete with charge.

These should be supplied at the price quoted by you, viz. $15.93 each for the pump tanks and $10.61 each for the Pyrene extinguishers, F.O.B. Morley, Alta., sales tax included.

Please forward your account to Rev. Mr. Staley, who is being informed that the order has been placed with you, and requested, upon receipt of the extinguishers, to certify the account and send it to the Department for payment.

Yours very truly,

Sgd. F. H. Paget

Ottawa, October 27, 1927.

Rev. Sir:

Referring to official letter of the 20th instant, I beg to inform you that we are today placing an order with the Pyrene Mfg. Co. of Canada Ltd., Toronto, to ship addressed to you the following fire equipment:

6 Only 5 Gal. Pump Tanks, complete with non-freeze charge,
6 " 1½ Qt. Pyrene Extinguishers, complete with charge.

The price quoted is $15.93 each for the pump tanks and $10.61 each for the Pyrene extinguishers F.O.B. Morley, Alta., sales tax included.

The above firm have been requested to make early shipment and to forward their account, in duplicate, to you. Upon receipt of these extinguishers, if in good condition, you will be good enough to certify the account as follows: "Goods received. Prices charged fair and just", and send the account to the Department in order that payment can be made.

You will be good enough to see that this fire equipment is placed at easily accessible points on the various floors of the building.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

119-1-5.

Ottawa, December 3, 1927.

Rev. Sir:

I have your letter of the 15th ultimo, enclosing one copy of the account certified by you covering the cost of the Pyrene fire extinguishers recently supplied for the use of the Morley Indian Residential School, this being the only copy received by you.

In this connection I beg to say that the Pyrene Mfg. Co. of Canada Ltd., Toronto, from whom these supplies were obtained, were requested to forward their account in duplicate to you. It now appears, however, that they have been sent direct to the Department, and I am enclosing same herewith, with the request that you certify and return them to the Department in order that payment can be made. If, however, you have already received the accounts from the above Company, and have certified and forwarded same to the Department, no further action need be taken.

Your obedient servant,

J. D. McLEAN

J. D. McLean,

Dear Sir,-

Re requirements at the Morley School:

Pursuant to our conversation in the Department re the need of the following requirements:

1. A separate building class-room.

2. Locker system and benches in the play-room.

3. Stairways leading to basement to be closed by doors and partitions. Rubber mats are also needed for steps.

4. A washing machine to be operated by electric power.

Trusting these can be provided, I am

Yours respectfully,

J. Ferrier

COMMISSIONER'S OFFICE

IN YOUR REPLY REFER TO
No. 400-11a
ALSO TO DATE OF THIS LETTER

REGINA SASK. Jan. 6th, 1928.

W.

Sir,

I received a letter from the Indian Agent at Morley asking for authority to purchase matting to cover part of the basement floor at the school on the Stony Reserve where the children play, stating that these floors are cement and very cold and that the children sit on them and as a consequence the nature of the floors is dangerous.

All the play-room floors at our schools are made of cement and I cannot think that they are dangerous to the health of the pupils, notwithstanding, that at the present time there is an out-break of flu among the pupils at this school and among the Indians on the Reserve. In any event the covering suggested by the Agent would not be serviceable, especially in the boys' play-room and until there is further evidence that the nature of these floors endangers the health of the pupils I cannot recommend the purchase of material to cover them.

Your obedient servant.

W. M. Graham.
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

Ottawa, May 31, 1928.

Sir:

I have to authorise you to arrange for the erection of a building comprising two classrooms at the Morley Indian Residential School. $5,000 is available for the purpose. There is also an appropriation of $500 for lockers in the dormitories, benches in the basement playrooms and for the purpose of closing in the basement stairways. This last has been found desirable because of the high winds. In connection with this activity, you should be guided by general instructions in the Deputy Superintendent General's 1-1-5 of the 28th instant.

Your obedient servant,

F. H. L. MacInnes,
Acting Asst. Deputy & Secretary.

OFFICE OF
INDIAN AGENT

SCHOOL
JUN 11 '28
I

Crisby, Alberta
June 9th.1928

Sir,

I beg to state that the Principal of the Anglican Residential School on this Reserve has requested me to ask if he may be allowed an expenditure of not more than $50.00 in repairing and relining the furnace at the school; also for an expenditure of an amount, not to exceed $50.00, in the purchase of paint and material for renovating the interior of the school. These repairs appear to be much needed.

The Principal states that the labor of the painting would be done by the staff during the summer vacation.

Ottawa, July 11, 1928.

Sir:

Replying to your letter of the 5th instant, I beg to say that you may arrange for the purchase of the paint and material required for renovating the interior of the Morley Indian Residential School to an amount not exceeding the sum of $50. You should obtain an itemized account, in duplicate, covering the cost of this material, which you should certify and forward to the Department for payment.

The Department will also approve of an expenditure not exceeding the sum of $30 in the repairing and relining of the furnace. After this work has been completed, an account, in duplicate, properly certified, should be forwarded covering the cost.

It is noted that the labour in the painting will be performed by the staff during the summer vacation without charge to this Department.

Your obedient servant,

F. Kraatz

EXTRACT FROM REPORT OF MR. M. CHRISTIANSON,
INSPECTOR OF INDIAN AGENCIES, DATED AUGUST 22nd, 1928,
ON HIS INSPECTION OF THE MORLEY RES. SCHOOL.

SCHOOL BRANCH
SEP 6 1928

Original on File #77-119.

I have the honour to report that on my recent trip to Alberta, in company with Dr. Murray, the Agent from the Sarcee, who is at present Acting Agent for the Stony Reserve, I spent a day at the latter agency and school. I found that Dr. Murray had made all the necessary arrangements for the building of the two classrooms, and had secured prices on all the material, as well as getting several tenders on the erection, and picking out a site for the building, which I went over and approved of. Everything at the school was in good order, and I must say they have an excellent garden, which is something new up in that part of the country. The children, of course, [redacted] away for the summer holidays at the time of my visit.

Ottawa, October 25, 1928.

Gentlemen:

I have to request that you will forward, freight charges prepaid, addressed to Rev. E. J. Staley, Indian Residential School, Morley, Alta., the following fire extinguishers:

4 - 5 Gal. pump tanks, complete with freeze proof chemical,
4 - 1½ Quart Pyrene extinguishers, " " " .

These should be supplied at the price usually charged this Department.

Please forward your account, in duplicate, to Rev. Mr. Staley, with the receipt for the freight charges attached. Mr. Staley is being informed that the order has been placed with you, and requested, upon receipt of the extinguishers, to certify the account and send it to the Department for payment.

Yours very truly,

Ottawa, November 21st, 1928.

Gentlemen:

I beg to refer you to our letter of the 15th ultimo, relative to the order placed with you for the supplying of fire extinguishers for the use of the Indian Residential School at Morley, Alta. The account covering the cost of these extinguishers and the freight charges thereon has been received. In the above mentioned letter you were requested to attach to the account the receipt covering the amount of freight charges prepaid. It is noted that the freight charges amount to $9.27, and I shall be pleased if you will forward as soon as possible freight receipt covering this amount, as this is required by the Auditor General. When the receipt is received, payment of your account will be made.

Yours very truly,

Sgd. F. H. Paget

Dear Sir

Would you be good enough to consider the matter of having the new classrooms in course of erection here wired for lighting purposes. The wiring can best be done now before the plastering is done. The cost will be according to lowest estimate we can secure and I understand that the Department will supply the fixtures and all

Yours truly

Ottawa, November 27, 1928.

Rev. Sir:

I have your letter of the 19th instant, requesting authority to have the new classroom in course of erection at the Morley Indian Residential School wired for lighting purposes.

In reply I beg to say that the Department will approve of having this work done. We note that you estimate the cost to be $125, including material and labour. This cost should not, if possible, be exceeded, and when the work has been completed, you should forward to the Department for payment a certified account, in duplicate, covering the cost of the material and labour.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Dear Sir: Re: Indian Residential School,
Morley, Alberta.

Pursuant to our conversation when I was in Ottawa last week, I would respectfully request that $1,000.00 be placed in the Estimates to come before the next session of Parliament to be used for laundry machinery, cistern, etc., in connection with this school.

Your favourable consideration of this request will be appreciated.

Yours sincerely,

T. Ferrier

Ottawa, January 24, 1929.

Sir:

I have your letter of the 18th instant, relative to the request of the Principal of the Morley Indian Residential School that the School be compensated for supplying a midday meal to the day pupils who attend.

In reply I beg to say that the Department will allow payment at the rate of 5 cents per meal, this being the maximum cost of meals provided in the case of pupils attending day schools. The Principal should keep an accurate statement of the meals provided each day to the day pupils, and he should send this to you from time to time. You should forward a certified voucher, in duplicate, for the amount due, with the statement from the Principal attached.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

119-1-5

Ottawa, March 7, 1929.

Sir:

I have your letter of the 28th ultimo, relative to the request of the Principal of the Morley Indian Residential School for authority to purchase paint to renovate the interior of the school.

In reply I beg to say that the Department will approve of an expenditure not exceeding approximately the sum of $23 in the purchase of the paints mentioned in your letter. After the purchase has been made, a certified account, in duplicate, covering the expenditure incurred should be forwarded for payment.

Your obedient servant,

A. F. Mackenzie,
Acting Asst. Deputy and Secretary.

UNITED CHURCH OF CANADA
[illegible] E. I. STALEY - PRINCIPAL

June 11th 1929

MORLEY, ALBERTA

The Secretary
Dept of Indian Affairs
Ottawa

Dear Sir

A quite serious defect in construction has revealed itself in the new school building recently erected here

The walls of the basement prove to be very porous and the result that after any storm water many inches deep covers the floor.

The situation can be met to some extent by putting eaves troughs on the building and also by having the basement walls limited with some waterproof preparation

The main volume of water comes as a result of the leaky roof.

I have notified your Agent here to the above

With reference to official letter of the 18th ultimo, concerning the Indian Residential School at Morley, I have now to inform you that the church authorities have requested that a soft water tank be installed. Funds for this purpose are available, and when you are making a recommendation as to the eave troughing, you should add a note with reference to a soft water tank.

I have also to inform you the church authorities requested that the Department provide funds this year for a little additional laundry machinery. You might enquire regarding just what is needed and let me have a recommendation in this connection also.

Your obedient servant

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

COMMISSIONER'S OFFICE.

IN YOUR REPLY REFER TO
No. 409-11
ALSO TO DATE OF THIS LETTER

ED REGINA, SASK. July 5th, 1929.

Inspector Christianson's Report on the Indian Residential School, Stony Agency.

Dear Mr. Graham:-

I have the honour to report that while at the Stony Agency I inspected the Residential School there, and I must say that I found everything in A1 shape. The building, from top to bottom, was clean and tidy. The furniture was well arranged and has been well cared for. The same can be said about everything inside the school. It shows that proper care is being given to the building. The grounds were also in good shape and an effort is being made to beautify them. Some shrubs and flowers have been planted in front of the school, earth having been hauled, but I must say that this is some proposition here as a wind comes up and blows everything away.

The children all appeared to be in the best of health and looked as if they were well cared for.

The school planted a large garden just below the hill right by the school. They also broke considerable land for potatoes up on the side hill above the school. The night before I arrived they had a frost which killed most of the potato tops. They will probably come back, but the potatoes will no doubt be small.

The school has a very nice herd of milk cows and they are getting abundance of milk, which is given to the children. One thing I was pleased to note

W. M. Graham, Esq.,
Indian Commissioner,

KODAK SAFETY ▲ FILM

was that the children all get butter twice a day. I wish this could be said of more of our schools.

Additional stable room is required which should be provided for in the Estimates this coming year.

In my opinion it would be economy to have the school and outbuildings painted this coming year.

One thing that is badly needed at this school is a frigidaire as they really have no place where they can keep anything in the way of perishable food supplies, and if possible, this should be provided for in next year's Estimates.

The school was filled to capacity as far as pupils are concerned, and I believe about ten or eleven children have been attending school and living at home.

I have the honour to be,

Sir,

Your obedient servant,

M. Christianson

M. Christianson,

SCHOOLS BRANCH

Dear Mr.Scott:

I am enclosing herewith a satisfactory report on the Indian Residential School in the Stony Agency.

You will note that additional stabling accommodation is asked for. I am placing an amount of $1200.00 in the Estimates to provide for this, and also $600.00 for the painting of the school and outbuildings. I am not asking anything for the supplying of Frigidaire.

Yours very truly,

W. M. Graham,
Indian Commissioner.

Ottawa, July 15, 1929.

Sir:

I have your 409-11 of the 10th instant, enclosing Mr. Inspector Christianson's report on the Morley Indian Residential School. A note has been made for next year's estimates in connection with the additional stabling and the painting. As you were informed in my letter of the 3rd instant, funds are available for some improvements at this school this year, and I am expecting your recommendation concerning a soft water tank, eaves troughing and additional laundry machinery.

Your obedient servant,

A. F. MacKenzie
Acting Asst. Deputy & Secretary.

COMMISSIONER'S OFFICE
D REGINA, SASK., July 17th, 1929

Sir:-

Will the Department kindly let me know if there is any correspondence going on with the Principal of the School, or the Church authorities regarding the building of summer dormitories at the Morley Indian Residential School. Surely the Department is not going to build dormitories of this kind there. They are not at all necessary and it would mean a useless expenditure of money. Of course it is possible that nothing is being done in this connection but in a letter from the Agent he makes the remark that the Principal states "if the summer dormitories are built the rooms under same can be used as drying rooms, thus dispensing with a dryer."

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN REPLY REFER TO
40-11A

REGINA, SASK. 25th July, 1929.

Sir,

With reference to Department No. 119-1-5 of the 3rd instant, I have to state that the questions on which the Department desire a recommendation have been looked into, and I have ascertained that water-proofing of the cellar walls at the Morley School will cost approximately $25.00, and this should be proceeded with. Eavetroughing ought to be supplied also, and this can be done for an approximate expenditure of $10.00. All important buildings should be supplied with eave-troughing, and I would recommend that provision for this always be made when estimating the cost of our schools etc.

I do not consider that any additional laundry equipment is needed at the present time, and as to the question of the provision of a soft water tank, I do not see the necessity for this, as Inspector Christianson informs me that the water used at the present time is soft, and the installation of a cistern for soft water would, in my opinion, be an unnecessary expenditure. However, I am having this matter looked into further by the Agent, and I may make a further report in regard thereto.

Your obedient servant,

W. J. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,

Ottawa, August 1st, 1929.

Sir:

I have your 409-11A of the 25th ultimo, relative to certain repairs required at the Morley Indian Residential School.

In this connection I have to say that you may arrange for the waterproofing of the cellar walls and the supplying and installing of the eaves troughing required.

Relative to the additional laundry equipment and soft water tank, it is noted that you do not consider these are required at the present time. It is noted, however, that you are having further enquiry made as to these two latter requirements.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

COMMISSIONER'S OFFICE

IN YOUR REPLY REFER TO
409-11A
ALSO TO DATE OF THIS LETTER

W. REGINA, SASK., 21st November, 1929.

Sir;-

Mr. R. Hinton, Indian Agent at Morley, reports that a gale which occurred on the night of the 14th instant wrecked a stock-shed at the school, ~~xxx~~ out of which perhaps $50.00 worth of lumber could be salvaged. He asks for authority to spend a further sum of $200.00 to re-erect the building.

He also forwards a request of the Principal to be furnished with a Quebec heater for use in the basement of the boys' wing. The one previously in use was an old stove belonging to the mission, which is now burnt out and unsafe. The cost of purchasing a new one would be about $12.00 or $15.00.

I shall be glad if the Department will advise me if these two expenditures may be incurred.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,

Ottawa, November 26, 1929.

Sir:

I have your 409-11A of the 21st instant, informing the Department that the stock shed at the Morley Indian Residential School was wrecked in a gale and that the local Indian Agent requests authority to incur the expenditure required to rebuild the shed.

In this connection I have to say that the Department will approve of an expenditure not exceeding approximately $200 in the rebuilding of the stock shed. Any material in the old shed should be utilized as far as possible in the erection of the new building. The Department will also approve of the furnishing of a Quebec heater for use in the basement of the boys' wing. It is noted the cost will be approximately $15.

Certified accounts covering the cost of the rebuilding of the stock shed and for the heater should be forwarded in the usual manner.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Duncan C. Scott, Esquire, Litt.D.,F.R.S.C.,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Dr. Scott:

Mr. Staley, the Principal of the Indian Residential School at Morley, has just written me saying that the Department of Indian Affairs is asking the Church to be responsible for the electric light account amounting to $360 per year, this account being previously paid by the Department of Indian Affairs.

We appreciate very highly the generosity of the Department of Indian Affairs in providing the salary of the additional teacher necessary to care for the day pupils, but we still believe that the Department should also continue to pay this electric light account. The Church gives a large grant to maintain this School, and we feel sure that the excellent work that it does should commend itself to the Department of Indian Affairs. Although the grant towards the teacher's salary is $750 a year, yet the teacher's board and the addit onal amount required for fuel for this extra room reduces the grant from the Department by a very substantial amount.

We sincerely hope that you will see your way clear to continue payment of this account.

With all kind regards,

Yours most faithfully,

Colin G. Young

Dear Dr. Young:

I have your letter of the 24th instant, concerning the cost of electricity at the Morley Indian Residential School. In matters of this kind, the Department is guided by the general practice, and elsewhere the management at our schools is required to pay for light and power from the per capita or other earnings. I am sure you will realise the difficulties if an exception were made.

Yours very truly,

[illegible]

Ottawa, May 19th.,1930.

Dear Sirs,-

Referring to your letter of the 9th instant, enclosing invoices and statement of goods shipped to the Indian Agent at Morley in August 1929, I beg to state that these goods appear to have been supplied to the United Church Residential School and not to the Indian Agent. You should therefore render your account to the Principal of that School and request him to make a settlement, as the expenditure is properly payable by that school. If after a reasonable time you have not obtained a settlement, please refer the matter again to the Department and we will assist you in making collection. Your account is herewith returned.

Youre truly,

F.H.Paget
Chief Accountant and Purchasing Agent.

KODAK SAFET

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN YOUR REPLY REFER TO
No. 479-11A
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
REGINA, SASK. August 20th, 1926.

Sir:-

I beg to forward herewith, Agency Voucher No. 68, amounting to $42.50, in favour of The Gill Hardware Co., Calgary, Alta. This is for repairs and labour to the furnaces in the Morley Indian Residential School. It appears the original estimate on this expense was $10.00, but the above firm state that on taking the furnaces apart, they were found to be in such a worn condition that new parts had to be purchased, the linings alone costing $42.50.

I might say there will be quite a saving on the cow stalls being built at the school, and this will offset the excess cost of repairing the furnaces, and will enable you to pay the above voucher under Department authority 119-1-5 dated 12th June, 1926.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

YOUR FILE / VOTRE RÉFÉRENCE
No. 409-11A
OUR FILE / NOTRE RÉFÉRENCE

COMMISSIONER'S OFFICE
W. REGINA, SASK., 25th October, 1930.

Sir:-

Yesterday I received a letter from Mr. R. Hinton, Indian Agent at Morley, submitting a request from the Principal of the school to be furnished with glass for the purpose of repairing at the cost of approximately $15.00. The Agent also states that six lengths of fire hose are in such a bad condition that they leak when used, and further, owing to the inadequacy of the water supply in case of a fire, the school should be supplied with more fire extinguishers.

In view of the circumstances, I have directed the Agent to purchase the glass, immediately ascertain the size and correct lengths of the hose which ought to be replaced, secure quotations thereon, and advise me, and I myself have ordered to be shipped through a local firm eight Pyrene extinguishers with two re-fills.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

[illegible]

It will be noted that, while there are desks for only sixty pupils, there are seventy-six enrolled. A table and chairs in the junior room have been provided to accommodate eight additional pupils. This leaves eight pupils for whom there is no accommodation, if all of those enrolled were present at the same time. Furthermore, I am advised by the principal that there are some forty pupils of school age on the reserve who are not attending school on account of the fact that there is no accommodation for them, neither in the school nor in the residence. It would appear that the matter of additional accommodation should receive attention at an early date so that those now without any educational facilities could be provided for by September next, at least. The present two-roomed school can easily be remodelled to provide two additional classrooms, which additional accommodation seems necessary if all of the pupils on the reserve are to be afforded some educational advantages.

IN YOUR REPLY REFER TO
409-11
AND TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
REGINA, SASK. Oct. 23rd, 1930

Sir:-

I am enclosing herewith a report on the Morley Indian Residential School, which was inspected by Mr. J. A. MacGregor on October 3rd.

You will note that the Inspector in his report speaks well of the school, and states that there are 76 pupils enrolled.

He points out that there are about forty children of school age on this reserve who are not attending school. His information is of course received from Mr. Staley, and I do not think it is exactly correct, as I understand there are about 25 or 30.

The question of enlarging the school is one that should be considered by the Department, and I believe we could provide the necessary accommodation for additional pupils at a cost of about $12,000.00. However, I do not think it was within the province of Inspector MacGregor to comment on this.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

ALSO TO LAST OF THIS SERIES

COMMISSIONER'S OFFICE
W. REGINA, SASK., 18th November, 1930.

NOV 24 1930

Sir:-

Mr. A. Sirton, Indian Agent at Morley, has submitted a request by the Principal of the school there for permission to replace the fire bricks in the school range. It is stated that they burn out regularly every twelve months and the suggestion is made to dispense with bricks in future and have cast iron lining inserted. These could no doubt be furnished by a local plumber, if the department will sanction the expenditure, the cost of which I am not able to state. Please advise me.

Your obedient servant,

J. A. Graham,
Indian Commissioner.

Ottawa, November 24, 1930.

Sir:

I have your 409-11A of the 15th instant, relative to the request of the Principal of the Morley Indian Residential School for permission to incur the expenditure required in replacing the fire bricks in the school range with a cast iron lining.

In this connection I have to say that you may authorize the Indian Agent or the Principal to arrange with a local plumber to install a cast iron lining in the range. The cost of having this work done should be kept as low as possible.

Your obedient servant,

A. F. Mackenzie,
Secretary.

DEPT. OF INDIAN AFFAIRS JAN 19 1931 RECORDS

SCHOOLS BRANCH JAN 21 1931 COMMISSIONER'S OFFICE

IN REPLY REFER TO 409-11 ED

REGINA, SASK. January 15th, 1931.

Dear Mr. Scott:-

I beg to enclose herewith a report of a visit made to the Stony Indian Residential School by Mr. Christianson. You will note that everything in connection with the institution seems to be in good shape.

I am not satisfied, however, with the Principal's reply to the Inspector when he asked whether the girls were milking cows - that they did once in a while. They should milk them regularly, during the summer time at least, and I am writing him to this effect.

It is true that I received a request from Mr. Hinton, asking that the dormitories be re-floored. I told myself it was a most extraordinary request when the school was only built a short time ago. You will note what the Inspector says - that he found holes where they had been neglectful, but this can be repaired for a small sum. It just shows how much reliance can be placed on the recommendations of some people. The work is being done.

Yours very truly,

W. M. Graham,
Indian Commissioner.

Duncan C. Scott, Esq.,
Deputy Supt. General,
Dept. of Indian Affairs,
OTTAWA.

IN YOUR REPLY REFER TO
No 409-11
ALSO TO DATE OF THIS LETTER

ED

Inspector Christianson's Report on the Stony Indian Residential School.

Dear Mr. Graham:-

I have the honour to report that on my last visit to the Stony Agency, I inspected the Residential School. There were 70 children in residence, but as there is not sufficient room in the school for that number of children, 5 girls were sleeping in the Principal's residence.

Everything at this institution was in good shape. The children all looked healthy, and at the time of my visit the teachers were preparing for the Christmas concert.

A new addition to the stable was built last summer, and they now have sufficient stable room to take care of their stock. They have 18 milk cows, 9 of which were milking at the time of my inspection.

I made enquiries from the Principal as to whether the girls milked the cows, and was informed that they only did this once in a while. However, he informed me that as soon as spring came, he would see that the girls did the milking during the warm weather.

The buildings are all in a good state of repair, with the exception of the floors in the dormitories. I believe you received a letter from Mr. Hinton asking that the two dormitories be re-floored. I went into this matter, and found that the small castors on the beds have worn the floors; this is caused by the movement of the beds back and forth.

W. M. Graham, Esq.,
Indian Commissioner,
Regina, Sask.

Indian Affairs. School Files.

forth. There are about two boards at the wall and about three boards at the foot of the beds which are badly worn - some of them right through to the under flooring. All that is necessary is to have these boards taken out and new ones put in. There were some carpenters working on the residence for the Mounted Police, which was being erected there, so I had one of them over, and he informed me that he could take out the boards that were worn, put in new ones, and it would be just as satisfactory as if it were re-floored. This would only mean a small expenditure, and it should be carried out.

I am of the opinion that it would be money well spent if the Department furnished the school with castor shoes. I note that they are quoted at 20¢ for a set of four in Eaton's catalogue.

I have the honour to be,

Sir,

Your obedient servant,

M. Christianson.

M. Christianson.
Inspector of Indian Agencies.

119-1-5.

Ottawa, January 21, 1931.

Sir:

I have your 409-11 of the 15th instant, enclosing the report of Mr. Inspector Christianson on his recent inspection of the Morley Indian Residential School.

In this connection I have to say that the Department is pleased to note that general conditions at this school are satisfactory. Your action in having the floors in the dormitories repaired is approved. In order that the casters on the beds will not again wear out the flooring, the Department will approve of the supplying of caster shoes, which, the Inspector states, can be obtained at a cost of 20 cents per bed, and I shall be pleased if you will arrange for the purchase and instruct the Principal to have same properly installed.

It is noted that you will take up with the Principal the matter of having the girls given proper instruction in milking. It is considered that the girls should milk the cows regularly during the summer months at least.

Your obedient servant,

A. F. MacKenzie,
Secretary.

IN YOUR REPLY REFER TO
No. 409-11A
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
W. REGINA, SASK., 26th September, 1931.

Sir:-

I beg to forward and recommend for payment Stony Agency Voucher No. 110 for $8.75, covering the cost of grates for the school range. The need for these was brought to my attention at the beginning of the month, together with the need of some furnace repairs at the school, the total of which were not to exceed $20.00. I authorized the expenditure on the understanding that, if the Department declined to pay the voucher, the School Principal would have to do so from the amount of his earnings.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Ottawa, October 5, 1931.

Sir:

I have your 409-11A of the 28th ultimo, enclosing a voucher to the amount of $6.75 covering the cost of grates for the school range at the Morley Indian Residential School, the expenditure for which was incurred on your authority. In reply I have to say that a cheque in payment of this account will be forwarded in due course to Green's Greater Stove and Repairs Co., Winnipeg.

In connection with minor repairs, however, I have to say that it is expected the schools will provide same from their per capita earnings or other receipts.

Your obedient servant,

A. F. MacKenzie,
Secretary.

~~COMMISSIONER'S~~ OFFICE,
Calgary, Alta.,
~~REGINA, SASK.~~

July 27th, 1932.

Sir:

I beg to bring to your attention that while at the Stony Agency, Morley, last Monday, I paid a visit to the school, inspecting the buildings, &c. The Reverend Mr. Staley drew to my attention that the floors throughout most of the building were in very poor shape. Being ordinary fir floors, the Department will realize that with several boys and girls continually tramping around the school, it does not take long to wear them out.

I pointed out to Mr. Staley that as far as I knew the amount allowed for repairs to schools was very limited, and we would have to try to get along with as little as possible. This, of course, the Principal is quite prepared to do, and the floors will be left as they are for another year. In parts where they are more worn than others, such as the boys' dormitory and the dining room, patches will be put in, and they can get along without any expense in that connection.

If there is any money available, over and above what it takes to pay the grant, it would certainly be very much appreciated if the school were furnished with a new kitchen range. The one now in use has never been suitable from the first: It is too small for the purpose for which it was intended, and is so badly burned out that it does not warrant repair.

I might also bring to your attention that this school was never furnished with a refrigerator, and naturally they have always had difficulty in keeping their food supplies cool in the summer. The Principal purchased an electric refrigerator for $300.00, on monthly instalments, and I think it would only be fair if the Department could so arrange it, to pay something towards this. If there are no funds available, of course the Principal will have to go on paying his monthly instalments, and either they will have to

-et along with the range they have now, or the Church authorities will have to buy a new one.

The building as a whole is in a first class state of repair, and has been well kept up. The staff and the boys have done considerable painting in the interior, and the premises as a whole are certainly well looked after. The school has about 35 acres of green feed and their garden is excellent: It will supply the school with sufficient potatoes and other vegetables, providing they do not have an early frost. The potatoes froze off about a month ago, which probably retured the growth, but at the time of my visit Monday, the garden looked exceptionally good.

Mr. Staley is running a good school. The children are well fed and well looked after in every way. From year to year the church authorities in the East have to put up considerable money over and above the grant to finance the school, as nothing can be earned here: No farming can be done and only enough cattle to supply the school with milk, &c., can be raised. The schools where farming and stock raising, &c., is carried on are certainly in a different position. Therefore, I think it would be only fair if this school were furnished with a range, and even a small sum provided to partly pay for the refrigerator.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

119-1-5.

Ottawa, August 4, 1932.

Sir:

I have your No. 409-11A C.E. of the 27th ultimo, reporting on your visit to the Morley Indian Residential School. The Department is pleased to note that general conditions at this school are satisfactory.

Regarding the request of the Principal that a new kitchen range be supplied, I have to say that the Department will approve of you arranging for the purchase of a range of the type required from a firm on the list to receive consideration. The cost should be kept as low as possible, having in view the obtaining of a suitable range. You should consult the Principal and ascertain the type of range he requires. After the purchase has been made, please forward an account, in triplicate, properly certified, covering the expenditure incurred.

We will have no funds this year to reimburse the school authorities for the cost of an electric refrigerator or in carrying out any repairs to the floors throughout the building.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:

I am herewith forwarding the voucher for the cookstove purchased for the Indian Residential School at Morley, for which I received authority from the Department under date of August 4th, last, your letter No. 119-1-5.

I asked for tenders from all stove dealers on the list here, and the only company that was able to quote on this kind was the Gurney Foundry. I could have purchased the same kind of a stove as we previously had in the school for $260, whereas this one was $335, but the other stove has only lasted a few years, and this should last a lifetime. For the difference, the present stove will certainly be a great deal cheaper, in the long run, than the other.

YOUR REFER TO
409-11A

COMMISSIONER'S OFFICE

REGINA, SASK., Jan. 14th., 1933.

Sir:-

I have the honor to report on an inspection of the Indian Residential School at Morley, where I spent the best part of a day this week.

At the time of my inspection I found that there were 75 children in residence there. As the class-room work in this school has been recently inspected by the Provincial School Inspector, I need not dwell on this part of the work any more than to say that we have two splendid teachers at this institution, and good progress is being made in the classroom work.

The children are bright and looked exceptionally well. They are well clothed, and outside of the class-room work the children engage in different sports. A rink is maintained throughout the winter, which is boarded in on all sides, and is located just below the hill, right near the school, and only a short distance from the C.P.R. pump station, where they get water to flood the rink, and the Calgary Power Company are giving the school the power free of charge, for lights on the rink.

A hockey league has been formed on the reserve, and besides this the boys from the school play teams from Calgary, Cochrane, etc.

As the Department are aware no farming is carried on at this school on account of the soil on the Reserve not being fit to carry on farming. They put in some green feed and a large garden. Last summer the potatoes were a failure, on account of a heavy frost in June and July, which froze off the tops and the crop did not amount to anything. They raised 40 ton of turnips, 2 ton of carrots and a ½ ton of beets, and all other kinds of garden truck such as onions, parsnips, peas, etc.

The school maintains a herd of 35 cattle, practically all cows, so the school has ample milk, and serveral cows are due to freshen shortly, so there is no shortage of milk at this institution. The school also keeps chickens and a few hogs, sufficient to take care of the refuse etc. from the school.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES.

Indian Affairs. School Files.
(RG 10, Volume 6350, File 75-5, part 2)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

As no farming operations are carried on at this Reserve it is not possible to teach the boys anything in that nature, but the boys are taught all the possible carpenter work that is done around the building, and to look after a garden, milk cows etc. The girls are taught along the same lines as in other Indian institutions of this kind. Cooking, sewing, and general housework.

The main school building and the two classrooms are in good state of repairs, with the exception of floors wearing out in the main building. The Department are aware that the out-buildings at this school are a very miserable affair. The stable serves the purpose at the present time, although it is very small, but the other out-buildings are practically useless. I trust some provision is being made in the Estimates for some repairs to the floors in the main building. The floors are etch-grain fir, and the Department are aware that as there are a great many children tramping over the floors every day, and the floors being of a soft wood, that they soon wear out. This will againbe brought to the attention of the Department after the end of the year.

When the holidays come around the two furnaces need to be over-hauled by a competent furnace man. The electric wiring in the school should also be gone over next summer, as their are some short circuits in the wires evidently, as a lot of fuses burn out from time to time.

The staff consists of the principal, the Reverend Mr. Staley, J.Hogarth as laborer, and Mr. and Mrs. E.Sheppard as teachers. Mrs. J.Rich, Matron; Mrs. N.Magee, seamstress; Miss L.Landale, laundress; Mrs. E.McGee, cook.

From my observations the staff at this institution are efficient, and rendering good work. In conclusion I wish to statethat in my opinion this is a verygood institution. The children are well cared for in every way, and good results are being obtained by the school, as far as it is possible to do so.

Mr. Staley brought to my attention that the school only received a grant for 65 children, although there are 75 children in residence. Five of these are sleeping upstairs in the principal's residence. I am bringing this matter to the attention of the Deputy Superintendent General by special letter.

Your obedient servant,

M.Christianson

Ottawa, January 19, 1915.

Sir:

I have your 409-11A of the 14th instant, reporting on your recent inspection of the Morley Indian Residential School. In this connection the Department is pleased to note that conditions generally at this school are satisfactory: that there is an efficient staff in charge and the children are well cared for in every way.

With reference to the repairs mentioned by you as being required, I have to say that an item is being placed in the Estimates for the coming fiscal year, to cover the cost of the repairs to the floors in the main building. However, at the present time, I am unable to inform you whether this amount will be authorized or not.

Concerning the number of pupils in attendance, I have to say that you are being written in a separate communication.

Your obedient servant,

A. F. MacKenzie,
Secretary.

INSPECTOR'S OFFICE,
CALGARY, ALTA., May 29th, 1933.

Sir:

I beg to bring to your attention that last summer I took up with the Department the matter of some repairs to the Indian Residential School at Morley, but so far the Department have made no mention of anything that was allowed for schools.

The Principal has brought to my attention that the roof of the classroom needs repairing as it leaks every time it rains. I understand that some roofing and tar, &c., are required. By the staff there doing the work the cost would probably be in the neighbourhood of $25.00. This mattershould receive attention.

The Department might also let me know whether there are going to be any further funds available for repairs to this institution.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

Sir:

I have your 409-11A of the 29th ultimo, relative to the repairs required to the roof of the classroom at the Morley Indian Residential School and giving an estimate of the cost, approximately $25.00.

In reply I have to say that the Department will approve of an expenditure, not exceeding the sum of $30, in the purchase of the roofing material required to carry out the repairs. It is noted that the staff will do the work, without cost to the Department.

Our Vote has been so greatly reduced this year, that it will not be possible, unless the work is urgent, to authorize any other expenditure for repairs, equipment, etc., at this school during the present fiscal year.

I enclose Encumbrance Certificate No. 605, authorizing an expenditure not exceeding $30.00, for the repairs to the roof. You should forward an account, in triplicate, properly certified. It should be stated on each copy that the expenditure was incurred under authority of E. R. No. 605.

Your obedient servant,

Encl.

A. F. MacKenzie,
Secretary.

INSPECTOR'S OFFICE

CALGARY, ALTA., June 9th, 1933.

IN YOUR REPLY REFER TO
No. 409-11
ALSO IF DATE OF THIS LETTER

Dear Doctor McGibl:

I have the honour to report that on two or three occasions this spring I have been at the Indian Residential School at Morley, and while there have gone over the building, seen the children, &c., and found everything satisfactory.

The roof of the classroom needs repairing as well as the floors in the main building. Authority has been granted for the expenditure of $30.00 in this connection.

I have the honour to be,

Sir,

Your obedient servant,

M. CHRISTIANSON,
Inspector of Indian Agencies,
Alberta Inspectorate.

INSPECTOR'S OFFICE
CALGARY, ALTA.

409-11b.

July 19th, 1933.

Sir:

I beg to bring to your attention that there was an item in the Estimates for 1933-1934 for $75.00 for the purpose of repairing the heating plant at the Indian Boarding School at Morley. What is required is to have the casing straightened and repaired on the furnace; three new 20-inch elbows; some asbestos covering for the heat pipes and some new bricks. It would be necessary to have a man to go from Calgary to overhaul the furnace. If this is not done there is danger of fire, and this work should be done during the holidays. I cannot give the Department an exact estimate of the cost of this work, as there is no furnace man there, but I do not think it would [illegible] $75.00.

If possible, I would ask the Department to authorize this work.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

The Secretary,
Department of Indian Affairs,
OTTAWA.

Ottawa, July 28, 1933.

Sir:

I have your 409-11A of the 19th. instant, regarding the repairs required to the heating plant at the Morley Indian Residential School.

In reply I have to say the Department will approve of you arranging to have the casing on the furnace straightened and repaired. Further, you may purchase three new 20 inch elbows and the quantity of asbestos necessary for the heat pipes and bricks. You may also arrange for the labour in carrying out this work.

I enclose encumbrance certificate authorizing an expenditure which must not exceed the sum of $60 in having these repairs made. If possible, a saving in this amount should be effected. After the repairs have been completed, you should forward an account, in triplicate, properly certified, covering the cost of the material and for the labour. Please state on each copy of the account that the expenditure was incurred under authority of E. R. No. 820.

Your obedient servant,

Encl

DEPARTMENT OF INDIAN AFFAIRS
CANADA

409-114.

CALGARY ALTA September 13th,1933.

Sir:

I beg to inform you that today Mr. Staley came in to see me in connection with the hot water tank at his school. At the present time Dr. Murray is attending the Medical Convention here in the city, and he was unable to get in touch with him.

It seems that yesterday the hot water tank which supplies the hot water for the building, cracked open at one of the seams. As the tank evidently in some way controls the whole water supply at the school, the building is without water at the present time. Mr. Staley also informed me that the girls' end of the basement, where the tank is, is flooded, and he pointed out that something would have to be done. I authorized him to get in touch with an electric welder at Cochrane, the nearest town to the school, and get him to weld the seam in question. If he is successful in doing this the tank may last for sometime yet, and it would save the purchase of a new one, which, I believe, would cost over $100.00.

The cost of welding the present boiler will not be very great and I trust the Department will approve of the action I have taken in this matter.

Your obedient servant,

M. CHRISTIANSON,
Inspector of Indian Agencies,
Alberta Inspectorate.

Sir:

Replying to your telegram of the 15th instant, I have to inform you that the Department will approve of you arranging for the purchase and installation of a new hot water tank for use at the Morley Indian Residential School. The cost of the tank, including installation, should not exceed the sum of $110. In this connection I have to confirm the following night lettergram to you of yesterday's date:-

> "May incur expenditure one hundred and ten dollars, purchase hot water tank and installing same, Morley Indian Residential School."

After the tank has been installed, please forward accounts, in triplicate, properly certified, covering the expenditure incurred. You should state on each copy of the account that the expenditure was authorized by E. R. No. 1054, a copy of which is enclosed.

I may add that the Department also received a telegram from Dr. W. B. Murray, the local agent, regarding the matter. Please advise him that you have received the authority to supply a new tank and install same.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

IN YOUR REPLY PLEASE REFER TO
No. 409-114.

INSPECTOR'S OFFICE
CALGARY, ALTA., October 24th, 1933.

Sir:

I beg to acknowledge receipt of the Department's letter No. 119-1-5 of the 19th instant in connection with the hot water tank required for the boarding school at Morley. I must say that I was greatly surprised when I read the last paragraph of your letter stating that a telegram had also been received from Dr. W. B. Murray, the local Agent there. I am sure when the Department received two telegrams on the same subject they had every reason to believe that something was wrong with the administration here.

What actually happened was that Dr. Murray called me up about 10.00 P. M. Saturday advising me that the tank had just burst open and that something would have to be done to install a new tank as the school would be without water. I informed him that I would wire the Department on Sunday, which I did. Shortly after I received the Department's letter yesterday, Dr. Murray was in the office here and I asked him for an explanation: He claims that over the phone he understood me to say that he was to wire. This accounts for the two wires being send, and I am sure that I told him quite distinctly that I would send the wire. However, I have no reason to believe anything but that he misinterpreted what I said. I am sorry that the Department were put to the expense of paying for two wires instead of one.

Your obedient servant,

The Secretary,
Department of Indian Affairs,
O T T A W A .

E. Christianson,
Inspector of Indian Agencies,

119-1-5.

Ottawa, February 23, 1934.

Sir:

The officers of the United Church Missionary Society are urging the Department to erect an addition to the Morley Residential School in order to accommodate approximately 30 more pupils. They state that there are approximately 70 children of school age on this reserve who are not attending school.

I would appreciate your letting me have as soon as possible a full report giving your views regarding the situation on the Stony reserve. Are you aware that there are 70 physically fit children of school age who are not attending any school?

Your obédient servant,

A. F. MacKenzie,
Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

119-1-5

R.

Morley, Alta, Mar 9th, 1934

Sir:-

I have your letter 119-1-5 Of the 23rd ultimo, regarding the proposition of the United Church to erect an addition to the Morley Residential School, and I beg to report as follows.-

No. of pupils attending School		
In Residence	70	
Attending day school	6	76
Children of School age (6 yrs and up)	80	
Physically unfit	7	73
Pre-school age children, from infants, up to & including 5 years		116

As you will note by the last school quarterly return, 29 of the pupils now attending school, are aged 14 yrs and over.

Of the 73 physically fit children of school age, 18 are resident at Nordegg; as are also 20 of those of pre-school age. Although there are a number of the Nordegg children attending the school, it is possible we could not count to any extent on them; although I am given to understand that no pressure has been brought to bear on account of the crowded condition of the school, with some child usually on the waiting list.

I am of the opinion that the request of the Church is a modest one; and if the Departments financial condition would warrant it, I should be pleased to recommend that more accomidation be provided at the Morley School.

Your obedient servant,

W Barnett Murray

Indian Agent.

The Secretary,
Department of Indian Affairs,
Otta wa, Canada.

Ottawa, March 14, 1934.

Sir:

I beg to acknowledge receipt of your letter of the 9th instant, in connection with the Morley Indian Residential School.

It is noted that there are only six children attending the day school. Is it not possible to increase this attendance? Do you think that a day school, erected at a distance from the present residential school, would meet the needs of the present situation, or do you feel that the only practical way to provide educational facilities on this reserve is to increase the accommodation at the Morley Residential School?

Your obedient servant,

A. F. MacKenzie,
Secretary.

Re Morley School

Dear Doctor:

It you are doubtless well aware of the fact that the residence school on the reserve at Morley is not large enough to accommodate the children on the reserve. There being about 50 who should be at school getting no education.

If an extension could be made for increased dormitory rooms for thirty or forty and another class room, it would help meet the nation's obligation to the Indians there. This would cost about $20,000. more or less.

It might be considered unreasonable to ask for this at the present time but on the other hand, it is needed, would be permanent, and if the amount could be included in the money to be spent on Public Works at this time to help those out of employment, the project would be good from all standpoints.

Yours truly,

W G Hunt

Indian School at Morley Alta.

Present Provision for 65 pupils.

Pupils attending at the present time 70

Pupils of school age not attending 50

Increased accommodation wanted for 30 to 40 pupils

with an additional class room.

Total extimated cost $20,000.00

If the above extension could be included in the Public Works program this year it would help on all sides.

It would be permanent.

It is needed to fill the nation's responsabilities.

It would give work.

Dear Doctor,

W. C. Hunt was in the office the other day in reference to the Indian School at Morley. I believe it is operated by the United Church. He left me the attached memorandum.

Hunt wondered if the Government were going to put on a work program, if this School could not be enlarged. You will perhaps know something of the Government's intentions in regard to this work program, and may think this is of sufficient importance to take it up with the proper authorities.

Thanking you, I am,

Yours very truly,

G. S. Robinson

Deputy Superintendent General Indian Affairs,
Ottawa.

Dear Dr. McGill:-

No doubt you have been given a full memorandum on the proposal to enlarge the school at Morley and the necessity for doing this work. I am attaching hereto a memorandum which presents the argument.

I had an interview with the Secretary of the Home Mission Board of the United Church of Canada and he emphasized the necessity for this work. I was impressed with the representations which he made. I have also received a number of communications including W. G. Hunt, M. B. Peacock, Colonel George S. Robinson and others.

I shall be glad if you will give this matter your earnest consideration.

Yours sincerely,

G. D. Stanley.

IN YOUR REPLY REFER TO
No. 409-11A.
AND TO DATE OF THIS LETTER

INSPECTOR'S OFFICE,

PB CALGARY, ALTA., March 23rd, 1934.

Sir:

I beg to bring to the Attention of the Department that just as I was leaving for an inspection at Morley last week, the Agent called me up on the phone stating that the pump rods in the well at the school had broken off down near the cyllinder and as a consequence the school was without water, and as it required special tools to get the borken rods out and put in new ones it was necessary to send a man out from Calgary. I immediately got in touch with Mr. Anderson, who is on the patronage list here and he went out to the school.

I intended wiring the Department at the time, but as I was all ready to leave and someone came in while I was telephoningand I got into conversation with him, it slipped my mind. I was at the Agency while the work was being done and I think the time Mr. Anderson put in was a day and a half with three men. I regret my oversight in this matter, but trust the Department will approve of the action I have taken. Vouchers for the payment of same will go forward as soon as received.

Ottawa, April 4, 1934.

Dear Dr. McGill:

There seems to be an impression, backed by the opinions of several responsible people in Calgary, that the Indian school at Morley Reserve should be extended. This matter has been brought to Mr. Bennett's attention and he asked me about it this morning. I wonder if you would be good enough to let me know what the situation is at that school.

Quite a number of people who are well known to you, including Mr. W. G. Hunt and Mr. Mark B. Peacock, take an interest in the Morley Indians and they are among those who recommend some extension to this school having regard to conditions which they indicate exist.

Yours faithfully,

(J. B. Millar)

Secretary.

April 7th. 19..

Dear Miss Millar,

I am in receipt of your letter of April 4th. regarding additional accommodation at the Morley Residential School.

In reply I would say that the observations contained in your letter are quite in accord with the information we have concerning the need for additional accommodation at this school. The matter has been under advisement by the Department for some time, and the only reason for the delay in our taking measures to remedy the situation is the lack of funds.

There is no item in our Estimates for the present fiscal year to provide an addition to this school. However, we have it on our selected list of buildings urgently required and hope to be able to submit the project for incorporation in the programme of public works construction in the event of such a programme being undertaken.

Yours faithfully,

Deputy Superintendent General.

409-11 PB April 7th, 1934.

Dear Doctor McGill:

I have the honour to report on a recent inspection of the Morley Indian Residential School. While there I went thoroughly into all matters pertaining to the management of the school, care of children, food, &c.

BUILDINGS:-

The buildings, both school and outbuildings are kept in a first class state of repair. The Principal showed me a stock of paint that he had on hand and the interior of the building is painted as required from time to time. The boys do the work. At the time of my visit the boys' dormitory was being painted, both walls and ceiling. This naturally keeps the buildings in a good state of repair, and the only replacement necessary at this institution is the flooring in the boys' dormitory and dining room which is in very bad shape. I believe this matter was brought to the attention of the Acting Superintendent of Indian Education when he was there last fall. Therefore it is not necessary for me to dwell on this matter here, any more than to say that

Doctor Harold W. McGill,

Deputy Superintendent General,

Department of Indian Af

Buildings. (Continued).-
if there are any funds available this coming year, this work could be done during the summer holidays. However, if the Department have not the funds the school will simply have to get along without the new flooring.

The machinery in the school was in a good state of repair and well taken care of. The only thing that I noticed had gone out of order was the well, about which I wrote the Department a few days ago, but this had been repaired when I was there.

The furnishings of the school were all in good order and seemed to be well taken care of.

Training outside of classroom worki-

In receiving instructions in household science the girls are divided into five groups: No. 1, that is the youngest girls, do sewing from 8.30 to 9.00 in the morning and on Fridays from 2.30 to 4.00. The other groups, 2, 3, 4, and 5, are handled in a similar manner, certain hours of the day being set aside for sewing. I saw the work the girls were doing and was very well pleased with what I saw. I also noticed that the girls worked in the kitchen and laundry. Washing is done every morning with the exception of Sunday, and they have a White girl, Miss Lansdale, as Laundress. Different girls are detailed each morning to assist her in the laundry, and also to do the ironing in the afternoon. The girls

Training. (Continued).-

ALSO do the mending of the school. The older girls help in the kitchen and receive instructions in cooking; and I was told by those in charge of the various departments that every girl was taught everything in the way of housekeeping, cooking, scrubbing floor and general household duties before leaving the school. It would appear that the girls are getting a very fair training in this work. Of course, as the Department knows, most of the bread used at the school is purchased from outside and the washing is done with modern laundry equipment. Still, every girl is taught to bake bread and wash by hand, which is very essential, as they will not have machinery to work with when they leave the school.

The outside training that the boys receive is, of course, very limited, as no farming is carried on there. Both boys and girls help with the garden, and the boys milk cows and look after the stock.

CLOTHING AND FOOD:-

Ample clothing is supplied to the children. The girls all have four or five changes of dresses. In the winter they are supplied with woollen and fleece-lined underwear, and all have winter coats. The girls wear moccasins and rubbers in the winter time. The moccasins are made by the Indians and purchased by the school. The girls make most of their clothing and their dresses were very nice. Of course the Department will understand

Clothing & Food, (Continued),-

that occasionally the Principal has an opportunity of buying a job lot of dresses at a very low price, which he does, but this does not happen very often, so that most of the dresses are made by the girls themselves under the instruction of the seamstress. The girls knit the mitts for the school and also some stockings, and most of them can do embroidery work as well.

The boys were all well dressed and their everyday clothes consist of sweaters, overalls and a wind-breaker if it is cold. Woollen and fleece-lined underwear, woollen stockings and heavy gum-rubber shoes in winter and running shoes in the summer time. The boys also have good warm overcoats, caps, mitts, &c.

I was at the institution when the children sat down to lunch, and went into the question of food. I was informed that breakfast, as a rule, consists of porridge, milk and sugar, bread, butter, jam, honey or syrup, and tea; and twice a week they give the children cereals instead of the porridge. Dinner consists of two vegetables, meat in some form, bannock, pudding or pie, water and milk. Supper consists of weaners, sausages or cold meat and sometimes fish; Pork and beans, peas, or peas and pork, bread and butter or biscuits; cake and fruit, tea; and sometimes they are given an apple apiece after supper. The food of course varies from time to time, but this is the main issue.

Indian Affairs. School Files.
(RG 10, Volume 6350, File 757-5, part 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES.
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

HEALTH & GENERAL:-

The children looked exceptionally well and there was no illness amongst them. There were 76 children in residence and as the Department is aware, this is more than are provided for in the grant, and I believe 5 or 6 of the girls sleep over in the Principal's house. I also took special note that each child had a tooth brush and an individual towel both upstairs and down, and I enquired particularly as to whether the children were using the tooth brushes, and found that they were actually using them. I have often been at schools where the tooth brushes were never used.

For recreation the children have askating rink on a flat below the school which is boarded in and lit electrically, and all are furnished with skates. They also play other outdoor games such as football, &c., so they get lots of exercise.

As I previously mentioned, the outbuildings, although not in conformity with the school, are kept in a good state of repair. The cow and horse stable is kept well whitewashed inside, both walls and stalls.

The school owns 24 head of cows and at the time of my inspection there were 11 cows milking, and about 5 pails were milked per day. They make 24 pounds of butter per week and a great deal is made during the holidays while most of the children are away. Besides this the school purchases a quantity of butter

GENERAL (Continued).-

The children receiving butter with their bread twice every day is something that is done at very few schools. They may give them fat of a kind, but actually giving them butter used to be unheard of. I am glad to note as I go around, that butter is being given to the children in several of the schools. The school also has 6 horses, 6 pigs and 40 chickens. The Department will understand that it would not pay the school to raise many hogs as they do not raise any feed, so they just keep enough to take care of the leavings from the school.

On the whole the work carried on at this institution is very satisfactory. They have a good competent staff and the children are well cared for. Personally I have no criticism to offer of anything I saw there.

I have the honour to be,

Sir,

Your obedient servant,

H. Christianson

The children looked exceptionally well and there was no illness amongst them. There were 76 children in residence and as the Department is aware, this is more than are provided for in the grant, and I believe 5 or 6 of the girls sleep over in the Principal's house. I also took special note that each child had a tooth brush and an individual towel both upstairs and down, and I enquired particularly as to whether the children were using the tooth brushes, and found that they were actually using them. I have often been at schools where the tooth brushes were never used.

For recreation the children have askating rink on a flat below the school which is boarded in and lit electrically, and all are furnished with skates. They also play other outdoor games such as football, &c., so they get lots of exercise.

As I previously mentioned, the outbuildings, although not in conformity with the school, are kept in a good state of repair. The cow and horse stable is kept well whitewashed inside, both walls and stalls.

The school owns 24 head of cows and at the time of my inspection there were 11 cows milking, and about 5 pails were milked per day. They make 24 pounds of butter per week and a great deal is made during the holidays while most of the children are away. Besides this the school purchases a quantity of butter

GENERAL (Continued).-

The children receiving butter with their bread twice every day is something that is done at very few schools. They may give them fat of a kind, but actually giving them butter used to be unheard of. I am glad to note as I go around, that butter is being given to the children in several of the schools. The school also has 6 horses, 6 pigs and 40 chickens. The Department will understand that it would not pay the school to raise many hogs as they do not raise any feed, so they just keep enough to take care of the leavings from the school.

On the whole the work carried on at this institution is very satisfactory. They have a good competent staff and the children are well cared for. Personally I have no criticism to offer of anything I saw there.

I have the honour to be,

Sir,

Your obedient servant,

M. Christianson

Dr. H. W. McGill,
Deputy Superintendent General,
Department of Indian Affairs,
O t t a w a, Ontario.

Dear Dr. McGill: Re: Morley Indian Residential School.

Enclosed please find a copy of the suggestions forwarded by Rev. E. J. Staley, of Morley, Alberta, in regard to the needed improvements and additions at the Morley Indian Residential School, which we have discussed with you on two or three occasions. I have asked our Architect to embody Mr. Staley's suggestions in a rough drawing, so that Mr. Orr may be able to see immediately from the enclosed blue print what it is Mr. Staley thinks should be done. I am taking it for granted that the blue prints of the present buildings, from which our Architect worked, are in the possession of the Department and that it is not necessary to forward them.

I know that the Department of Indian Affairs will give very careful consideration to this matter in making plans for the expenditure of any funds which may be available for building during their current fiscal year.

Thanking you,
I am

Yours very sincerely,

Kenneth J. Beaton

PRIVY COUNCIL
CANADA

Certified to be a true copy of a Minute of a Meeting of the Privy Council, approved by His Excellency the Governor General on the 11th August 1934

The Committee of the Privy Council have had before them a report, dated 27th July, 1934, from the Superintendent General of Indian Affairs, submitting that in the programme of works authorized by Parliament under the title of "The Public Works Construction Act, 1934" Item 79 of Schedule "A" reads as follows:

" Indian Affairs Department - For the construction and reconstruction of Indian residential and day schools, and hospitals, - $500,000.00. "

That the schedule hereto marked 1 contains a list of projects which it is considered could be more beneficially executed under the direct control and supervision of the officers and employees of the department in charge of the work without inviting tenders as provided by Section 7 of the said Act, the Arejitect of the department having given his certificate to that effect, as provided by the said Section;

That, in the circumstances the works aforesaid should be executed under the provisions of Section 7 of the said Public Works Construction Act, 1934.

The Committee, therefore, on the recommendation of the Superintendent General of Indian Affairs, advise that, under Sections 5 and 7 of the Public Works Construction Act, 1934, authority be granted to the Superintendent General of Indian Affairs to proceed with the above works forthwith without inviting tenders.

(sgd) E.J. Lemaire,
Clerk of the Privy Council.

The Honourable
the Superintendent General
of Indian Affairs.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

M. Morley, Alta., Aug. 23, 1934.

Sir:-

I beg to recommend that the following articles be purchased for the Indian Residential School here for repairs that are needed :-

2 lenghts fire hose, 40 feet,
500 ft. 2½ in. edge grain fir flooring,
500 ft. 1x10 in. spruce boards,
100 ft. stair treads,
1 toilet complete,
All metal parts inside toilet tank.
Fire brick to line one furnace.

In recommending the purchase of this material, I must make the reservation that if the addition to the school is to be constructed shortly, all the above can be left till the addition is completed; but if it is likely that the school will only have the present quarters for this winter, I would advise that the above repairs be carried out.

This applies particularly to lining the furnace. The present heating system is entirely inadequate, and with more space to heat, will be worse than ever. If a new heating plant is to be installed, it would not be wise to apply for repairs to the present plant, but if the present furnaces will have to go through this winter, one of them will have to be re-lined.

Mr. Staley and myself would greatly appreciate any information which is available as to the likelihood of the building being started soon as we are handicapped at present in not knowing what to do to the present building in preparation for the winter term.

Your obedient servant,

Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Ottawa, August 30, 1934.

Sir:

I have your letter of the 23rd instant, giving a list of requirements for the Morley Indian Residential School, in the event that the proposed addition to the school will not be completed in the near future.

In reply I have to say that the question of the addition is now receiving attention. In any event, it will be necessary to have the furnaces in the present building placed in a satisfactory condition for the coming winter's use. It is noted that one of the furnaces will have to be relined. The Department will approve of you arranging for the purchase of the quantity of fire brick required for this purpose, and, if the staff are unable to carry out the work of installing the brick, you may arrange for the services of a competent man to do the work. Purchase of the fire brick should be from a firm on the approved list. Mr. Inspector Christianson would, no doubt, advise you the name of a firm from whom to purchase the brick required and also regarding the services of a man to do the work if same is necessary. Please keep all costs as low as possible and forward an account, in triplicate, properly certified, covering the expenditure.

You may also arrange for the purchase, from a firm on the approved list, of two lengths of fire hose, 40 ft., and forward an account, in triplicate, properly certified, covering the cost.

The other materials mentioned in your letter can stand over for the present.

Your obedient servant,

A. F. Mackenzie,
Secretary.

Dr. W. Barr Murray,
Indian Agent,

Dear Dr. Stanley,

While in Calgary on the 24th. August I drove out to Morley and discussed the matter of the school additions and heating plant with Rev. Mr. Staley, the Principal.

On my return to Ottawa I have taken up the matter with Mr. Orr the Departmental Architect and I feel sure that the necessary measures will be taken to insure that the heating of the enlarged structure will be properly provided for.

Yours faithfully,

Dr. G. E. Stanley, M.P.,

Dear Sir,-

The Department has under consideration some work at Morley. There are two jobs contemplated, one an addition to the Morley school, and the second a Health Unit.

It is proposed to carry out this work by day labour and I would ask you to please advise me if you will be prepared to undertake the supervision of this work immediately on receiving instructions.

You will be paid at the rate of $ 5.00 for each working day, less ten percent.

INDIAN RESIDENTIAL SCHOOL
UNITED CHURCH OF CANADA
REV. E. J. STALEY, PRINCIPAL

MORLEY, ALTA.
Oct. 15th. 1934.

Dr. McGill,
Dept. of Indian Affairs,
Ottawa.

Dear Mr McGill;

I am wondering if you could give me any idea of when work will be begun on the promised addition to the School. If plans are available could a copy be sent for our perusal.

I sincerely hope that at least a start will be made this fall. The work made available for the Stonies would be a great asset these days when work is needed most.

With kindest regards,

Yours truly,

Dear Mr. Smith,-

I am sending the Indian Agent today blue print copies of the plan of the proposed addition to the Morley Indian Residential School, and the Agent was advised to instruct you to proceed at once with this addition.

If there is any further information you require I will be glad to supply it.

I may say however that I expect to be at Morley in about three weeks.

I am having plans prepared for a new system of heating for this building and will forward you copies as soon as they are ready.

Yours very truly,

R. Gurney Orr.

DEPARTMENT OF INDIAN AFFAIRS

OFFICE OF
INDIAN AGENT

Morley, Alta. Oct. 27, 1934.

A. McGarney Orr Esq.
Architect.
Department of Indian Affairs.
OTTAWA.

Dear Mr. Orr:

Just a few lines in acknowledgment of your letter of the 24th instant.

We were glad to learn that the addition to the Morley Indian Residential School is to be commenced at once. The Plans have not yet arrived, but will probably come by the next mail, and I shall lose no time in staking out the addition and starting the excavating. On Monday we shall put some Indian teams to work hauling gravel from a bar on the Bow River about 3½ miles distant, where sufficient excellent gravel is available.

We are delighted to learn that we are soon to have the pleasure of a visit from you. I hope the weather will treat you kindly, and that your trip will be a pleasant one. When you arrive I shall welcome the opportunity of conferring with you on matters of construction, etc. If more convenient for you, I should be pleased to meet you in Calgary, and drive you to Morley; or I'm sure Dr. Murray would be equally ready to be of service to you in this regard.

The hospital building is away to a good start. I mailed a full report on this work to Ottawa yesterday, which perhaps you will see before you start West.

Awaiting further word from you, and with kind regards,

Your obedient servant

J. Gardner Smith

Building Supervisor.

Department of Indian Affairs,
Tender on the Plumbing at Stoney
Indian Residential School at Morley.

We shall supply all labor and material necessary to complete the above described work for the sum of Nine Hundred and Ninety-five Dollars ($995.00). This work to be installed in a true and workman-like manner and according to the Provincial Regulations, also with the approval of the Department Inspectors.

If the six basins described above under "Girls' Lavatories" are not to be installed, deduct the sum of Two Hundred and Seventy Dollars ($270.00), from the above tender.

We are quoting you on the installation of a wash hand basin in the dispensory, which is a seperate item from the above prices. We shall install this basin complete with waste and vent pipes, hot and cold water, index taps and trap. The basin to be a 17 x 19 deepa pron wash hand basin, for the sum of Sixty - five Dollars. ($65.00).

Trusting these prices will meet with your approval, and assuring you that if we are successful in obtaining the work, it shall recieve our careful and personal attention.

Yours very truly

CANADA

IN YOUR REPLY REFER TO
409-12A.
(GIVE NO. AND DATE OF THIS LETTER)

INSPECTOR'S OFFICE

PB CALGARY, ALTA., November 26th, 1934.

Dear Mr. Orr:

In accordance with your directions when you were at Morley recently, I beg to submit herewith the four tenders for the steam heating of the Indian Residential School on the Stony Reserve.

You will observe that the tender of the Anderson Plumbing Company is the lowest, viz. $6950.00. This figure applies to the No. 3250 Brown Weld steel boilers. As far as I am in a position to judge, this type of boiler would be quite satisfactory, and has been giveng satisfaction where used elsewhere in the West.

I have advised the four firms from whom we received tenders that the matter is being held in abeyance until I receive further instructions from you.

Your obedient servant,

H. Gurney Smith

per H.

Inspector of Construction.

Gurney Orr, Esq.,
Architect,
Department of Indian Affairs,
O T T A W A .

PLS. Unless you wish to retain the tenders kindly return the same to me.

Doctor McGill.

[redacted]

With reference to the installing of a system of low pressure steam heating in the Morley School plans and specifications were prepared and Mr. E. Gardner Smith was instructed to obtain prices in Calgary from firms on the approved list.

These offers have been received as follows,-

Anderson Plumbing Company, Calgary, Alta.	$6,950.00
F. H. Lapper & Co., Calgary, Alta.	$7,518.00
Campbell & Hillier Ltd., Calgary, Alta.	$7,938.00
Trotter & Morton Ltd., Calgary, Alta.	$8,287.00

It will be noted that the Anderson Plumbing Company have submitted the lowest price, and I would recommend that Mr. Smith be authorised to instruct them to proceed with the installation.

OFFICE OF
INDIAN AGENT

Morley, Alta. November 27, 1934.

..Guerney Orr Esq.
Architect.
Department of Indian Affairs.
OTTAWA.

Re- Plumbing in Residential School at Morley.

Dear Mr. Orr:

I enclose herewith an estimate from Anderson Plumbing Co., of Calgary, for installing various plumbing fixtures in the addition to the school.

You will recall that when you were here you authorized the providing of a staff bath-room on the ground floor of the new addition, utilizing for the purpose the room marked "store rm" off the sewing room, and in this location will be placed the usual three-fixture installation.

The Reverend Principal has drawn attention to the omission of wash-basins in each of the girls' dormitories, which have, presumably, been inadvertently left out in the plan. Both he and Dr. Murray state that these basins are indispensable, and as the basins have been provided for the boys' dormitories, it seems equally necessary that similar provision be made for the girls.

It is also requested that a wash-basin be provided for the dispensary shown in the new addition; also a floor drain in the girls' play-room in the basement of the new addition to facilitate the washing of the floor. This washing is often done with a hose.

You will observe that Anderson & Co's price for the aforesaid materials and labour is $1060.00, not including the floor-drain mentioned which has more recently been asked for.

As this contractor gave us the best price for the hospital plumbing, and is already familiar with the local conditions, it seemed to me that if his price is satisfactory to you, it might be as well to give him this work rather than inviting others to estimate it. However, I shall await your instructions before doing anything in the matter.

Your obedient servant E. Gardner-Gee

As this Co. was supplying material for Indian Houses, I had them bring the above enumerated load to get started on the Hospital, before the Lumber contract was let. As the Co. getting the supplying of the material for the Hospital supplied sufficient for that job, I had the quantities as per this invoice moved to the School job, and therefore charged this invoice to that job.

Mr. R. Gurney Orr,
Architects' Department,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Mr. Orr:

For the last five weeks I have been in Western Canada and the other day had the opportunity of going carefully over the School at Morley, Alberta. Fortunately, the plans for the extension had arrived and I had the chance to discuss them in detail with Mr. Staley. There are a few suggestions I should like to make after having studied the plans in the building itself rather than from the blue print. These will not add appreciably to the cost and will make no difference in the letting of the contracts.

I think that the dispensary and the principal's office should be exchanged moving the principal into the inside room. It would be very much easier for the nurse to carry on in the room opening off the hall than it would be for the principal to have the children passing through his office every afternoon in order to get to the nurse.

There is no provision made in the present plans for lockers, but with the enlarged play rooms for both boys and girls, I think that some type of cheap lockers should be put in. The School is also tremendously short of cupboard space. I would appreciate it when you are on the ground if you would discuss this important matter with Mr. Staley and the matron.

In connection with the sewing room to which I objected on the original plans because I felt it was going to be too dark, I have changed my mind, as the three windows which are in the present sewing room seem to give adequate light.

There are no separate bathroom and toilet facilities for the staff in the present building and I should like to request that the room marked "store room" on your present plans should be turned into a bathroom for the staff.

By putting a few locked cupboards or even open shelves around the walls of the new sewing room, I think you could secure all the storage facilities needed, in view of the fact that there will be two other small rooms available in the building when the alterations are completed which are not now in use for that purpose.

I wish it were possible also in connection with the work which is being done to put a rough floor into the attic as was done in connection with

the Norway House School. That provides excellent storage facilities for the heavy winter clothing and bedding during the summer and for any extra stock which the principal has an opportunity to buy when the market is good. At the present time he has to buy in small quantities because of lack of such a store room.

While you are at Morley, I would like to get your expert opinion in regard to the possibility of providing running water in the principal's residence. Four or five years ago I discussed this with Mr. Russell Ferrier who was enthusiastic about it. Our proposition at that time was to pipe the water from the present school supply which seems to be quite ample for the purpose. There are those who feel, however, that it would be cheaper and more satisfactory to dig a well close to the house and put in a small electric pump on account of the great difficulty of digging drains of the necessary depth through the hard gravel of those hillsides. If you have time, I would appreciate getting an estimate as to what you think both types of equipment would cost. I feel that having put in fifteen years in that house without running water, the principal's wife is entitled to immediate consideration from both the Department of Indian Affairs and the Board of Home Missions in this particular.

Thanking you for your co-operation and with very kind personal regards, I am,

Yours sincerely,

Dr. Neil K. Beaton

DEPARTMENT OF INDIAN AFFAIRS

CANADA

December 4, 1934.

Doctor McGill.

Memorandum:

With reference to the installing of a system of low pressure steam heating in the Morley School plans and specifications were prepared and Mr. E. Gardner Smith was instructed to obtain prices in Calgary from firms on the approved list.

These offers have been received as follows,-

Anderson Plumbing Company, Calgary, Alta.	$6,950.00
F. H. Lepper & Co., Calgary, Alta.	$7,518.00
Campbell & Hillier Ltd., Calgary, Alta.	$7,958.00
Trotter & Morton Ltd., Calgary, Alta.	$8,287.00

It will be noted that the Anderson Plumbing Company have submitted the lowest price, and I would recommend that Mr. Smith be authorized to instruct them to proceed with the installation.

J. D. McLean

Architect.

Approved, provided Engineer considered plan satisfactory.

Dec. 17, 1934.

Dear Dr. Murray,-

Some time ago Mr. E. Gardner Smith submitted prices for the installation of the new heating system at the Morley School. He has today been instructed to accept the offer of the Anderson Plumbing Company of Calgary, who have submitted the lowest price.

Yours very truly,

R. Gurney Orr.
Architect for the Department.

December 17, 1934.

Dear Sir,-

I have today received the necessary authority to accept the price for the new heating system at the Morley School, and I am therefore replying to your letter of November 26th.

You may arrange to have this system installed by the Andersson Plumbing Co. of Calgary, as they have submitted the lowest price.

Yours very truly,

R. Gurney Orr.
Architect for the Department.

CANADA INDIAN AFFAIRS

INDIAN AGENT

R.

Morley, Alta, Dec 10th, 1934

Sir:-

Re building operations at Residential School.

In conversation with Mr. Staley, Principal of the School, as well as workmen concerned, I find there may be a time during the installing of the new heating system when the building would be without heat. I shall be pleased to have your permission to allow the children to return to their homes during this period , which will be arranged to be as short a time as possible.

Mr. Staley advises that it is always an added expense having the children go home, as they never bring back all the clothing allowed out with them, but we can see no other way out of the situation, as the old heating system will have to be taken out and the new one installed.

Your obedient servant,

Indian Agent.

The Secretary,
Department of Indian Affairs,

119-1-6.

Ottawa, December 18, 1934.

Sir:

I have your letter of the 10th instant, requesting, on behalf of the Principal of the Morley Indian Residential School, that the children be allowed to return to their homes while the new heating system is being installed.

In this connection I have to say that the Department will approve of having the children sent to their homes during the time required for the installing of the new heating system. Grant will be allowed for them during the period.

I would request that you inform the Department definitely of the dates between which the pupils are absent, when instructions will be forwarded regarding the preparation of the quarterly returns covering such absence. In view of payment of grant during the absence of the pupils, the Department cannot undertake any expenditure in connection with sending the children home or returning them to the school or for any extra clothing that may be required. The Principal and yourself should see that the children are absent no longer than absolutely necessary.

Your obedient servant,

A. F. Mackenzie.
Secretary.

IN YOUR REPLY REFER TO
AND DATE OF THIS LETTER

INSPECTOR'S OFFICE
CALGARY, ALTA., Jan'y 7th, 1935.

2.

The Secretary
Department of Indian Affairs.
OTTAWA.

Re- Indian School at Morley, Alta.

Sir:

With reference to your telegram of the 27th ultimo, in which I was instructed to obtain and submit other tenders for the additional plumbing required in the Indian school at Morley, I am enclosing herewith quotations from F.H. Lepper & Co., and from Campbell & Hillier. These, with the tender from Anderson & Co., already sent you, is probably all that you require.

May I ask that you wire me your instructions as to which firm this work is to be given. The job is now ready for the roughing-in of the plumbing, and it is desirable that this be done as soon as possible in order to avoid delaying the plastering.

I have the honour to be, Sir,

Your obedient servant

E. Gardner Smith

Building Supervisor.

Memorandum:

Doctor McGill.

With reference to the additional plumbing required in the alterations and additions to the Indian Residential School at Morley, Alta., Mr. E. Gardner Smith has submitted three prices as follows:-

F. H. Lepper & Co., Calgary.....$1,043.00

Anderson Plumbing Co., Calgary....$1,060.00

Campbell & Hillier Ltd., Calgary..$1,081.00

I beg to recommend that Mr. Smith be authorized to award this work to F. H. Lepper & Co., as I consider their price fair and reasonable and they have submitted the lowest quotation.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

Morley,Alta.,Jan.17,1935.

Sir:-

I am requested by the principal of the Residential School,Rev.E.J.Staley,to report that the furnace in the Classroom building is inadequate..Since it was first installed it has been impossible to heat the building. It is only a small furnace,which is apparently the reason that it is unsatisfactory.

When the new heating plant is installed in the residence building,it will replace the two old furnaces at present in use. One of them is in good condition as to brick and grates,and it would undoubtedly heat the classroom building satisfactorily. The Anderson Plumbing Co.,who are putting the new heating plant in the residence building, have quoted $69 to change the furnace in the classrooms. It would be such a great advantage to have this done,that I beg your authority to do it.

In connection with the same building,it is reported to me by Mr.Gardiner-Smith,that the floor is not sufficiently supported,in fact that it is unsafe. One person walking across the floor causes it to swing,as was demonstrated to me. There is one beam supporting the joists,in the centre,and it is 36 feet from this beam to the foundation on either side. Two more beams with posts,under the joists,would make it solid. I am assured by Mr.Gardnier-Smith,that the cost will be under $25,as beams will be made out of waste lenghts of plank from the construction now going on. I beg to suggest that this be done while we have carpenters out here.

Your obedient servant,

The Secretary,
Department of Indian Affairs,
Ottawa,Ont.

Indian Agent.

CANADIAN SUMNER IRON WORKS LIMITED

Canadian IRON STOKER

VANCOUVER BRITISH COLUMBIA

SPECIFICATION

MODEL "C"

GEAR REDUCTION :

The Gear Reduction, for the proper reduction of speed between the Motor and the Conveyor, shall comprise a quiet triple reduction and provide three speeds to the Conveyor and which shall be equal to 50 pounds, 100 pounds, and 150 pounds per hour respectively, also a neutral, and shall be so designed as to permit changes of speeds while the machine is operating, noiselessly, and by the most approved design of shifting mechanism. The Worm Gear shall be hobbed from Hard Phosphor Bronze, and other Gears shall be made from an Alloy Steel and Bearings of Bronze. S.K.F. Ball Thrust Bearings will be supplied on the Worm Shaft. Gear case will be of Cast Iron and be oil tight and a suitable oil gauge will be provided at a convenient position on the Case. A safety shear pin, conveniently replaceable, will be provided in the Drive to protect the machine against overloads. Connection to the Motor will be made by means of a "V" Belt.

ELECTRICAL EQUIPMENT :

The Motor shall be one of approved make, 3/4 Horsepower capacity and guaranteed to take care of the maximum load and be equipped with Service Switch and an approved type of Circuit Breaker.

FAN :

The Fan will be of the balanced centrifugal type with ample delivery and will be enclosed in an aluminum housing with a well designed shutter for efficient control of the air supply. The Duct leading from the fan to the retort will be made of Copper Bearing Steel as a preventive against rust. An auxiliary air duct prevents back smoking.

CONTROLS :

A thermostat for the automatic control of the room temperature shall form a part of this specification, also a boiler control for the safe regulation of the boiler from excess pressure. The Thermostat, which is intended to be conveniently located and in one of the rooms to be heated, shall be of an approved make and designed to function within a two degree variation in temperature; that is to say when there is a call for heat or when the desired temperature is reached the thermostatic control electrically connects or disconnects the Motor.

IN YOUR REPLY REFER TO
No. 409-11A.
ALSO TO DATE OF THIS LETTER

INSPECTOR'S OFFICE
PB CALGARY, ALTA., January 21st, 1935.

Dear Doctor McGill:

I have the honour to forward herewith a letter which is addressed to me by the Wildfire Coal Sales, Limited, of Calgary. Mr. Low, the Western Representative here, interviewed me sometime ago in connection with installing a stoker on the new furnace at the school at Morley. He was at that time accompanied by a representative of the company that manufactures this article at Vancouver. I advised him then that as far as I knew the appropriation for buildings, &c., which had been allotted to our Department last year, had been pretty well used up; but I was requested to forward the specifications and letter to you.

I have made certain enquiries and I believe the stokers are working very satisfactorily and no doubt they are money-savers, as they will burn cheaper coal. You will note that Mr. Low claims the saving will be anywhere from 25% to 53%.

No doubt, if the Department have funds to install this stoker, it would greatly assist the school in keeping down expenses, as in Indian Residential Schools here fuel is a big item. The Principal of the School, the Rev. Mr. Staley, is, of course, very anxious to get one installed as he can see a saving in the fuel bill. I am simply forwarding this for your attention as I promised to do so.

Your obedient servant,

M. Christianson,
Inspector of Indian Agencies,
Alberta Inspectorate.

Doctor Harold W. McGill,
Deputy Supt. General,
Dept. of Indian Affairs,
OTTAWA.

Dear Sir,-

I beg to acknowledge receipt of your letter of the 21st addressed to the Deputy Superintendent General with reference to the installation of a stoker in the Morley School.

In reply I beg to say that it is not the intention to provide a stoker at the present time.

Yours very truly,

D. C. Macdonald.
Secretary.

Dear Sir,-

Replying to your letter of the 17th with reference to the Morley Indian Residential School I beg to say that you may arrange to have one of the old furnaces installed in the classroom building. You may also arrange with Mr. Gardner Smith to previde the additional supports required for the floor.

I am sending you herewith return of labour forms and Mileage forms.

Yours very truly,

D. J. Mackenzie.

Report on Addition to School, Stony Reserve.

Sir:

Since my report of a month ago we have been experiencing the most extreme wintry weather for many years, with drifting snow-storms, and phenomenally low temperatures. Under such conditions it was generally impossible to carry on any outside work, and although we had just succeeded in getting the new addition closed in, yet without heat it was almost equally impossible for men to work inside. The result is that for several weeks but little progress has been made on this job. However, our carpentry work had almost reached the stage when it would have to stop until after the plastering, which cannot be commenced at this season of the year until heat is available. The heating men have been working intermittently whenever the weather was not too severe, and the various heating mains, returns and risers are now being placed, and a fair proportion of this work is well advanced. Two or three days ago a welcome Chinook wind made its long-awaited appearance, and we are now experiencing its genial influence. The temperature to-day is well above freezing.

The heating boilers have not yet arrived, but are expected shortly. Railway services are greatly disrupted in consequence of serious snow-slides in the mountains, which may delay this shipment. I am sending you a blue-print of the boilers we are getting. Owing to somebody's mistake, the heating contractor ordered No. 100, and which I had to reject because of insufficient capacity. We are now getting boilers No. 110, which seem in every way suitable. I have asked that the Provincial Boiler Inspector at Edmonton approve these boilers before they are shipped, and they will be inspected again in the usual course after installation. Mr. Alex. Walker, of Calgary, has been useful to me in checking the proposed boilers, and on heating matters generally.

In my last Report I mentioned that I had had to reject the siding sent because of too many dead knots. The lumber people agreed to take it back, and replace it with No. 1. Coast fir siding. This arrived about two weeks ago, but only yesterday was it possible to commence putting it in place, because of the very cold weather. Two more days should see the siding all on, and as the lathing will be completed about the same time, we shall have to await the completion of the plastering before any more carpentry work can be done. However, I can employ the best of the men in placing the inside finish in the new hospital, at which work I already have three good men engaged.

It will probably be about three weeks before the plastering of the school addition can commence, for from present indications it will be fully that time before temporary heat will be available.

I duly received the Architect's telegram accepting Copper Co's tender for the plumbing required in the school, and I lost no time in notifying this contractor accordingly, and the roughing-in, etc, will, I expect, be done promptly, and in advance of the plastering.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The Reverend Principal has asked that all ceilings in the new addition be metal ceilings similar to that in the main building, with the exception that in the original school the ceilings of the top storey are plastered. The main reason why he wants metal ceilings for the top storey of the addition is because he intends using the attic space there for storage of children's garments when not in use, and it was thought that over this light traffic the smaller joists might tend to crack plastered ceilings. As I could see no objection to meeting his wish in this respect, I have had this ceiling shed tod with lumber in preparation for the metal. We shall build him a small stairway from the store room of this top floor giving access to the attic, and shall place a light outlet in the attic, with switch control in said store room, and shall lay a subplar floor later wise, the floor of the new attic. The cost of this convenience will be but little more than if the ceilings were plastered.

The electrical contractor, Mr. Lloyd Ell, should also complete the placing of conduits with light and switch outlets, and panel boxes, bell and bell wiring, etc, and will return when the job is ready to pull the wires and make the fixtures.

We shall defer the erection of the divisional wall in the present girl's dormitory, also the extension of the heating in the existing girl's dormitory, until the new dormitory is available, because of the present girl's dormitory being occupied to capacity, there being scarcely wall space between the beds. We shall also defer taking down the existing stairway, and the alterations in that area, until other work is about completed. Our aim is to make as little disturbance and interruption to the operation of the school as possible.

Will you kindly send us another blue print of the school, as the three copies sent are being used by the various trades, and I am without a copy at present.

I have the honour to be, Sir,

Your obedient servant

Building Supervisor.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

February 9th, 1935.

MEMO.

Mr. Orr

We are in receipt of an account in favour of the Anderson Plumbing Company, Calgary, Alta., for $3880.00, being the first progress payment on their contract amounting to $6950.00 for installation of heating system at the Morley Indian Residential School.

Has an Order-in-Council been obtained authorizing this expenditure? If not, it will be necessary to secure one before the account can be paid as all purchases or contracts involving an expenditure of $5000.00 or over must be covered by an Order-in-Council.

The authority granted the Department by Order-in-Council, P.C. 1757 of August 11th last, does not override the general rule.

In connection with the account of $198.12 in favour of Lloyd Orr Electric, I beg to say that we should be supplied with the contract which should bear the Minister's approval.

N. D. Allen

Representative of the Treasury.

Library and Archives Canada / Bibliothèque et Archives Canada

February 13, 1935.

Dear Doctor Murray,-

With reference to the account of Lloyd Orr Electric of Calgary, I beg to say that if work of this nature is carried out by contract it is necessary to forward all tenders here and an Order in Council has to be obtained authorizing the awarding of the contract.

As this is a small amount it would be very much better if the voucher was submitted in the form of an account for labour and material in detail.

I am returning herewith the account.

With reference to the contract for the heating an Order in Council is being applied for, and it will probably be some time before it is passed and the account can be paid.

Yours very truly,

R. Gurney Orr.
Architect for the Department.

Dr. W. B. Murray,
Indian Agent,
Morley, Alta.

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Ottawa, February 4., 1935.

The Governor General in Council.

The undersigned has the honour to report that the same being necessary, prices were invited for the installation of a new heating system required in connection with the alterations and additions to the Morley Indian Residential School at Morley, in the Province of Alberta, and that the following were received.

Emerson Plumbing Company, Calgary, Alta.	$6,750.00
F. H. Lepper & Co., Calgary, Alta.	$7,548.00
Campbell and Hillier Ltd., Calgary, Alta.	$7,738.00
Trotter & Morton Ltd., Calgary, Alta.	$8,487.00

The Architect of the Department of Indian Affairs has reported that the lowest of the above offers, namely that of the Emerson Plumbing Company of Calgary is fair and reasonable.

The undersigned accordingly has the honour to recommend that it be accepted pursuant to Section 2 of the Public Works Construction Act, 1934.

Funds for this purpose are available from Parliamentary appropriation under the said Public Works Construction Act, 1934.

Superintendent General
of Indian Affairs.

CANADIAN SUMNER IRON WORKS LIMITED

Canadian IRON STOKER

[redacted], BRITISH COLUMBIA

[redacted]

MODEL "DC"

CANADIAN IRON STOKER

HOPPER :

To be made of Copper Steel, Heavy Gauge, Heat Treated, with a capacity of 500 pounds of coal. The body to be close riveted and to have extended flanges on the bottom for bolting to the Base. An agitator within the Hopper will prevent the arching of the coal and insure a steady flow of coal to the fire.

HOPPER BASE :

The Hopper Base shall be of Cast Iron, Heavy Section, and ribbed to make a rigid Base for the machine. It shall be flanged outward, Properly supplied with an asbestos gasket and have bolted thereto the Hopper in a manner that shall insure a leak-proof point.

CONVEYOR :

The Conveyor Screw shall be a one piece casting of Manganese Steel, properly annealed, and shall be of a length to suit the installation. It shall be enclosed in a steel housing which shall form the feed connection between the Hopper Base and the Retort.

RETORT :

The Retort shall be made of Cast Iron, 14" wide by 21" long, of heavy section, and designed to withstand the heat of combustion. The top section will be made up of heavy sectional Tuyere Blocks, opening through which will permit of a distribution of the air from the fan, ample for permeation of the coal bed below as well as through the fire zone. These Tuyere Blocks are designed to be readily removable. Trough shaped interlocking dead plates, supported upon the Retort are furnished of the proper size to fit the furnace. A clean-out door will be conveniently placed providing access below the Retort.

Canadian IRON STOKER DIVISION

VANCOUVER, BRITISH COLUMBIA

SPECIFICATION

MODEL "C"

GEAR REDUCTION :

The Gear Reduction, for the proper reduction of speed between the Motor and the Conveyer, shall comprise a quiet triple reduction and provide three speeds to the Conveyer and which shall be equal to 50 pounds, 100 pounds, and 150 pounds per hour respectively, also a neutral, and shall be so designed as to permit changes of speeds while the machine is operating, noiselessly, and by the most approved design of shifting mechanism. The Worm Gear shall be hobbed from Hard Phosphor Bronze, and other Gears shall be made from an Alloy Steel and Bearings of Bronze. S.K.F. Ball Thrust Bearings will be supplied on the Worm Shaft. Gear case will be of Cast Iron and be oil tight and a suitable oil gauge will be provided at a convenient position on the Case. A safety shear pin, conveniently replaceable, will be provided in the Drive to protect the machine against [redacted] Connection to the Motor will be made by means of a "V" Belt.

ELECTRICAL EQUIPMENT :

The Motor shall be one of approved make, 3/4 Horsepower capacity and guaranteed to take care of the maximum load and be equipped with Service Switch and an approved type of Circuit Breaker.

FAN :

The Fan will be of the balanced centrifugal type with ample delivery and will be enclosed in an aluminum housing with a well designed shutter for efficient control of the air supply. The Dust leading from the fan to the retort will be made of Copper Bearing Steel as a preventive against rust. An auxiliary air dust prevents back smoking.

CONTROLS :

A thermostat for the automatic control of the room temperature shall form a part of this specification, also a boiler control for the safe regulation of the boiler from excess pressure. The Thermostat, which is intended to be conveniently located and in one of the rooms to be heated, shall be of an approved make and designed to function within a two degree variation in temperature; that is to say when there is a call for heat or when the desired temperature is reached the thermostatic control electrically connects or disconnects the Motor.

CALGARY

[redacted]
nineteenth,

1935.

Mr. M. Christiansen,
Supt. of Indian Affairs,
Calgary, Alberta.

Dear Sir: Re - Automatic Stoker,
Indian School,
Morley.

We attach herewith specifications of our Model "C" Automatic Iron Stoker, which is our recommendation for the Indian School at Morley, Alberta.

This unit, you will note, has a delivery capacity of fifty pounds, one hundred pounds, and one hundred and fifty pounds, per operating hour, which with a calorific coal value of 10,000 B.T.U. is equivalent to a steam radiation of 2700 square feet. As the required radiation is only 2550 feet this Stoker supplies a comfortable factor of safety.

A few arguments at this time in favor of our Stoker I feel would be very much in order. The first is the very pronounced savings associated with every installation. In the case of the Yacht Club at Vancouver the saving in the first three months of operation was 53%. In the hospital at Penticton (Green Gables) their saving last winter ran about 30%. At schools at Kelowna, Merritt and Princeton where temperatures fall as low as 20 degrees below zero the saving was 25%.

There is also associated with the use of a Stoker that safety from backfire or explosion, which causes most of the fires, which are so destructive to property. The effect of uneven firing on the boiler

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

January 19, 1935.

Mr. M. Christianson.

is also removed. We would also point out to you that the underfeed method of stoker firing gives you a steady fire, a continuous radiated heat, and a boiler or furnace always warm. All the volatility formerly escaping as smoke will be conserved in the form of valuable heat and render the fire scotless and without smoke, and all danger of odors throughout the building will be absolutely removed.

You will readily see by perusing these specifications that the whole cost of the stoker will be saved by its use inside of three and one-half years. I would like to point out to you a very specific saving in this case, which is the cost of fuel. The fuel you are now using costs you $5.55 per ton F.O.B. Morley. The fuel you would use with this stoker would cost $3.10 F.O.B. Morley, being a net saving of $2.45 per ton, which is an extremely important item in the saving above referred to. I might also add that if the stoker is installed we are in a position to contract with the Department to supply coal at Morley at $3.10 per ton.

We are prepared to install this stoker complete in every respect, and guaranteed as to workmanship and material, and leave the job completed to the satisfaction of your Superintendent or Engineer, for the sum of $ 1019.75. We should be glad to hear from you at your earliest convenience in this matter.

Yours very sincerely.

A. C. Lo

Minister's Office

MEMORANDUM

February 15, 1[illegible].

DR. McGILL:

I am enclosing a copy of a letter to Mr. Christianson from Mr. Alex. B. Low, Western Representative of the Wildfire Coal Sales, Calgary, together with that Company's Specification of Model "C" Canadian Iron Stoker, which they recommend for use in the new INDIAN SCHOOL at Morley.

Will you kindly inform the Minister if the Department approves of the installation of this class of equipment, and if funds are available for such a purpose.

George Buskard,
Private Secretary.

February 19, 1935.

Memorandum: Doctor McGill.

With reference to the attached correspondence and quotation for the installation of a stoker in the Morley School, I beg to say that there is no doubt that there would be considerable saving in fuel to the Church in operating the heating system if a stoker were installed. You will note that the cost would be $1,019.75.

At the present time it is rather difficult to say whether funds will be available in the amount provided under the Public Works Construction Act. I would therefore suggest that decision be left in abeyance until a later date.

Architect.

OFFICE OF
INDIAN AGENT

Morley, Alta., Feb 16th, 1909

Attention, H. Barney Orr, Esq.,
Architect for the Department.

Sir:-

I beg to acknowledge your letter 11-1-5 of the 13th instant, returning Account, Mr. Lloyd Orr, for Electrical work etc., in connection with the Morley Indian Residential School addition.

I have had Mr. Orr render a new account as suggested in the second paragraph of your letter, and I trust it will now be in order for payment. It is enclosed herewith.

Your obedient servant,

Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 22 nd. FEBRUARY 1935

The Committee of the Privy Council have had before them a report, dated 13th February, 1935, from the Superintendent General of Indian Affairs, stating that the same being necessary, prices were invited for the installation of a new heating system required in connection with the alterations and additions to the Morley Indian Residential School at Morley, in the Province of Alberta, and that the following were received.

Anderson Plumbing Company, Calgary, Alta.	$6,950.00
F.H. Lepper & Co., Calgary, Alta.	7,518.00
Campbell and Millier Ltd., Calgary, Alta.	7,958.00
Trotter & Morton Ltd., Calgary, Alta.	8,287.00

The Minister further states that the Architect of the Department of Indian Affairs has reported that the lowest of the above offers, namely that of the Anderson Plumbing Company of Calgary is fair and reasonable.

The Committee, therefore, on the recommendation of the Superintendent General of Indian Affairs, advise that pursuant to Section 2 of the Public Works Construction Act, 1934, the tender of Anderson Plumbing Company, Calgary, Alta., for the above mentioned work be accepted.

Funds for this purpose are available from Parliamentary Appropriation under the said Public Works Construction Act, 1934.

Clerk of the Privy Council.

The Honourable
the Superintendent General
of Indian Affairs.

Calgary, Alta.,

Feb. 22/35.

The Secretary,
Dept. of Indian Affairs,
OTTAWA, Ont.

Dear Sir:- Re Supplies to Morley School.

During Dec. 1934, we supplied to the Anderson Plumbing Co. for installation, in the Morley School, 2 boilers to the value of $1300.00.

We have not yet received payment from the Anderson Plumbing Co., and are advising you of this so that you may take whatever steps are necessary to protect our account. We understand it is your usual practice to require a statement from contractors to the effect that all sub-contractors and suppliers accounts have been settled before you issue payment of your contract.

If the Anderson Plumbing cannot supply this, no doubt, they would be agreeable to you paying such accounts, and deducting the amount from your final cheque to Anderson.

We may say confidentially that the amount of this account being somewhat higher than we have usually sold this contractor, we are somewhat anxious to secure your co-operation in protecting our account, and we look forward to your reply with interest.

Yours very truly,

No. 621 (22) 6-050

ASSIGNMENT OF
PAYMENTS UNDER CONTRACTS.

Calgary, Alberta Canada,

February 25th 1935.

To THE BANK OF NOVA SCOTIA

THE UNDERSIGNED (herein called "the Customer"), for valuable consideration, hereby assigns and transfers to THE BANK OF NOVA SCOTIA (herein called "the Bank") the debts owing or accruing due or which may hereafter become due or owing to the Customer under a certain contract entered into by the Customer on or about the 15th day of December 1934 with the Dominion of Canada, Department of Indian Affairs for the

steam heating of the Indian Residential School at Morley, Alta.
at a cost of $6,950.

also all bills, notes, lien notes, books of account, letters, invoices, papers and documents in any way evidencing or relating to, or which may be received as security for or on account of any such debt, and also all judgments, chattel mortgages, mortgages or other securities for payment of the same or any of them, and also all other rights and benefits which are now or may hereafter become vested in the Customer in respect of the said debts, and every of them, with power at the cost of the Customer, to collect, dispose of, realize or enforce any of the premises hereby assigned at such time and in such manner as may be deemed advisable by the Bank and either in its own name or in the name of the Customer without notice to the Customer and without prejudice to the enforcement of any rights the Bank may hold against other parties or to the claim of the Bank on the Customer for any deficiency. Upon a sale the Bank shall have the right to buy in the whole or any portion of the debts offered for sale and the Customer's rights therein shall thereupon be extinguished.

AND IT IS HEREBY DECLARED that after deducting all costs, charges and expenses incurred in collecting and realizing upon the premises hereby assigned, including all proper and reasonable commissions therefor, the amount received by the Bank shall be applied upon and in reduction of the indebtedness now or hereafter existing by the Customer to the Bank, it being further declared that this shall be a continuing collateral security to the Bank without impairment or novation of any other existing or future security and shall operate as a general security for all indebtedness, present or future, of the Customer to the Bank, so long as the Customer shall remain indebted to the Bank, or shall continue to be receiving advances from the Bank, but the Customer may at any time, upon payment of all indebtedness, call for a cancellation hereof

AND IT IS FURTHER DECLARED that the Bank or its assigns shall not be bound to realize upon any of the premises hereby assigned, and that they shall not be liable or responsible for any loss or damage which may accrue in consequence of their negligence or the negligence of any officer, servant, agent, solicitor, counsel or other attorney or substitute employed in the collection or realization thereof. Until this authority shall be withdrawn by the Bank the Customer shall act as the agent of the Bank for the collection and enforcement of the debts hereby assigned, duly accounting as a trustee to the Bank for all moneys so received.

The Customer will make, do and execute any further act, assignment, matter or thing which may by the Bank or any officer or solicitor thereof, or its assigns, be from time to time required for the more effectually vesting said premises in the Bank or its assigns, or collecting, enforcing or realizing thereon, and the Bank and its Manager, or Acting Manager for the time being at its North Hill, Calgary Branch, are and each of them is hereby irrevocably empowered to execute in the name of the Customer or the representative of the Customer, any assignment, instrument or other document for said purpose

From time to time, upon request, full particulars as to the standing of the above contract and statements showing amounts owing thereunder shall be furnished to the Bank

AS WITNESS the hand and Seal of the Customer

WITNESS

If the customer is a Company the corporate seal must be affixed

NORTH HILL BRANCH

CALGARY, ALBERTA.

PLEASE ADDRESS REPLY TO
NORTH HILL BRANCH

February 25th 1935.

The Department of Indian Affairs,
Dominion Government,
Ottawa, Ontario.

Dear Sirs:-

We enclose herewith an Assignment of Payments under Contract of the Department of Indian Affairs with the Anderson Plumbing Company for the steam heating of the Indian Residential School at Morley, Alberta at a cost of $6,960.

Will you kindly acknowledge receipt of this assignment and mail all cheques covering payments under this Contract direct to this office?

Thanking you for your attention to this matter,

Yours very truly,

Manager.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

INSPECTOR'S OFFICE

IN YOUR REPLY REFER TO
409-12A.
ALSO TO DATE OF THIS LETTER

PB CALGARY, ALTA., February 28th, 1935.

Dear Mr. Orr:

Anderson Plumbing and Heating company of Calgary are now applying for the final payment in connection with installing the heating system at the Morley Indian Residential School. This contract is now completed and the system is performing efficiently. Mr. Alex Walker, local engineer and representative of the Dunham Heating Company has been out to Morley and has checked over this system, this service being rendered free of charge to the Department, and Mr. Walker also reports the heating system as being well installed and in accordance with the plans and specifications.

The various tenders for this work were duly submitted to the Department, and on your instructions the work was awarded to the Anderson Plumbing and Heating Company.

With regard to this account, I may say that the Riverside Iron Works, Ltd., of Calgary, have requested that their account of $1300 for supplying the boilers be protected. In addition to this there is a fairly large sum owing by this contractor to Bell and Morris of Calgary, for materials supplied at Morley, and they seem somewhat anxious also. The Dunham people have advised us of a sum of $758.57 owing to them for heating specialties, &c., supplied on this job.

E. Gurney Orr, Esq.,
Architect,
Department of Indian Affairs,
O T T A W A .

MEMORANDUM:

Dr. McGill

With reference to the letter hereunder from Mr. E. Gardner Smith re debts owed by the Anderson Plumbing Company to firms who supplied material in connection with their contract of $6950.00 for installing a new heating system in the Morley Indian Residential School, I beg to call your attention to letter of February 25th from the Bank of Nova Scotia, Calgary, Alberta, forwarding an assignment from the Anderson Plumbing Company for the full amount of the contract namely $6950.00.

Mr. Orr has certified a voucher for $3880.00 a progress payment in favour of the Anderson Plumbing Company. Before making payment of this voucher, I should be pleased to receive instructions as to whom the payments on the Anderson Plumbing Company's contract are to be made.

Representative of the Treasury.

Sir:

I beg to bring to your attention that when I was inspecting the Morley School I noticed that the two doors to the fire escapes were padlocked. I mentioned this to Mr. Staley and pointed out how dangerous this practice was. His explanation was that every member of the staff had a key and there was also an ax on the wall alongside the door to break it in case of a fire, but even this does not satisfy me. I am quite aware that leaving the door unlocked it gives outside boys an opportunity of getting into the girls' dormitory, and it is also an invitation for the boys to slip out of the school at night. I would recommend that an alarm system be attached to the doors. We have this, I know, at some of our institutions. I hope the Department will give this immediate consideration.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

Morley, Alta, Mch 21, 1935.

Dear Mr. Orr:-

Replying to your letter of the 13th inst. with reference to the a/c of Anderson & Co. for installing the heating system in the Indian School here, I would say that I am now able to enclose acknowledgments of payment in full of account from the various supply houses interested. I also was shown the pay-lists & wage-cheques to cover and am satisfied that the labour has been paid. It would now seem in order to release the balance still due Anderson Plumbing Co. on this work.

I might mention that Mr. Alex Walker, of the Lineham Co. say. this cheque given Anderson is post dated, apparently to be paid when the final payment to Anderson & Co. comes through.

Mr. Walker mentioned the expects to be in Ottawa next week & hopes to call on you while there.

Yours obedient servant

J. Gardner Sinclair

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

Morley, Alta., April 5, 1933.

Sir:-

I understand the matter of painting the old portion of the residential school has been brought to your attention by Mr. Inspector Christianson. Since his visit, the writer now working on the new addition has estimated the cost of painting the outside of the old part at $450. This covers two coats on walls, roof and trim. The present paint is quite weathered on the south and west sides and will require painting in about two years in any case.

I may recall for your convenience, that the school is painted a dark brown with green roof, whereas all other Department buildings are grey with red roof. It is the desire of the school principal and myself to have the school the same color as the other buildings, which is a good color combination, as well as to have them all in harmony. The result would well repay the cost.

Your obedient servant,

William Morris

Indian Agent.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

I should not like to see the old part of the building be painted of the other part of the building as the other part will be left unpainted as the work done from Fall Wells Contractor

Dear Sir,-

Replying to your letter of the 5th instant, you may arrange with the painters now at work at the school to paint the outside of the old portion of the Morley School, the work to be done by day labour, and to be charged to the Public Works Construction Act funds, the same as for the erection of the addition.

Time sheets should be kept for all labour and if materials are required they should be purchased from firms on your approved list, and vouchers submitted showing in detail the amounts purchased.

Yours very truly,

T. R. L. MacInnes.
Acting Secretary.

Morley, Alta. April 3rd, 1922.

The Secretary.
Department of Indian Affairs.
Ottawa.

Report on Addition to Indian School.

Sir:

Since my Report of January 20th steady progress has been maintained.

On the 14th ultimo the plastering of the new addition was completed, and the plasterers (Jonathan & Sons) returned to Calgary. An excellent job of plastering was performed. We supplied all the materials, including excellent sand which was hauled and stored last fall in readiness for this work, and the plastering was done by day labour, to a strict specification. The plasterers will return to plaster the new partition wall in the existing girls' dormitory, the toilet extension in the same room, and in making good around the existing stairway after removal.

On the 21st of Feb'y the heating contractors, (Anderson Plumbing Co.) completed the installing of the new heating system, and steam heat then became available for the plastering, which commenced immediately following. The new heating plant is proving very satisfactory, and the fine new boilers fitted remarkably well into the former furnace room, just neatly filling the furnace pit. As we had to cut a deep opening in the west concrete wall to admit the boilers, the Reverend Principal urged that this opening, instead of being closed up again, be converted into an outside entrance into the boiler-room which has been done, and this entry is being provided with concrete steps, with roof over, and a further outside door. This outlet from the boiler-room will be most convenient for removing ashes, and admitting bulky articles. As the 24" breeching from the new boilers passes just below the basement ceiling to reach the altered chimney, I deemed it necessary to take unusual measures against fire hazard, and have had the ceiling along the line of breeching heavily insulated with asbestos blocks 3' wide, covered with galvanized iron, with air-space between the insulation and the ceiling. The contractors may make an extra charge for this feature of their work.

The plumbing fixtures have been installed in the new addition to the school, and this branch of the work is completed except in the lavatory extension which we have yet to extend in the existing girls' dormitory. The fixtures are here for this extension, and the roughing-in done, but the completion of this work is having to be deferred until the lavatory extension can be made. In reorganizing the plumbing and heating of the school, it became necessary to remove the hot water storage tank to the room adjoining the new boilers; also to remove the softening plant to a similar location, and to make a few other minor changes resulting from these removals. The plumbing contractor performed this work very satisfactorily. The east furnace room is being converted into a drying room, with connection to their laundry-room, and provided with radiation. This will be very helpful in drying their washings, especially during severe weather. No extra charge was made by the heating contractor for this feature, as radiators shared from outside rear porches were placed in this room instead.

Carpenters are now doing the finish carpentry in the new addition. We are finishing the top dormitory and adjoining matron's room. These rooms are now completed, and the plumbing in operation, and the painters are painting the metal ceilings, staining and varnishing the trim, and oiling the floors. This fine new dormitory will be ready for occupation within the next few days, and then the beds will be moved from the existing dormitory so we can proceed with the partition wall across the old dormitory, and build the lavatory extension shown on the plans. Most of the door openings in the new addition are now cased in, and most of the doors hung. The floors are laid in the top storey, and to-morrow the carpenters will commence laying the floors on the ground floor. The painters will follow as fast as the carpentry work is ready. After that we shall take down the existing stairs which have to be removed, and install them in the new addition. Then the existing entry and steps will be taken down, and removed to their new location to give access to the verandah of the addition.

The sheet-metal workers have completed putting on the metal ceilings of the first and ground floors, and are to-day doing this work in the basement of the new addition. We shall then have a good deal of patching of the metal ceilings to do in the original building, where numerous pipes and risers from the old furnaces passed through the basement ceilings.

We have not yet laid the concrete floor in the new addition, partly because we have utilized this room for storage of materials, and also because the weather has been too severe for mixing concrete outside. All through March the weather has been unusually cold, with zero and sub-zero temperatures. However, we should get milder weather very soon now, and it will not take long to run this floor. Excellent gravel and sand are on hand for this work.

Regarding the outside painting of the new addition, both the Reverend Principal and the Indian Agent would like it to be done in a light grey, with the roof, and dark green trim, so as to harmonize with the existing Agency buildings and residences. But the existing school was painted a dark brown, with green roof, and as this color is drab and depressing, and also commencing to show weathering, the wish has been expressed that the old building be painted as well, and the entire building be painted to match the colours of the Agency buildings, as stated. Our painting contractor estimates that it would cost $1,200.00 to paint the old building 2 coats, including the roof and trim, and as I have no authority to assume this extra expenditure, I am deferring the outside painting until the Department instructs me concerning the colours for the new addition. Also, any request for the re-painting of the existing building would more properly come from the local authorities rather than from me. Obviously, however, it would scarcely do to paint the new addition grey if the former building is to remain brown. I shall, therefore, await your instructions regarding the outside colours for the new addition before ordering the materials.

The work throughout the new building is proceeding satisfactorily, and I have received co-operation from both the Reverend Principal and the Indian Agent. The extension to the building will provide much needed additional accommodation; and the central heating plant, and additional bathing facilities will make the building quite up to date.

I have the honour to be, Sir,

Your obedient servant

E. Gardner Smith

Inspector of Construction.

Ottawa, April 18, 1935.

Sir:

I have your letter of the 10th instant, regarding the repairs required to the ceiling of one of the classrooms at the Morley Indian Residential School.

In reply I have to say that you may arrange to have the necessary repairs carried out when the plastering is being done to the new addition. It is noted the material and labour will be approximately $30.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dr. W. Barr Murray,
Indian Agent,
M o r l e y,
